Rosaryhill School Academic Week 2

Wisdom - Academic Week inspires Rosarians' desire for knowledge & wisdom!

Rosaryhill School's annual Academic Week was partly held in semester one and partly held in semester two. This year's theme is "Wisdom (智慧)" : "Light diffuses darkness and wisdom defeats ignorance" (光明驅散黑暗，智慧擊退無知).

The second part of Academic Week was held from 4th to 12th May 2017. Stall games and activities were designed to intellectually stimulate students' thinking and allow them to learn in an enjoyable and relaxed setting.

The "English is Fun Day" organised by the English Department consisted of different student-led stalls and booths designed to encourage the development of English language that promotes a more frequent usage of the language.

The Chinese Language Department organized the 'Chinese Language Carnival' which created a joyful atmosphere for students to learn Chinese in a fun way with the aim to enhance the motivation of students in learning Chinese Language and Culture.

The Putonghua Department held an Interclass Choral Speaking Competition. Students could either read individually or form a group. The competition encouraged students in Junior Forms to read rhymes and riddles in Putonghua.

Science KLA organized a range of interesting activities such as the Inter-class Spelling Competition (Final) and the Fitness Program to provide students with chances to learn and to develop an interest in science.

Through various activities, we hope students can cultivate an immense interest in various academic areas, thus becoming more motivated, active learners.
