

Social Service Group's Visit to Food Angel

The Student Council Social Service Group visited the Food Angel's kitchen at Chaiwan in the afternoon on 30 March, 2017.

After listening to a presentation about the aims and the structure of the organisation, the 15-member group visited the spacious kitchen full of donated food from different commercial sectors. After that, the group's advisor, Mr Ambrose Fong presented a cheque to the value of HK\$20743.90. The donated funds were raised in the school in December last year to help the education division of Food Angel.

At the end of the visit the members of the group were reminded to convey the message of Food Angel, 'Love Food, Hate Waste' to their fellow schoolmates when they returned to school.
