

## English is Fun Day 2016-17

English is Fun Day 2016-17 was successfully held during lunchtime, 12<sup>th</sup> May, in the senior covered playground.

Different classes ran different stalls that invited students to explore English in fun and interesting ways. Each class designed a game that required participants to test their English language proficiency within a specific context. The different contexts included, green tips, food around the world, English verses American English, Jobs and more.

2A won *Best in Decoration of Stall*. *Best in Design of Stall Game* went to 4B. 5D won the prize for *Best in Class Participation*.

All learning is valuable, but learning while laughing is the most enjoyable learning of all. It's hoped the English is Fun Day will continue into the future so students can enjoy and learn from this most valuable English learning experience.
