

Christmas Performance at Lee Tung Avenue

Rosaryhill Secondary School embraces uniqueness and international culture. Our students come from different parts of the world, speak different languages, believe in different religions, and possess different cultural values. At the same time they respect each other and accept the variance between different backgrounds.

We are keen to show how harmonious, different cultures can exist within our community. On 21st December 2019, Rosaryhill Secondary School prepared a festive performance at Lee Tung Avenue in Wan Chai.

A quintet, consisting of five musicians from three different form levels, played violins, double bass, flute and xylophone. The Rosaryhill Dance Club performed an interesting choreography which combined basketball playing and dancing. Another group of students from different ethnic backgrounds prepared a medley of different cultural dances. There was also a magic show and Christmas carol singing, designed to spread seasonal greetings throughout the community.
