

WALKATHON – 25th November 2018

The parents of the three PTAs, Kindergarten, Primary and Secondary, prepared this 60th Anniversary event with all the details. Members of the three PTAs, together with the teachers in charge, walked several times the whole venue where the walkathons were going to be held. They took photos of the spots, decided on very small details, prepared with great accuracy the event in order to ensure a day filled with joy in a very safe setting.

Since the weather was threatening rain, many carried umbrellas and raincoats. The Secondary students and parents started at 8:30 am, followed by the Primary students and parents at 9:30 am: these two sections walked from the start of Tai Tam, near Parkview, up to Quarry Bay. Finally the Kindergarten students with their parents joined the walkathon at 10:30 am, a shorter and lighter walk, just the whole of Tai Tam down to Tai Tam Rd. The rain did not start until the time when the Kindergarten finished their walk: we were really blessed and lucky.

This note serves to thank in a more official way all the people who contributed to the preparation of the walkathon, mainly parents of the three PTAs, and many teachers and students. The photos taken by students to be displayed soon in the school will be a good proof of how well prepared the event was and what a happy occasion it was.

We also inform you of the money donated by parents on the occasion:

Kindergarten students	HK\$193,018
Primary students	HK\$156,790
Secondary students	HK\$37,991.20
Total	HK\$387,799.20

As we have mentioned before part of this money will cover expenses of different 60th Anniversary celebrations, the rest will be used to upgrade school facilities, mainly to renew many old air-conditioners of classrooms.

Once again, a big THANKS to all, teachers, parents and students, for your generous support to our Anniversary celebrations.

Fr. Francisco de las Heras
