

Senior Leadership Training Day 2018-19

With five teacher advisors and two visiting teachers, 25 student leader trainees received their leadership training at Community Sports (上水展能運動村), Ma Tso Lung, Sheung Shui, N.T on 8 September, 2018 so they could equip themselves with confidence and skills for carrying out their duties in the coming academic year.

To promote their team spirit and boost their confidence they took up a number of challenging adventure-based tasks, such as cliff log, Tarzan rope, water rope, and 4-meter high wall. A survey was done immediately after the training and the results were overwhelmingly positive, with 96% of the student trainees awarding 8 to 10 marks on the question, 'Overall, I will give the training camp the following mark (1-10 marks)'.
