

S6 Graduation Dinner

The annual Graduation Dinner was held on 6th June, 2018 at the Marco Polo Hongkong Hotel in Tsim Sha Tsui. Organised by the Graduation Committee, consisting of students of the graduating classes, the event aimed to celebrate the graduation of the students and give thanks to teachers and the school.

The atmosphere early that night remained light-hearted and joyful as Guests of Honour, teachers, and students socialised with one another and created more happy memories together. Other than a delicious menu served to the guests for dinner, a photo booth service was provided at the venue, allowing the guests to take photos and receive physical copies of them as a souvenir.

The graduates also shared their talent on stage through performances. There were two solo singing performances and one unique performance that included a DJ. The student created a set where he remixed existing songs to give it a new vibe, and played it for the audience. Much enthusiasm was shown towards the multiple performances.

The evening ended with a bittersweet feeling as each class openly showed their gratitude to class teachers on stage and presented them with a token of appreciation. More of our students' abilities were showcased following the sharing as two videos created by the students were played. One featured a number of teachers giving a short message to the students while the other took the guests down memory lane with various pictures and videos.

Overall, it was a pleasant evening that undoubtedly made for a great end to the students' Secondary School life.
