

## **Through Our Eyes (TOE) Photography Education Programme**

The Visual Arts Department joined the TOE Photography Programme organized by Kailtak, Centre for Research and Development in Visual Arts this academic year. The program aims to provide a creative and engaging learning environment in which young people and the wider community can express themselves through the medium of photography. After a series of workshops, artist programs and artwork making, our students' final artworks were exhibited with 17 other secondary schools. "Folding/Unfolding" was the theme of the Mobile Exhibition which took place in different spaces across Hong Kong Island, Kowloon and the New Territories. Our students' artwork was displayed at Art and Culture Outreach in Wanchai from 24<sup>th</sup> June to 23<sup>rd</sup> July and at JCCAC from 12<sup>th</sup> to 20<sup>th</sup> Aug.
