## Words From The Editor

**The** year-long task of compiling a school annual is by no means an easy task; to summarize this lengthy experience in a one-page editorial is even more difficult.

Work started in late September when the Editorial Board was officially formed. Yet the question remained: A school annual should serve as a record of school activities throughout the year, while most of the events in the school calendar are recurrent, how do we make readers find it worth reading 'new' reports of 'old' events? We kept trying out new ideas - from selection and sequencing of contents to layout presentation, weight of printing paper and even size of the print. At times, especially when we deviated from so-called 'standard' practice, we needed courage and also people to encourage. Thanks to our supportive colleagues and Father Supervisor, we

were never short of fruitful comments and inspiring suggestions.

In the future, we look forward to establishing a more efficient communication system with other working departments and sections. We also have plans to hand over more of the core editorial work to our Student Editorial Sub-Committee, which has never failed to meet our expectations. Perhaps also worth mention is a proper storage system of our increasing accumulation of papers and pictures.....and the list goes on. With profound commitment and a strong will to succeed, it is our conviction that a better school annual is not a distant dream, but a close reality.

# Message From The Supervisor

**F**or the nearly 5,600 teachers, staff and students of Rosaryhill School, what follow are memories of the past school year. The photos and descriptions of persons and special events will become more precious as the years pass. Like all school yearbooks, this, our 29th edition, is a keepsake, something to take with you wherever the future takes you.

Our gratitude to the Annual's editorial team who have worked hard to make the book meaningful and attractive. Our gratitude to all the teachers and staff whose dedication has made possible the different episodes presented in the pages of this book.

May God and his Holy Mother, the Patroness of our School, bless all of us.

# Flower Show

**Held** on 12th April, 1995, the Annual Flower Show of Rosaryhill School has its purpose of providing an opportunity for the students to get close to nature through participation and appreciation of flower arranging. At the same time students could learn to balance themselves with the heavy study pressure, so as to understand the importance of relaxation and establishing personal interests. Moreover, the Flower Show gave them an opportunity to express themselves visually through less familiar media, in order to promote their interest in Floral Art.

The Floral Arrangement Competition was a large scale one. It was a Whole School Function with the participation of students from the Secondary, Primary, Kindergarten and Business Sections of Rosaryhill School. There were four competition sections, the Miniature,

Junior, Senior and Open sections. Miniature section was for all students, Junior section for primary students; Senior section for Form One to Form Three students and the last section, Open section, for all staff, teachers, students and their parents.

There were a total of about one hundred entries, which showed that the competition was really a successful one.

## Chapel Choir

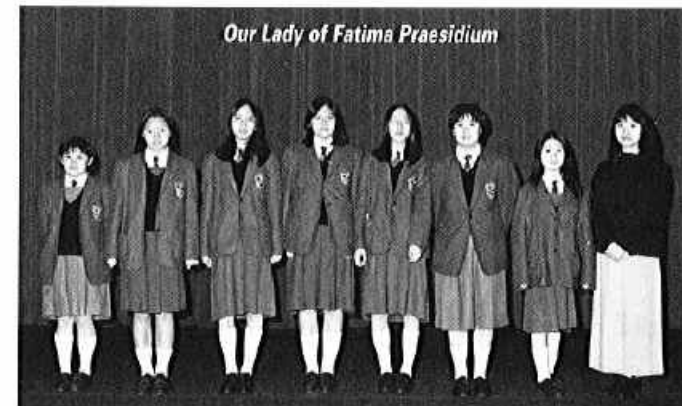

The aim of the Chapel Choir is to raise the interest of students in religious and Church music so as to deepen their faith through praising the Lord.

The Chapel Choir has helped in several religious functions, such as Fatima Devotion, teachers and Students' Day, the Vocation Week and other religious functions.

## Our Lady of Fatima Praesidium

"Legionaries", members of the Legion of Mary try to live in more meaningful ways. Through the faith of Christ,

they try to share Jesus' good news of salvation with others and to bring hope, love, happiness and joy to those in need. Legionaries have regular meetings once a week throughout the year. The officers also attend Curia monthly meetings, and participate in the work and activities of the Curia. Also, they take the initiative in participation of school religious activities.

## Mother of Our Saviour Praesidium

The 'Mother of Our Saviour Praesidium' is one of the 3 praesidia (basic unit of Legion of Mary) in the school. We are a boys' Chinese-speaking religious group consisting of about 10 members.

Our aim is to "sanctify ourselves and sanctify others". We learn to live a proper Christian life by following the example of Mary. Each of our members is required to pray the "Catena" every day, attend the weekly meeting and do assigned work.

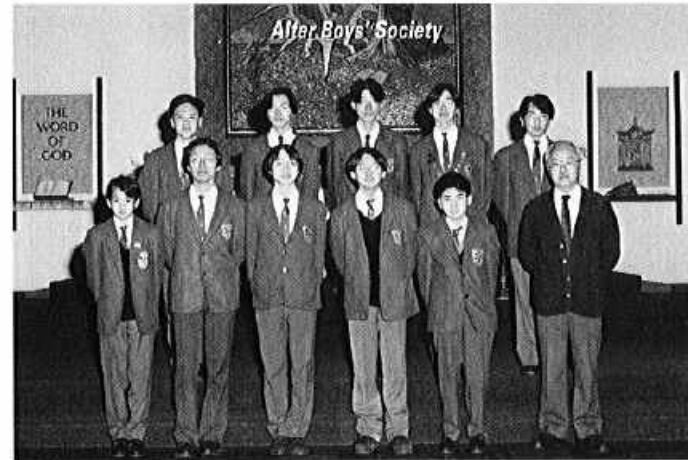

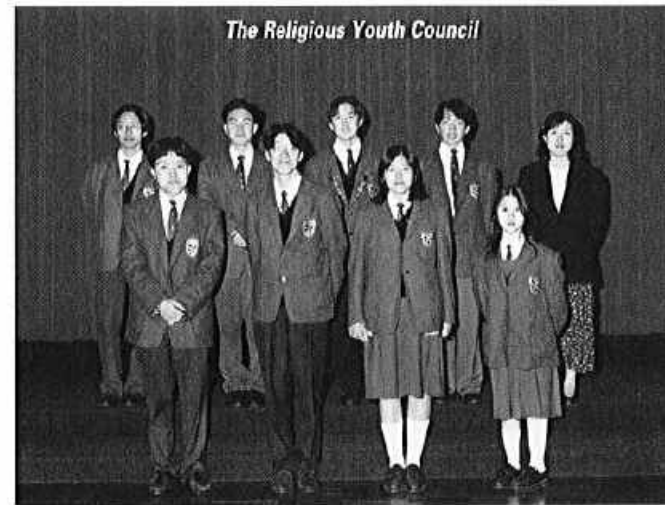

Events & Occasions

### Religious Youth Council

The Religious Youth Council is a Catholic Society of our school. The members are the Catholic students of Rosaryhill School.

The function of the R.Y.C. is to train the Catholic students to live a more perfect Christian life and to act as a coordinator for the religious groups in the school in the organisation of Catholic activities, such as Catholic gatherings, seminars, May devotions, etc.

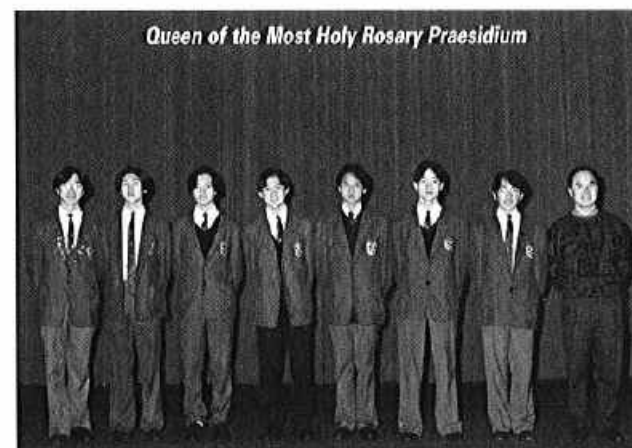

### Altar Boys' Society

The Altar Boys' Society is perhaps as old as the school.

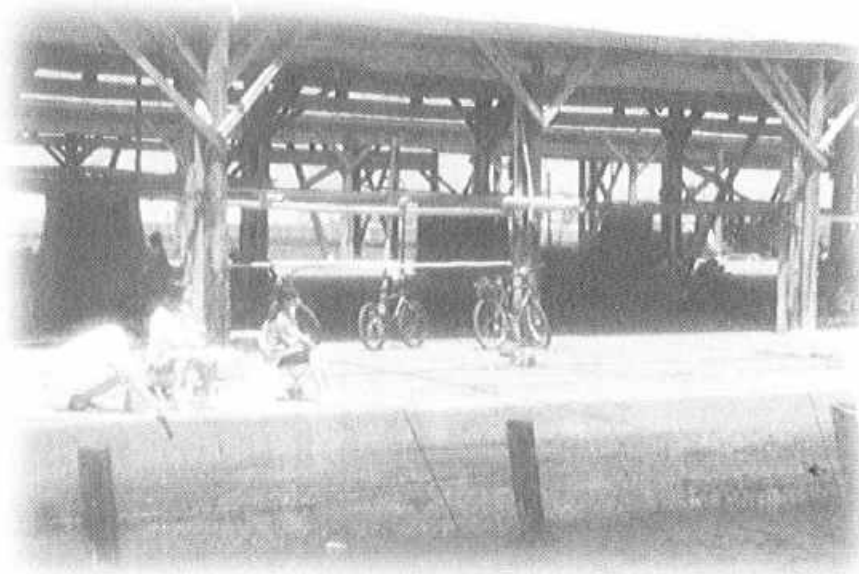

The task of the altar boys is to act as servers and ministers in the Mass. They also assist at various liturgies celebrated inside the school chapel.

The altar boys of the school chapel have a meeting every week in which they pray, read

and share the Bible together, and have their work assigned. They aim at knowing the Lord Jesus better through prayer and liturgy.

# Old Students Association

## **Rosaryhill School Old Students Association A Review of the year 1994-95**

Dear Students,

It is my pleasure to prepare this annual review for you in this issue of the Rosaryhill School Annual.

Our committee members gathered again last September to carry out a number of activities for our past students. Moreover, the committee was involved in both internal functions as well as in some of the external events of the school.

The Association participated in a few internal school functions for example, in the Summer of 1994 the OSA carried out a summer tuition course for the new Form 1 students. From this event we have received a welcoming feedback from not only the students but also parents of the students. I wish to take this opportunity to thank our Fathers and Teacher Advisors who have made this a most rewarding programme to our new comers.

The OSA has also sponsored prizes and souvenirs in the Annual Singing Contest and the Best Coordinator Awards in the Annual Sports Day respectively.

Furthermore, our Association was invited to the Graduation Dinner of the school leavers held at the Furama Hotel, and we delivered the 1st year membership of our association to one hundred and sixty-five new graduates, as well as other prizes for that particular celebration.

Since one of the objectives of the OSA is to maintain an open contact between the past students and the school, the OSA carried out several events for the active members of the Association. The first was the " Home Coming Day " which was a great success when more than 250 past students and their relatives gathered to recall their good old days with their Fathers and their respectable teachers.

In October, 1994 the OSA took the opportunity of the Mid-Autumn Festival to invite our past students to the "Moonlight Party" at the school grounds. In addition, the OSA Annual Dinner was held in December, 1994 at one of the Chinese restaurants in Taikoooshing, which was another successful event when many of our past students got together for a most enjoyable and memorable evening.

During the Easter holidays, the Association also arranged an excursion to the Clear Water Bay Country Park which provided our members with a very relaxing day and a

chance to have a close encounter with Nature.

Last but not the least, I should like to thank you all, Fathers, Teacher Advisors of the OSA and Committee Members who have made the year a very rewarding one for all our past students of Rosaryhill School. We deeply appreciate your support for the OSA, which is the essential spirit that makes our Association alive!

Finally I wish you all the best for another prosperous year.

# Staff Activities

## Faculty X'mas Party

This year the Annual X'mas Party was held with a brand new programme. The games and performance segments were rescheduled to the beginning, after which the entire audience was seated in the covered playground, where Chinese-style hotpots, fresh vegetables, meat and seafood were prepared. The thrill was sustained by the lucky draw, with numerous household products and electrical appliances as prizes.

## Fr. Supervisor's Birthday Party

Held in a warm sunny morning in the school basement, Fr. Supervisor's birthday party was attended by most members of staff of the school. Following established

practice, the gathering started off with prayer led by Rev. Fr. Francisco, who then delivered a brief speech after words of greetings from the master of ceremony. Representatives of the Teachers' Council presented birthday gifts to Fr. Supervisor. What followed was the cutting of the cake and serving of refreshments.

## Other Events

In addition to the two standing calendar events, there were gatherings organized, in both formal and informal basis, for staff members of different sections and departments of the school. The school bus drivers had a lunch gathering early this year while the clerical and accounts staff had an outing. The Teachers' Council of different sections also organized social events for their members throughout the year; a detailed description would certainly necessitate more coverage than available.

### 探訪老人院 — 邱國銘 4E (38)

一月二十日下午，我和老師及三十多位同學到香港仔的東華三院戴麟趾安老院參觀及做探訪工作。當我們到達後，護老院的公公婆婆早已經在等著我們了。於是我們就把悉心安排的節目表演給他們看。首先，由一位同學表演男高音。然後就是我班高唱「明天會更好」，相信這時，公公婆婆也一定聽出耳油了。跟著是兩位男同學表演拳腳功夫，真是精彩極了。最後是由我們合唱「紅日」作為全場的壓軸表演。我們還準備了一些日用品如面霜、襪子、毛巾及食品如餅乾和相等，送給護老院的公公婆婆。然後，我們就分組探訪其他在房間中休息的公公婆婆，又與他們傾談。在短短的談話中，我對他們的生活有了更深刻的認識。經過今次的探訪，使我學識了尊重及關心我們社會裡的一群老人家。希望香港所有年青人，亦能肩負起照顧老人家的責任，關心和愛護他們。

## 家長日

看見自己的成績表，就回想起昨天一年一度的家長日的情景。

一月二十八日八時許，我和爸爸媽媽回校，先往四樓報到，然後跟隨一位中學部的老師往五樓參觀中學部。

中學部的設備很完善：有物理室、實驗室、地理室、圖書館.....還有先進的電腦室。每處都有學科主任負責講解。參觀完畢，我們便到四零一號課室見班主任陳老師。當接過成績表，我就像放下了心頭大石，因為老師說我考了第一名。心裡真有說不出的興奮。但是成績比較不理想的是數學科，所以我以後一定要加倍努力、多做數學練習，希望成績會有進步。此外，我最高興的是「品行」可以取得「甲」等。因為爸爸媽媽常向我訓勉說「品行」比「成績」更為重要。我希望做一個品學兼優的好學生啊！

透過「家長日」，老師和學生的父母可以加強溝通，還可以知道老師對我們的評價，以便改善自己的缺點。所以，我認為「家長日」是很有意義的。

四月二十六日我乘坐校車參觀北角百福道的交通安全城。到目的地後，該處的負責人李小姐便帶領我們到演講室。經過一輪傾談和講解交通安全的知識後，她便為我們放映了一齣關於交通意外的影帶。

看過那短片後，李小姐便安排我們參觀交通安全城的其他設施。這裡的道路雖然是假的，但是與真的很相似。這裡還有模仿真實的

行人天橋、隧道、交通燈和車站等。我和同學們都玩得興高采烈，有的扮扮過路人，有的踏單車，開心極了。最後，我們接受了李小姐

的紀念品後，便帶著依依不捨的心情離開了。在這裡，我學到了許多知識，雖然行程很短，但卻很充實。

警察叔叔真威風！

終於能夠參觀警察博物館啦，一定要影相留念呀！

我們正在等待消防員出來，真緊張！

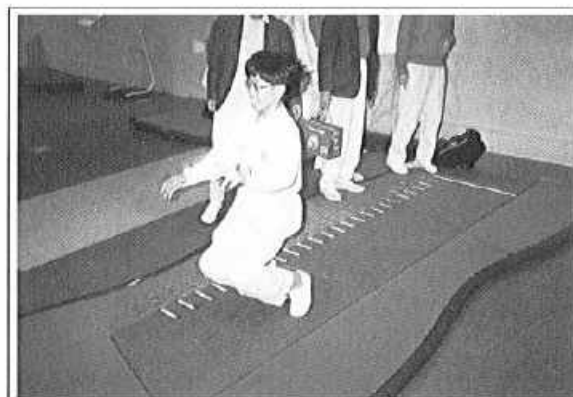

這是甚麼東西？真有趣！

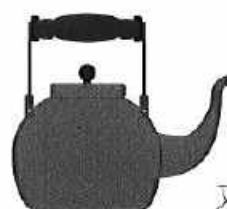

科學館有好多展品玩呀！

快些在圖書館前拍照留念吧！

跳！跳！跳！跳到科學館

四月三日的上午，我們在老師的帶領下，到位於香港公園的茶具文物館參觀。當我們乘坐校車到達目的地時，一位文物館的女職員熱誠地帶我們往四周參觀，她又詳細地介紹有關茶具的文物、歷史資料。在茶具文物館地下展覽廳長期展出的是一個名為「中國茗趣」的展覽，內容主要介紹中國歷代的備茶方法，並展示由唐代至清代不同款式的茶具。

在九個展覽廳裏，我們參觀了其中三個。它展出中國歷代茗器外，還輔以各類圖片，將各種飲茶詳加解說。茶具的圖案美侖美奐，變化多姿。沖茶法則有多種，例如唐代的投茶法，宋代的點茶法、明代的泡茶法等。現今的功夫茶是流行於中國閩粵一帶的飲茶方法。此種飲茶方法被認為能發揮烏龍茶的色、香、味。

經過大約一小時的參觀後，我們懷著依依不捨的心情離開。我真想不到在這小小的文物館裏，竟然可以學到不少中國人飲茶的歷史和知識。

# STUDENTS' WORK

## Parents' Day

The Parents' Day of our school was on the twenty-eighth of January, 1995. Besides distributing the school report cards, our teachers had organized a tour for the Primary Six students and their parents to visit the Secondary Section of our school.

The tour was really enlightening. It included not only the visit, but also provided personal explanation. Lots of rooms such as English conversation room, the Art room, the Biology room, the Geography room and the library were open for us to visit.

During the visit in the Science lab, I did an experiment in energy change. The experiment was very interesting.

After the tour we went to the classroom assigned to collect my report card. My class teacher had a short discussion with my parent about my learning ability and behaviour in the class.

It was such a great day to me. I had not only seen more about the facilities of my school and teaching methods, I also received a souvenir when visiting the art room. But there was no improvement in my test result, so on the coming examination I will work harder to improve myself!

### 怎樣做一個有禮貌的孩子 陳芬 (6D)

中國素稱禮儀之邦，禮貌不僅是我們處世做人的基本條件，也是一種美德，更可代表一個人所受的教育多少和知識水平的高低。

學生正是受過教育的人，所以更須講究禮貌，注重禮貌。「禮」就是「理」，「貌」就是一種「態度」。懂得事理，態度和善的人，可以說是懂得禮貌。究竟怎樣做一個有禮貌的孩子呢？大致說來可分三種：對長輩，如對父母要孝順；對師長要尊敬，對年老的親友要客氣及聽從他們的意見，見面時要行禮請安，說話要順從及低聲，他們有事時要代勞。對平輩，如兄妹，同學要和氣友愛，互相謙讓，每天相見要招呼，有事時要盡力幫忙。對卑輩，如弟妹，幼小同學要愛護，事事扶助他們，給予他們照料。

禮貌是有關個人的修養，也代表一個人人格的高低。不懂得禮貌的孩子，常常會被人們譏笑，像沒有受過教育的人一樣，所以我們處處要注重禮貌，做一個人見人愛的孩子。

### 海灘上 林瑋琛 (3G)

暑假的某一天，爸爸、媽媽、妹妹和我一起到海灘游泳，我們先在家裡準備好需要的物品，如：太陽油，救生圈，堆沙的工具、沙灘球……那天天氣很炎熱，最適合到海灘游泳。

到了海灘，我們先找一棵大樹坐下，然後再拿出用品，那棵大樹又高又大，還長滿了茂密的樹葉，粗壯的樹身加上長長的樹根，它一定是不怕風吹雨打的了。大樹附近風景幽美，陽光與海灘，令人陶醉。

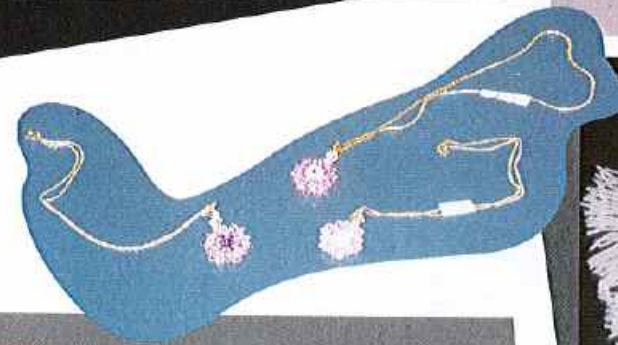

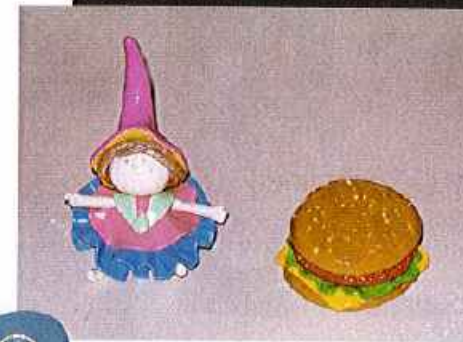

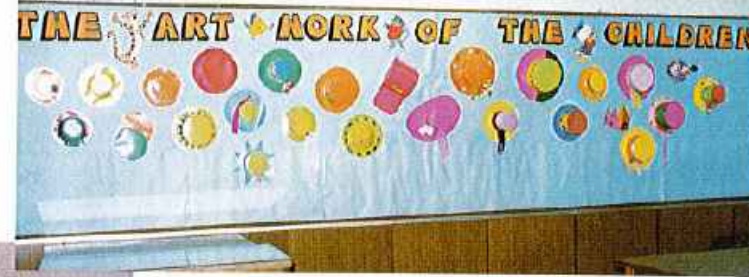

大家換上游泳衣後，我和爸爸便一起玩水球，而妹妹卻在玩沙，我們一直玩到傍晚，才收拾東西回家，回家時還有些依依不捨呢。

# PRIZE GIVING DAY

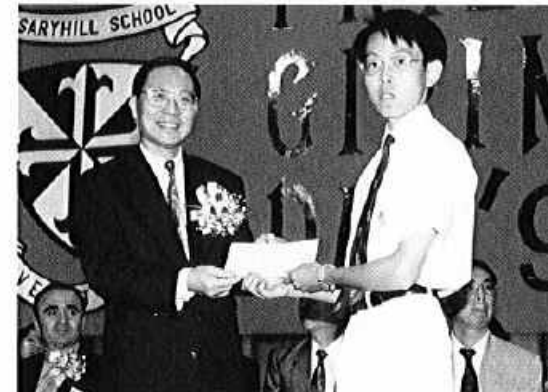

## Annual Prize-Giving Day '94

The Annual Prize-Giving Day, which was a highlight of the year, was scheduled on 12th November. It was a special and memorable occasion for parents, teachers and especially the prizewinners, who were invited to come and reap the fruits of their hard work. We were indeed honoured to have invited Mr. Choi Chee Cheong, the Secretary of the Hong Kong Examinations Authority, to officiate at the event.

Around ten o'clock, Mr. Choi arrived and was received by the ceremonial party, which was composed of Father Principal, Fr. Jose Salas, the deputy principals and head teachers. The procession then entered the hall and took their seats on the stage.

The singing of the school song marked the opening of the annual event, the programme of which proceeded with Fr. Salas leading the opening prayer. Father Principal's words of welcome and his annual Report of the school were followed by the address of Mr. Choi who talked about the language proficiency of students in Hong Kong. The importance of good language proficiency was stressed and recommendations on upgrading it were cited. Then came the presentation of prize which brought the event to a climax. Mr. Choi was invited to present prizes and awards to deserving students, who were given warm rounds of applause by the audience for their hard-earned achievements.

Following were a series of entertainment programmes specially prepared for the occasion. They included Instrumental recitals, an English short play, Chinese choral speaking, and Chinese dance. The event finally came to a close amidst the enchanting "Pearly Adriatic" by the school choir. Guests, parents and prizewinners were then invited to refreshments. They chatted along while sampling delicacies prepared by our cookery class students.

Mr. Choi, the Guest of Honour, was presenting a prize to Joseph Lam (F.5A) who obtained 7 distinctions and 3 credits in 1994 Hong Kong Certificate of Education Examination.

All our winners really deserve the praise and honour bestowed upon them. Let's hope that with continued guidance and support from teachers and their parents, they will keep up their effort and strive for more laurels in the future.

### Summary of Principal's Report

Dear Mr. Choi, Fathers, Teachers, Students and Parents,

During last school year our most important event was the School's 35th Anniversary Celebration where all teachers, staff and students were involved through the different activities and functions that we held.

The Form 6 classes were increased to 4. We added the subjects of Computer Literacy in Form 1 and Computer Application in Form 6. Our overall pass percentage in the HKCEE was remarkably raised; but in the HK A-level Examinations our pass mark was slightly lower.

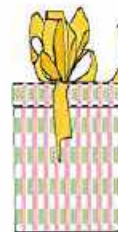

*The parent of a prize-winner was giving autograph in the reception.*

*Alex Ho (F.7B) who obtained 3 distinctions and 1 credit in 1994 Hong Kong Advanced Level Examination, received his well deserved prize.*

Our clubs and teams were active in many different events. In special our swimming team obtained good results and was promoted to division B. Our students took part in competitions and activities of different nature outside and inside the school, with good results. Activities were organized by teachers and students together, helping to promote our sense of belonging.

Our Prize Giving Day is an occasion for all teachers and students to commit more to the educational enterprise. We commend and entrust ourselves and our school to God and his Holy Mother, to whom our school is commended.

### Summary of Speech By Guest-of-Honour

The general consensus of the community appears to be that the language standards of Hong Kong students are falling. Dissatisfaction and concern have been expressed in various quarters. However, this does not mean that our schools do not produce language proficient young people, only that the supply has not been able to meet the demand of society.

With the considerable expansion in education, it is inevitable that the overall standard should drop compared with the days of elitist education. Students are

*The prize winners were sampling the delicacies prepared by our cookery class students.*

generally not sufficiently motivated to upgrade their language proficiency and for various reasons, their exposure to good written language has been limited.

The present situation is certainly unsatisfactory. As an international commercial and financial centre, Hong Kong needs more language proficient people. However,

*The Ensemble was performing for the audience.*

dwelling on the question of whether language standards are falling is not constructive. It will be demoralizing for teachers and students. It is more meaningful to acknowledge the deficiency and to improve language teaching and learning.

The Education Commission Working Group on Language Proficiency has drawn up recommendations to address this issue. The HKEA has also responded by putting more emphasis on effective communication of knowledge in the HKCE examinations with effect from 1995.

Communicative skills play an important role in your studies, examinations and future employment. This ability is well worth your effort despite the time spent. I am just reiterating what your teachers and parents must have emphasized to you repeatedly.

1994 marks the 35th anniversary of Rosaryhill School. I congratulate you on your past achievement and wish you more success to come.

Thank you.

Meeting

## A Retrospective View on the Implementation of E.M.I. in Rosaryhill School

When the Education Department introduced a new language policy for secondary schools in 1994, Rosaryhill School has chosen English as the medium of instruction (E.M.I.). A language co-ordinator was appointed accordingly to chair a subcommittee to devise language teaching strategies for the school.

Departmental chairpersons of six core subjects, namely English, Mathematics, History, Economics and Public Affairs, Geography and Integrated Science were involved in meetings and preparation. The products of their hard work were language Bridging Programmes for F.1 & F.4 new students to help them cope better in the transitional stage and be prepared to undertake their secondary education through English thereafter. In addition, an extensive reading scheme and Summer Tutorial classes were organized in collaboration with the English Department and the Caritas Centre respectively. Information in this connection had been channelled to the parents concerned via functions like Parents Day within the school framework, departmental chairpersons notified of the enforcement of the language policy and guidelines distributed accordingly. Attention was drawn to the following issues:

- 1.) The need of syllabus repacing
- 2.) The appropriate classroom language for both teachers and students

- 3.) The creation of a language-rich environment
- 4.) The revision of teaching strategies and materials
- 5.) The provision of support and resources
- 6.) The organization of a language-integrated curriculum

Teachers' language proficiency is another crucial factor to the success of the E.M.I. policy. With this in mind, the school rendered strong support to teachers to attend seminars, refresher courses and workshops and is committed to staff development concerns.

Since the E.M.I. policy is an on-going concern, the School will constantly review and evaluate progress on such aspects as the Bridging Programme, curriculum revision, students' performance and teachers' attitudes. Problems are located and recommendations made and discussed. We trust that a supportive school management, committed departmental heads and the dedicated teaching staff would render additive bilingualism a close reality in R.H.S.

# MUSICAL ACTIVITIES

## Musical Activities in Rosaryhill School

The activities of our Music Society in 1994-95 are abundant. The musical activities organisation is mainly divided into three sections including the School Choir, Instrumental Ensemble as well as the Symphonic Group.

On the Prize-Giving Day in November, our School Choir and Instrumental Ensemble took the lead. Guests seem to appreciate its performance a lot. In December, the School Choir started a busy show tour. We prepared a series of well-known Christmas carols for

*Instrumental Ensemble Performance

performances in the Victoria Hotel, Pacific Place and Time Square. We got a fervent response. Before the Lunar New Year, we went for another show in the Queen Mary's Hospital. After the intensified tour, again we had to rush for the Music Festival. The result was not very outstanding but still it was a great thing to observe our members' spirit of unity. Had there been sufficient time for practice, I believe they would have performed better. The last event was the Music Week in March. This time, the Instrumental Ensemble participated in the show as well.

The most exciting section is the Symphonic Group which is newly formed. There are classes for trumpet,

trombone, clarinet, flute, French horn, Euphonium and Saxophone; over twenty brass instruments are provided by our school. A new violin class will start in April and we are looking forward to seeing its success.

In overall appraisal, the past year is a bumper harvest year, we look forward to continuation of our unity and cordiality in our prospect.

Anita Young (Head, Music Dept.)

## Promoting Musical Activities in Rosaryhill – Organizing the Symphonic Group

Funded by the Royal Hong Kong Jockey Club, the School Symphonic Group has been formed with the donation of instruments by H.K. Books Centre. Individual Practice began in January this year under the guidance of professional musical instructors, while the Strings Group joined in late April. The second term saw another stage of remarkable growth, with our alumnus Jennifer Ho, consented to work with our Music teachers as instructor & conductor of the group. It is estimated that the musical atmosphere of our school shall be stronger than ever, our students' talents blooming & blossoming.

### Student's Words

Diversiform is the best adjective to describe our School Choir's activities. We started our practice from the early beginning of the school year.

Our target is to give good performances in the coming shows or competitions. The first show was the performance on the Prize-Giving Day in November. We then started our hardest practice preparing for the Christmas performances both at school and to the public.

School Choir

We sang a series of Christmas songs in the Victoria Hotel, Pacific Place and Time Square. It was a great encouragement to see the appreciation and applause of the audience. Later in January, we joined the charity performance organized by the Queen Mary's Hospital. Hoping that we had advanced the amount of fund raised. Perhaps our schedule was too intensified, we did not have enough time to prepare for the Music Festival. Though the result was not so satisfactory, we gained a lot of experience and skills from participating the competition.

Every member of the choir did pay his greatest effort and cordiality. It is the most precious gaining which we treasure a lot. We would like to take this opportunity to

express our earnest thanks to our teacher advisor Miss Anita Young and Miss Rosanna Mak for their efforts in supervising our team. We are looking forward to better results and more challenge in the future .

我學音樂已九年了，我比較喜歡演奏主旋律樂器，所以我選擇了小提琴。

我從小就學音樂，到現在都沒有放棄，因為如果半途放棄，便會白費以前所學的，而具音樂是一種興趣，都是自己喜歡才會學的。當我練習其間遇到困難的時候，我會很生氣，生氣到連自己的樂器都想破壞；但當我練習得好時我會覺得很滿足，令我很想練下去。

我在學校的樂器組練習得很開心，不但可以結交很多朋友，還可以和他們合奏一些好聽的樂曲。最後非常感謝 Mrs.Lee 可以給我一個機會去教導一些同學拉小提琴，更加要向以往教導我音樂的老師說聲多謝。

# LEADERSHIP TRAINING PROGRAMME

The Leadership Training Programme was jointly organized by the Counselling & Guidance Section and the Co-Curricular Activities Committee. It wouldn't be a success without the help of Sing Woo Children & Youth Centre and the International Social Service. The aim of the programme was to enable students to understand themselves, explore and develop their potentialities so as to gain self-confidence.

The first stage of the Leadership Training Programme began with a two-day intensive training course and was held on Sept. 10, 94 and Sept. 17, 94 at the School Playground and the School Hall. 57 students joined the first stage and they came to learn to understand themselves, their fellow group members, build up their confidence and most important of all, to explore and develop their own potentialities through games and activities. Throughout the two-day programme, students were given ample opportunities to work with one another. At the end of the training course, they could find out their

own leadership qualities and design games for the other students.

The second stage of the Leadership Training Programme was a camp which was held on Jan 6/95 and Jan. 7, 95. 40 students joined this camp at Wu Kai Sha Youth Village. The camp was an reinforcement of what the students had learnt in the first stage and they could all succeed and apply what they have learnt through their perseverance, creativity and cooperation. Students could never imagine they could be architects, sportsmen, actors, actresses and even singers. Like the first stage, students learnt to work with one another, cooperate and compromise at times in order to compete with the other groups. Though they had an exhausting and freezing camp, they enjoyed themselves a lot and the camp was surely a worthwhile one for them.

# 中國文化週

由中文科主辦的中國文化週已於二月十三至十七日舉行，目的在提高同學對中國語文及中國文化的認識和興趣。中國文化週的活動可謂多姿多采，計有圖書展銷、燈謎競猜、語文比賽、文化專題展覽、師生文化藝術展覽及綜合表演，同學反應熱烈，成績斐然。

在各項活動中，尤以展覽及綜合表演最受同學的歡迎。文化專題展覽由中六級的同學分別就婚嫁儀式、天文曆法、建築及文娛活動四個題目製作展板，最後由中六丁班的同學以「中國古代建築」的展覽獲得冠軍。在師生文化藝術展覽

中，除了展出師生書畫、詩詞作品、古玉及珍藏品外，更有茶道及繩結的示範。

最後一天舉行的綜合表演，吸引了超過二百名同學到場欣賞。當日除了有校際朗誦節的優勝者表演外，更有同學演出的粵劇折子戲（唐伯虎點秋香），古裝的造型加上諧趣的演出，觀眾無不捧腹大笑。壓軸演出是方振寧老師及鍾月媚老師演唱粵曲（鳳閣恩仇未了情），一曲過後，台下「安哥」聲不絕。

希望同學參予中國文化週的活動後，能夠對中國文化有更深切的認識。

# CIVIC EDUCATION IN RHS

## 公民教育組活動簡介

要推行「公民教育」並不是一件容易的事。教育並不是單靠辦展覽或組織講座便可以成功。可惜的是很多人只看表面功夫，而忽略了「教育」的意義。要推廣「公民教育」，要循序漸進，身體力行，以身作則、潛移默化，才能使學生明白個中道理。而推行「公民教育」並不是一朝一夕能夠成功的。能令到同學們開始關心四週的事物，便已是一個好的開始。

並不是假期，亦不是時裝表演，而是便服日的開幕儀式。

### 權利與義務

「公民教育」要從小處著手，透過不同形式的活動，希望學生能明白意義所在。為同學訂閱報章不是一件容易的事。因透過訂閱報章，同學們能身體力行去服務別人，從而明白權利與義務。亦希望享受這種服務的同學能明白這個道理。透過訂閱報章可以達到以下目的：（一）鼓勵學生養成閱讀習慣，關心社會大事；（二）學習服務同學。

### 慈善活動

替不同組織籌募經費的目的是要同學知道自己是幸福的一群，亦明白幸福並不是必然的。這一個學年，就會響應公益金的呼籲，在學校舉行了便服日，當日參加的同學十分踴躍。過去我們亦會替腎臟基金及其他組織籌款。如往年一樣，我們亦參加了很多的賣旗活動。

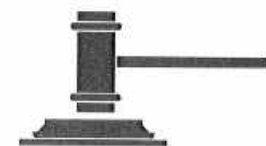

### 尊重長者

「老吾老以及人之老，幼吾幼以及人之幼」，古之名言，但知易行難。「公民教育」要從身邊做起，提醒同學們對老人的關懷。這個學年，便會舉行長者日，鼓勵學生對老人家的關懷。我們當然不希望學生共有這一天才關心老人家，而是在日常生活裡尊敬他們，愛護他們。尊敬他們，不單因為他們曾經對社會作出貢獻，更因為他們是我們的長輩。

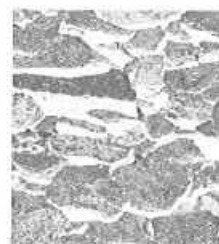

### 基本法週

在下學期有一個以「香港的明天」為題的展覽及活動介紹基本法的內容。舉辦展覽的目的如下：無論我們喜不喜歡基本法，我們都不能逃避。整個活動包括有徵文、繪畫、問答比賽及一個講座。展覽的反應並不太理想，可能是因為同學們並沒有參觀展覽這種習慣。但並不能因為效果不理想而不再舉行展覽。講座由程介南先生負責。他以深入淺出的方法為中三、中四及中六同學闡釋基本法。現場的反應相當好。希望有機會能邀請更多校外人士到校給予同學更多專題講座。

## **An honour of the History Society - Winning the First Prize in the Inter-School Competition of Study Projects on Local History**

In the last academic year, July 1994, 6 members of the History Society joined the Inter-School Competition of Study Projects on Local History. The competition was jointly organized by the Hong Kong Museum of History, Urban Council and the Geography, History and Social Studies Section of the Advisory Inspectorate, Education Department.

The aim of organization of such a competition is to encourage secondary students to participate in investigation on local history and culture, so as to enhance their understanding and promote their interest in the heritage of Hong Kong. The theme of this project was Business Institutions in Hong Kong.

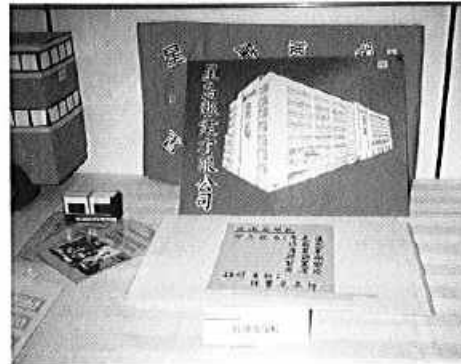

All participants were girls from Form 3I (1993-4), they were Eva Chim, Maria Li, Viola Hui, Cecilia Lam, Kitty Chau and Jennifer Kwok, working under the guidance of the advisor of the History Society, Ms. Belinda Lam. They

chose the Sing Tao Newspaper Company Ltd. as the subject of their case study.

In the Summer Holiday they began to collect information. The final stage of the work only began in October.

Working busily in the last week, they finally completed their project and had it delivered to the Hong Kong Museum just in time!

Their hard work didn't end in nothing! They won the first prize in the competition. Each participant was awarded a certificate, there was also a trophy and cash prize of HK\$5,000 for school. On 15 December 1994, the six

## Reading

When I was small,  
I didn't read at all.  
I thought it was something for the tall.  
I liked to draw,  
But I didn't read at all.

Then my teachers told me:  
If I can go through books like a busy bee,  
I will find the wisdom key.  
There's a lot lot lot I can see.

Also, in that world,  
Everything is free .

Now I read every day.

## Child Abuse

Child abuse is now a serious problem in Hong Kong. If you do not believe, just look at the following example. Recently, it was revealed in the High Court that a 23-month-old boy who died from malnutrition had been kept by his father and grandmother on a diet of just rice and congee. Actually, child abuse has existed for quite a long time. In 1988, a 3-year-old boy Chan Ka-lun died in a hospital. In addition to having a piece of bread "too large for child to swallow" stuck in his throat, he had multiple bruises over his head and body. One of two fractures on his arm had occurred just hours before his admission to hospital. The child-minder taking care of him was prosecuted. In the following paragraphs, I'll discuss the reasons that have caused the problem and provide some suggestions to solve it.

One of the reasons is that some parents are incompetent, i.e., they fail to provide the care and supervision that their offspring need. Another reason for parents to abuse their child is that they want to counteract the dual, divisive impact that the economy and the pressures of Hong Kong existence are having on it. The third reason is that inflation and the search of the "good life" have set a new standard in Hong Kong. The yardstick for prosperity has been stretch, which often makes it necessary for both husband and wife to work. So they let child-minders take care of their children. But some children are physically abused by the child-minders. The last reason is that some parents have psychological problem. They cannot control themselves and they will

burst into temper easily. This also increases the chance of child abuse.

There are several kinds of suggestions that are useful to solve the problem. The most effective one is by implementing preventive measures. For example, some preventive programmes should be provided for parents to learn coping skills. Child care should also be taught as part of the school curriculum. Besides, better child care services should be provided. For example, more child care agencies should be set up for after-school care. Regarding the government, much work can be done on the legislation. All existing laws dealing with child abuse should be generalized into one comprehensive ordinance. It is also generally supported that Hong Kong politicians should follow the British lead and increase penalties meted out to those who let infants and toddlers die through neglect. The government should also regulate the child-minding business and blacklist unsuited people for looking after children. Lastly, it is a good executive measure that the government establish a child commission to focus on children's right issue.

The problem of child abuse is now so serious. No longer can we tolerate a situation in which many local children are deprived of the parental care they have a right to expect. In order to provide the best possible care to children, only parental help is not enough. It should also be accompanied by the support from society, including you and me.

## Exam Essay 1

I do not think most couples know how to be good parents when they decide to have a baby. Parental care is vital to children, even teenagers as they may experience difficulties throughout their growth. Many juvenile problems are caused by the lack of parental concern and broken family. It is time to educate parents how to raise children. A school of parenthood is necessary and also attendance to the school should be made compulsory before couples are allowed to give birth.

Most people will agree that raising a child is not an easy job. Parents will find themselves facing troubles after the little life joins them, especially for those young ones. The school of parenthood can help them psych up for the new challenge ahead. Children, like seedlings of plants, must be well taken care of during their growth and keep nurtured. They need our love and care especially when difficulties arise. All parents expect their own offsprings to be intelligent and healthy, but we must remember 'No pain, no gain!' They must take up their responsibilities seriously. Attending the school, they can get up-dated and correct ideas for raising the modern generation. It is the most effective way to avoid problems like abortion, infanticide, drug abuse and juvenile delinquency.

Growing up is a complex process which involves both physiological and psychological changes. In every stage of growth, children have different needs. Parents

should be given a comprehensive range of knowledge on how to take care of their children. Communication will be an essential topic in the curriculum. The lack of communication is always the root for generation gap and broken relationship. The youths of today are much more responsive. They need respect for their own opinion and interpretation for different matters. Another important lesson to be taught is a father's role which is often neglected. Traditionally, mothers were thought to be the only one who is responsible for looking after children. This concept is not the rule nowadays. Fathers should also show concern for their children as women always have to spend time on housework, and to many, their jobs. The school should also provide follow-up programmes which help those parents with special problems. For improvement and effective learning, the curriculum should feature activities like group discussion and sharing since feedback and co-operation are very important to the success of the programmes.

The figures showing the number of children taking drugs, committing suicide, being killed in fires, falls and other mishaps have been rapidly increasing recently. One of the main factors causing the problems is parents' ignorance and lack of knowledge in raising children. Making attendance to the school compulsory is aimed at addressing the situation by helping parents to know their responsibilities better. Most people will agree that

## Exam Essay 2

prevention is better than cure. Besides, post-natal depression is rather common nowadays. However, it can almost be prevented as women who attend the school have already been taught some knowledge before pregnancy and they will be comforted by counsellors. The most important reason to make the attendance compulsory is that couples think money more than their children. Believing in their own methods, lack of time and poor financial situation may be common excuses of couples when they are asked to spend time on lessons. Are they aware that it is their negligence which causes so many juvenile problems? It is rather irresponsible of them not giving proper care to their own flesh and blood. I think making the attendance compulsory is the only way to avoid wrong concepts of raising children from being passed to future generations.

To raise a child, one must be prepared to encounter many difficulties along the way. The school of parenthood is essential in providing parents with the knowledge that they should have. Therefore, they must participate in the programmes in order to help them become better parents. Through the help of counsellors and follow-up programmes, raising children, the future of our country, can be much more challenging, effective and even enjoyable.

A recent proposal of imposing a surcharge on the Xerox Services in the school libraries has been put forward. This is because some people think that students are abusing the services and this violates the interests of textbook copyright holders. Many students object to the surcharge; however I think it is reasonable.

Writing a book is not a one-day job; authors spend months, nearly a year, or may be as long as years, on writing a book. Therefore their profit must be large enough to support their living in the following years in which they will be working hard on the next project. Besides the time factor, the job is far from easy. It involves not only putting ideas into words but also many other processes that we have neglected. For example, a writer has to travel to collect information and take photographs. He may also have to interview many people or spend a lot of money to obtain the data needed. When it comes to writing, the writer needs to rack his brain about the organisation. He must consider the interests of his readers and be careful in avoiding mistakes in grammar and content. Another point is that authorship is a risky profession. Despite the great efforts made, many a writer is not favoured by readers and leads a dog's life. So a successful writer must have experienced a hard time and thus his time and efforts contributed should be respected.

A writer deserves a profit.

Those students who object to the proposal argue that some books are so expensive that they cannot afford buying them, so it is absolutely necessary for them to photocopy the books. Imposing a surcharge will indeed mean an extra burden. Moreover, very often only a part of the book is needed. It will be a waste of money and paper buying the whole book. They also claim that the money a writer earns from the publisher is good enough, at least acceptable to him, so he need not be given any more.

Well, it is true that sometimes it is impossible or non-sensical to buy a book. For this reason, the Urban Council has established many libraries supplying a full range of books. Even our schools squeeze room for such a facility, so why not use this service which is created for our sake? Or if the book is often used, for example a textbook, you can simply buy a second-hand one. My point is not to ban the photocopying of those books with rights reserved, but just to place a little extra charge on it. Any students who like to photocopy can do so, provided that they pay for it, not only for the service but also for the work of the writer. Don't you feel like stealing something from him when you are copying someone's hard work? Even though you need only a few pages of the book, the writer does provide something for you, so you should pay for it. Besides, I want to clarify that writers actually do not earn very much as people thought. The money you pay for a book is shared among the shopkeeper, the printer, the

publisher and the writer. Also please note that only famous writers can be rich. There are thousands struggling for life. People always look at others' good fortune and never realize the hard time they have had to get ahead in life.

The violation of copyrights has become a serious problem. Illegal elements are making use of the photocopies to make money. They pack the copies into books and then sell them to students. Although I don't think students would willingly become an accomplice to such a crime, the surcharge to be collected may give them the excuse, as it will, sooner or later, also be imposed in any shop with Xerox Service offered. By increasing the cost, this can be a good method to stem out this kind of exploitation.

Imposing a surcharge on the Xerox Service is actually a constructive idea. It insures authors of loss and is very reasonable as it is only a small amount. If people indiscriminately photocopy the contents of books, then what is the point of printing the words "All rights reserved" on the front page of every book?

## 分享與關懷

世界上沒有完美的人、完美的事情。或者偶然我們會遇到挫折、不如意，但比起許多人，尤其是那些弱能人士，我們已算是十分幸運了。幸或不幸，並沒有明確的定義，甚至可能沒有人曾深思過。不過，最基本的，我們應該明白到生活在這社會裡，每個人都擁有平等的機會，相對的權利和義務。沒有人會有特別的理由而被歧視，同樣地，亦不應有理由去歧視別人。

弱能人士，除了智能較一般人為低和在溝通表達能力方面出現困難外，他們與普通人並沒多大差別。天生或後天在智能上的缺憾是他們與外間溝通的一堵屏障，加上異樣的外貌，就往往致使他們成為被歧視的一群。事實上，弱能人士比一般人更易受到傷害，遭到不平等待遇的他們會逐漸對社會產生抗拒，甚至完全自我封閉。其實，有很多人對待弱能人士的態度並不正確。歧視他們固然不對，弱能人士所需要的並不是同情甚或是憐憫。我們對他們應如對待常人一般，和他們建立朋友的關係。自然地，他們會對我們加以信任，隔膜亦會在無形間消除。

由於在工作能力上出現的問題，不少社會人士都會對弱能人士產生誤解，認為他們一無是處。但很多例子證實出，弱智人士只要稍經訓練，也能對社會作出建樹和貢獻。當然，他們需要的就是機會。其實，有很多數據也顯示到，僱主在聘請員工時，並沒有將弱能人士作為考慮之列，這令人感到惋惜的。幸好，有許多的公司和機構，如麥當勞餐廳等，也願意給予弱能人士一個就業的機會。他們成為了一個好榜樣和模範，而很多關注弱能人士就業機會是否平等的人，亦希望此等勇於接受弱能人士的公司能夠陸續增加。

弱能人士的權益問題已逐漸備受各方的關注。可惜的是，仍有不少人自私的否定了弱能人士的權利，而他們大多更並不

曾為自己的行為感到羞恥。若他們自己設身站在弱智人士的立場上看，受到不平等的待遇，他們各自又會有什麼感想呢？其實要接納弱能人士並不太難，最重要的是你是否肯嘗試接觸、聆聽、了解和關懷他們。只要多一個人關懷他們，欣賞他們獨有的優點或者與他們分享所擁有的成果，那麼，弱能人士所能感受到的溫暖亦會多一點，連帶世界看上去也不會像那麼冷了。

## 文明會帶來危機

文明社會，是人類一直夢寐以求的境地。為了它達成理想的境界，人們不惜犧牲一切去探求、去發挖、務求能把蘊藏在宇宙深處的未知之數一一解決，達到文明的顛峰處。沒錯，人類所創造的文明的確令我們的生活質素大大改善，但又有誰會去反思文明所帶來的危機呢？

環看現今世界各大城市，滿眼都是高聳入雲的建築物，滿馬路都是汽車與熙來攘往的人群，但繁榮的背後卻是充滿腐敗。在這個弱肉強食的社會裡，人要生存就得露出獠牙的一面，為的是換取更舒適優越的生活。是甚麼令人迷失了本性？是物質文明。一般人認為要達到文明就必須摒棄傳統的舊思想，甚麼禮、義、廉、恥，早就被認為是過時，不合用於這個競爭性的社會了，殘暴的手段層出不窮。

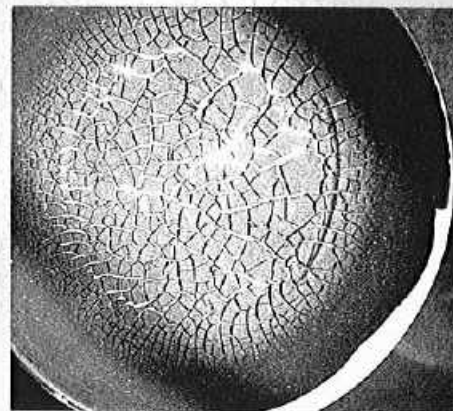

隨著社會越進步，被開發的地區越來越多，以致自然生態遭受影響，而最終亦會危及人類。人們胡亂的砍伐樹木，不但令無數生物痛失家園，而且生態系統被破壞，滿目瘡痍。而工業廢料，污水，廢氣也肆意地排放，直接危害到人類的健康。文明的確是導致工業發達的原因，但它亦是加速人類滅亡的催化劑。

現代化的社會，勞動力似乎是一種多餘的東西，各式的機器已能把人力輕易地取替，這令人類產生出惰性和依賴性。人類為減少勞動力，製造出各種機器用機械力來幫助他們完成工作。但人們有否想過終有一天會被它們支配呢？假若推動機器的燃料給人類耗盡，那就算多精密的機器也只是一件廢物，全世界的生產力也會隨著燃料耗盡而停頓，這個劫數難逃，人數將會陷於一個怎樣的困境地。

又試想想，中國早在古時已發明了炸藥，原意是希望有助於開山闢石，但後來卻用在哪方面？很可惜，人們把炸藥作為互相殘殺的工具。隨著科技越發達，人們研製出更多殺人工具，甚麼核彈、導彈，甚至細菌都被用在戰爭上，難道這就是文明嗎？倘若某個先進的國家被一個野心家統治，肆無忌憚的發動戰爭，那人類的性命豈不是危在旦夕？

其實，文明之所以會帶來這麼多危機，也是由於人類有自私的劣根。假若人類能摒棄自私，攜手努力，那麼一個理想的，可以真正稱得上是文明的國度便指日可待了。

In recent years, the number of teenage smokers has been in a great rise. Say why so many people take up the habit and suggest ways to stop the trend.

The number of teenage smokers has risen sharply in recent years. In 1990, according to official figures, there were 20,700 teenage smokers in Hong Kong. The number goes on rising to an alarming level. This is not a healthy situation. In this essay, we will analyze the harmful effects of smoking and the reasons for young people to smoke and suggest ways to stop the trend.

Smoking leads to a lot of harmful effects. First of all, smoking can cause many health problems. Many respiratory diseases caused by smoking, such as lung cancer, bronchitis are even fatal. Smoking can also badly affect the taste buds. The nicotine in cigarettes will destroy some vitamin C in body and, even worse, it will make one addicted to it. Smoking can also make one look bad. It will cause pimply face as well as yellow teeth and tongue. Smoking is also an inconsiderate act. It will seriously pollute our environment and will irritate those non-smokers.

In spite of the bad effects caused by smoking, there are many ignorant youngsters who take up this bad habit. Some research point out that there are two significant reasons for a teenager to smoke. The main reason is that they consider smoking a sign of independence and a status symbol. Some girls even take the risk of having fatal diseases caused by smoking just because smoking can help them slim. Of course, curiosity of such a trendy habit also makes smoking more attractive.

Having known the reasons and bad effects of teenage smoking, we now go on to discuss the ways to stop this

harmful trend. The school, the parents and society all play important roles in alleviating the situation. For the school, talks concerning anti-smoking should be given to teach young students not to take up the smoking habit. Other activities on such issue should also be carried out frequently in school. For parents, of course, they should not smoke at all. In addition, they should teach their children not to smoke. The government also plays an important role in solving the problem. Cigarette advertisements should be completely banned by legislation. Besides, anti-smoking campaign should also be carried out in order to introduce the anti-smoking idea to the public. Doctor can also help to prevent teenagers from smoking. They can tell the youngsters how dangerous smoking can be and warn them not to smoke.

Smoking is hazardous to health; therefore, we should stop the trend of teenage smoking. It is hoped that under the cooperation of the parents, the school and society, the problem of teenage smoking can be solved soon.

A: History teaches us many things.

B: I disagree. History teaches us nothing. The world is always changing.  
What do you think? Write a discussion essay on this topic.

Since human beings developed languages and know how to present their own ideas, world history has begun. In brief, history means the events that happened in the past. How can history relate to our modern life? What advantages can we get from it?

Some people think that the world is always changing and consider history just something old which cannot be applied to nowadays' life. However, I disagree with these people. Through history, we can gain a lot of precious experience from our ancestors. This experience is in different aspects, e.g. politics, disasters such as earthquake and flooding, science and invention, etc. If we make good use of this experience and continue to investigate, many problems can be solved.

First of all, in political aspect, from history, we can learn how a dynasty of ancient China rose and the reason that caused the fall of it. Also, we can learn the strengths and weaknesses of different political systems. Then, those presidents of different countries know which is the best method in ruling the country. If people live under a reasonable political system, there will be no more rebellion. Moreover, people will develop a sense of patriotism.

In the past, starting war was almost the only way to solve the quarrels between nations and countries. Now, people realize the damage brought about by war and do not want it anymore. Most brawls between countries are

solved by conference. This indicates a headway in human history.

Apart from politics, we can also get experience from history on how to face natural disasters like earthquake. Japan is a country in which earthquake occurs frequently. According to the painful experience of the Japanese on earthquake, they learn that they must carry out investigation on this aspect in order to reduce the seriousness of damages caused by earthquake. Until now, they succeed in developing new technology in constructing buildings. During earthquake, those buildings can stand strong vibration, so less damage is caused. This is a result of learning from history.

Furthermore, history also has influence on science and invention. If the scientists in the past had not recorded the knowledge and discoveries which they had investigated, then we will not possess such advanced science and technology nowadays because knowledge is built up by accumulation. History helps us a lot in our modern life.

Besides, people can understand their own races and countries well through reading history. They can keep the customs and characteristics of their own races from generation to generation. Finally, a person can develop his own analytical ability through reading historical events. We analyse the things and learn from it.

In my opinion, history means experience. We should make good use of this experience and base on the lessons learnt to build up, an ideal modern society. Hence, in a hundred years time, our descendants may read the events happening nowadays from the history book.

I am glad to write on behalf of the Business Studies Section of Rosaryhill School. First I would like to introduce myself.

It is my first time to study in Rosaryhill School. Although, I have never studied here before, Rosaryhill School is not strange to me. I first heard of its name many years ago. I am glad to have the chance to get to know this school and study in this school. Rosaryhill School is situated in perfect surroundings. It is also very spacious and this allows students to participate in different kinds of activities.

Besides its excellent environment, the relationship between teachers and students is amicable. Teachers not only care about our academic results, they also help us to solve many problems and give us their worthy opinion. As for my fellow schoolmates, we help and respect each other. We are just like siblings.

During my stay, I hope I will be able to cope well with my work and get on well with my fellow school-mates, and teachers.

Gathering and Sharing the love of God

The Committee Members

December 31, 1994, a wonderful day to show our love, warmth and care. Our Principal, Father Vincente together with a group of students from our section visited the children's home at Wong Tai Sin area. We spent about two hours there, singing, playing games with the children aged between 2-8 years old. Toys, games, sweets and drinks were presented to the Centre.

A visit to Wong Tai Sin Children's Centre-on December 31, 1994, from our Business Studies Section

" Ah, Yes! Besides that..... "

"Do you like Yakult? " Biggy asked.  
 "Yeah ! It tastes pretty good !" Kiddy replied.

# ORGANISATION OF HOUSES

It is my honour to write on behalf of the House Organisation of the Business Studies Section of the Rosaryhill School. Our House Organisation was founded this School year, the aim of founding the House system is to raise the level of sportsmanship and foster closer ties between students and teachers. After about four months' planning and preparation, the first committee formed. We have four Houses: they are Saint Matthew, Saint John, Saint Luke, and Saint Mark. During the school year, as we are the first House committees, we severely lacked experience. Fortunately, the close cooperation between teachers and our school council ironed out the problems we faced. This year we had four inter-house events' competitions: The Games Day, the Swimming Gala, the Sports Day and the Talent Time. The four Houses did their best to get the Championship of the year.

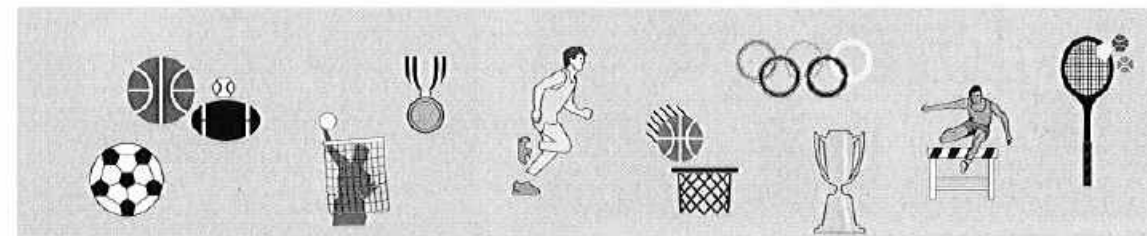

I would like to express my appreciation to our teachers, the Student Council, House Captains and everyone who had supported our operations this year.

Kent Wan

House Director

# GAMES DAY

The Games Day  
was held in the school's

Ms. Marlene Tan, our teachers' representative, presented the prizes to the winners

The annual swimming gala was held at the Kennedy Town Swimming Pool on October 20. On this occasion, swimmers from four houses, St. Luke, St. Matthew, St. Mark, St. John participated in a host of events. Competition was fierce and many PERSONAL records were broken. After the keen rivalry, St. Matthew House walked off with overall championship.

A Big Team BAM 1D participated in the talent show competitions.

You can see the co-operative spirit from their expression.

st. John House has put a great effort in the competition.

# ORBIS Show

The Business Studies Section held a fund-raising mini-concert in the evening of 3rd of July. The objective was to raise money in support of ORBIS, a charity eye-hospital, operating to help alleviate the problem of blindness worldwide.

The highlight of the show included performances by popular show-biz personalities, including the charming Edmund Leung Hon Mun, Chiu Hok Yee, Wind-Fire-Water, and Gabriel Harrison. Our own students also put up splendid performances. The grand finale was the presentation of a \$50,000 cheque to ORBIS. We at Rosaryhill School are pleased to be able to contribute in our own way to such a meaningful cause.

### **The Lord's Prayer**

OUR FATHER who art in heaven

hallowed be Thy name

Thy kingdom come

Thy will be done on earth as

it is in heaven

Give us this day our daily bread

and forgive us our trespasses

as we forgive those who trespass

against us and lead us

not into temptation

but deliver us from evil

Amen
