

Closing Day Ceremony 2017

The Closing Day Ceremony was held on 12th July, 2017.

It was our great honour to have invited our alumnus, Ms. Dorothy Nieh, as our Guest of Honour. She shared her experiences with us, and stressed that there were four things in our lives and we should cherish.

First of all, cherish our friends. A good relationship with friends enable us to overcome challenges. Friendship with teachers and schoolmates is forever valuable. We should keep in touch with our friends but not only through the Net.

Second, cherish our family, especially our parents. Parents are getting old but their love remain the same, they are irreplaceable. Give them a hug and let them know you love them too.

Third, cherish Hong Kong. Though there are lots of controversial issues and problems, this is always a place full of opportunities. The unemployment rate is one of the lowest in the world. People of different races and background can harmoniously together.

Last but not least, cherish ourselves. We should treat ourselves well, understand our strengths and weaknesses, and strive to be better selves.

After the speech, prizes were presented to students with outstanding performance in studies and co-curricular activities. The last programme was, bading farewell to our beloved staff and teacher at Rosaryhill School. They are Mr. Edward Wong and Ms. Caroline Chan. They will retire after this school year. We wish them all the best and may every day be filled with happiness.
