SCHOOL SONG

Fair lady of the Rosary to your School I
come, the Seed-bed of eternity and
maker of my crown, the Seed-bed of
eternity and maker of my crown.
Forever Rosaryhill School my Alma
Mater true, radiates the Light of Truth
to all, with warmth of Love most pure;
my tender mind, my budding heart
need guidance to the goal the Truth and
Love you then impart to my immortal
soul, the Truth and Love you then
impart to my immortal soul.

校 歌

玫瑰般純潔的聖母，我來到您學校。這是培養
品德之家，通永生的大門，也教我豐富知識，
做天主好信徒。永不朽，玫瑰崗學校，我深愛
的母校。聖母的愛長溫暖我的心，教我明白真
理。脆弱的心，易污的靈，需要您的指引。給
我慈愛，予我力量，助我潔淨靈魂；給我慈愛
，予我力量，讓我永遠愛您。

Editorial

Every member in the school has been excited and busy as we all celebrate the 35th Anniversary, it has been a memorable and happy year for us, it also marks a milestone in the history of Rosaryhill School.

We hope this School Annual will be a memorable one for all of you as it records every feat we have for the 35th Anniversary so that not only those who witnessed it but also the others who missed the opportunity to do so could share the cherished moments of the days in Rosaryhill.

Taking this opportunity, I would like to thank the whole Editorial Board, both the teachers and student helpers, for their effort to the successful publication of the School Annual. My heartfelt gratitude must be tendered to Our Father Supervisor for his guidance and support. In the future, we hope that readers can recapture this golden year and enjoy the nostalgic moments by turning over the pages of this annual. May all readers share with us the joy of being members of this celebrated school.

Message from the Supervisor

The memories of this year, our 35th anniversary, are certain to linger for a long time. Flipping back through the diary of events, I am struck by how many were truly happy occasions because they served to unite us.

Our anniversary celebrations began with our Opening Ceremony on 5 October. The Ceremony set the tone for the year; everyone participated in marking the 35 years of history of our school and the centuries-long history of the Dominican Order founded by "the apostle of truth", Saint Dominic.

On 13 November, the secondary section had its first Prize Giving Day, an event we plan to hold annually. Students were honoured for outstanding academic achievement as well as exceptional improvement and performance.

In April we published a bilingual, full-colour book to commemorate Rosaryhill's 35 years. A team of 10 editors, assisted by various teachers and students, combining the four sections, worked extremely hard to produce over 100 pages of the history of our school.

For many, the highlight of the anniversary year was the Variety Show held on 15 & 16 April at Queen Elizabeth Stadium. More than 5,000 students, past students, teachers, parents and friends attended. Preparations for the show began on the first day of the school year and brought together all the different sections of the school. Enthusiasm was positively contagious. A past student said that watching the show made him "feel proud of his School". I think everyone involved would share his sentiment.

These are only a few of the school's many activities. Each of you will no doubt have your own special remembrances of the year. We hope this school annual will serve as a keepsake, an album of our busy and fruitful 35th year.

This school annual should also serve as a tribute to the many people who have worked hard - and continue to do so - to build the Rosaryhill family. We thank God for their dedication and ask Him and his Holy Mother, Our Lady of the Rosary, to bless us and to keep us strong to carry out our work with constant readiness.

OPENING CEREMONY

The Opening Ceremony on 5th October marked the beginning of a sequence of celebrations for the 35th Anniversary of our school. The school premises was magnificently decked for the occasion. We were indeed honoured to have Fr. Bonifacio Garcia Solis, our Acting Provincial of the Dominican Fathers, to be our guest of honour.

The ceremony started with the singing of the school song followed by the welcome address of the Supervisor. The Ribbon Dance by the Primary pupils and the ribbon-cutting by our Father Supervisor and Acting Provincial brought the ceremony to a climax. Fr. Bonifacio then addressed the school, expressing his appreciation for our past effort and giving us his support and encouragement for the coming years.

The performance that followed broke the solemn atmosphere in the school hall. The Joyous 'Happy Dance' from the Kindergarten Section and the beautifully costumed Chinese Folk Dance from the Primary Section won loud cheers and applause from the audience. The Opening-Ceremony came to a close amidst the sweet voices of the School choir in 'somewhere out there' accompanied by the School Ensemble from the Secondary Section.

With the joint efforts of the different sections, the opening ceremony achieved tremendous success. The enthusiasm and dedication of teachers and students involved have made the occasion a very memorable one.

Flower Show 1994

The Flower Show 1994, organized by the School Appearance Committee, was held on April 27 to 28. More than 400 students participated in various competitions. This year, to celebrate our

School's 35th Anniversary, parents were also invited to join our Floral Arrangement Competition on April 26. Parents of winners were also invited to the Prize Giving Ceremony on May 26.

VARIETY SHOW

The celebrations for the 35th Anniversary of our school reached a climax with the Variety Show in the Elizabeth Stadium held on the 15th and 16th of April. The whole performance manifested strongly the spirit of the Rosarians.

1. The participants of the show included students and staff from all the sections and even the alumni. The total number of participants reached 500 which was nearly 10% of the school population.

2. The whole performance relied solely on the work of the students, alumni and staff without any support from outsiders. The alumni played a significant role in the show with Miss Rosalina Ng as the Mistress of Ceremony, Miss Alice Lau, Miss Tammy Yue and Mr Albert Lim as the guest singers and Mr Billy Tang as the lighting designer.

3. There was a slide show introducing the past and the present of the school during the intermission of each segment.

After the welcoming speech and the dotting of the lions' eyes by Fr. Supervisor and the guests of honour, the programme began with the Lion Dance of the kindergarten to celebrate the 35th Anniversary. Following were the fantastic performances of each section while the group singing of 150 students of the song 'A whole new world' signified the end of the Variety Show.

The photos show how successful and spectacular the show was. Let's hope that the spirit of the Rosaryhill School will persist forever.

35TH ANNIVERSARY BOOKLET

10

Our school was set up by the Dominican Fathers in 1959. She is 35 years old now. To celebrate her 35th Anniversary, the school has decided that a commemorative booklet would be published.

In October 1993 an Editorial Committee was set up. Fr. Lionel Xavier, principal of the Kindergarten and Primary Section, was the Chairman. The other members came from teachers of the Kindergarten section; Primary Section; Secondary Section and the Business Studies Section. Senior Form students (Form 6 & 7 Arts) had also dedicated their effort in interviewing the Alumni.

There are two main parts, history and the school today. The first part traced the life of St. Dominic, founder of Dominican Order, how he established the Order and the educational role of the Dominicans. Next came to the background of establishing the school, its educational ideal and how it developed in these 35 years.

The second part includes a translation of the school song into Chinese and an explanation of the meaning of the school badge. Readers may also know more about the administrative structure, environment and facilities of the school from all the colorful photographs and charts. The last part was the interview with the Alumni, retelling the school life from saladay to adulthood as an advice to current students.

Through the publication of this booklet, the committee wishes to bring across two messages. In a narrow sense, it is hoped that the fellow Rosarians and the community will have a deeper understanding of the school. In a broad sense, the students are able to feel how warm and respectable the school is while reading this booklet. Through rewinding the school history, the younger generation may understand the purpose of education as well as the spirit and the great pains taken by the educators. With a profound understanding of the school, the students will put more effort to study and their moral standard will be further upgraded. Consequently, the students will also spend more time on cultivating their personality.

35th Anniverisary Teachers & Staff Dinner Party

The celebration gathering held on 22nd June in Clearwater Bay Country & Golf Club rounds up the series of celebration events of the 35th school anniversary. Staff members from various sections enjoyed a variety of indoor and outdoor activities in the club house under the fine weather. Some played

ball games; some swam while others chatted. Participants in the dinner were delighted to have the presence of the Fr. Pedro Luis Gonzalez, the Provincial to address them and present the long service awards.

35 YEARS OF SCHOOL BUS SERVICE

Anyone familiar with Rosaryhill probably knows that the people working in the Bus Department have written some of the most interesting pages of the history of the School.

With the inauguration of Rosaryhill in 1969 came the "problem" of transporting the School's first 500 students in Primary and Kinder. Hong Kong in 1959 did not have the large number of vehicles it has today. Fr. Eutimio Gonzalez, founder of Rosaryhill, conceived the idea of the School owning its own buses. He soon implemented his pioneering idea and purchased a second hand minibus and two lorries chassis with bus bodies. Soon after, this proved insufficient and the minibus was replaced via the acquisition of a new bus. With increased enrolment in 1960, the acquisition of a second bus with 45 seats became imperative. By 1961, Rosaryhill had a total of seven buses plying the areas of Wanchai, Central, Causeway Bay, and North Point. Operating hours then were in the morning as there were only a small number of Secondary students. No new buses were added at this moment.

The drivers of the School were then housed in the third floor of the School building, an old one which had been used as a Monastery for the education and formation of priests. The first two floors were used as classrooms for the students while the fourth floor served as the Fathers' quarters. Each driver could have a room all to himself but some preferred to sleep together in one room for fear of ghosts and mosquitoes. Individual salaries then were \$400 per month with \$1 per day going to board and lodging fees. For the drivers, home and family had to wait for weekends and long holidays.

The year 1963 was important in the history of the School. A new school building was inaugurated; a larger number of Secondary students were admitted. To cope with increased enrolment and the consequent demand for more bus seats, the School operated 11 buses that year and 17 buses by 1964. In 1965 the School purchased a second hand aircon bus which met with little success and had to be disposed of. The number of buses has reached its present 22 with the School population increasing in a more moderate manner to its present maximum capacity.

With the construction of the new building came new quarters for the drivers complete with a common kitchen where they cook their own food, a dining room, and a dormitory. Now, only the driver on duty sleeps in the School. Years later even this custom disappeared.

Looking back, one could say that the first ten years meant a less demanding job for the drivers. Classes were held only in the morning; there were fewer students; the prevailing traffic conditions were less chaotic. This allowed the drivers to develop a closer relationship with school administrators, teachers, colleagues, and especially, with parents and students. The drivers have a special niche in the family traditions of the students they have helped nurture.

This can readily be seen when the invitations arrive for the drivers to wedding anniversaries, and other family celebrations of the students they have known.

As to bus maintenance, this was originally undertaken by Harpers in the latter's garage in Kowloon until a garage was opened in Wanchai in 1967 for the convenience of the School.

Minor repairs were done by mechanics who come to the School while major repairs necessitated the parking of the buses at the garage. This meant operating two stand-by buses which became cumbersome and expensive for the School to maintain. As a solution, the School decided to open its own Maintenance Department in 1974, recruiting its first technician from Harpers. Later, they helped train the School's own young technicians.

The policies of the School regarding the Bus Department have not changed much over the years. The main priority has always been to give safe, convenient, and affordable transport service to the students. Good behaviour of the students inside the buses, punctuality, and reliability have been the main characteristics of the Bus Department. Credit for this should also be accorded the teachers on bus duty. Through the years, substantial effort has been exerted to improve the safety, reliability and comfort of the buses. The practice of converting lorries into buses has been abandoned; wooden seats have been transformed into cushioned ones; electric fans have been installed. New model buses have been purchased and special emphasis is placed on maintenance. In 1994, the School starts using air-conditioned buses and introduces brand new minibuses.

An extra feather in the cap of the Bus Department is its financial contribution to the School, and consequently to the students and the faculty. The income from the Bus Department becomes part of the total income of the School; the profits are translated into lower and stable school fees for the students; the teachers can avail of free transport.

It is worth noting here that all the sincere efforts of the drivers, mechanics, teachers on bus duty, and administrators have paid off - there is no record of any student or staff being injured while riding on the buses. What an excellent safety record!

An additional fact worth noting is the amazingly low turnover in the Bus Department. Practically all the drivers who started out with the School continued until retirement.

The history of the Bus Department of Rosaryhill is indeed a very interesting one - one marked by loyalty, dedicated service, attention to duty, a sense of community, an abiding concern for others. A real blessing. And we'd like to pay tribute to all who keep the wheels of the Bus Department roll merrily and safely by. GOD BLESS YOU ALL!

Religious Department

16

The aim of the Department of Religion is to attend to the religious and spiritual needs of the students and teachers.

During this year the Department of Religion has organised the following activities: daily mass in the school chapel, catechism classes for Catholics and non-Catholics, the vocation week, gatherings of Catholic students, retreats and seminars.

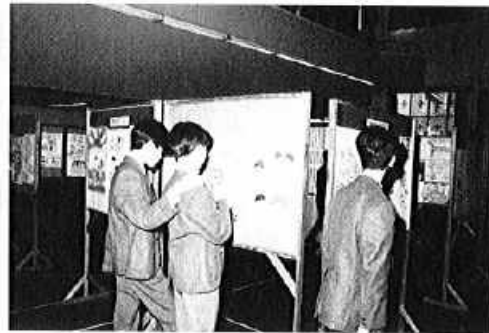

Director: Fr. Emiliano Perez

Advisor: Miss Christina Chang

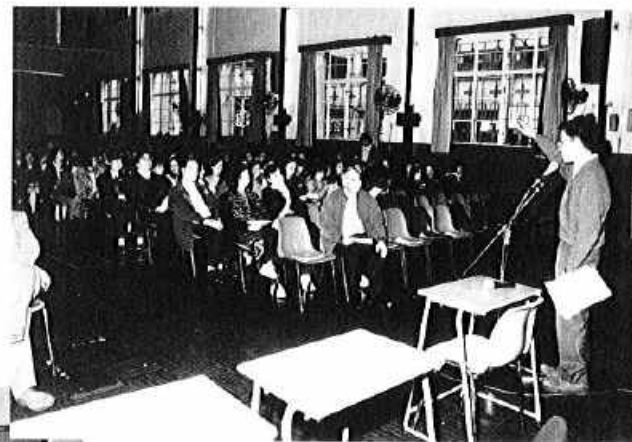

"HOW TO ENRICH ONE'S LIFE" - This was the theme for the celebration of the Vocation Week January 24-28, 1994.

Special masses were held in the School Hall and in the Chapel for the students and teachers of all sections in the school. There were also drawing and poster competitions, and an exhibition was organized in the School Hall.

A seminar on "Youth Subculture" was organized for all teachers of the school. Mr. Ronnie Yu and his team of social workers from the Sing Woo Children and Youth Centre shared with us great insights and experiences when dealing with young boys and girls.

RELIGIOUS GROUPS

The Religious Youth Council is the representative association for all the Catholic Students and all the members of the Catholic groups in the Secondary Section.

Its chief aim is to organize activities for the Catholic Students and to coordinate the joint activities of the Religious Groups.

The Religious Youth Council has helped in organizing several monthly gatherings, the religious function in the Students-Teaches Day, the Vocation Week, the Floral Offering to Our Lady in May, and the Fatima Devotion Days.

It also organized a Famine Lunch for the Project Sunshine of Caritas Hong Kong.

The members of the Legion of Mary - "Legionaries" - try to live the religious experience of the Christian faith in more meaningful ways. The Legionaries also try to share Jesus' good news of salvation with others and to bring happiness, love, joy and hope to the sick, the aged and the children.

Meetings are held once a week throughout the year. The officers also attend Curia monthly meetings, and take an active part in the work

and activities of the Curia. They also participate in the Religious Youth Council of the School. Activities: Pastoral work : Helping in the school chapel, chapel choir, helping with the catechism lessons.

Evangelization : Hospital Visits : Ruttonjee, St. Paul's, St. John's

Cartias Bazaar

20

The CARITAS BAZAAR is an annual event organized by the Catholic Bishop of Hong Kong in favour of the needy, without distinction of race or creed. Our school participates in this event every year as a means of awakening in our students' social awareness and spirit of generosity towards the less fortunate members of the community.

This year the BAZAAR was held on 31st October 1993 in the Victoria Park. Our stall was designed and decorated by a group of Form 4 students who have taken Art as their elective subject

and the theme of the decoration was "Dinosaurs". Five student groups were responsible in designing and setting games, they were the Students Council, Boys' Discipline Prefects, Community Youth Club, Junior Police Call and Civic Education Student Workers. We had raised more than \$35,000 in this event, being awarded with the prize of "Stall with Best Result" by Mrs. Christina Lee, Co-chairman of Caritas Bazaar, and also had won the 3rd prize in the Stall Decoration Competition.

FR. LUIS A. MARTIN REY

Fr. Rey came to work at Rosaryhill on September 1991, when he took the office of School Treasurer. He has also been a teacher of Ethics in the Business Studies Section.

On 4 March 1994, we said goodbye to him with a small farewell function. Fr. Rey is leaving to take up his new assignment in a newly founded mission in Korea.

We wish Fr. Rey every success.

SUPERVISOR'S BIRTHDAY PARTY

The Supervisor's Birthday Party was held in a warm sunny morning in the school basement, attended by most members of staff of the school. The main character of celebration was Rev. Fr. Francisco, the new father Supervisor of the School, who delivered a brief speech after words of greetings from Mr. Edwin Chu, the Assistant Principal, and presentation of presents by representatives of the Teachers' Council. Refreshments were served, and participants filled with joy despite Father's declining to disclose his 'age secret'.

X'MAS PARTY

Held on 20th of December, the annual Faculty Christmas Party has its purpose of bringing staff members of different sections together and sharing the joy of the festivity. The gathering started off with prayer led by Father Supervisor, followed by choral singing, presentation of long-service awards and full-course Chinese dinner. The celebration reached its climax with the thrill of Karaoke Contest and the game of Bingo. The joyous atmosphere brought by the lucky draw, with a discman as the first prize, marked the end of the programme.

SCHOOL CHOIR

This year has been a prosperous year for the members of the school choir. The 53 members of the choir were carefully selected and they were given a chance to participate in the Variety Show with an audience of over 4000 at the Queen Elizabeth Stadium in April. Apart from that, the choir also performed in the Opening Ceremony of the school 35th Anniversary in October 93 as well as in the Prize-giving Day

in November 93.

The school choir also takes part in the school music festival every year. Although we have not won any prize yet, our choir enjoyed the challenge and they enjoyed sharing the same interest with other school choirs.

INSTRUMENTAL ENSEMBLE

The Instrumental Ensemble was formed in 1991 by a group of students who play different musical instruments. There are now about 30 members. Mrs Cindy Lee is the teacher-in-charge.

The Ensemble aims at providing opportunities for students to improve their skills, confidence and team spirit through practice and performances. It also tries to promote music in the school.

In the first term this year, the ensemble focused on the performances in the 35th School Anniversary Opening Ceremony and the Prize-Giving Day. In the second term, it is going to organize a Music Week.

The Ensemble's long term goal is a better music atmosphere in Rosaryhill School.

Musical Performance

The performance by the Concert Band of Blackfriars School, Australia, was held in September 93 in the School Hall. It attracted an enormous audience from both of our primary and secondary sections.

Blackfriars School has a number of instrumental groups and the Concert Band is one of the finest performing groups in the school. There are altogether 42 members in this band and it performs regularly in public.

It was our honour to have it playing in our school at the beginning of the school term, giving such a refreshing start to our students.

The performance was not only enjoyable but educational as it provided demonstrations on how different instruments are played. It was a very interesting idea to include such demonstrations in a formal musical performance. The programme was a great success as proved by the overwhelming applause and cheers from the obviously excited audience.

Mr John Kelly, the music director and his concert band

The clarinet player is showing how the instrument is sounded

The trombone players are showing their marvellous technique

The saxophone players are playing their lines beautifully

探訪竹園北邨賽馬會老人之家

我今年參加了愛心行動。

在一月二十八日下午，我們下課後，便乘校車到竹園北邨賽馬會老人之家去探訪老人。

到達目的地後，我們全體分為兩組：第一組在二〇九室活動，第二組在二一六室活動。老師也替我們安排了幾個節目為老人家表演。首先，第一個節目由六A班的司徒世宏同學演奏小提琴。演奏的歌曲有 (Somewhere Out There)，小步舞曲.....等。過了一會兒，到我演奏結他了。表演完後，接着是由六F班的曾俊祺同學表演「空手道」.....。我們都玩得很投入，快樂而融洽。而老人家的欣悅笑容，也令我們十分安慰，就是辛苦一點也是值得的。最後，我們唱校歌和一首「我是主的羊」的聖詩來作告別。

那天我們玩得很開心。經過這次行動，使我們更懂得怎樣關心我們周圍的人。更深深領略到「助人為快樂之本」這句話的含意呢！

參觀記

在十一月九日，下午二時，老師帶我們到九龍公園參觀一個名為「荷蘭風情繞香江」的展覽。在途中，我看見很多建築物，例如：紅磡體育館、海底隧道和太空館等。

在會場中，我可以看見很多由荷蘭製造的特產。例如：荷蘭人傳統の木屐、有荷蘭特色的衣服和像荷蘭人的洋娃娃。此外，那兒還有很多售賣鮮奶的攤位。這些鮮奶都是來自荷蘭飼養的乳牛。余俊翔同學在一個問答比賽中得到第二名。我在這個問答比賽中，亦學到很多有關荷蘭的知識。

我在回程時，覺得這次參觀真正能感受到荷蘭的生活和環境。

Protect The Environment

Nowadays environmental pollution is a serious problem. If we want to live healthily and happily, we must protect the environment. These are some ways to protect our natural environment:

Land - Do not litter. Try to be a volunteer to clean up rubbish on the roadsides, countryside, beaches, schools or parks.

Noise - Play stereos at a low noise level. Don't use the horn in a car unless it is necessary, and don't play mahjong after 11:00 p.m. Train your dogs not to bark if it is not necessary.

Air - Use less aerosols and plastic bags. Plant more trees in the countryside that can make the air fresh.

Sea - Impose a huge fine on those factories which pump rubbish into the sea. Industrial factories should use materials which are less destructive to the environment.

Water - Don not drop wastes in a stream or a reservoir. Don't litter in lakes.

Recycle - Use recycle paper, cans, glass etc. We can also separate rubbish to be recycled.

The best way we can help would be by telling others how they can help to protect our environment.

HAND IN YOUR HOMEWORK ON TIME
AND EVERYTHING WILL BE FINE.

我有一雙黑溜溜的大眼睛，筆直的鼻子，小小的嘴巴，個子矮小。我喜歡游泳，踏單車，閱讀課外書，跑步，踢足球。數之不盡。我覺得較刺激的遊戲，但很多人都說我是一個內向的人，可能是因為他們覺得我很文靜。我的缺點可以說很多，例如：心急、煩躁、上課時常談話，做任何事都不專心等。但是優點卻很少，無論我做任何事，我都會盡快完成，看見別人有困難，我都會盡力幫助他們，所以我覺得我是一個多缺點少優點的人呢！

35th Anniversary Open Day

15th January, 1994

The 35th Anniversary Open Day fell on the same day of the Parents' Day - January 15th, 1994. The purpose of having two special events held on the same date was to kill two birds with one stone - to promote a better understanding and relationship between teachers and parents as well as to enable parents to have a better knowledge of the school.

Since it was open to parents and guardians, the Open Day focussed mainly on academic subjects exhibition and information on the various committees. All academic exhibits were displayed on the 5th floor while the information on all committees in the Secondary Section was on display in the basement.

After receiving the academic report slip for the 1st term, parents and guardians flocked to the 5th floor to visit the different rooms where exhibits were displayed. Having quenched their curiosity and interest from room to room, parents and guardians went down to the basement to explore for the first time the different committees founded by the school to look after the welfare and activities of the students.

Lastly they happily left the school premises and waved their hands to bid adieu to the teachers and friends.

PRIZE-GIVING DAY '93

Held in the morning of 13th November, 1993, the Prize-giving Day is the first of its kind in the history of Rosaryhill School.

It was a great day for the Rosarians. The hall was packed to capacity with guests, teachers, students, prize-winners and their parents. We were indeed honoured to have Dr. Cheng Ka-leung, a past student, to be our guest of honour. Dr. Cheng is a renowned Gynaecologist and a pre-eminent lecturer in Obstetrics and Gynaecology at the University of Hong Kong.

At about 10 o'clock, Dr. Cheng arrived with his wife and his three children. The family was received by the ceremonial party and head-teachers were then introduced to Dr. Cheng. Soon the ceremonial party, which was composed of Dr. Cheng, Mrs. Cheng, the principal, deputy principals and head-teachers, entered the hall and was seated on the stage.

The ceremony started with the school song,

and the opening prayer by Fr. Perez followed by the Annual Report of the principal and the address of the guest of honour. In his address, Dr. Cheng gave us advice on and shared with us his experience of studying overseas.

Mrs. Cheng was then invited to present prizes and awards to the winners, these included souvenirs and awards for the head prefects, Student Council President and the student of the year.

A variety of entertainment programmes by the students, who gave choral, instrumental and dance performances, rounded off the occasion. The guests, teachers and prize-winners were then invited to refreshments prepared by our cookery class students.

It was a simple yet solemn ceremony and an occasion in which the school showed recognition to the hard work and services of her students.

Principal's Address and Annual Report

Dr. Cheng and Mrs. Cheng, Fathers, Teachers and Staff,
Parents, Students, Ladies and Gentlemen,

Reflecting on Achievements and Goals

Today is a special day at Rosaryhill School as we inaugurate what we hope will be an annual event, the Prize-Giving of our Secondary Section. It is fitting that we should decide to honour the exceptional achievements of many of our students this year, the 35th anniversary of Rosaryhill School. Anniversaries and award ceremonies are occasions to pause from busy schedules and reflect on past achievements and goals: Have we accomplished what it was that we set out to do? What lessons have we learned? Have we tried hard enough? What are our goals for the future?

Our goal is the same the founders of Rosaryhill had in mind when they established the school 35 years ago: to give students a good and sound Christian foundation and education with which they could face with serenity the risks and challenges of life. It is indeed a pleasure to meet so many of our former students who are successful in their lives: it gives us a sense of accomplishment. Later in the program we will hear our distinguished guest, Dr. Danny Cheng, Dr. Cheng is an alumnus of our school; he studied medicine at the University of New South Wales, Sydney. He specialized in Gynaecology in Sydney and in London. He is now a preminent Lecturer in Obstetrics and Gynaecology at the Hong Kong University. We are grateful that he has agreed to be with us today.

Our Prize Giving today gives us all an opportunity to take stock of the results we have obtained during the 1992/93 school year. I will not go into details with the many events of this school year. The School Annual will be available soon and there you can have a good picture of this year's events.

Today we will be awarding prizes in 9 categories. Out of these 9 categories I wish to highlight two in particular, the Best Improved Students in Form 1 to Form 3, and the Student of the Year. The first should be an inspiration to all students. Not every student can be the top in his or her form; but every one can try harder and also improve. This is the purpose of this award.

Of course there is only one Student of the Year. This is our top prize. A panel of teachers has selected the winner on the basis of academic performance, school participation and behaviour. It is our hope that all of us will share the feelings of accomplishment of today's prize winners, and that all students will be motivated to try harder.

Searching for an Ideal

Every Monday at the assembly time we sing our School song, as we have done at the beginning of this ceremony. In it we say: "Forever Rosaryhill School my Alma Mater true radiates the Light of Truth to all with warmth of Love most pure. My tender mind, my budding heart need guidance to the goal, the Truth and love you then impart to my Immortal Soul". We are also very familiar with the logo of our school: there we can see the Latin word VERITAS, which means TRUTH.

The search for the TRUTH is the ideal of our school. It is a high ideal that each one of us should always pursue.

But what is TRUTH? Jesus was confronted with this question and he said that he had "come into this world to bear witness to the truth; and all who are on the side of the truth listen to his voice". Jesus also said that he is "the Way, the Truth and the Life".

The Christian ideal is very much the basis of our school's ideal, of our education. Our search for TRUTH begins in the kindergarten classes and continues through the secondary section. And we hope that when students leave our school, they will be equipped to continue searching for such TRUTH throughout their lives.

It is also our aim that the stability that emerges from the notion of Truth be firmly rooted on a sound and deep human foundation. This means that we must open to the challenges of modern sciences, and to the needs of our society. As educators we keep our eyes opened to the many new demands that modern education requires from us. Our syllabus, our teaching methods, the design of the subjects and the courses have been continuously evolving to ensure that our students are well prepared to meet the challenges of higher education. Considering the limitations that we may encounter, we have always tried to give the best to our students in order to raise their educational and human standards.

Building for the future

Anniversaries and award ceremonies are occasions not only to reflect on the past, but also opportunities to think of the future. Let us look beyond 1997, even beyond the year 2,000.

It is our sincere desire to be here and to keep on working. Rosaryhill School is a very precious institution for the Dominican Order. Our presence in this part of the world goes back hundreds of years. We are determined to remain.

Education will change, indeed it must change to meet the needs of future students. We will keep our eyes and our hearts open to change.

Today our school places an important corner stone in the making of its history. I hope these reflections could serve as the foundation on which many more stones, big and small, could serve as the foundation on which many more stones, big and small, could be placed. Our willingness, our spirit of close cooperation, and mainly our loyalty and continual striving for the TRUTH, will contribute to the successful construction of something better, where new generations will find security and the education they need.

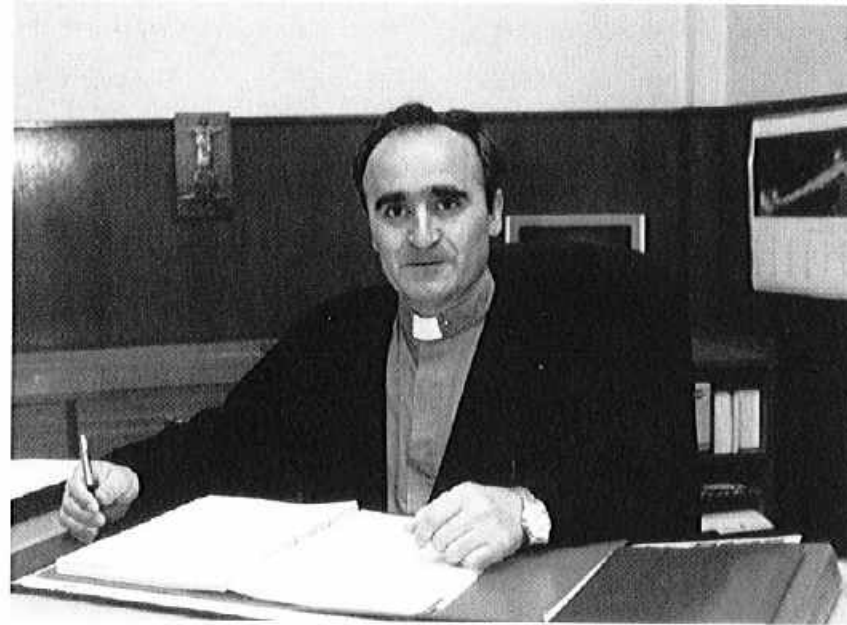

To the graduates and winners, my congratulations. I am happy to share this day together with your teachers and parents. I wish this Prize Giving Day to be a well deserved recognition of your hard work, and the work of others who for different reasons cannot be present on this occasion. I wish that you and your dear ones experience many happy memories like those of today.

May God Bless us all.

Advisory Committee

The aim of the committee is mainly to improve the communication and understanding between the Principal and the teaching staff, giving teachers a greater sense of sharing in the responsibilities of the school.

The committee assists the Principal in the day-to-day running of the Secondary Section and the implementation of the school policies which have been laid down by the School Authorities. This would cover curricular and extra-curricular matters and activities, class organization and so on.

The chairman of this Committee is the Principal.

Members 'ex-officio' are : Supervisor, Deputy Principals, Assistant Principal for Studies, Director of the Department of Religion, Chairmen of various committees, and Director of Laboratories and Audio-Visual Department.

There are at least three meetings each academic year. The meetings are purely advisory in nature , and any voting done will be on a consultative basis.

Form 3 Parents' Day 30th April, 1994

An overwhelming majority of parents 84% and guardians and over 91% of our Form 3 students turned up on the Form 3 Parents' Day. The turn-up rate this year was more or less the same as in the previous years.

The prime aim of holding such a gathering was two-fold — firstly it is to help Form 3 students choose streams in Form 4 and secondly to help parents/guardians of Form 3 students understand their role in guiding their child/ward into the right discipline of study.

The programme for the day was as follows : -

- i) Brief introduction
- ii) Slide show on subject selection

- iii) Discussion with Form-teachers in the classrooms
- iv) Exhibition on the following fields:
 - a) Subjects offered in Form 4
 - b) Future prospects of choosing Arts and Science Streams
 - c) Vocational training opportunities after completing Form 3

In addition, pamphlets concerning guidelines on advising their child/ward on the captioned matter were also handed out to parents/guardians.

The whole gathering lasted for one hour and 30 minutes.

Discipline Committee

The young generation should be prepared to become good citizens in society. The school plays an important role in training them to holdfast their own rights, undertake their responsibilities willingly and develop a sense of self-respect. And, being members of society, they should also learn to respect others by observing rules and regulations in the community.

With these ideas in mind, the discipline committee in our school functions in training our students to become self-disciplined members of the community. To go parallel with this target, the committee reviewed and amended school regulations from time to time. Besides, students are given an opportunity to be trained as discipline prefects who should learn to become self-disciplined before they could help their fellow schoolmates to observe school regulations.

The committee consisted of the Principal, the two Deputy Principals, the four Discipline Masters and Ladies, two teacher representatives from the Guidance and Counselling Section, and four other teacher members. It was chaired by Ms. Cathy Lau, one of the Deputy Principals. The four Discipline Masters and

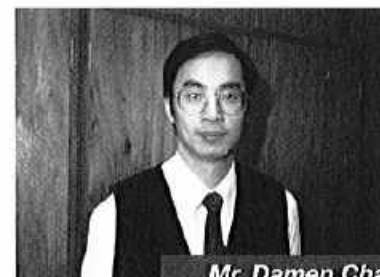

Ladies chaired the four Sub-committees consisting of teachers from Junior Boys' Section, Junior Girls' Section, Senior Boys' Section and Senior Girls' Section respectively.

It also supervised the two discipline prefect teams, one for the Boys' Section and the other for the Girls'. The Head Prefect supervised 3 teams, each of which consisted of a Team Captain, an Assistant Team Captain and 13-15 team members. The prefects helped to maintain discipline before the morning assembly, during the 1st recess and lunch recess daily. About 40 prefects also served as voluntary helpers in the F.1 and F.2 Afterschool Homework Supervision Class. Some boy prefects were arranged to help with work in the back stage in the Opening Ceremony of the 35th Anniversary Celebrations, on the Prize Giving Day and also in the Fund Raising Variety Show. The prefects, both girls and boys, were also invited by the Kindergarten Section to help on its Parent's Day, in the Fun Fair and on the Graduation Day. The performance of these two teams, as remarked by teachers of the Kindergarten Section and the Primary Section concerned, was distinctive and excellent.

減罪行的最重要一環 就是教育市民要自愛
要把正確觀念——灌輸給大眾
要建立良好的品行做人
莫貪心不然一無所有 更莫給人有機會犯法
出門前應把窗戶都關上鎖好
也不要深夜一人回家去
人要自愛自立更要自重 不要觸犯法例
還要盡一己能力幫助別人 共創美好人生
犯法要受處分 幫人可積福分
要去把善惡分清要謹慎 做人莫要貪心

Words from Head Prefects

I am very glad to be the Head Prefect of Boys' Section in this year. This is my sixth year in Rosaryhill School as a student and my third year as a discipline prefect. During this year, I learned many new things like building up my leadership and knowing the school regulations more clearly. I am responsible for the discipline of the students and helping them when they are in trouble. Although there are some naughty students in school, most of them cooperate with us. This also gives me a chance to make new friends. Finally, I would like to thank the Discipline teachers for their teaching and the Prefects for their cooperation and hard work.

6A Michael Cheung (Boys' Section)

Being a discipline prefect for four years, I understand a prefect's job is difficult and challenging. At the same time, I consider it a rewarding job.

Prefects from my team are my main source of happiness and support. We work together towards the same goal and we treat each other as members of a family.

Serving in the prefect team, my awareness, judgement and communication skill are improved. These improvements give me confidence to face greater challenges in the near future.

Remedial Studies Committee

The main objective of remedial teaching is to give additional help to pupils who are relatively behind others in the major subjects.

Teachers would assess with care the strengths and the weaknesses of the pupils at the beginning of the remedial course. Very often, children who are backward and feel that they cannot cope with a particular subject will end up disliking or feeling afraid of that subject. The remedial teacher would understand their feelings and help them overcome their fears through constant instructions.

Remedial teachers also put much more time and effort in the preparation of lessons and teaching materials for the remedial class than their ordinary counterparts. They devise alternative explanations and suitable teaching aids and exercises to reinforce the lessons taught. A core syllabus would also be given to the remedial classes so as to ensure a reasonable degree of uniformity in the progress of the pupils.

A comprehensive record of the pupils receiving remedial help is kept by the remedial teachers so that the pupils' progress can be reviewed regularly. Pupils who have shown sufficient progress may be replaced by other pupils who are weaker as revealed in the first term examination.

There are altogether 6 groups of remedial classes in Form One in English and Chinese, 6 groups of remedial classes in Form Two on English, Chinese and Mathematics.

Laboratory & Audio - Visual Committee

Our Committee deals with matters concerning the Science laboratories and audio-visual equipment in our school. On the Science laboratories side, our chief aim would be the smooth running and safety in the laboratories. On the audio-visual equipment side, we encourage the teachers to use them by making them available and accessible.

1993-94 saw another academic year of smooth operation for the Laboratory and Audio-visual Aids Committee. There had been an increasing number

of teachers using ETV and other audio-visual equipment and there had not been a single serious accident in the laboratories.

With the introduction of ASL Biology, Chemistry and Physics to our school, the workload on the laboratory technicians has increased considerably. For this reason, we had a new laboratory technician, Mr Johnny Ngai, this year.

Our School Library wears a brand new aspect this year. When students and teachers enter, they may find that it looks very different from the previous years - the locks and glass on the book shelves are removed. It is much easier for them to obtain the books they want. It is hoped that more members of the school can draw on the library resources with a more convenient layout.

As one of the functions of a school library is to support teaching and learning in school, we have organized activities in close relation to the subject curriculum, such as reading scheme, new books and topic books display, competitions, games and quizzes. As students took part in these activities, they got a chance to read the library books and learn more about particular disciplines.

Extra - Curricular Activities Committee

The Extra-curricular Activities Committee plans and coordinates club activities, inter-house competitions, school representing teams and supervises the Student Council. The committee members also organise annual functions such as the Teachers and Students Day.

The committee is composed of five committee members and four executive secretaries with the Coordinator of Extra-Curricular Activities as Chairman. The five committee members represent different aspects of extra-curricular activities such as sports, academic, civic education, service, and so on, giving opinion and suggestions while the four executive secretaries are responsible for the management of the four different sectors of extra-curricular activities namely clubs, teams, houses and the Student Council.

In the previous school year, there were 49 clubs. Besides, 13 school teams were formed to take part in sports and cultural competitions. The Annual Athletic Meet, the Annual Swimming Gala, the Cross-country competition, the Drama competition, the Quiz and the Debating Competition were organised as inter-house competitions. The Student Council had organised more than ten activities, among which the football competition and the singing contest were very well-received by teachers and students.

Compared with previous years, students participating in club activities showed a higher average turn-up rate. More clubs organised picnics, visits, services, field trips, etc which took place outside school during holidays. Students were better informed about operation of the society by adhering to extra-curricular activities. Last year, inter-house competitions were organised with the aim of promoting higher participation rates, but the result was not significant.

Teachers' Council

The Teachers' Council was established to represent the teachers in the school. Its functions are:

1. Act as a bridge between the teachers and the school authority for better mutual communication.
2. Organise teachers in school activities.
3. Arrange entertainment for colleagues.

The committee members this year are:

Mrs Cindy Lee (President)
Mr Thomson Chan (Vice-President)
Mr Chan Chi-Shing (Treasurer)
Mr Ambrose Fong (English Secretary)
Mr Kenny Yu (Chinese Secretary)
Miss Jane Hon (Activities)
Mr Leo Wong (Activities)

All teachers are welcomed to become members of the Teachers' Council. This Year 92 teachers out of 93 joined the Council.

Activities held this year include:

A survey on the school facets reflecting teachers' opinions & suggestions to the school authority

Forming the Teachers' Teams for the Teacher-Student Day

Organising teachers to take part in the School Sports Day

Organising the X'mas Faculty Party

2 Ball Games, Karaoke & BBQ gatherings

1 Ball Games, Karaoke & Afternoon Tea gathering

1 Dim-Sum Lunch gathering

The Teachers' Council plays an important role in the school. With support from its members and the school authority, it will keep functioning for a co-operative working relationship, an efficient working condition and a happy working atmosphere.

Athletic Meet

The 27th Annual Athletic Meet was held at Wong Lai Chung Stadium in early January.

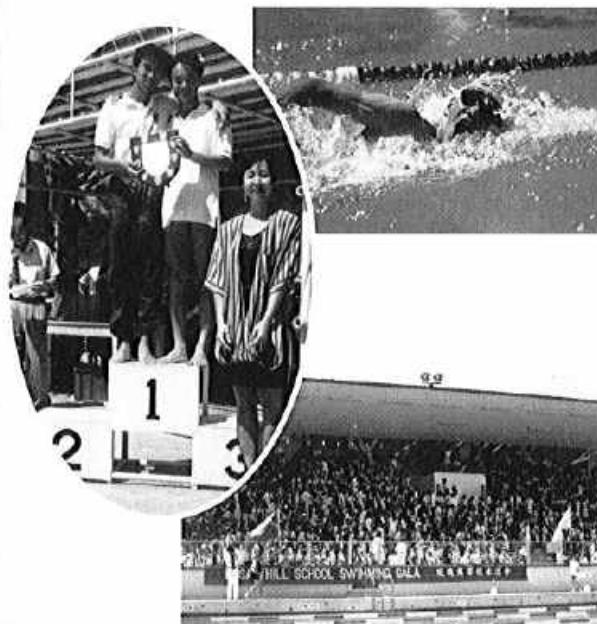

Unlike the sports days before, there were a lot of new events. The 'Go-One-Mile' was the most exciting and creative one. This event was held to celebrate the 35th Anniversary of our school. Teachers, staff and students took part competing with one another. All of them felt a bit nervous in the beginning because it was their first time to be together in a competition. They soon became used to it and exerted all their efforts to get a head of others. Those who did not take part cheered them on as they boasted. After the competition ended, they were delighted and vowed to participate again next year.

Apart from sporting events, there was also a spectator-stand decorating competition among the houses. The stands were decorated exquisitely and attractively. Balloons and flags were hung everywhere over the stages. It was definitely a splendour.

Swimming Gala

136

The 16th annual swimming gala was held at the Victoria Park Swimming Pool in early October.

In this occasion, swimmers from six houses attempted a host of events. After the keen rivalry, Flamingo House walked off with the boys' overall championship while the girls' title and overall championship went to Eagle house.

Our Assistant Principal Mr Edwin Chu praised swimmers and House Officials on their enthusiastic participation and effort.

Guest-of-honor, Miss Chan Lin, the Inspector of School (Physical Education), later presented trophies and prizes to winners.

Cross Country

On the 6th of November, athletes of our school assembled, with the highest spirits, in the Victoria Peak for the inter-house cross-country competition.

Participants of the mini-marathon were divided into four categories: Boys' junior, Girls' junior, Boys' senior and Girls' senior.

After the rat-race, Dragon House beat the rest and won the overall championship.

We were indeed honoured to have our School Principal, Fr. Francisco de las Heras to bestow medals to victors.

Debate

The inter-house debate competition in this academic year ended in the afternoon on the 19th November.

Teams were divided into two groups for heat. Then Flamingo House and Phoenix House went to the final.

After the keen debate, Flamingo House, eventually won the championship while their chief debater Sylvian Leung of F.6B obtained the best debater award.

Drama Competition

The Interhouse drama Competition was held at the School Hall on the 12th March. Six house took part in the event after a month long preparation. They showed their keen interest and enthusiasm by devoting their time and effort in their rehearsal sessions. They staged a different variety of plays, which won great admiration and applause from the audience. As one performance was staged after another, the competition approached its end with an intense atmosphere of speculation of results. The Dragon House came out as the winner with the 'Best Stage Effect' award while Flamingo House came second. The 'Best Play Script Award' went to Teresa Mak of F.6C of Peacock House; the 'Best Actor' and two 'Best Actresses' were awarded to Jeffrey Leung of F.6A of Dragon House, Sylvian Leung of F.6B of Flamingo and Wendy Chan of F.4B of Peacock House respectively.

Quiz Competition

138

The annual Inter-house Quiz Competition was held in May as in previous years, the competition was divided into Senior and Junior Grades. The contestants answering the quiz were supported by their housemates who showed their enthusiasm by listening attentively and quietly. After 8 segments keen competition, the Championships of both Junior and Senior Grades went to Eagle house, while Flamingo house and Unicorn house became the overall first runners up. On behalf of the organizing committee, we would like to thank all the subject panel heads for their invaluable advice throughout the preparation process.

Community Youth Club

Aiming at building a strong community spirit among the adolescence through organised activities, the Community Youth Club (CYC) boasts a membership of over one hundred and twenty students.

With the organized efforts of our advisors, our executive committee and our club members, the Community Youth Club has contributed much to the accomplishment of various kinds of inter-school programmes and school activities. The inter-school programmes we have joined include the Flag-selling Activities, Country Park Adoption Scheme, Used eye-glasses Collection Drive, Fund-raising of "Greening for the Chest", etc. as for school activities, we have joined our school service team in the Swimming Gala and the Sports Day.

Learning while participating, the CYC members have taken the good chance to develop a strong sense of awareness, concern and belonging to both our school and our community at large.

Visit to Chung Shak Hei (Cheung Chau) Home for the Aged.

History Society

The History Society has been set up for many years. Students who are interested in History or wish to know more about history and international affairs are welcome to join. Most of the members are senior form students. There are a variety of activities for members, they are video shows; visits; exhibitions; group discussions and project works.

Members of the History Society

Apart from the above-mentioned activities, members will also organize activities for all students of the school. Previous examples of such activities are exhibitions held on such special topics as : 'The 1989 Peoples Movement in China'; 'The 1990 Peoples Movement in Eastern Europe'; 'Education Condition in China'. The exhibition on 'Political Development in Contemporary China' and game stall was the one which has just been held.

Through all the aforementioned activities, it is hoped that members can have a better understanding as well as a perspective view on history and current issues, and to be more conscious and aware of the changes in their society and the world community.

Ecology Club

The Executive Committee of the Ecology Club (1993-1994) was formed in mid-October. The aim of the club is to help students to develop their interest and broaden their scope of knowledge in the discipline. Our main activities organized this year included a series of visits. In December, we visited the Produce Green Limited. The function provided opportunities for members to obtain more knowledge on how this organization worked and learn the method of organic farming. In February, we visited the Kadoorie Farm. In 1994, we would visit the Shatin Sewage Treatment Plant. Besides field trips, video tapes which introduced the nature of different habitats on earth were shown to members.

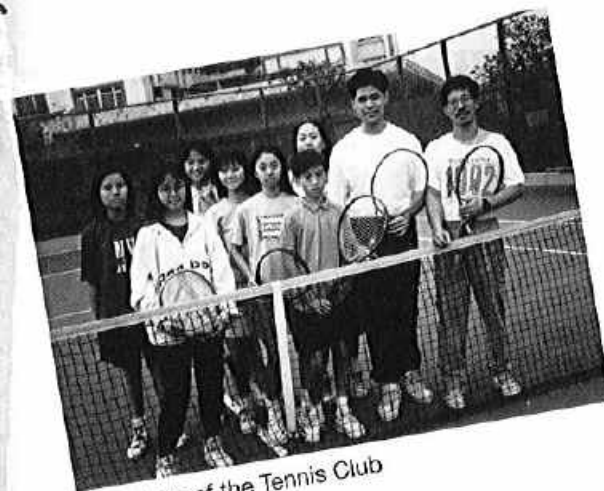

Visit to the Kadoorie Farm

Tennis Club

The objective of our club is to arouse our schoolmates' interest in playing tennis and to advance their skills. There were ten members of different forms and classes. An hour training and practice lesson was provided every Wednesday at Sai Wan Ho tennis court after school.

Our club was also eager to establish a good relationship between teachers and students outside school through our common interest.

Lastly, we would like to express our gratitude to our advisers, Mr Patrick Lung and Ms Debby Wu for their help and invaluable advice. We would also like to thank the members for their great support.

Members of the Tennis Club

Physics Society

The purpose of the Physics Society is to help our students to solve their problems in Physics, widen the scope and update their knowledge and thus arising their interest in the discipline.

In the present year, the teacher-in-charge is Mr Pang Kim Ming. The Society holds its meeting every Wednesday in Physics Lab. from 3:15 to 4:45 p.m. There are about 15 active members. The activities that are held so far are as follows:

- 1) Introduction to the life and contributions of Dr Einstein and Dr C. N. Young through cassette tape and video show.
- 2) Attending the seminar about the revolution of stars and Cosmology in the Open Day of HKU in Nov., 93.
- 3) Help in organising the exhibition and demonstration in our 35th Anniversary Open Day in 15th Jan, 94.
- 4) Guided visit to workshop in Space Museum in 29th Jan, 94 about the production of skyshow.
- 5) Slide show to introduce the uses and hazards of radioactivity, nuclear energy and nuclear weapons.

Science Society

The aims of the Science Society are to arouse students' interest in Science and help them to appreciate the Science world. We hope that students would find it interesting to apply their own knowledge to understand the science in our daily life. To achieve our aims, we have arranged some interesting experiments that would not be done in lessons, for example, etching of glass. We have also visited various places, like the Chinese University of Hong Kong, the Space Museum, the Science Museum, the Productive Garden, etc. Members of the Science society are mainly upper form science students. We hope that more lower form and arts students may join the club

as Science is important to all of us. The teachers-in-charge of the Science Society are Mr Stephen Shi and Mr Yu Kin Fai.

Ornament Club

It is a newly established club in our school. The purpose of our club is to introduce to the members some basic techniques in putting beads in thread and the design of new style of ornament by incorporating semi-precious stones. The ornament designed includes necklaces, bracelets, ear-rings, hair-pins etc. In addition, the proper usage of different kinds of instruments are also introduced to the members.

Art Club (Photography Club)

The aim of our club is to promote students' interest in the different aspects of the discipline. This year our club is quite successful. Our club had more than ninety members and many functions were organised for them. We formed a photographic section in early October. Our photo team has contributed much to supporting photo-graphic service in school activities. A training course was also organised. In November, we organised a candle making course in order to arouse students' interest in the craft. In January, we visited the Hong Kong Museum of Art (Chinese Antiquities Gallery) and Hong Kong Art Library. Moreover, we held two competitions this year, the first was Dinosaurs Colouring Competition in November and the second Logo Design in March. The responses for both competitions were very encouraging; various awards were given to the winners.

Debating Society

With the aim of improving students' debating skills, the Debating Society, headed by Mr Ambrose Fong, was set up at the beginning of the school year. The course taught in the 7-member Society combines aspects of both debating principles and practice. In the first part, a series of lectures on debating skills are given, while video and cassette tapes, in which joint-secondary school debating competitions and inter-collegiate debating competitions were recorded, will be shown. As for the second part, two debating practice sessions are held for the members. The first practice took place in Feb, 1994, while the second will be held in May, 1994. It is hoped that our members will gain more exposure on debating aspects by taking part in real debating competitions with other schools in the future.

English Speaking Club

The English Speaking Club functions in a different capacity in the two school terms of the year.

In the first term, students are trained to participate in the Annual Schools Speech Festival and in the second, a phonetics interest group is organised for students and weekly meetings are held to enable students to learn the sound system and develop their interest in the speaking of English.

It is hoped that more students will join our club next year to explore the potential of their speaking ability and the fun of learning English outside the classroom.

中文學會

九三至九四年度中文學會導師為吳仕聲老師。成立中文學會的主要目的是鼓勵同學多認識中國文化。本年度已舉行之活動包括有參觀紅樓夢文化藝術展、參觀西貢北潭涌上窰民俗文化館。另學會曾於元宵節中舉辦燈謎競猜。

此外，會員也參加一些校外徵文及課外閱讀比賽。來年本學會計劃多參加一些聯校文史活動。

中文劇社

本社已有廿多年的歷史了。顧問老師是鄭佩賢、梁家寶和蘇彩妍。八十年代開始以參加外界主辦的戲劇比賽為主。成績斐然好評如潮。今年欣逢三十五周年校慶，本社榮幸地得以參加演出，以音樂劇「不再是童話」為演出劇目。此劇是本社初次嘗試做音樂劇，也曾以此劇參加地球之

友及扶輪社所舉辦的戲劇比賽，雖未獲任何獎項但得劇界人士的激賞。

明年本社得香港話劇團副總監何偉龍先生之助，將會十月中在校舉行戲劇講座。所以本社明年除參加校際戲劇節外並專注於人才的訓練。

After-school Homework Supervision Class

The After-school Homework Supervision Class, which started in 1991-92, rendered special help to a group of Form Two students with shaky academic foundation. The class aimed primarily at helping these students to develop a good study habit, to cultivate an interest in studies and to improve their academic standard.

In order to let more junior form students benefit from the scheme at an earlier stage, one more class was operated in this academic year to cater for a selected group of F.1 students with low English standards. The three classes, one for F.1, one for F.2 boys and one for F.2 girls, were under the care of a core group of 12 teachers, with Ms Cathy Lau as chief supervisor, Ms Elsie Kwan and Ms Betty Hung as assistants.

Besides, 35 teachers were also arranged to take turns for this supervision duty.

There were also 45 voluntary student helpers helping in these classes. They were recruited from the Discipline Prefect Teams. These helpers were led by Simon Lau of F.6A, with Alan Ng of F.4A as assistant.

Under the supervision of 3 to 4 teachers and 8 to 9 student helpers each day after-school from 3:20 p.m. to 4:45 p.m., all students in the class were assisted to complete their daily home assignments and do daily revision. These students were also encouraged and arranged to participate in the after-school extracurricular activities of their choice to ensure a more 'balanced' development at school.

STUDENT COUNCIL

The 27th Student Council (93-94) was inaugurated on 15th October, 1993. So far, we have organised many functions, such as, Christmas Card Design Competition, Christmas Gathering, Singing Contest, Football Competition, 35th Souvenir Design Competition, Joint School Basketball Competition, Application of International Student Identity Card, and so on.

Generally speaking, the functions were held successfully partly because the organising committee members devoted themselves to the organisation of activities; partly because our teachers and fellow schoolmates gave us invaluable support. We, therefore, would like to take this opportunity to thank all of them here.

Finally, our Student Council Committee will work hard to fulfill our pledges and organise more functions for students in the rest of the school year.

Teachers & Students Day

The annual Teachers And Students Day was held on 21st December, 1993. The main programmes on that day consisted of 'Stall Games', 'Competitions' and Variety Show.

About 17 stalls were set up in the primary section's covered playground by different units, such as Girl Guides and the Red Cross. To highlight this programme, there was a Game Stall Design Competition launched among those units and the award went to Dragon house.

Considering Competitive Events, 9 events took place including badminton, basketball, table-tennis, mini-tennis, chess and tele match and so on. The overall champion was the teachers team and the result was 5:4, the highlight of the event was teachers and students performance.

The main theme this day is to establish a good relationship between teachers and the students and this aim has been evidently achieved this year, as proved by the hilarious atmosphere in the audience. Both the performers and the audience were involved in the programme by singing X'mas carols and pop songs together.

THE FORM 5 GRADUATION BALL

The Form 5 Graduation Ball was held on June 17 at the Ramada Renaissance Hotel. The advisers and the students organizing committee had put in a lot of time and effort to make the Ball the most memorable event for the Form 5 students and their Form Teachers.

The food that night was wonderful. There were also various enjoyable programs throughout the evening. Student representatives presented a souvenir to the Principal Father Francisco. Students dedicated songs to their favourite teachers. There was also a competition for the best dressed boy and girl. Near the end of the evening, the students and teachers could enjoy dancing to various kinds of music and the lucky ones could take home fabulous gifts they got in the lucky draw.

A duet performed by Denis Li and Waiven Chan of Form 5C.

Ten graduates were nominated for the contest of being the best-dressed couple.

Red Cross

Cadet Officers : Mr. Horace Luk (C.U. 48A)

Ms. Grace Yuen (C.U. 48B)

Head Section Leaders : F6D Billy Chan (C.U. 48A)

F4E Michelle Hung (C.U. 48B)

We organized a joint recruitment in September and it was a real success. Fifty students joined us and made up a total number of a hundred members of the two units. Various kinds of activities were arranged for our members. These activities included training, services and friendship functions.

Training is an essential part of the Red Cross life. Our members had attended courses such as nursing, fire protection, knotting, sign language and blood pressure measurement. Most of them were held in the Red Cross Headquarters at Southorn Centre. Besides, two more important courses, first aid and drilling, were held in the school. Members are thus better equipped to provide services to those who are in need.

We provided first-aid service in all school functions particularly in sport events. Held on 7th Jan, 1994 in the School Hall, the Annual Blood Donation Day was among the very many activities organized by the Red Cross. This activity aroused amongst the students a sense of concern for others. Besides, we prepared the Wan Chai Summer Service Project with six other units. It was really a challenging task and we learned a lot from cooperating with others.

Furthermore, members of C.U. 48B and those of King's College jointly organized a service project for the elderly during the summer holidays. It was an invaluable experience to all of them.

Our members participated actively in all friendship activities. In December, we had a camping with members from other units at Tso Kung Tam Outdoor Recreation Centre. The unit picnic of C.U. 48B was held in February. In addition, the 24th enrolment ceremony was held on January 29, officiated by Fr Principal. It was the most important event for the Red Cross members. We learned much through the preparation of such events.

We did quite well in competitions held both internally and externally during the year. In the school, C.U. 48B obtained the 'Most Popular Stall Game' award in the Teacher-Student Day. Meanwhile, the unit was awarded the 'Best Performing Unit' among the four uniform units in the Athletic Meet. On the other hand, Vikki Leung, Eva Chan and Enid Tse of C.U. 48B took part in the 'International Souvenir Design Competition' organized by the Hong Kong Red Cross. They captured the 'Outstanding Performance Trophy' in this event. It was a great encouragement to all of us.

On the whole, all the events throughout this year ended in great success. We shall always remind ourselves to carry out our mission, 'serve one another', in the coming years.

Girl Guide

Our aim is to provide a programme of activities which girls enjoy, at the same time helps each individual to develop as whole person, physically, mentally, and spiritually - thus growing in her understanding of the Promise and in her ability to keep it.

It is also our aim to co-operate with parents, the school, the church, other youth organizations, and anyone else concerned in the girl's development.

Guiding does not seek to compete in what these people are doing, but to complement it.

The Guide recognizes that the Promise is the most important part of all, but she also knows that the way to keep the Promise is to enter wholeheartedly into everything else. The Promise and the rest of the programme cannot be separated.

Student Librarians

This year, we have 50 student librarians. We have to take up our duties during the recess, lunch time and after school.

The duties of Student Librarians are helping the Teacher Librarian in circulating, checking and shelving library books and other resource materials, newspaper clipping, photocopying, maintaining the discipline in the library, board

displaying, promoting and carrying out library activities.

Student librarians are expected to be self-disciplined, responsible, co-operative and helpful so as to create a better environment in the library and help our schoolmates to make efficient use of the library resources.

Bus Prefects

The Bus Prefects are a group of students who voluntarily help the school in maintaining the discipline of the students both on school buses and in the bus stations. They are to see that their schoolmates are lining up properly in the bus

stations without blocking the passage way. They are also to see if their schoolmates behave well on the buses especially in the reinforcement of the safety regulations.

Before the starting of 1993-94 academic year, our volleyball school team had undergone a lot of vigorous training and lectures provided by our coach during the past summer vacation.

During the academic year, we had to handle our tight study schedule but we would not be absent from our tough practice twice a week, for we had always strived to do our best in competitions.

Although we did not carry off any medals in the competition, we came out of the court gaining much valuable experience. We could understand the importance of co-operation, concentration and obedience in the competition. These should help us in the coming year. Let us wish a prosperous year to come!

Besides inter-school competitions, we also enjoyed some friendly matches with other schools. A farewell party for our F.5 members was held at the end of the term. In addition, a picnic was organized during the summer holidays and all our team members had a great time!

Basketball School Team

The Basketball Team participated in Hong Kong Area Division II Basketball Competition for the year of 93-94. The coach of the Basketball Team is Mr Ko Kam Tong of P.E. Department. There are 36 members in the Basketball Team and 12 students representing each grade.

School Team social gathering will be organized twice a year, one at the beginning of the school year and the other towards the end of the school year. In 1993-1994, a barbecue was organised in September.

The Inter-School Basketball Competition of Grades A and B were held in October and November. Our Grade A team got the 7th position while Grade B came up with the 5th. The competitions for Grade C were held on January and February and our team managed to get 2nd Runner-up position. Our school got the 4th position in the Overall Result in Division II of the Hong Kong Area.

Beside the Inter-School Basketball Competition, the

school team won the Championship of Wan Chai District Student Council Cup Basketball Competition 93-94 in April and in the coming summer, our team will participate in the Urban Council and Kung Sheung Cup Basketball Competition.

Inside the school, judges, recorders and timekeepers of the Inter-class Basketball Competition are provided by the Basketball Team. Friendly matches with Old Boys, Commercial Section and other schools were also held.

The team training was held on every Monday, Wednesday and Thursday from 3:15p.m. to 5:00p.m. throughout the whole year. Team members participated actively and their skills improved prominently. The coach hopes that basketball activities help to promote their qualities of behaviour, cooperation, the ability of decision making and further their interest beyond school.

BADMINTON SCHOOL TEAM

With the effort of the team members, the school Badminton Teams achieved good results, in the Inter-School Badminton Competition this year, especially the girls of A and B grades.

Our results are as follows:

Girls A grade — 2nd position

Girls B grade — 4th position

Overall grade — 3rd position

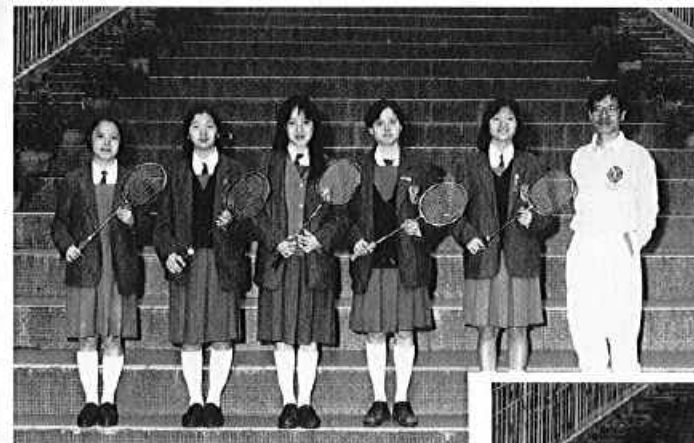

During the Inter Class Competition, the team members assisted P.E. Department by acting as the umpire.

In the coming academic year, the team is expected to participate in more activities:

— Competition held by various organizations

— Friendly matches with other schools

We hope that the efforts we put will be rewarded by splendid results.

SWIMMING SCHOOL TEAM

Our swimming team consists of 40 boys and girls. We have totally 6 divisions in our team, namely Boys A, B, C grades and Girls A, B and C grades. In this school year, we achieved brilliant results. In the Inter-School Swimming Championships, our boys won the overall championship and we will be promoted to Division Two. Our girls also got very good results, we are the first runner-up in the girls' overall championship. The splendid results encourage our team members to put more enthusiasm and efforts in the sport. In the future, we shall organize more training in the summer holidays. That is why sometimes if you walk along the school covered playground, you can see our team members having fitness training. We have training not only in the water but also out of the water. Swimming is recognized as an excellent activity for all-round bodily development, so would you like to join our team, to have fun and work with our team members for medals and trophies?

The team resumed training in early September after the summer vacation. For the new season, our team managed to recruit many new members. A 'Junior Coach' scheme had been adopted. Each senior team member had to adopt a couple of juniors. The seniors were responsible for taking care of their junior counterparts. They also helped the teacher-coach to train the junior members. The new scheme proved to be a successful one.

For the first season, introducing basic track and field techniques was the major task of training. The second season was from December to February, when team members concentrated on the preparation for Inter-school Athletic Championship. The team experienced 3 months' harsh training. By the end of February and early March, our

members came across three great days-the Inter-school Athletic Championship. Most of our athletes demonstrated sportsmanship and cooperation among members. Our boys team managed to gain a better position this year. We came fifth in the overall results. Besides, many of our A grade boys won gold medals in individual events and second runner-up in overall results. The girls team came ninth in the overall position. Although the overall result was not particularly outstanding, still, the A grade girls gained quite a number of medals from individual events.

Finally, our team felt cheerful as two of our team members were elected in the training squad. They will, during the summer vacation, compete in the name of Hong Kong Students Teams round the big cities in the Mainland China.

Table Tennis School Team

There can be no doubt that table tennis is a very complex sport. Not only does it involve the technical and tactical skills in playing, but also requires a player to have the ability for co-ordination, concentration of mind and a good judgement in difficult situations. At present, the Table Tennis School Team consists of ten members, of which the teacher-in-charge is Mr. Michael Chow - an enthusiast for this non-violent sport. A regular training session is conducted every Wednesday after school, during which members practise a

variety of fundamental skills such as service, service return, smash, push, strokes, forehand topspin, ... etc. The most important event we participate annually is the Inter-School Table Tennis Competition. With superior technical skills and tactics, their will power to win and being in a relaxed mental state, our players finally gained the 2nd position in Boys B Grade Final this year. However, I do believe that a calm state of mind among the players was the most decisive factor for obtaining good results in the competition. To achieve more outstanding results in competitions, we would like to lay more emphasis on the intensity and manner of training, the correct attitude towards technical practice as well as the psychological quality of the members in future training programmes.

It was the first time our school had had a girls tennis team. In the last couple of years, tennis was promoted as a major life-long physical activity to all our students. Tennis was taught in PE lessons. Tennis courses were run by the tennis clubs of our school. Some outstanding players were subsequently recruited from those clubs to form the school team.

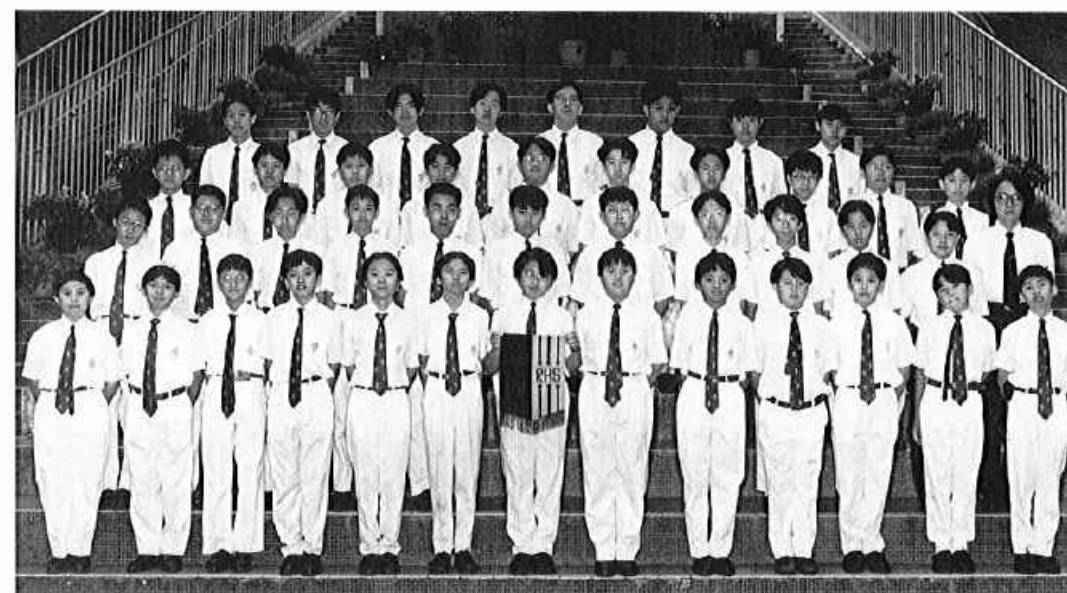

During the three months prior to the start of the Inter-school Tennis Competition, the team was trained three days a week mainly to practise competition tactics. In general, the team members enjoyed the training sessions as well as the competition. Our team finished the Inter-school Tennis Competition and ranked fourth on the list.

The Language Support Activity Programme of Rosaryhill School

Student : Madam, how can I improve my English?

Teacher : There's no short cut. You have to read more, write more, listen more and speak more English.

Student : (Wondering in his mind) But how

Advice is a dime a dozen, it is useless unless we pave them the way and walk it with them taking them by the hand.

We teachers are well aware that class time, even made full use of, can only for so much to help students become better in English. Often we find them forgetting much of what they have been taught and there is hardly enough time to cater for the various aspects of language use.

So we try conscript as much of their non-class time as possible to increase their exposure to English. A better proficiency in English, but more importantly, test and exam marks are promised as reward for taking an active part in the programme.

Getting Started:

At the beginning of each of the two school terms in a school year, the class is told to have enough 4"x6" index cards bought, 4 for each student. Each card is labelled in class under the supervision of the English teacher.

The minimum requirement for each of the language activity - Reading, Speaking, Reading Aloud and Listening - is informed to the students so they have some idea the amount of work they are expected to complete.

New students like Form 1 classes are explained the rationale of such an elaborate activity which they have no choice but to participate in for as long as they are a member of our school. However, to all classes, the point of honesty cannot be over-stressed. They will be told that it is easy to cheat but they will only be cheating themselves of the chance to learn. Still they have to be constantly reminded of this and their progress frequently monitored.

Students, being students, cannot all be expected to be conscientious in completing their assignment. Many of them wait till the last week and try to do it all at one go. Each term is therefore segmented into 3 periods and they have to finish one-third of their work within each segment.

A room is essential for the successful execution of this programme as they are to speak English under teachers supervision and read aloud to teachers during lunch time. Its importance is only outweighed by the concerted effort of the whole English panel. Teachers have to share the conviction that their time and effort are for a worthy cause. Only then can their co-operation be secured. Teachers will in turn impress upon their classes the need for them to take the activity seriously and they will indeed benefit from it eventually. A timetable of teachers on duty in the lunch hour is then prepared.

We find that students have to be taught the way to approach a teacher for help so the right words are provided.

Read More:

At the beginning of a school year, Form 1- 3 classes are taught how to do extensive reading with the help of a prescribed reader as well as how to write a story summary. Then they should be able to read on their own books of their own choice. They are encouraged to read more than the minimum amount if they want more than just a passing mark.

They are told to read at least a certain number of pages a week if they wish to complete the minimum requirement and they have to write out the story summary of the pages they have read to be handed in the following week. It is also to their benefit to pick out some useful expressions, vocabulary, idioms etc and put them down in context after the summary under the heading 'Items to Learn'.

The number of pages to read in a week should be flexible. They can read more if they find the book interesting and they have much free time that week, but a few pages will suffice if it is a week loaded with tests. However, since the story summary is a standing assignment, they have to read every week and

hopefully, soon form a habit of reading.

Books are made available to them so they have no excuse not to read. Besides the school library, we have a department library and a class library is set up in every class at the beginning of term.

Story summary is only checked to make sure it is faithfully done but not expected to be corrected. Students are told to keep it to about one page long and submitted with the other part of the weekly standing assignment, the weekly journal. They know that if they do not do the story summary, the reading they have done will not be counted and the journal will not be marked.

The day the whole book is completed, the particulars are entered into the Reading Record Card and signed by the teacher. If they find a book too difficult or boring to finish reading it, they can stop any time.

Avid readers who can read more than 1000 pages in a term will become members of a prestigious society, the Thousand Page Club. They will be awarded a badge and a story book of their choice as prize and their names will appear on the Honour Roll displayed in the English Language Room.

Write More:

It is found that our students have very little written homework on English. Writing is therefore made compulsory in the form of standing assignment to be submitted every week: a story summary of the pages of reading they have done in the week, and a journal entry. It is an account of an incident they experience in the week.

Before the journal piece is handed in it is proofread by their classmates and corrected. Teachers mark the piece leaving careless mistakes, which are only underlined, for the students to put right by themselves. If time allows, they will be orally quizzed on their mistakes. It does take more time at the beginning to get them accustomed to the routine, but it pays off eventually.

There is no Record Card for writing but students are advised to do their assignment in an exercise book, which they will find worth keeping as it is a record of their growth in the use of English as well as in life experience.

Speak More:

It is of 2 components : Reading Aloud and Conversation.

Reading Aloud:

Students are to read aloud 5 times in a school term, 3 times to the teachers on duty in English Language Room and 2 times of their own English teacher in class or out.

For Form 1-3, specific paragraphs are picked out from the comprehension passages of their course book to be prepared with the teacher's help during lesson. They are expected to practise reading until they are ready to read to a teacher on duty in the lunch time. Teachers will write 'Fair', 'Good', or 'Very Good' as an assessment of their reading. If they are found to be inadequately prepared, they will be taught how to read better and then told to try again.

Form 4 and 5 students will prepare the dialogue part of the CE Oral Past Paper as reading material.

Speaking:

There are 2 kinds: They speak with their friends any time they choose, or in the English Language Room under the supervision of the teacher on duty.

Speaking with friends:

They can speak with their classmates, schoolmates, outside friends, even family members face to face or on the phone and have the topic of their talk and the duration written on the card and signed by the speaking partner. They will not get any marks if it is done, but if it is not, marks will be taken off.

Speaking in the English Language Room:

They go in pairs of the room at lunch time to speak in

English. A slip is first asked for from the teacher on duty. On it is written the time they arrive and a line for them to write down the time they finish speaking. The teacher on duty will also walk about to give help as well as to check to see if they are really conversing in English. On slack days, the teacher joins the students in conversation. We learn from experience it is impossible to have students talking to teachers. We tried, even non-English teachers' help was enlisted, but willing teachers were swarmed and eager students had to be turned away, creating ill feelings left and right. Finally we come up with this alternative and it is found to be working well.

Form 6 and 7 students, to prepare for their new oral papers, are also expected to do discussion in groups of 4 in the room.

Listen More:

Students are to listen to English spoken on the radio, TV, songs and movies and enter the particulars into the Listening Record Card. No questions are usually asked to check on them or any marks awarded, but if a blank card is submitted at the end of the required amount of listening is not done, they will be penalised with deduction of marks.

At time we do wonder if all our time and efforts will ever pay off as no observable result can readily be seen. On the other hand, we know for certain that if nothing at all has been done, the level of proficiency would, if anything, only be lower, it is this conviction that keeps us going.

A Family Pet *Elrick Lai (Form 2A)*

I am a mouse with white fur. I am cute and with a long tail, so my master called me 'White'. I have a pair of big red eyes. I live in a cage. I love my master very much. I am fat and strong. I am timid because I'm afraid of the cat. She is ugly and playful, and she wants to eat me. Luckily, I am in a large beautiful cage, she cannot touch me. I like running. I always play the wheel.

I love my cage, too. I always sleep on the hay, I enjoy this very much. I like the fish and the bird which my master keeps.

I hope that I can be a human being because I think that it is very interesting and I hope that my master will always clean my home. Finally, I wish to have a friend and a family.

Dear Steve,

How are you getting on? I miss you very much because we have not kept in touch for a long time. Last night, I came across the photos we took in the airport. I was very unhappy to leave you, my best friend.

Now, let me tell you something about Canada. It is very cold all the time here but Canada is a very big country. When we arrived at this big country, we lived in my cousin's house. So do not worry about me.

We've now found a garden house. It is very big and it is decorated beautifully. I have sent some photos to you about our house. Have you seen them? My school is very far away from my house. Everyday I have to wake up at six o'clock. In my school, there are people of all nationalities over the world. Our class teachers speak English all the time, I am trying and speak English well.

Canada always snows in winter. I like to play with my brothers when it is snowing. We have built a snow-man. I have to stop here now. Remember to write me back. Please give my best regards to your family.

Yours Sincerely,
Charles

Your Wardrobe is Full of Clothes

Your wardrobe is full of clothes
You wear them everywhere you go
Clothes of different kinds
All of them are beautiful

People wearing school uniform
Going straight to school
Never wearing other kinds
Till they are at home

You wear night-gown in balls,
You wear sports wear in the playground,
You wear pajamas in your bed,
Then your wardrobe is empty.

People going shopping
Always spend lots of money
Buying lots of clothes
Till their pocket are empty

People in the winter
Wearing thick clothes
People in the summer
Change for short-sleeves

Your wardrobe is full of clothes
Everywhere you look
I wonder if the wardrobe has
Any space to put a new clothe.

And yet without the wardrobe
It wouldn't be good
For it is the wardrobe
Who gives the clothes a place to live

No More idle time in exams *Sarah Lee (Form 2J)*

All schools need some rules. It is because everyone acts according to rules to maintain order and discipline. If a school does not have rules, students will always talk loudly and eat in the classroom so teachers can't teach them effectively and they will also be very impolite to teachers.

In my school, there are many rules, but some rules are inadequate. For example, we are not permitted to leave after we have finished the exam paper. This is not reasonable because the time allowed for every subject exam is always very long. We still have a lot of time after we have finished the exam paper. During this period, we can't do anything, so I suggest that we can leave after we have finished the exam paper.

At last, I sincerely hope that the school authority will take my suggestion into consideration, so that there will be more time for us to study for the forthcoming examinations.

Dreams and Wishes *Ricky Mak (Form 3D)*

In the future, I wish to be a professional basketball player. Since I was eleven I have had this wish. All of my friends like playing basketball very much. My family, especially my father love watching basketball programmes and playing this sport.

I like playing basketball because I usually play with my friends. Also I always watch the "N.B.A. Games of the week". I watch the players in the N.B.A. They can use the "Slam Dunk" to score points. That is the reason why I love basketball very much.

Now I have to study hard and, I will spend some time playing basketball. Some of my friends are good at playing basketball. I think I can play basketball better and better if I play with them more.

An Accident *Karmen Ho (Form 3I)*

Every year, on the first day of the Lunar New Year, I usually go to Shatin to enjoy the day. This year, I went with my cousins.

In the morning, I went to a restaurant to have our breakfast with my cousins, then we started our journey to the Lion Rock Tunnel. When we had passed the tunnel, my uncle found our car unable to move. So we got off and began to push it. At last the road came up to a slope. The car could not go up the slope. We could not do anything but park it by the road side. At last we found someone help us to repair it and the rest of our group found a taxi to Shatin to have lunch.

Although it was not an easy job to me pushing the car, it was very interesting and special because I had never had such an experience before.

The Strange black shadow *Wendy Ng (Form 3I)*

One midnight, when I got out of my bed and went to the kitchen to drink some water, I heard a strange noise outside. I went out of the kitchen to the sitting-room. I saw a black shadow standing in front of the window, facing the sea. I asked the black shadow "Hey, what are you doing there? Who are you?" The black shadow did not answer. Instead, it turned to me and smiled. I could see that it was a young boy, but with some blood on his face.

I screamed loudly. The young boy opened window and jumped out. I quickly went to the window and looked out. There was nothing. I felt very frightened and wanted to cry.

Suddenly, a hand rested on my shoulder. I looked up. It was that young boy, resting in the air! I wanted to scream again, but he said "Don't be afraid. I will take you to a lovely place. Do you like to come with me?" No! I don't want to be with you! Ghost! Set me free!" I was so frightened. "That's really a nice place, you must be with me." He held my arm tight and pulled me out of the window. "Oh! I don't want to die!"

What could you do if you were in that circumstance? But don't worry, that's just a dream!

Who is a hero of yours? *Chirlotty Ng (Form 3J)*

In the human history, there were many distinguished characters, great politicians, and 'leaders'. Many people who read history usually focus their attention on these kinds of men.

I regard Mozart as my hero. He was a success in spite of being a prodigy, a composer of minuets when he was five, a sensational concert musician when he was six. The most celebrated child prodigy of them all was damped and petted in every royal court in Europe. At twenty-five he was still depending on his father to run his life. But the vain, childish ex-prodigy depended on no one to compose music. As endlessly creative yet endlessly quarrelsome, Mozart kept right on composing until he died at thirty-five of a "general breakdown".

Today, Mozart still enjoys profound respect as one of the two or three greatest musical creators of all times.

If you could go back in time to do one thing differently, what would it be? *Quby Tang Mei Yee (Form 3J)*

When I was thinking how to write this composition, I had a great deal of ideas. But I was so sleepy that I fell asleep at last and had a very nice dream. This dream happened to be my idea. My dream was that...

It was about 14 years ago, I was being carried to the hospital by an ambulance. Inside was my father, who held my mother tightly, my mother was going to give birth to a child. I saw my mother suffering great pain. When we reached the ward, a baby was born; it was a boy, but it was not me!

Suddenly, my mother disappeared and I saw a dog. It was very toilsome because it was going to give birth, too! Oh! The puppies were coming out and among them I saw a puppy with a name-label around its neck, the name was..."Quby"! Was it me? I checked the calender at once, yes! It was 27th November, 1979, that was my birthday, so great! I became a lovely puppy. A long bell-ring, I got sober up and discovered that it was just a beautiful, lovely dream.

Why I wished to be born again as a dog? It is because I find my dog, Bobo very care-free. It was no need to think about anything; it has no examination, no test and no worry. It only sleeps on a sofa, eats some favorite food and plays the ball!

September - the Typhoon Month *Crystal Yung (Form 4A)*

It never occurred to me that the day typhoon attack could be a day to enjoy outdoor activities. But many people did not seem to be afraid of typhoons, they went to the piers to see the waves and some of them even went for a swim.

Many typhoons visited Hong Kong this year. Just within September, there two typhoons passing Hong Kong. On 17th September, I did not need to go to school because of typhoon Becky. I had mixed feelings about it because a test was not to be held on that day and I had prepared it already. I did not want it postponed. But I could have a day to tidy my notes, do my homework and study for the test some more, so after all I liked Becky coming to Hong Kong.

A week later, I stayed at home again as Typhoon Dot came by. Fortunately, it was Sunday and there were no tests to put off, but I felt tired that day so I did not do any homework or study. I watched television, listened to music, read magazines and relaxed myself all day. Although I did many things that day, I felt bored. I wished I could go out to encounter the wind on such a day. I supposed it must be very exciting, but I also knew it would be very dangerous, so I did not have the courage to do it.

The days after Typhoon Becky and Typhoon Dot were hard for many people. Container trucks swarmed Kwai Chung so traffic there came to a standstill. Besides, cars were damaged by the fallen scaffoldings, many farms were drowned and much poultry died in the flood. I hope no more typhoons will come by this year. I do not want this kind of holiday.

A Fabulous Concert *Timothy Ming (Form 4A)*

I didn't miss it after all. I could see Jacky Cheung in concert! Actually all the tickets were sold out within five days they were on sale. Luckily my father received some free tickets from his friend so I could enjoy the fabulous performance of Jacky.

That evening I went to the Hong Kong Coliseum by taking the tunnel-bus. The journey, to my surprise, took about forty-five minutes. On the bus I heard people say that taxi drivers refused to cross the harbour because there was a great traffic jam near the Coliseum. Jacky really drew the attention of the whole city.

At the beginning of the concert, Jacky sang his latest love songs. As Jacky's voice was rich and mellow, it made a perfect combination with the lovely melody. In the second part of the concert, Jacky brought us some rock music. Firstly there were four huge neon scaffolds rising from the four corners of the stage. Then Jacky appeared on the stage riding on a motor-cycle, wearing leather jacket and pants, which gave the whole audience a new image of him. After the heavy rock music, Jacky put on an elegant white suit and some violinists joined him on stage. They turned the pop concert into a classical one and it was really a great idea! When the concert nearly ended, Jacky sang his evergreen songs. Although he had been singing for two hours, he still gave an excellent rendition of his old favourites. This is the attraction Jacky holds for his fans.

The next day, from the newspaper I found that many journalists and composers gave reviews on Jacky's performance. I think Jacky would be happy winning high acclaims from the public, his peers and the critics.

Lives of triad members *Silvia Wu (Form 7B)*

Speaking in foul language, hanging around in shopping arcade with cigarettes in their hands, will you believe that there are the deeds of three fifteen year-old youngsters. Even though you do not believe it, it is true.

The only girl, Amy, told us bombastically, "I'm beautiful, right? People I know all said I resemble Vivian Chow, the pop singer!". She comes from an affluent family with working parents. She was ignored by them but now, as she said, "I've found true love, Ah Ming loves me very much!" Just then she gave a big kiss to the boy, who belongs to the lower class. He admitted that he was materialistic and he believed that being a triad member he could become wealthy quickly. So, he joined the triad society when he was thirteen and Amy followed suit.

In the triad society, he befriended with another boy called John. From his words, we know that John is quite intelligent. However, no one cares about his intelligence. His father is a murderer and was put into jail forever. His mother is a prostitute who only knows about gambling. When he was a little boy, John was ridiculed by other children. Thus he longed for protection and when he was ten, someone told him about the triad society and he then joined it acquiescently.

Ah Ming told us secretly that his job was to cajole ignorant girls to become prostitutes and he even said this gave him satisfaction. He does not love Amy very much but as she is always willing to earn or steal money for him, he treats her as girlfriend. On the other hand, poor Amy feels proud as she can devote herself to Ah Ming. Both of them feel nothing wrong about being triad members.

However, John regrets being a triad member. He does not want to continue to bully the young boys and 'kick' them into triad society. He said, "it is just like murdering a cute baby." Unluckily, because he has quitted his schooling since Form One, there is no other job that he can get to earn so much money. He illustrated the triad society as "once you go in, you can never come out."

For the three poor children, no one takes notice of them even after they have joined the triad society. Their friends, teachers and relatives are afraid of them. Their new friends are all triad members. Thus, they became worse and worse.

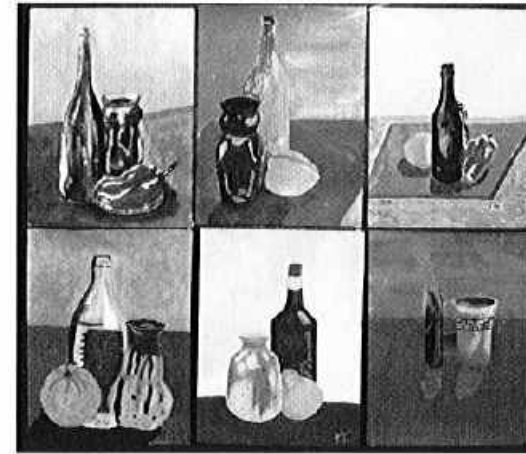

Although their lifestyle is similar, they have different ambitions. John wanted to be more educateds and escape from the triad society. Ah Ming wanted to be the richest and the most powerful man in the world. Amy wanted to get married with Ah Ming and be always beautiful.

Through the interviews, we can feel the ardour of the children to their ambition, which may not be bad. It is possible to correct their misconception if their parents, teachers and the whole society give them love, concern, education, protection and a chance to let them start afresh.

This year we have the great opportunity to work as School Social Worker in the Business Studies Section of the school. With the generous help of our Principal, teachers and staff, we have successfully organised the following programmes :

September	Class Visits	Introduce our new service to the students
	Survey	To assess students' needs in general
October	Exhibition	To introduce school social work services and clarify students' misconceptions if any
November-December	Casework services	To provide individual counselling to the students for their healthy growth and needs
January-March	Casework & groupwork services	Increase self-management ability for group members

Throughout this academic year, we are much impressed by the students' initiative attitudes in learning and their willingness to share with us.

BUSINESS STUDIES SECTION

SECOND YEAR GRADUATES 93-94

Student Council

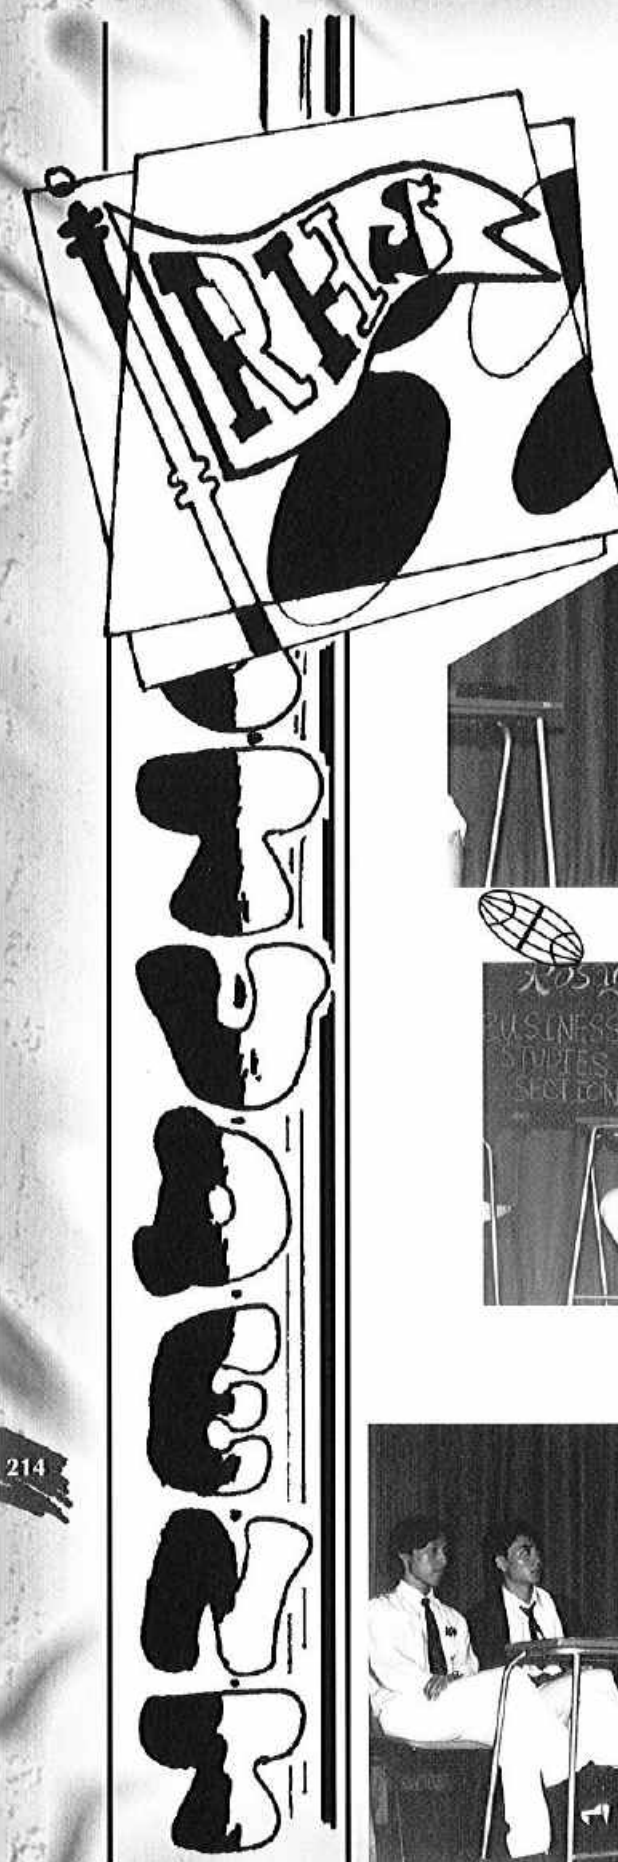

(left) Keith Leung (Secretary), Fernando (President), Sara Chan (Vice President), Owen Lo (Treasurer)

It is my honour to write on behalf of the Student Council of the Business Studies Section of Rosaryhill School. I would like to introduce my new school life to all of my fellow schoolmates.

I have been studying in Rosaryhill School for fifteen years. I am lucky that I can study in such a good school. Rosaryhill School is situated in pleasant surroundings. Students have a conducive studying environment. Besides, there are basketball fields, football fields, badminton fields etc. It can give us opportunities to take part in extra-curricular activities.

This year, I am studying in the Business Studies Section. This section is situated on the sixth floor. Therefore, many of the students in Rosaryhill School cannot get information about the school life of the students studying in the Business Studies Section. Actually, this section is just like a big family. The teachers are our parents and we are their children. They will always take care of us both academically, psychologically and physiologically. To my fellow schoolmates, we are just like brothers and sisters. We help and love each other. I think I will enjoy these 'two years family life' here.

It is my pleasure to be one of the members of this 'Business family'. Although it is only a short-period family, I will keep this period in my mind, forever!

The Section held its annual elections of members of the Student Council in November. Candidates standing for election answered questions from the student electors, with comparative ease and humour. The race to win votes was very closely fought and a second round of voting had to take place to determine the "real" winning team. Eventually the "Enthusiast Society" emerged victorious, by a close margin.

GAMES

At the top of the list of activities for the academic year 1993-1994 was the "Games Day" held on the 30th of September. Mainly, the games in which most students participated were basketball, soccer, karaoke and badminton. The participants were enthusiastic and all in all competition was keen.

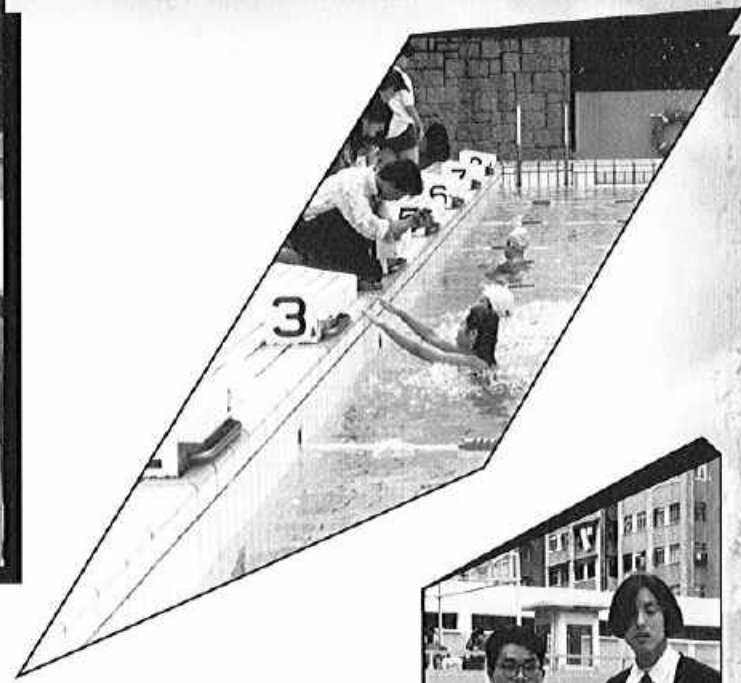

DAY

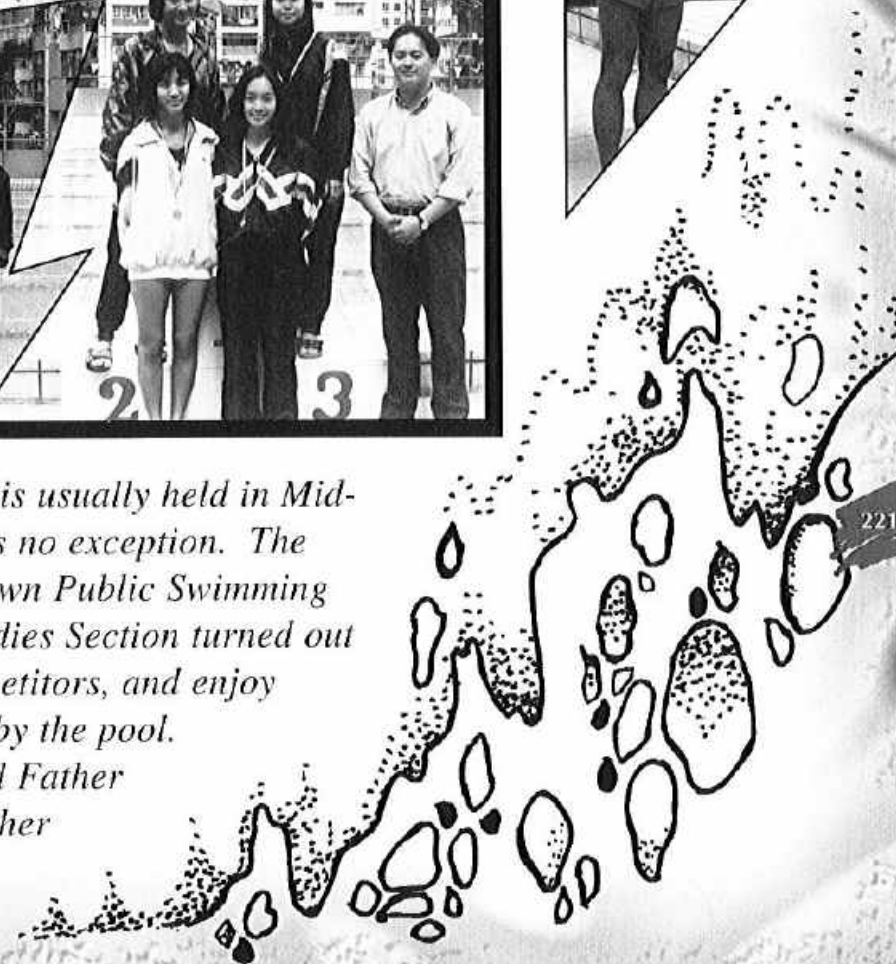

Swimming Gala

The "Swimming Gala" is usually held in Mid-October, and this year was no exception. The venue was the Kennedy Town Public Swimming Pool and the Business Studies Section turned out in full force to cheer competitors, and enjoy a sun-filled autumn's day by the pool. Guests-of-honour included Father Salas, Father Rey and Father Francisco who gave away the prizes.

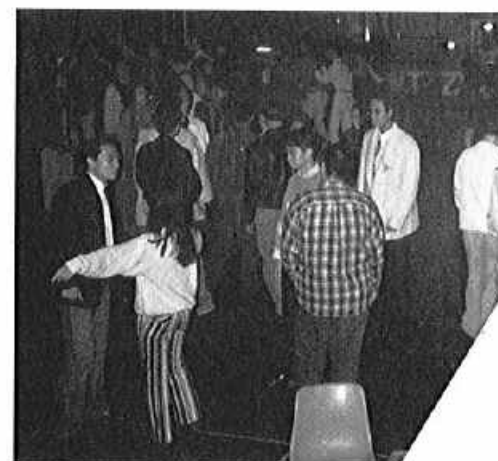

SCHOOL PICNIC

The next event was our section outing or picnic at the end of November. The section went to the Chai Wan Country Park for a day of barbecuing, out-door games and activities and for just relaxing in unconfined spaces and socialising with one another.

CHRISTMAS PARTY

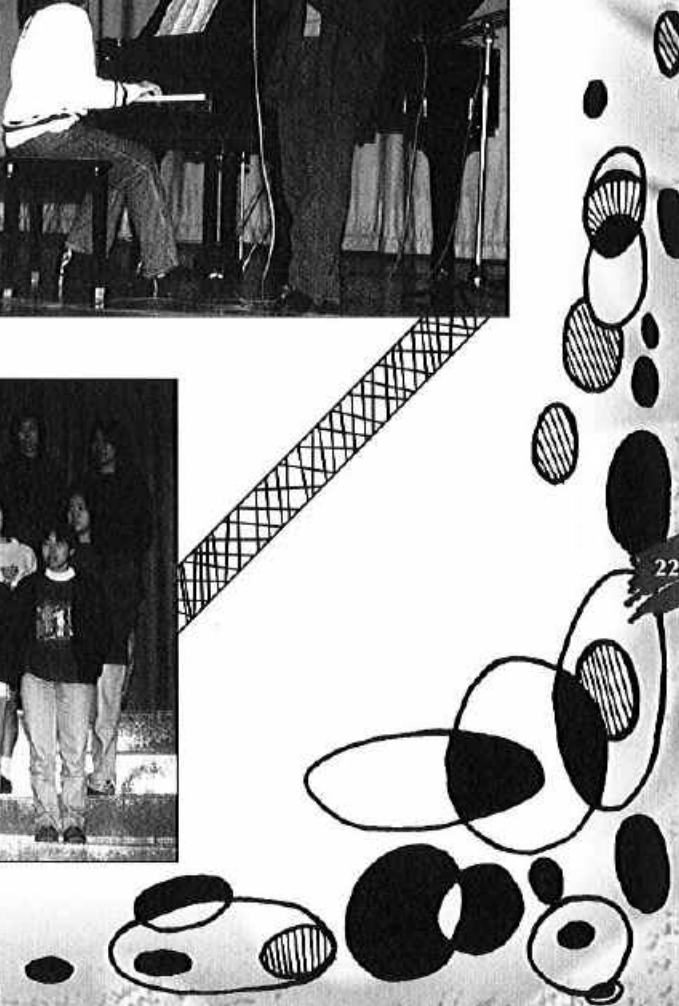

As the festive season drew near, it was time again to plan our "Christmas Ball", notably the most extravagant social event of the academic year. This time the theme was "The Twilight Zone" and caricatures of zombies, witches and the like put in full display in the school hall to create the mood. Professionals were called in to help with the music night. Students of the section trooped in at about 7 p.m. for the dinner buffet, and thereafter, proceeded to dance the night away at the dance floor. Several teachers were also invited to show-off their vocal skills by rendering their favourite songs through the Karaoke system. The party ended on this note, at about 12 p.m.

Talent Time

The last event held before the examinations was the "Talent Time". Budding singers and artistes took to the stage and everybody once again had to marvel at what talent lay behind ordinary faces and even more ordinary school uniforms. It made teachers especially wonder whether they were teaching future superstars of the showbiz. All in all the event was a fantastic change from the academic drilling of school and provided a welcome release of stress and tension built up in the months before.

The Growth of ROSARYHILL SCHOOL OLD STUDENTS ASSOCIATION

In July, 1967, the first students' association was established in our ALMA MATER, it was the ROSARYHILL SCHOOL OLD STUDENTS ASSOCIATION. Our first PRESIDENT, Mr. K.K. Yeung together with the Committee members formulated the following objectives for the Association:

*"TO PROMOTE CLOSER FRIENDSHIP AMONG THE MEMBERS AND FOSTER THE SPIRIT OF MUTUAL ASSISTANCE.
TO KEEP THE MEMBERS IN CONTACT WITH ROSARYHILL SCHOOL AND WITH EACH OTHER BY ARRANGING PERIODIC MEETINGS AND VARIOUS ACTIVITIES."*

The Association carried on with Miss Lucy Su and Mr. Wilfred Liu as the Presidents of the second and third year; in 1973, the Association faced a difficult period of not having enough support from the graduates as well as the school authority, and was forced to cease all activities for a certain period.

From time to time, the former committee members plus a group of new graduates, with the support of Rev. Fr. Lionel Xavier tried to revive the Association, the Association was successfully registered under the Hong Kong Societies Ordinance on June 6th, 1973 as a recognised association in Hong Kong. But things cannot always be as good as one wishes, and the association was again dormant for a many of years.

As time went by, more and more old students feel the need of the Old Students Association; in 1978, a bunch of new graduates, plus the support from the former committee members again, the Association was received for the third time, and carried on till now.

After years of struggling, this year, the Association successfully formed a solid team of Executive Committee members, which includes members from graduates of different years. We have

Committee members ranging from graduates the early years of 67's and 69's, to recent years of 92's and 93's. With this Committee, the Association can work out more aggressive plans, both on short term as well as long term bases.

Through all sources, the Committee of identified all sorts of problems or difficulties the Association had in the past, trying their very best to solve all these problems one by one. In terms of correspondence, the Association successfully created a data base system to up-date the records of the members, all members can now receive up-dated information from the Association. A Newsletter is also launched and is scheduled to be published times 3-4 a year in order to keep all the members informed of all the happenings of the Association as well as in the Alma Mater.

The Committee planned to have more activities constantly held each year, they are the HILL-Fire (barbecue), the HOME COMING DAY, the MID-AUTUMN FESTIVAL LANTERN GATHERING, and the ANNUAL DINNER. The purpose of these activities is not only entertaining the members, but also creating more chance for the members to meet their good old friends, as most of them have difficulties to arrange a gathering while all of them are busy in their work in different fields.

The Association is going to participate more in the School Activities as well as Summer Tutorial Classes for the new Form 1 students, Careers

The Home-coming Day 1994 is announced on the bulletin board at the school

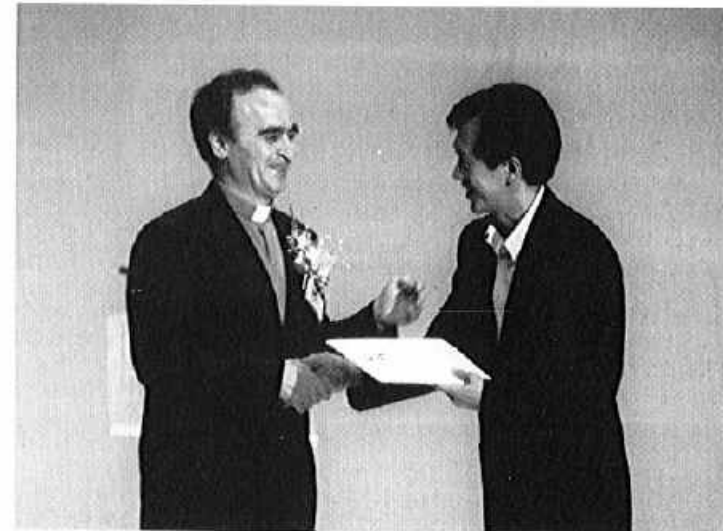

Week, publication of the Rosarian, Teachers & Students Day, Sports Day, Swimming Gala etc., hoping that through these forms of participation, graduates will know more and more about the Old Students Association, and so they will understand a need to join the Association.

Do remember, the ROSARYHILL SCHOOL OLD STUDENTS ASSOCIATION is not an entity only for arranging for fun or entertainment, but also a BRIDGE for the graduates and old students of ROSARYHILL SCHOOL to keep in close contact with the school, to meet their good old friends and to make more new friends

through the activities of the associates, and to help or to be helped through the members.

If you are an old student or graduate of ROSARYHILL SCHOOL and you are not yet a member of the Old Students Association, do not hesitate to take action ; contact the Association immediately. All Committee members are most happy to see you joining and they are only too willing to receive any new ideas and comments. The Association always needs you.

**Wilfred Liu
President**

Mr. Wilfred Liu is presented with the publication "History of the school" by Fr. Supervisor on the occasion of the 35th Anniversary

要徹底清除污漬， 過水一定要漸進式。

惠而浦 **超級** 多心思洗衣機，
獨有 **漸進式過水** 程序，
帶來真正清潔效果。

擁有八十多年歷史的惠而浦，於兩年前全面收購飛利浦大型家庭電器，將其技術、人材以至廠房設備全數接納，融匯於惠而浦本身的先進科技及豐富經驗之中。作為世界最大規模的家庭電器製造商，惠而浦已全面負責提供最優秀產品的重任；最新推出的惠而浦超級多心思洗衣機，就是一個獨樹一幟的新里程碑。

漸進式過水程序

一般洗衣機在過水時只會將污水一次過排出，因而導致污漬留在洗衣桶內並沾回衣物，情況就如浴缸在去污水後仍有污垢沾滿四圍一樣。超級多心思的「漸進式過水程序」經電腦操控，以間歇性噴水步驟，將已脫離衣物的污漬逐漸沖走，直至完全排出機外；既可更慳水，亦為衣物帶來真正清潔效果。實驗證明漸進式過水程序，比一般洗衣機的過水清潔效果優勝百分之四十。

自動感應洗衣量及纖維類型

第二代 DCC 動力協調系統，自動感應洗衣量及纖維類型，選擇最適合的程序、時間、用水量及轉速，慳電慳水慳時間。

漸進式過水程序

特別慳水的間歇性噴水噴注

防止污漬黏回衣物或停留洗衣桶內

確保污漬完全隨水而去

帶來真正清潔效果

PROGRESSIVE RINSING

最全面的可變式乾衣轉速

超級多心思置有全港最大選擇範圍的乾衣轉速，由每分鐘110轉至1100轉。其110轉的低速是特別為易受損的纖維衣物而設；1100轉的高速，則最適宜厚衣物，確保達到理想乾衣效果。

最令你隨心所欲的操控錶板

整個錶板操控調校，切合你的動作習慣，使用簡單。各項程序及功能選擇按鈕，旁邊均以文字來說明程序，而非一般難以理解的數字或符號，更易一目了然及使用。

設計獨具心思 優點無微不至

- 自動修正系統
- IWS國際羊毛局認可的清洗羊毛衣物程序
- BIO-STEP百潔恆溫功能
- OKO系統 • 快速洗衣程序
- 堅固機身外殼
- 穩如泰山的防震系統
- 滾桶式上下旋轉系統
- 原廠法國製造

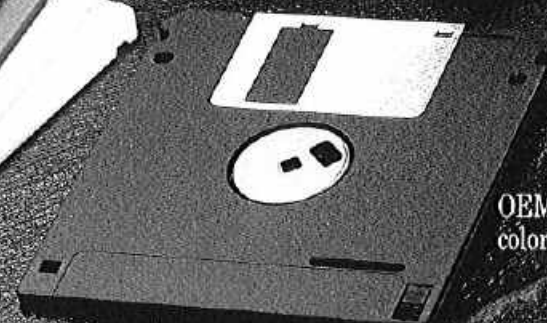

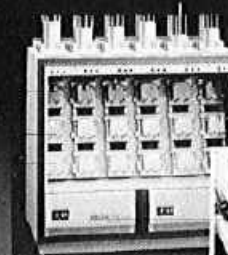

惠而浦，好到你估唔到。

THE LORD'S PRAYER

OUR FATHER who art in heaven
hallowed be Thy name
Thy kingdom come
Thy will be done on earth as it is in heaven
Give us this day our daily bread
and forgive us our trespasses
as we forgive those who trespass against us
and lead us not into temptation
but deliver us from evil
Amen
