

“Mock HKDSE Result Release 2019”

The Life and Career Planning Team, together with the Baptist Oi Kwan Social Service, organized a “Mock HKDSE Result Release” for all S.6 students on 23rd November 2019. This allowed students to better understand the multi-studies pathways available to them after the HKDSE. During the event, students received their predicted HKDSE results and experienced what it is like to apply to different institutions, being interviewed and making career decisions. Parents also participated in the process and experienced the journey with their child. Both parents and students will now be more aware of the application process after attending the mock DSE result release day and have a better understanding of how to effectively prepare for the future.
