

## **HSBC Hong Kong Community Partnership Programme 2018 – CPP in Schools**

Six 4A students voluntarily joined Green Little Pop-up Store which was organized by St. James' Settlement - Green Little. The students took part in this voluntary service on 18<sup>th</sup> November, 2018. They helped set up and decorate the store, promote and sell the second-hand products or accessories made by primary students, distribute leaflets, and teach customers to make mini-accessories. The students found the voluntary service meaningful as they could learn marketing and selling skills they never had the chance to learn before. Our principal also visited them and supported them. Overall the service awarded the students with a valuable experience.
