

Experiential Learning Week

Experiential Learning week (ELW) is one of the signature events of our school. In this school year, the event was held from 16-22 Jan 2018. The learning week aimed to provide our students with a holistic, wholesome learning experience. All the tailor made programs were utilized to provide wide life learning activities for all senior secondary four and five students. The various activities included study tours: Sabah Environmental tour in Malaysia, Liberal study tour in Taiwan, Career & Exchange tour in Macau. Learning camps and service training, such Arts Camp, Sports Camp and Elderly Academy were also enjoyed by students during the learning week.
