# MESSAGE FROM THE SUPERVISOR

We have ended the school year in a very good mood: four of our Secondary Section teachers have received the Chief Executive Award for Teaching Excellence. This award is a sign of the good work and good teaching not only of the 4 awarded teachers, but a sort of recognition of the work done by many teachers that we have now and that we have had for the past 48 years since the school was founded. This School Annual, like the 40 previous school annuals, is also the recount of the good efforts that our teachers are making day by day, year after year. The photos of individual persons, and of the classes present a vivid picture of the life in the school. Thousands of Kindergarten, Primary, Secondary and Business Studies Section students are presented in each year School Annual, and together we make the history of Rosaryhill School.

During the school year we have also moved away from a long tradition of the school, having a Principal who is not a Father. This is a good way for us to prove that the mission of our school can be fulfilled in many different ways and that our Catholic identity remains even when the number of priests in charge of the school is getting less. The continuity of the education we have imparted to tens of thousands of students for nearly 50 years is being preserved even with various changes that we have to face.

We are placing great importance in the development of our education and in the adaptation to the new needs. We hope that this School Annual, besides being a collection of photos of persons and of events, could also reflect our commitment to the educational demands that we try to live up to.

Our Lady of the Rosary is the Patron of our school. The beautiful mosaic in the Chapel presents the founder of our Order, Saint Dominic, receiving the Rosary from our Lady, showing the inspiration he received when he established the Rosary as an important prayer in the Catholic Church. We wish and we pray that our Lady could also inspire all of us to keep on in the right track, doing always the good and the right things for all the students entrusted to us.

# NEW HALL

## *The Official Inauguration of The Bernard Charnwut Chan Hall*

Thursday, 21 December 2006

The official opening of the School Hall, now called **BERNARD CHANWUT CHAN HALL**, took place on 21 December 2006, in the evening, during the Faculty Christmas celebration. We chose this date because all our staff would be able to attend, before we started the Christmas holidays.

The Christmas Mass that we always have to start our Christmas party was the official setting for the Inauguration Ceremony. Mr. Bernard Chan, the main donor in the fund raising, accompanied by his wife, attended the Mass. After the Mass, all of us moved to the entrance of the Hall where Mr. & Mrs. Chan unveiled the new name of the Hall, followed by a blessing of the newly remodeled and named Hall.

We had a second meaningful ceremony on this occasion: the Fatima Shrine has been recently renovated, making use of funds donated by Mrs. Chan, Mr. Bernard Chan's mother. Although Mrs. Chan could not attend to the ceremony, her son and daughter-in-law took her place during the Ceremony of Dedication of the renovated Shrine. Fr. Bonifacio G. Solis, our Father Provincial, was in charge of leading the Prayer of Dedication. Mr. Bernard Chan made use of this chance to address all the teachers and staff, remembering the times when he was student in the school and showing his gratitude to the teachers, some of them present in this occasion.

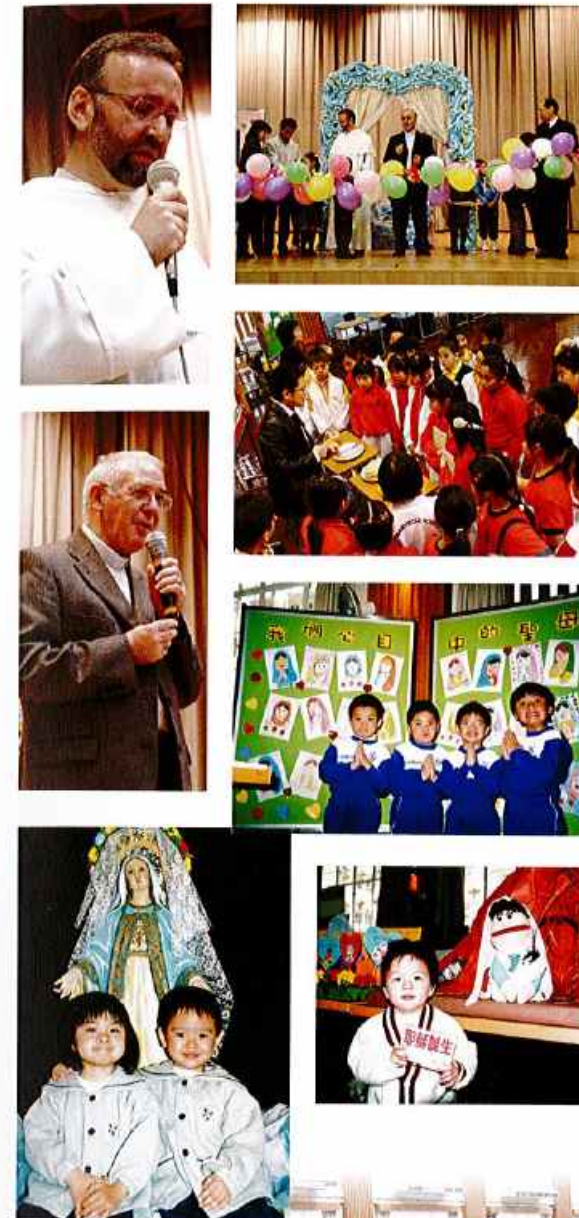

We are very grateful to Mr. Bernard Chan and his mother for their generosity.

## RELIGIOUS ACTIVITIES

In the intense life of our Rosaryhill School, the Religious Department has the purpose to be a reminder of our spiritual nature: We come from God and our ultimate goal is to go back to Him.

Last year, we said "Come Holy Spirit" and this year, the theme of the Religious Week was "Blessed Virgin Mary: Servant of God, Mother of All." We have organized a series of activities throughout the whole week, such as the Exhibition of Projects and Handicrafts on Holy Mary, Religious Seminars to raise the awareness of our students to their spiritual needs and beliefs. The "Nativity" movie was shown to the students so they could know what happened to the Holy Family before Jesus was born.

This year, during the Lenten Period, teachers, staff and students celebrated Ash Wednesday and The Way of the Cross, so that all could have a better understanding of the meaning of Lent Season.

I also want to mention the Staff Recollection Day, which this year was conducted by Deacon Joseph Chow. I am sure that all of us enjoyed his friendly and inspiring sharing.

We also have different religious groups for students, such as: Altar Service Society, KATSO, Catechism Class and 基督小先鋒, etc. Regular meetings and religious activities with students are organized to teach students to live their life to the full, to love and serve the community better.

We thank God and the Blessed Virgin Mary for granting us their protection during this year, and may they continue to be with us always.

- by Fr. Vicente Sánchez Rodríguez  
Director of the Religious Department

## RECOLLECTION DAY

Stop and think! And that's what we did on Wednesday, 4<sup>th</sup> April 2007.

The Recollection Day at Rosaryhill School was held in our recently renovated School Hall. The annual event started off with a rare atmosphere of tranquility induced by quiet meditation. Our guest speaker this year was Mr. Joseph Chow Yu Hong who spoke of his life as a former Principal of St. Andrew's Catholic Primary School and the many practical ideas he had accumulated on how to be an understanding and effective teacher, engaged in educating our youth. The talk was informal, interesting and often funny. When it was over, we had a short refreshment break and then continued on to the second half of the programme.

A biopic of Ms Mary Cheung was screened next, in which the one-time Miss Hong Kong reflected on her spiritual 'rags-to-riches' life and conveyed to us the inspiring message that, no matter what the circumstances are in life, we should never lose hope and have a steadfast faith in God. This was followed by group discussions among the teachers and the morning's retreat was wound up with a Question and Answer session between the audience and the guest speaker.

# FACULTY CHRISTMAS PARTY

The Faculty Christmas Party was held on 21<sup>st</sup> December 2006. Teachers and staff of all sections gathered together to celebrate Christmas and the official Opening of the School Hall. After the Mass and the blessing of the newly named Hall, all the guests, teachers and staff moved to the senior covered playground and the Dinner Party started there. The party began with a prize presentation to our alumni, Mr. Barrie Ho and Mr. Daniel Cheung, who had offered great help during the process of building the new school annex. Afterwards, it was followed by a series of games, delicious food and lucky draw with prizes. The presentation of the Long Service Award to the staff members who have worked for RHS for 10, 20 or 30 years was the climax of the party. The enjoyment of the party was clearly shown on the smiling faces of everybody.

# LONG SERVICE AWARD

Each year the endless effort of the staff put in is awarded by the Long Service Award. It is recognition of dedication and long commitment of staff, who have completed 10, 20 or 30 years continuously with Rosaryhill with valuable effort that has led the school to a success.

Here are the awardees of the Long Service Award. Congratulations to all!

# ENVIRONMENTAL MANAGEMENT AND EDUCATION

All sections joined together to organize a waste reduction and energy saving campaign this year. We collected over 800 moon cake tins after the mid autumn Festival in September 2006. The representatives of Kindergarten, Primary and Secondary Sections participated in a ceremony organized by 'Friends of the Earth' on 22 October 2006 at East Point.

The Environmental Education Teams of the Primary and Secondary Sections were successful in promoting environmental education in 2005-06. The responses from the public were very encouraging. The Secondary Section received the School Honour Award, an Outstanding Environmental Teacher Award, and the Best Environmental Protection Ambassador Award in the school's environmental award scheme. The prize presentation ceremony was held on 3<sup>rd</sup> October 2006.

This year, we took part in the energy saving campaign organized by the Environmental Protection Campaign Committee, 'Footprint', 'Green Sense' and 'Friend of the Earth'. In order to promote a 'clean air' message to school members, a tree planting activity was held on 28 April at Tai Mo Shan. A total of over 100 enthusiastic students, parents, teachers and staff participated in the event. Totally, we have planted over 200 trees at Tai Mo Shan with the support of Kadoorie Farm. This function was a great success because most of the parents and students enjoyed the green day on Sunday.

## CARITAS BAZAAR

The Caritas Bazaar is a well-known annual event in the community, which is organized by the Catholic Bishop of Hong Kong in favour of the needy. This year, like many other Catholic Schools, our school participated in this activity as a means of awakening social awareness and a spirit of generosity towards the less fortunate members of the community in our students. Besides selling of the Caritas Fund Raising Raffle Tickets, our school joined the Caritas Bazaar on 29<sup>th</sup> October 2006 (Sunday) at Victoria Park, Causeway Bay, by setting up stall games and selling goods donated by parents, students and friends of the school.

On that day, parents and guardians of our students came with their children to enjoy the games and try their luck at winning the generous prizes. Moreover, it was encouraging that our school won the 1<sup>st</sup> runner-up of the Stall Decoration and the 2<sup>nd</sup> runner-up of the Game Stall Design. It was undoubtedly a successful activity.

## THE 6<sup>TH</sup> RHS SPORTS TOURNAMENT

The 6<sup>th</sup> RHS Sports Tournament was held on 10-12 April 2007 at Western Park Sports Centre and Wong Chuk Hang Sports Ground. There were totally 6 events (basketball, volleyball, badminton, football, athletic and table-tennis) in this year. We invited 6 schools in each event and we are pleased to have 29 secondary schools and 5 primary schools to participate in our tournament.

## BLOOD DONATION DAY

Our Blood Donation Day, which took place in our newly renovated School Hall on 9 March 2007, was a significant day for 102 blood donors to show their selfless contribution by giving blood.

This activity immediately received a positive feedback amongst the students, parents and staff from various sections of our school. They participated in this meaningful event and shared their concern for people in need of blood transfusions.

As Rosarians, we not only continuously and enthusiastically support such life-saving missions, but also educate even the kindergarten and primary students on how such acts can bring people hope and colour to their lives.

Let's carry on and say "YES" to "Giving Blood"!

# FATHER SUPERVISOR'S BIRTHDAY

Once again it was that time of year when Rosaryhill School celebrated its Supervisor's Birthday.

The festive occasion was held on Thursday, 2<sup>nd</sup> April 2007 in the School Basement where the teachers and staff of the entire school gathered together, to wish Fr.

Francisco de las Heras, OP, a warm

**Feliz Compañeros.** At hand

to translate this felicitous

wish into a musical

rendition was the student

choir under the able

direction of their music

teachers. After the usual

presentation of gifts by

the Fathers and Teachers

Councils and a welcoming

speech by the Principal of

the Secondary Section, the

main celebrant re-affirmed

the importance of having

supportive groups in any

worthwhile cause. He

then cut the cake and the

party moved onto the next stage of the celebration-

substantial refreshment prepared by our canteen

Manager.

Needless to say, everybody enjoyed the convivial

atmosphere of this delightful occasion immensely.

# MESSAGE FROM THE TEACHERS

## UPPER A: 林老師

與天真活潑的小朋友相處可以令人變得年輕、活潑、調皮和充滿朝氣，有如為老師注射了一支強心針，加強推動力。回想幼兒入學至今，短短的三年中，帶給我無數的驚喜及美麗的回憶，這份喜悅一次又一次地在腦海中浮現，令人回味無窮，有時更不經意地發出會心微笑，我實在很喜歡這種感覺。再者，在這相處過程中，慢慢地與家長建立了一份意想不到的友誼，得到他們的認同、鼓勵和關心，實在是一份很大的支持。就讓我在此向UPPER A班所有小朋友及家長衷心說聲：「謝謝！」

## UPPER B: 陳老師

一個學年又過去了，這班可愛的小朋友亦準備面對他們人生中新的一頁，我希望幼稚園快樂的時光，可以為他們留下既歡欣又溫馨的回憶。雖然我當他們的班主任只是一年時間，但他們的熱情、可愛、稚氣和一張張天真的笑臉，已深深地留在我的腦海中。愛哭一哭得楚楚可憐；愛笑一笑得不能停止，像是火山爆發似的一發不可收拾；男的喜歡拔刀相助，女的喜歡談笑自若，他們有趣的畫面真是可以令我一邊回味，一邊在心中笑出來呢！願主祝福他們！

## UPPER C: 陳老師

轉眼間已經三年，當時的你們，還像一顆小豆般，四處跳來跑去，既不懂排隊、分享，又經常哇哇大哭，更不會自我照顧，令你們的父母十分擔心，但我滿載信心，相信不久的將來，你們必定有莫大的改變和進步。

正如幼兒教育學者福祿貝爾所說：「花園為學校，花草如幼兒，老師為園丁」，我深信只要我用心作好園丁的工作，在玫瑰崗這個美麗的花園裏，活潑的小豆便會茁壯成長。

現在，小豆已長成小花朵，你們完成幼稚園階段了，你們要繼續努力，將來面對種種的挑戰，請不必懼怕，園丁會一直支持及照顧你們的，在此，園丁謹祝願小花朵將來成為社會的棟樑，為社會作出貢獻。願主保佑你們！

## UPPER W: 吳老師

一棵種子的成長，必須經過栽種、灌溉及修剪等工序，農夫努力地耕種，為的是期待收成的日子。當時問到了，農夫便懷著喜悅的心情去收割！老師就如那農夫一樣，每天照顧著幼兒，看著他們不斷成長，轉眼快樂的幼稚園課程完結了，與你們緊密相伴的日子仍歷歷在目，親愛的同學們，你們要離開玫瑰崗幼稚園了，好一份依依的不捨！孩子們！願天主光照你們，助佑你們，帶領你們勇敢面對每一天。

## UPPER I: MS CHEUNG

This is my second successive year of teaching Upper Class. Learning takes place in home, school, and community. Connection in between builds a strong educational foundation. Every student is entitled to a safe, supportive, and nurturing learning environment. A broad range of learning styles are accommodated for effective teaching in Rosaryhill. Due to my personal reason, I had two surgeries this year. I needed my assistant and other teachers to take the tasks of caring my class in addition to their own duties for me in the absence of myself staying in the hospitals for a month. Thanks for all the support and understanding of everyone, from school, parents and students. My beloved children, may God bless you all. I will always miss you. Every thing will go well when you are going to the next stage, to be a primary school student as you had learnt and got prepared some tricks to help you survive in your new school.

## "FARE-THEE-WELL", MS. POON.

We bid a fond farewell to Ms. Poon who has been with Rosaryhill School for 26 years in various capacities – taking the role as a Class Teacher, Discipline Head, Assistant Principal of the P.M session, Assistant Principal of the whole Primary Section, Deputy Principal of the Primary Section and Vice President of the PTA.

Hers remain a demanding and difficult role, dealing with parents' expectation for their children - it is to her credit that she remains as positive and as smiley as ever.

Ms. Poon's strong leadership, devotion and dedication have greatly benefited the school. Her positive sense of humour, enthusiasm and ever encouraging attitudes impact much on the staff to have a team work spirit, ensuring the efficient operations of the primary section.

The years have passed quickly like a rolling stone, but she is leaving behind the care and guidance to her ever-respected teachers, the love from students, and a pocket full of memories.

The school wishes to express its sincerest appreciation and gratitude for her dedication and support and valued contributions over the years.

Ms. Poon will be missed by staff, parents and students of Rosaryhill School.

To her we say: **"Many thanks, you have made significant contribution to Rosaryhill School and you will be truly missed."**

# PLAYGROUND / STAIRWAY PREFECTS

## To be conscientious and responsible

As we strongly believe that our students should learn from mistakes and grow in forgiveness and encouragement, we have, therefore, tried our very best to establish an orderly and harmonious campus life in which students can learn to make a clear distinction between right and wrong, to shoulder responsibility and to be a conscientious member of society.

Students' autonomy is practised and further enhanced by the prefect system. Being role models to fellow students, the prefects help to maintain rules and regulations in school. It is also by means of their service that they can explore and fully develop their potentials.

# I DO AND I UNDERSTAND

Developing the pupils' logical thinking, communicating and problem solving skills is important.

'I do and I understand'. During the lessons, teaching aids, activities and games are used to help pupils understand. Real life situations are presented to arouse pupils' interest and help them to realize the importance of Mathematics. Only through play, experiment and experience can pupils strengthen and consolidate what they have learnt. Therefore, activities like 'Go shopping' for Primary one and two, and 'Maths Trail' for Primary three to six and projects are used.

Meanwhile, capable pupils are also encouraged to participate in Mathematical competitions.

One, two, three....

Have you found the answer?

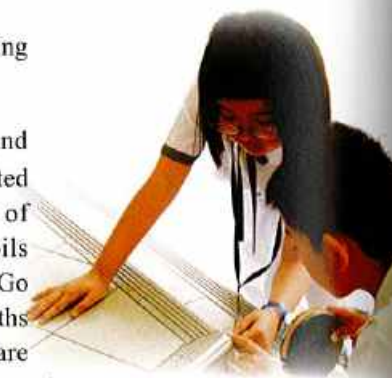

Let me show you how to make an isosceles triangle.

How much should I pay?

What direction is that?

Let's measure.

Can I try it?

Maths Elite

Winners of the Maths Trial.

# A YEAR OF PROGRESS IN ORAL ENGLISH

2006-2007 has been a time of change and transition for students from P.1 – P.6. The opportunity for the whole primary section to participate in the two plays – one at the beginning of the year and the other at Christmas, gave the students the confidence to build their communication and inter-personal skills and to allow the young students to face challenges in a positive way.

Performing on stage has been a cheerful way to deepen relationship, trust and respect for each other.

The P. 4 students were challenged to make a book report of a story "The Storm". The outcome of which, was rewarding. Working together in groups, they showed leadership and team work.

Based on the story "Rebecca and the Weather Machine", and focusing on group sharing, the P. 5 students used their combined creative skills to make a model of "A Weather Machine" that made rain, wind and the sun shine. This was achieved by using available materials. It has helped the students to achieve greater group cohesiveness, increase self-understanding and improve problem solving skills.

"Hills are Burning" an amazing poem, relating to environment protection was taught to the P. 1 students. Reciting the poem outdoors gave them a better understanding of protecting the environment.

Well done students!

Hil Little sheep. Where is Jesus laid?

Mary you are to be the mother of God.

Praise the lord.

Working hard or hardly working!

Mission accomplished.

How does the weather machine work?

Let's save the environment. Prevent hill fire.

Interested in a photo shoot? Yes, Chess. Okay, I'm ready. Not really, I'm busy. Oh no, I'm shy.

# COME & GET INVOLVED IN ENGLISH

English language can always be a fun language to learn for our students if they are given the opportunities and encouragement to use it in real-life situations. It is surprising and amazing to see that every student on stage was so enthusiastic to perform in English every Friday morning through drama, singing and poem reciting.

As games and activities are always strong motivating factors for students in learning English, the Oral Room this year was turned into a place where our students could engage in different activities such as playing board games, watching cartoons and storytelling on every Monday, Wednesday and Friday after lunch. The students were so engrossed in the fun and entertaining activities that they did not want to return to their classes for normal lessons.

To provide further opportunities for our students to use English, we participated in a story writing competition organized by Hong Kong Chinese University this year. It was a good chance for students to write based on their imagination or personal experiences.

We believe that with the right opportunities and encouragement, students will have less difficulty in mastering the English language.

Look at us! We are the performers of a drama about a royal family.

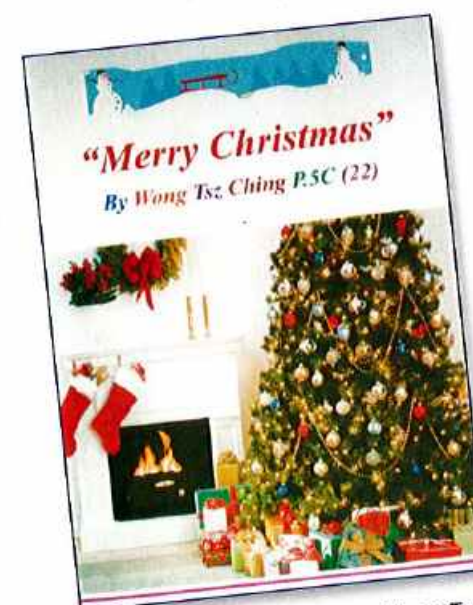

Donna Chen of P.6C wrote a story about her best friend.

Have you had a chance to read Vevina Fung's story of P.2B?

Let me tell you a story about a doctor and his son.

A Christmas story written by Wong Tsz Ching of P.5C.

What a beautiful and sweet singing!

Hey, don't just look at the camera. It's my turn!

Me, me, me!! I know what the story is about.

# STUDENTS ARE RESOURCES

Student helpers are uploading the list of homework to the website daily.

This year, we form a group of students to provide daily computer maintenance and technical support to younger schoolmates and teachers – Computer Room Helpers. Their duties include the daily maintenance jobs, helping the lower form students to use the computers in recess time, etc. To enhance problem-solving, and decision making skills, they are encouraged to fix the problem under minimum supervision. After a year, we notice that students have built up a greater confidence through successful experiences with computers. Moreover, they become more mature and more responsible for their own duties.

Lets open the computers and see what happened.

Let me turn on the overhead projector.

I like checking different types of cable.

# SCIENCE & INVENTION

Although many tools we use in everyday life involve applied scientific principles, we are constantly unaware that such a relationship between life and science exists. Therefore this year, we encouraged our students to broaden their horizon by exploring more about science.

To do this, we launched the "Science & Technology Exploration Scheme" which aimed to arouse our students' curiosity and interest about science, and hence the scientific principles involved. By encouraging them to make their own scientific inventions, two groups of students joined the competition organized by the Hong Kong Institute of Education, Hong Kong Science Museum and EMB.

Two such inventions were developed to improve the indoor air quality and help the handicap to squeeze out the toothpaste. Such inventions are so practical that they make a difference in our lives.

Hello! How are you?

Guess who will win.

Hurray! Fly up high.

Let me demonstrate how it works.

Let's squeeze out the toothpaste and brush our teeth.

Shall we start recording now, sir?

Yeah! We have got some prizes.

## APPRECIATE MUSIC

The way to take an interest in music is through listening, thinking and appreciating music. This school year, we arranged the students to take part in "School Culture Day Scheme 2006-2007". There are several concerts which are presented by the Music Office.

On 26<sup>th</sup> March 2007, our school choir participated in the 59<sup>th</sup> Hong Kong Music Festival, it took place at the HK Cultural Centre. This competition provided our students with a wonderful musical experience.

The school choir actively participated in the annual school music festival as well as other performance within the school. The choir was invited to perform at the Christmas Party and Friendship Day.

The theme of this concert is "Three Centuries of Strings Music"

They are the members of School Choir.

In this concert, we can enjoy real music.

Jingle Bells, Jingle Bells, Jingle all the way.....

We are so exciting to attend a live concert.

## FUN WALK IN THE ABERDEEN RESERVOIR

Here's the certificate.

It was a beautiful Sunday morning on 15<sup>th</sup> October, 2006. Parents, students and teachers of the primary section gathered together at Wanchai Gap Park for the Opening Ceremony of the "Fun Walk in the Aberdeen Reservoir". Everyone was very excited and energetic.

This fun walk was for P.1-6 students, parents and teachers. All families which have completed the course would be awarded a certificate. It was a leisure walk and took approximately one hour to finish.

On that day a photo-taking competition was also held. The theme was "Fun walk in the Aberdeen Reservoir". This could help our students learn how to appreciate the natural environment.

I must be the first one who arrived the end point.

Can you walk with me?

Guess what I am holding?

Come on, let's keep going.

Daddy, I want to drink some water.

Let's take a photo before the opening ceremony.

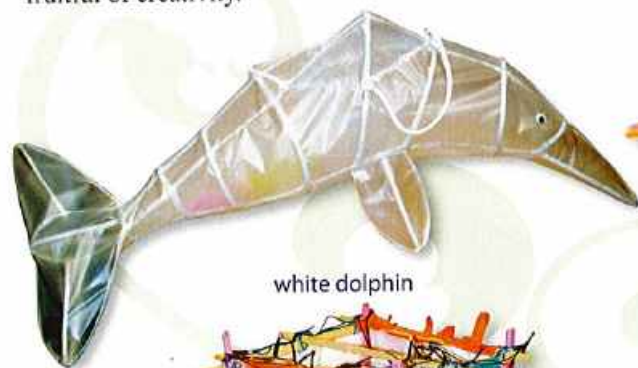

Let's take some pictures with our family members!

# CREATIVE DESIGNS

In order to provide more opportunities for students to exercise their creativity, Visual Arts Department always encourages students to join the open competitions. This year our students joined the "Lantern Design Competition". Students should make use the skill learned from the lessons together with their imagination to design their own lanterns. The other competition is "Shopping Bag Design", students were free to express the idea of saving energy. We are proud that our students' designs are in a high standard with fruitful of creativity.

## CUB SCOUTS

23 May 2007 was a great day for the new and young members of the Cub Scout Troop. All of them were extremely excited as they would really become a member of the troop after that day.

The enrollment ceremony was simple but dignified. Gratification and pride was found on their faces when they received the troop scarves and badges from our principal. They were so proud of their accomplishment.

Through out this school year, we joined the activities held by the Scout Association and yet learnt a lot through these activities.

Come and join us.

A big day for the new ones.

"Be helpful and smart!"

Would you like to try?

We have a healthy diet.

Yeah! I got it.

## BROWNIES

We are glad to hear that Hong Kong Girl Guides Association is celebrating its 90<sup>th</sup> Anniversary.

All the activities that our students have participated throughout this year are fun and adventurous. Besides doing weekly footdrill practices and doing school services, students also develop friendship through wide range of experiential learning activities such as: "Steps to Health" and Christmas card competition. These activity choices allow student to reach their potential, be confident and outgoing. They have also developed their leadership and life skills that help them better connect with their community.

We finally become official girl guides after reciting the promise.

It's fun to become Brownies. Join now!

I learn that health is important in life.

Look at all the food we brought to the potluck.

We are planning to enter the Christmas card competition.

Look! All the Brownies have good footdrill skills.

## RED CROSS

For the Red Cross members of our school, they have had a lot of fun and trainings together.

The leaders from the secondary sections provide a first aid training course to our old members. Now they have the basic first aid knowledge in case of emergency situations. The old members of our team also help to explain the procedures of blood donation on the Blood Donation Day. For the new members of our team, they have developed confidence through marching and weekly gathering.

This is the way how we bind a wound.

# FUN PICNIC IN NATURE!

Yummy! Yummy!

This year our Primary students had a chance to learn about the nature during their school picnics.

Our school organized the school picnic at the Lions Nature Education Centre for P1 to P3 students on 18<sup>th</sup> November 2006. The Insectariums and Arboretum were very popular with students, who took the role as "scientists" and looked for interesting creatures. On the 16<sup>th</sup> December 2006, the P4 to P6 students went on a school picnic at Po Leung Kuk Pak Tam Chung Holiday Camp in Sai Kung. This is one of the largest country parks in Hong Kong, with lots of exciting games and sports facilities. Students could have fun and relax in the refreshing countryside. Students actively participated in various activities and experienced an unforgettable and meaningful picnic day.

Let us climb as fast as we can!

Playing basketball ball with our teachers is fun.

I believe I can fly.

Line up please! Are you ready!

Let's share our barbecue food.

Look! We are scientists.

Look at our smiling faces.

Let's share our barbecue food.

# GAMES DAY AND SPORTS DAY

In order to provide students an opportunity to show their bodily-kinesthetic intelligence and co-operation with each other, the Games Day and Sports Day were held every year.

The events in the Games Day were specially designed for the P.1 and P.2 students and their parents. We were delighted that both the students and parents participated actively in the games. In fact, all of them enjoyed themselves on that day.

The Sports Day is a major event of our school and was a smashing success in this year. After the prayer asking for God's blessing by our Principal, Fr. Francisco, and the competitions began with the cheers from the spectators. When it all ended, the parents-student-teacher relay became the highlight of the day.

Before we start the Sports Day, let's pray for the good weather!

Through the Games and Sports Days, our students were able to grasp the true meaning of learning by first-hand experience.

The torch represents the sportsmanship of our Sports Day!

On your mark! Set! Go!

Hurry up! I am waiting for the ball!

Yeah! We win the relay!

Mum, be careful and follow me!

One-Two-Three! Let throw the ball higher!

Be careful! Don't drop the ring!

Look! Am I look like "Liu Xiang"?

Hey! I am passing the hoops!

Before we start the events, let's take a photo with the class representatives first!

# SPORTS TEAMS

## Football Team

## Swimming Team

## Table-tennis Team

Sports not only can make students alert to deal with everything around them but help to relax the academic stress. Therefore, various kinds of sports teams, such as the athletic team, basketball team, badminton team, soccer team, table-tennis team and swimming team, are set up for our students. During this school years, the team members have presented themselves perfectly and have made remarkable achievement in many of the competitions.

# LEARNING THROUGH EXTRA-CURRICULAR ACTIVITIES.

Our school believes in nurturing a well-rounded individual. The freedom to choose which activity to participate in allows the students to maximize their potential in the skills they will pick up.

The activities fall under different sections like the Arts, Sports and Uniform Groups. Magic learning, Chinese dance, African percussion, ink and wash drawing, clay modeling, drama and little chef are the choices the students have in the Arts category. The active ones can choose from soccer, badminton, basketball, table-tennis, track and field, etc. Also, some students take pride in joining the uniform units like the Red Cross, Brownies, and Cubs.

Through the engaging of specialized instructors and help of our teachers, the students devote a significant amount of time for extra curriculum activities.

They played the flutes like professionals.

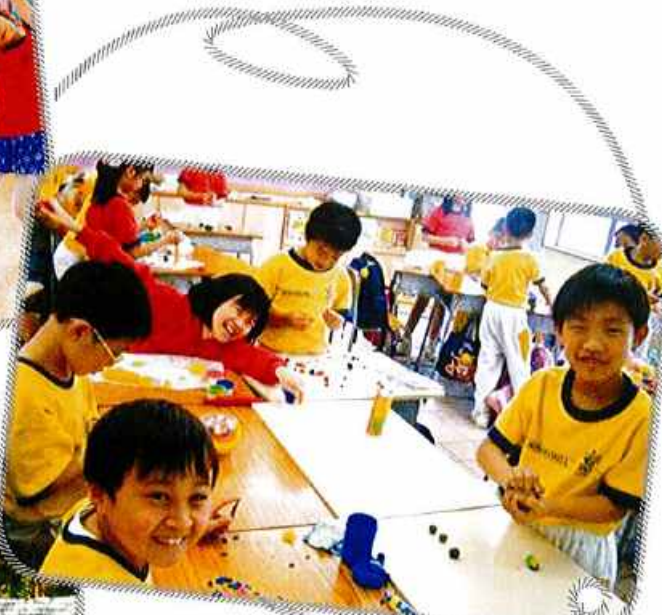

Unbelievable! How could they play the tricks?

They stood straight and listened to the coach's instructions.

What a nice posture!

Do you know what are we modeling?

Let's catch the ball, quick!

The sign language means '7'.

They played card tricks.

# FUN TIME WITH PARENT-TEACHER ASSOCIATION

PTA Fun Day, Christmas Party, and Friendship Day were some of the events organized at school by the PTA. Over 1,000 parents and students enjoyed playing the games designed by the parent-volunteers on the PTA Fun Day. During the Christmas Party, there were many nicely decorated Christmas trees walking around in the school. Friendship Day aimed to let our students learn the culture, history, and language of people from different nations.

PTA also organized outdoor activities for the members. About 400 members enjoyed a tour at the newly opened Hong Kong Wetland Park and followed with barbecue and activities at Lavender Garden. In addition, about 50 families participated in the camping at Lady MacLehose Holiday Village.

The talk on "The Art of Appraisal and Reprimand" taught parents that same words spoken in different manners might have different outcome. Two-way communication is important to maintain good relationship between parent and child. Communication skill is important.

To broaden the vision of the students, the PTA sponsored a few interest classes for students to attend after their lunch.

# GRADUATION — A TIME TO REMEMBER

No matter you are a kindergartener, a primary, secondary or university student, graduation is a very memorable moment in one's lifetime. To make graduation more meaningful and unforgettable for our P.6 students, three consecutive events were held especially for them.

The first event was the three-day graduation camp held at Wu Kwai Sha Youth Village from June 25 to 27. In the past, all P.6 students looked forward to this camp and it was of no exception this year. It was an exciting camp for our students since they had an opportunity to be "independent", and they learned how to make a smooth transition to secondary schooling through a variety of activities.

The graduation luncheon was another event specially organized for P.6 students. It was a time for students to show their appreciation to their teachers. It was such a delightful day since students participated in games, lucky draws, performances and had a hearty buffet with the teachers and schoolmates together.

The graduation day which was held on July 7 was the highlight of all the events. It marked a milestone for our P.6 students. It was such a big day for every one of them as it represented another important phase of their lives. It was both a solemn and touching occasion for the students.

Graduation is a time to remember. We wish all the graduates a bright future.

Wow! The water splashing game looks fun.

We can't wait to start the BBQ party.

We have to listen attentively to the lecture on new challenges.

Let's stand up together!

What a joyous moment to cut the graduation cake.

We have to dance, dance, dance!

The Passing On of Duty is another meaningful moment of the Graduation Day.

Thanks to our P.6 teachers for their hard work this year.

Carson Ching of P.6A, you are such a good hip hop dancer.

Look at the camera and say 'cheese'.

It's time for us to sing a song to thank our parents.

# ANNUAL CHRISTMAS PARTY

Look at our great work!

The festive season was brought to an optimum with many activities lined up. We kicked off the morning with a Christmas skit put up by our Drama club and Pioneers of Christ. The skit epitomizes the meaning of Christmas by students acting out how Baby Jesus was born and the hardship Mary had gone through. It was a success with the help of our parent volunteers who helped with the making of the costumes.

A Christmas tree competition was lined up for the students. Instead of the conventional Christmas tree, we had students dressed up as one with decorations adorning oneself. The best-dressed tree per level was the winner. The students thoroughly enjoyed themselves.

The "Christmas Trees" would like to take a photo with Father.

There was a large variety of game stalls being set up. The students were thrilled by the little prizes that were given out. Everyone was in for a buffet treat at the canteen with enticing food. This festive season is certainly a memorable one for our students.

Jesus is born. Let's get together and celebrate.

Happy together after the show

Let's sing together to praise our Lord.

Wow! I like this game.

# FRIENDSHIP DAY

15<sup>th</sup> February 2007 was Friendship Day in our school. Friendship Day was not only a day for our students to build up and maintain good friendship with their friends in school. It was also a day for them to learn more about different cultures as some of our students are of different nationalities such as American, British, Korean, Indian, Filipino, and Nepalese.

A lot of activities were organized by parent helpers and teachers on Friendship Day: a variety show, a food-tasting activity, game stalls, group games, friendship card-writing, 'fai chun'-writing and so on. Students not only had fun but also gained a lot in terms of the enhancement of their cultural experience and knowledge through participating in these activities. Our students agree that Friendship Day was truly a meaningful and unforgettable day of this school year.

Are you ready to perform the dance?

Can we be friends?

# 樂於學習、勇於創作

無論對教師或學生而言，面對全新的中文科課程，本學年可以說是充滿挑戰的一年。我們期望的是不但能讓學生在真實而豐富的語言環境下學習，而且能成為學習過程中的主人。

就如在低年級的課程中，我們為學生安排了「我的成長日記」的學習主題，讓學生們透過「綠豆成長小書創作」的各項主題活動，不但樂於寫作、樂於分享、樂於觀察周遭事物，更明白成長過程必須努力向上的道理。

哈哈！我的「綠豆成長小書」完成了。

看！我們像這樣小豆一樣茁壯成長。

高年級的課堂活動更多姿多采。透過熱切投入的課堂討論，學生們多能主動學習、積極思考，而且能掌握思考策略。此外，在「可敬的古人」之專題研究，學生對中國文化有更深入的了解；至於在「我愛大自然」的主題活動中，學生表現得比從前更樂於學習、更勇於創作。

看看我的創作吧！

看我們討論得多投入！

作文一點也不苦！

讓我們齊向「可敬的古人」致敬。

## 環保教育活動

今年環境教育小組舉行了一連串環保活動，月餅罐回收活動、月餅罐骨牌陣活動、環保大使訓練計劃、停止使用膠袋比賽、綠化校園資助計劃、321齊熄燈、大帽山親子植樹日、環保購物袋設計比賽和節能口號創作比賽等。學生藉此認識到珍惜資源和保護環境的重要性。

## 學習基督的精神 創造真、善、美的人生

為了讓我們的小學生懂得去愛，去感恩，一如以往，我們基督小先鋒在過去的一年，在不同的節日裏，通過不同的宗教活動：如聖誕話劇、為宗教週做的大型聖母拼圖、以及各同學在四旬期獻出零用錢去幫助有需要的人等，從而去實踐信、望、愛三德。

同學們用話劇去宣揚基督精神

# 「生命教育」

輔導組今學年透過青年義工網絡登記成為「有心學校」以推動學生服務社會。此外，我們同時獲得香港青年協會「有心企業」的捐款，資助由高年級同學組成的義工小組參與社會服務。我們先後到訪匡智獅子會晨崗學校及聖雅各福群會統紗中心，與晨崗學校的學生互相交流，亦跟長者共渡一個愉快的早上。

除了校外活動，輔導組全年為同學安排了八場講座，講座的内容多元化，有融樂會有關種族和諧的話劇演出，動物醫生到校宣揚愛護動物的資訊。此外，香港肌健協會患病的義工以他們的親身經歷鼓勵同學勇敢積極面對困難。

總括來說，我們相信生命教育不單是在課堂內的討論，而是讓學生多接觸社會，使學生從中獲得更大的益處。

# 閱書增知識，晨讀多有益

看看我多麼入神

這本書很吸引啊

今年學校決定把星期二和星期四定為圖書閱讀日。每天早上，一到了八時三十分，同學們便已回到課室坐下看課外書了。同學們認真看書的態度真的使各位老師刮目相看，為了進一步鼓勵同學們有興趣多看課外書，圖書館組特別製造出「閱讀小先鋒」卡，送給學生作獎勵，想不到收效也頗大，到圖書館看書及借書的同學數目激增了。再者，圖書館組更為圖書的書脊加添了不同顏色，方便同學們找尋、借閱。還有，今年我校和另三間友校還舉辦了閱讀交流營，同學們不但相處融洽，更從這次交流中，學了不少有關圖書的知識呢！

稍後圖書館更會進行擴充工程，到時圖書館將會比現在大出一倍，請大家拭目以待吧！

# 全面學生的自我培訓 ——精英少年訓練營

一如以往，我校於2006年10月與香港小童群益會成長發展中心合辦了精英少年訓練營。

通過一連串的活動：遠足、夜行練習、射擊、房務訓練、步操等鍛鍊同學們的體能和紀律性，改善自我照顧能力，提升與人溝通和合作的技巧。同學們在這三日兩夜的訓練裏不但能發揮自我潛能，更能體驗生活，擴闊視野，成為一位真正的「精英少年」。

# 教師發展日——合作學習、學習合作

小學部為了提高學生學習的興趣、增強學習的效能，也為了配合中文科新課程的實行而引入「合作學習」，期望每位學生在課堂裏能積極參與及得到均等的學習機會。為此，在2006年8月新學期的開始，老師們先接受培訓，在教學概念和技巧上有更深的認識。這一次的發展，我們請來了廣州市越秀區教育局教研室科研組組長周宇軒先生當學校的科研和教學顧問，為我們的老師進行培訓工作。

在10月份，周先生帶領老師們到廣州市拜訪兩間學校，進課室觀課、與該兩間學校的老師討論和交流教學的心得，兩地的學與教的方法各有優點，相信老師們都獲益良多。

# PRIZE-GIVING DAY

The Annual Prize-giving Day ceremony was held on November 25<sup>th</sup> 2006 at Leighton Hill Community Hall. It began with the procession of the ceremonial party, followed by a Blessing by Father Vicente Sanchez and the Principal's Address.

The parents, students and teachers in attendance subsequently had the pleasure of listening to a speech by Father Bonifacio Garcia Solis, O.P., Prior Provincial, Province of Our Lady of the Rosary. With his words to the audience, Father Solis stressed the importance of developing individualism and educating citizens to be responsible to their community. He pointed out that these attributes are attained through a dynamic education system that allows for flexibility and diversity, where educators engage in lifelong learning through the adaptation of new ideas and practices.

Father Solis was then accompanied by Mrs. Peggy Lam, the Chairperson of the Parent-Teacher Association, Mr. Edward Ng, the President of the Old Students Association, and Father Francisco de las Heras, Supervisor of RosaryHill School, on stage to distribute various awards to the students. Father Francisco de las Heras also presented the Long Service Awards to five teachers and two members of the administrative staff. Mr. Francis Tsung, Principal of the Secondary Section, took the spotlight again to present a souvenir from the school to the guest of honour, Father Solis. This was followed by a heartfelt vote of thanks from Andrew Chan, President of the Student Council.

Once all of the prizes were presented, the audience was treated to a variety of musical performances by students, who had won prizes in competitions and displayed exceptional talent. In addition to these magical presentations, prize-winners in the English and Putonghua Speech Festivals shared their efforts much to the delight of the audience.

Succeeding the recession of the ceremonial party, parents, teachers and students departed with an enormous sense of pride in the achievements recognized on that day. It was a rewarding and fulfilling experience for all.

# PRIZE-GIVING DAY

## Fr. Provincial's Speech on Prize-giving day

In today's competitive society it is becoming more and more necessary to excel in the fields of our professional lives and to enjoy the competence and reputation that are required to climb the ladder of success. At times society is merciless to those who do not qualify for a job. Experience, preparation, values and honesty are factors that, while they may not be considered that much when a person lands in a job, nevertheless, in the exercise of the duties of a given job such values are highly appreciated. After all there is reason to believe that what is worthy of a human being will help him to live rightly and happily, that is, to live as one should.

The goal of Education, therefore, is to mould the future of this or any society, territory or nation, by moulding its citizens as the people who will determine the future and the course of events of the land and render our community more and more successful and respected and, by extension, a place wherein respect, peace, prosperity and human values are truly esteemed and upheld. In fact, through living well a person is deserving of esteem, praise and approval.

High levels of academic achievements are attributed mainly to an educational system that is well-organised, attentive and committed to the relevant needs of the society and the family where student will live and work. This requires from the administration and teachers the ability of being sensitive to the changing needs of a forward-thinking economy, family values and moral professional responsibilities.

While I uphold the importance of the school curriculum in the field of creativity and independent thinking, as well as in its essential part which is an emphasis on mastering the fundamental elements of all major disciplines, nevertheless, the first and greatest responsibility in educational plans and programs depends on a responsible and mature integration between parents, students, administration and teachers. Whatever effort would be made or undertaking to achieve such integration would render education more personal, more effective and more dynamic. Thus, we can best succeed in rendering it possible for young people to assume responsibility for their personal and professional education under the authoritative and competent guidance of all those involved, provided that we manage to attain respect, admiration and acceptance.

I am truly convinced of the importance of this cooperation and integration. The best school, the best teachers, the best administration, the best facilities will not manage to attain their goals without the mature and personal collaboration and responsibility of each and every single student. To blame a teacher, the administration or a school for the students' failures can hardly be appropriate. For the students should have involved themselves together with their families in the hard work of reading, studying and planning

whatever was necessary or demanded by society and professional life for true success. Responsibility is not a matter of an instant but a long and slow process through which students begin to understand the beauty of life and the impossibility that somebody else would assume responsibility for what he has to be and the course of life that he would like to take.

*Education has two main goals or objectives: to develop the individual and educate the citizen.* Education is about nurturing without eliminating the freedom and the initiative of the whole youngster. We observe the reservations and sentiments of young people towards impositions and decisions taken from their parents, teachers and leaders, if and when they are not involved in the process. Through education we pursue the formation of the whole human person, promoting the development of his or her moral principles, intellectual capabilities, physical maturity, social integration and professional competence. All these elements and many others will contribute to the development of each young person's talents and abilities that will help him or her to feel comfortable with an eventual job and professional life and inculcate values which will shape a personal future, family and life.

An educated person is one responsible to himself, his family, and his friends, if only because we are not alone but are normally dependent on our family, friends and country. There is no reason why a life which is in conformity with man's ideal should not also be for him the path, and indeed the sole path, which leads to happiness.

An educated person is also someone who is responsible to his community and country, thus the school should aim to help the students to discover their talents and their potentials and thus develop a passion for the development of their talents and a longing aspiration to avail of any opportunity to succeed.

Rosaryhill School aspires to a greater and ever stronger educational system, to a deeper participation of teachers in its policies, to the administration in a greater co-responsibility in the direction of the school. All this is done because of our Christian and educational concerns. But while this is our ideal and goal, for its implementation we rely on the collaboration and integration of students, parents, teachers, staff and administration efforts towards what is the common purpose of education: the development of the whole human person and its integration in the society to which he belongs.

We are building on these strengths as we prepare the next generation of students for the future. This is a future that brings tremendous opportunity, because we are given only one chance in life to develop the skills, character and values that will enable us as students to do well and to take our region forward into the future.

We have recently introduced a new administrative education system that seeks to be more flexible and diverse. The aim is to provide a new outlook to the school and the students with greater choice for all to meet their different interests and ways of learning.

Thinking about the SCHOOL, we must also redefine the role of teachers. They are in closer contact with the students, know them better and have easier access to their own inner world. Moreover, every school must be a model learning organisation and ongoing formation. Teachers and principals will constantly look out for new ideas and practices and continuously refresh their own knowledge to introduce responsible innovations and techniques that help in the difficult task of shaping the minds and the hearts of young people. Teaching will itself be a learning profession, like any other knowledge-based profession of the future. We should take this into account in reviewing our school goals.

Today we honour some of our students' performance, in the following areas:

**Social concerns** – we understand the demands of society and the needs of cooperation and participation in the task of uplifting the conditions of the less fortunate members;

**Personality** – includes areas such as leadership, concern for others, reliability, service to school and relationship with other students and teachers;

**Academics** – performance in all or one subjects during the year;

**Sports** – participation and achievements in competitions where they represented the school.

Let the awards given to the students today for their overall and outstanding performance in areas relating to service to the school and community be an encouragement for them to continue in their efforts and success and for all of us a reminder of the importance of commitment, personal effort and sacrifice that is required so as to be successful in life. As indicated above, this would include work done both in and outside the school and the boundaries of the family, to attain that integrity of personality which is always desired. Your action and determination will eventually be crowned with the joy of having done what you could, the peace that a person derives when succeeding and the satisfaction of having been responsible to oneself, family, society and God.

I wish you a long and happy life in the service of God, society and family as you continue to shape your happy and professional future and a fruitful and joyful life. Do not ever forget that you enjoy a dignity that is unique and that your journey towards that happiness that only God can give. Love Him as you love yourselves! He is the giver of life!

Congratulations!

# INTEGRATED LEARNING WEEK

During the Integrated Learning Week from 6<sup>th</sup> to 11<sup>th</sup> November 2006, the school provides various outdoor activities for students. It included educational excursions to China, visiting Beijing, East China, Yunnan and as far as Singapore. Besides, some other integrated subjects activities and co-curricular activities were organized for students. We believe that visiting, participating and learning in integrated subjects is a more effective process. What students have learnt from books can actually be related to their life. The aim is to broaden students' horizons, help them learn extra skills and interact with schoolmates during these activities.

## Junior Level

For the junior levels, students learnt different skills and knowledge by visiting Ocean Park, the Science Museum, the Space Museum, local heritage trails and by joining Creative Projects.

### Ocean Park

Through visiting the Ocean Park and attending the workshop, the S.1 students had a meaningful and educational activities. The guided tours offered quite a comprehensive coverage of various disciplines like the life of the animals in the park, the treatment of the water. The students gained knowledge and inspirations in the nature and learned to treasure nature's gifts.

### Space Museum

### Water Powered Car design Competition

## Senior Level

At the senior level, students were encouraged to visit Beijing, Yunnan, Eastern China and Singapore. For those trips, they could learn about different cultures by communicating with people from various countries and minority groups. There were also educational camps including a Science Camp, Sports Camp, Art Camp, Astronomy & Geography Camp and Smart-teens Camp. All camps were theme based and had the support of all participants.

### Science Camp

Through a series of games, activities, visits, competitions and talk, the Science and Mathematics Camp increase's students' knowledge and interest in Science and Mathematics by providing an outdoor learning experience. This experience also helps students learn how to self-discipline and work collaboratively with one another in the activities.

# ENVIRONMENTAL EDUCATION

## 1. Hong Kong Electric Clean Energy Fund Project

Our School successfully applied for the Hong Kong Electric Clean Energy Fund in September 2006. The name of our project is **Clean Energy for a Green School & Organic Farm**. We received a grant of HK\$100,000 for this meaningful project.

We used this funding to modify our organic farming system, and one green glass house with renewable energy facilities had been built also. The new facilities can help us to promote waste reduction, a green school and energy saving with our school members and community.

## 2. Student Environmental Ambassadors

The student Environment Protection Ambassador is responsible for promoting environmental education to both the school and the public. They carried out a series of environmental activities and waste reduction events such as waste collection & recycling, energy saving and promotion of renewable energy, and the 6<sup>th</sup> Hong Kong Green School Award, etc. This year they organized a lot of activities and events which not only provided information on waste reduction and saving global resources, but also encouraged our school members to improve environmental awareness.

Student Environmental Protection Ambassadors also participated in various environmental project competitions organized by Environmental Campaign Committee, Green Councils, The Friends of the Earth, Hong Kong Electric Company, etc. S6D student, So Lap Yi, received the champion of Shopping bag design competition organized by the 6<sup>th</sup> Hong Kong Green School Award. 6D So Lap Yi and Lee Po Yan received the Award of Best Student Environmental Ambassadors of 2006-07.

# ENGLISH DEPARTMENT

## Speak to learn and Enjoy doing it!

It has always been the policy of the English Department that speaking should take precedence over the other language skills to spur the learning of them.

Our rationale is that if students can say the words, their eyes will move more swiftly across the lines when they read. What students hear will register better in their mind if the sounds have been produced by themselves one time or another. Their writing will be more accurate and fluent because they will be writing expressions and structures that they have used before in speech.

Every Day 2 and Day 6, you can see long queues of students, of all form levels, waiting for their turn to take part in the Talking Booth which is a group discussion activity. Their teachers have helped them to prepare the topic previously set for the cycle. The lower form students can also do Reading Aloud and One-minute Presentation. On the average, every student gets to speak for 2-3 minutes in English every time and most of them do not just do it once. They really keen ones participate every time and stay for the whole lunch hour.

Talking Booth has been held for 10 years in our school now and all the students who have participated remember it a little differently as the format is changed every now and then. However, they all remember it with fondness as it has helped them improved their speaking ability and through it, they have met schoolmates which they may not get to know otherwise.

We also have inter-class competitions for all form levels and it was mandatory that every student and every class join it and, the competition takes the form of, you have guessed it, a speaking activity, be it choral speaking, presentation, debate or singing.

All the support activities were done in addition to the speaking they do in every single English lesson!

A lot of English has been spoken and when it finally comes to putting it to use, OUR STUDENTS ARE READY.

Their task in the First Term was to walk around the school premises afterschool to talk to their fellow schoolmates and make friends with them. In early February, they joined a programme to talk to the newly admitted students and showed them around important places in the school compound. In March, they were asked to pair up with the newly admitted students to give some Anti-influenza pandemic packages to the elderly and non-Chinese speaking families at Wanchai.

## Athletic Meet

Our Athletic Meet was successfully held on December 1<sup>st</sup> and 7<sup>th</sup> at the Siu Sai Wan Stadium. All athletes did their best and received mighty support from the cheering teams, which were full of enthusiasm! Their support helped to increase the confidence of the athletes.

All competitions went smoothly, with few difficulties. The participants were trying their best, not caring about how to be winners. After all the events had finished, it was time for the prize giving ceremony. This year, we had Mr. Fung Ka Ki to give us an inspiring speech. He shared his experiences with us and stated that both sports and academic results were important, so we should work hard on both.

Finally, the overall championship was notched up by Flamingo House, and the 40<sup>th</sup> Athletic Meet came to a satisfactory end.

## Swimming Gala

The Swimming Gala was held on 28<sup>th</sup> September and was a smashing success. Last year's event was held in Chai Wan but this year we returned to Victoria Park Swimming Pool. The weather was great providing a good atmosphere for all the competitors. The events were divided into two sections with junior students attending morning section and the senior attending in the afternoon. Swimmers made every endeavor to win their events while non-swimmers supported their classmates with cheers and applause. The highlights of the day were the inter-house and inter-class relay. Teachers and students were very excited. The champion for the day was Peacock House.

## Cross-Country

The 28<sup>th</sup> Cross-Country Competition was held successfully at Victoria Peak on 16<sup>th</sup> December. Although the weather on that day was quite chilly, we could feel the athletes' enthusiasm towards the competition. All the athletes were well prepared for the competition and wanted to strive for the first ten positions to get the highest marks for their Houses.

The results were announced right after each competition finished. Everyone was anxious while waiting for the results. Finally, Eagle House, Dragon House and Unicorn House were awarded the overall championship, first runner-up and second runner-up respectively. The students clapped their hands with their victorious smiles and received their trophies. Not only did the students who participated in this event show their sense of belonging to their Houses but they also showed their sportsmanship which we all appreciate.

Once again, congratulations to all the winners.

## Drama

On 30<sup>th</sup> April, the Inter-House Drama competition was held in the school hall. The actors and actresses from each house played their role splendidly. This made all the audience devoted into their scenario. A large applause were given after each performance. The overall championship was finally won by the Peacock house. The 1<sup>st</sup> runner-up went to Eagle house and the 2<sup>nd</sup> runner-up was the Flamingo house.

All the participants tried their best to reach for the goal in the competition and had a marvelous result. Eagle House won the Overall Championship in both Junior and Senior Grades. Congratulations to Eagle House!

## TEACHERS-STUDENTS DAY

Teachers-students Day was held on the 21<sup>st</sup> December. It started with a meaningful Religious Ceremony, then students took part in various activities. There were four sections, including a Fashion Show organized by the Green Club and the Art Club, stall games, sports competitions and a Music Station. The theme of the Fashion Show demonstrated the concept of being environmental-friendly. Participants needed to meet the requirements in deciding their choice of clothes. Interesting stall games provided a place for relaxation. The sports competitions included different ball games and paper plane and motor car competitions. The Music Station allowed students to bless others. After all the competitions, students enjoyed their class parties.

The day ended with a warm Closing Ceremony. This wonderful day provided valuable opportunities for teachers and students to learn from each other.

Led by Andrew Chan, S.6B, the 40<sup>th</sup> Student Council Executive Committee (SCEC) (2006-07) was inaugurated on 24 Oct., 2006. Throughout this academic year, the SCEC launched a number of functions, including the Halloween Candy Service, the Christmas Ball, the Singing Contest, the Inter-class Football Competition held at the Artificial Turf Football Pitch in Happy Valley, Hunger Banquet, Joint School Famine Camp and various kinds of social service implemented by the Social Service Group. With the aim of cultivating a good academic atmosphere for Rosarians, the Council also introduced two measures. One was to provide gifts as rewards for those schoolmates who had got good results in the Uniform Tests. The other was to conduct NDS Corner, in which the Executive Committee provided a quiet study area with tutors for Rosarians to do revision.

## Student Council Representative Committee

Under the leadership of Rita Lo of S.4E, the Student Council Representative Committee (SCRC) carried out its duties by organizing the General Meeting held in May 2006. Apart from that, it also conducted a survey on the performance of its counterpart – the Executive Committee. The results of the survey were published in June 2007.

## Student Council Social Service Group – Best Club of the Year

The Social Service Group under the Student Council Executive Committee held a number of social service activities such as three visits to the elderly people living alone in Wan Chai District, a visit to the Ebenezer New Hope School, and a tour around Masjid Ammar & Osman Ramju Islamic Centre in Wanchai.

Apart from the visits, the Club also organized activities for those mentally impaired students studying in the TWGHs Kwan Fong Kai Chi School. The Group also jointly launched 429 Tree Planting Day with the CYC and the Green Club. The response was overwhelming and as a result there were about 130 parents, teachers and students from the Primary, Secondary and the Business Studies sections participating in the event.

To advocate Oxfam's missions of enriching life and conservation in the mainland, the Group with the AYP and the CYC jointly organized a program called the selling of Oxfam Rice. The first part was to sell Oxfam Rice to the teachers and students in the Secondary Section and the second was to serve as volunteers to sell the Rice to the public in Central.

Having won the Best Plan Competition and the Annual Club Exhibition, the Group was awarded the Best Club of the Year.

# GRADUATION DAY

The 2<sup>th</sup> of June, 2007 was a very important day for all our F.5 and F.7 Rosarians, the day which indicates we had already graduated in our Alma Mater. It was our Graduation Day.

During the graduation ceremony, all graduates had to go up on the stage and receive the graduation certificate. Embraced by the flashes of the cameras and the applause of the spectators, all of them had become sparkling stars. We believe that they will be stars in the future, too.

Besides that, our school distributed the graduation gifts to our graduates on that day, which were ties for the F.5 students and school badges for the F.7 ones.

## S.5 GRADUATION DINNER

謝師宴是每位畢業生期待已久的大日子。玫瑰崗學校2006-2007年度的中五畢業生在二零零七年六月十三日假朗豪酒店舉辦了謝師宴。

當日，無論是老師或同學都悉心打扮，為當天的謝師宴生色不少。宴會期間，氣氛熱烈，當然亦不乏感人的場面。同學們紛紛藉此機會向老師們表示無比的敬意，並答謝師長不辭勞苦地教導我們。

在籌備是次活動的過程中，籌委會的同學皆付出了很多心血，務求使這次的謝師宴聲色俱全，大至活動流程的編排、財政預算的審度、人力資源的編配；小至採購物資、會場佈置、邀請嘉賓等；我們均親力親為，力臻完善。當中不免有我們做不來的工作和意料不到的突發事件，可幸的是，得賴師長們從旁協助，籌備過程進展順利。

是屆的謝師宴十分成功，獲得老師和同學一致的好評，籌委會的同學深感欣慰。處理事務縱使繁瑣耗時、勞心勞力，但從中獲益良多。諸如待人接物的技巧、組織管理方面的知識，終身受用。師長的提攜和協助，籌委會的同學所付出的心血和努力，實在值得讚賞。

## S.7 GRADUATION DINNER

The F.7 graduation dinner this year was held on the 7<sup>th</sup> of June at the Hong Kong Regal Hotel. Although it had been raining cats and dogs the entire day, the heavy rain did not ruin the spirits and beauty of our F.7 graduates. As the sun made its way down the sea line, the hotel hall was filled with smiling faces, gorgeous costumes and elegant figures. People were seizing every opportunity to take photos with their buddies and teachers, hoping to leave the most beautiful memories to everyone in this special night.

The flow of the programmes was very tight, yet smooth. First we had a very filling buffet dinner followed by a lucky draw, games and a series of performances. The climax of the night was us, the F.7 students presenting gifts to our class teachers. That night, every single F.7 student there definitely had an awesome time. It was remarkable and will be remembered for the rest of our lives.

## CATHOLIC STUDENTS SOCIETY

There is no doubt that religion is an essential part of our daily life. We can always share the sorrow and happiness with our God. In order to promote a religious life among our fellow Rosarians, we have meetings every week, led by Fr. Vincent and Mr. Joseph Yip.

There are activities in our meetings such as hymn singing, discussion on philosophical issues and also sharing about our daily life. Sometimes even non-catholic students join us enthusiastically. We welcome everyone, including teachers and students, to join us at anytime. Our club is simple; we aim for nothing but to bring peace and happiness into everybody's heart.

## ENGLISH SOCIETY

### DRAMA FUN

The English Society aims at promoting interest in the learning and using of English and drama does this best.

Secondary One students from different classes worked under the native English teachers and together they put on a performance for the Hong Kong School Drama Festival. The teachers wrote the script, trained them and rehearsed with them until they became the characters that they played – gun-fighters, drunks, dance girls, piano players, bartenders, sheriffs in a frontier town.

The show was well appreciated by the judges especially when they found out the players were all Secondary One students.

Good Show, kids!

## 中文劇社

中文劇社一向致力推動校內的戲劇活動，培養同學對舞台劇的興趣和提高他們對舞台劇的認識。除了每周定期的聚會和訓練外，劇社更會安排會員同學欣賞其他劇團的表演，亦會安排校外及校內的演出，讓同學親身體驗戲劇製作的過程，同時亦一嘗踏台板的滋味。

今年，劇社亦與香港話劇團合作，在十月為劇社的同學舉辦了兩場演技工作坊，通過一些劇場遊戲和即興劇的排演，令同學對舞台演出有更深入的认识。

此外，劇社憑《想、不想》一劇參加了由教育局主辦的「香港學校戲劇節」，無論劇本的構思與演員的表現均深受評審的讚賞，同學亦獲得一次難得的舞台經驗。

## HISTORY SOCIETY

## PARADE OF THE UNIFORM UNITS

The Joint Uniform Units Parade was held on 11<sup>th</sup> May, 2007. All the uniform members dressed tidily and smartly. They followed the solemn music and marched with spirit. The rest of the S1 students sat on the stairs of the Fatima Shine as spectators. Although the sun shone fiercely, they sat patiently to appreciate their classmates marching at this solemn moment. It was a good time for our students to learn discipline, mutual respect and appreciation. All the teachers, parents, and students highly praised the unity of the uniform unit members. Actually, the success of this event is due to the hard work done by all the uniform members, especially the instructors of the uniform units.

## 《白開水》

中六丁 黎浩熾

我，獨個兒在雪地上步行著。陪伴在我身邊的，只有起伏不斷的呼吸聲，還有重複又重複的風雪聲呼呼地吹著。整個世界在風雪下顯得單調了，除了白色，還是白色。我也會很快被白色所覆蓋著嗎？身體隨著步伐的減慢而逐漸冰冷起來。此時此刻，我只想雙手捧著一杯熱得燙手的咖啡，不，一杯白開水已足夠了，因我從未感受過自己的體溫下降至這個程度。

自從敵軍手中逃出來後，已熬過一整個下午了，我掏出微微發銹的水壺，才剛吞下這一口已冰冷的白開水，便感受到它像瀑布一樣傾瀉到胃中，把身體內部變成極地。回想起最早逃脫的經過，其實就是靠這裝滿白開水的壺子。自從我軍在史達林格勒失利後，兵敗如山倒，而我更不幸被一名敵軍所俘虜。在被押解的途中，今早我終於找到逃脫的機會。那時，我屏住氣留意他的一舉一動，正當他把雙手從步槍轉移至水壺時，我使盡全身的氣力，整個身體撞向他，霎時間整個世界宛如地動山搖一樣。縱使我被手鍊所限制著行動，但仍能把倒在地上的水壺拾起，重重的擊暈那名敵軍，趁機逃脫。

風雪越吹越大，遠處的群山已消失在水平線上。我感到身體比剛才更冰冷，思緒也雜亂起來。現在的我，眷然有一種渴望回家的心情。還記得出征以前，我向妳表示我將會為偉大的元帥作戰，妳聽到後怔了一下，瞬間後便把桌面上的白開水淋在我身上，轉身頭也不回離開那餐廳，但是我隱約看見妳閃著淚光。我當時並沒有後悔參軍，因為這是一項無比光榮的任務。如果我現在給妳一杯白開水並作出道歉，妳還會原諒我嗎？到這一刻我才發覺，原來妳在我心中已佔有整個世界。

不，不能再胡思亂想下去了，必須要保持清醒。白雪成為了我的外衣，厚厚的披在身上，我已無力撥去這件雪衣了，我已踏進了冬天的舌頭上，即將被牠所吞噬。路，一步一步更艱辛，看著前方，隱約的黃光從大雪紛飛的情況下逃竄出來，一個黑色的身影若隱若現。我看見了！她手上提著油燈，我大叫「母親！」。我感動得跪在地上，極地的空氣也無法把我的淚水結成冰，她伸手遞上了一杯熱騰騰的白開水，飄雪在蒸氣中也迅速轉化成水點。

母親，謝謝您……

世界突然扭曲了。我睜大雙眼，赫然發覺自己躺在一間小屋中，身旁坐著數位同僚。他們友善地遞給了我一杯白開水，和母親給我的那杯一樣溫暖，白開水在直達我的胃部後，身體也暖和起來了。

「你是從哪裡來的？」其中一人問道。

當我說出史達林格勒後，整間小屋陷於一片沉寂之中，一位軍官掏出了手槍說著：「大元帥不會容忍逃兵的！」

糟了！一切業已太遲。

杯子咚咚地跌在地上，瀉下來的白開水與地上的鮮血漸化為一體……

### A Day When Everything Went Wrong

2E Leung Ho Wai Jensen

Today, I was late for school because I had been playing computer games for the whole night. I felt very tired afterwards and overslept.

My class teacher, Mr Wong told me to copy the school regulations ten times and I said, "What?" She said again, "Copy the school rules ten times." I was shocked and I couldn't believe my ears! I asked, "Is it a joke?" He replied, "No." I wouldn't sleep again tonight because I have to copy the school rules and ten times, too. How unlucky I was!

When Mr Wong asked us to hand in the homework, I looked for it in my school bag, but I couldn't find it. Oh, no! I must have left it on my desk and didn't put it into my schoolbag. I let my class teacher know that I forgot to bring my homework, and he sent me to detention class after school for 1 whole hour. I only forgot to bring the homework that I had done and I had to stay after school. I felt so depressed.

I forgot to bring my music book and I called my mom in the recess using my mobile phone. A teacher saw me doing it and I had to copy the school rules 5 more times. I did not pack my schoolbag last night, so I guess I deserved the punishment.

That was not the end of it. I chatted with my friend, Jordy, about the game I played last night during the Mathematics lesson. Ms Lee scolded me, just me, and I had to stand at a corner of the classroom.

What a terrible day! Today is the worst day I've ever had.

### "See you later!"

It was a school day and I went home as usual. I knocked on the door and shouted, "Mum, I am back!" No one answered me. Suddenly, the door opened and there was a silver robot standing right in front of me. I screamed and I thought that I was dreaming! I pinched my face and I could feel the pain! "I am not dreaming! It is true!" I thought. I asked her who she was and she told me she was serving my family. She was here to stay.

I named her Ada but she answered back, "I am not Ada. I am Phillia!" She had her own name and she had her own likes and dislikes! One day, I gave her some sweets, however she said she just liked chocolate! How strange? She

was just like a human! She was good at doing housework and she did it well. She would frown if she did something wrong such as breaking a plate. But if I gave her a bar of chocolate, she would become her happy self again. It is funny, right?

Mum ordered her to "look after" me. At first, I asked her to help me with my homework. When I did not know how to spell the word, I thought she would help me but she told me to check it in the dictionary. That was how she "looked after" me! Later on we became friends and some days we dressed up and put on make-up together! She was actually quite a pretty girl.

When I got back home one day,

### What an unlucky day!

2E So Tan Emily

Today I had detention at school. Why? First of all, I was late for school. That's not my fault! There's a traffic jam! When I arrived at school, it was already the third lesson. I forgot to hand in my homework, Oh! I left them on my bed at home! How come! I felt blue...

Music lesson! My favourite lesson! I hope my mood would be better. But...I lost my music book! Where is it? Perhaps I lend it to my friend, John. What a terrible day! I always forget this and that! My teacher asked me to copy the school regulations for three times. After the Music lesson, it was the Science lesson. Poor me! I hate Science, I chatted with my neighbour. Unfortunately, my Science teacher saw that and scolded me, how embarrassed I was!

School bell rang! I was so happy that I could leave this unlucky place! I chatted with my best friend, Mary, on my mobile phone in the playground. A teacher saw me and asked me to stay after school. I have had enough!

I really hope tomorrow is a better day!

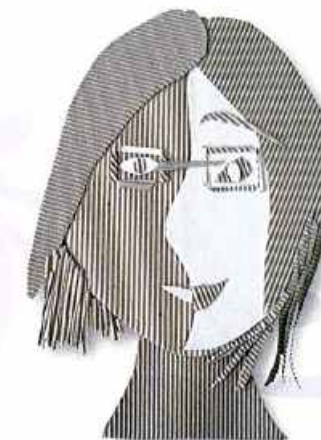

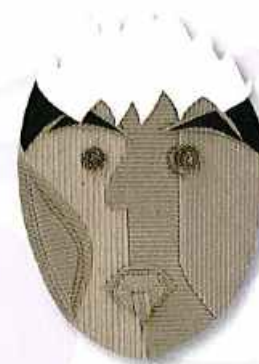

4C Yip Kai Yan

I saw that there was much dirt on her body from doing housework so I wanted to clean her up. I put her in the bath tub! She seemed to enjoy herself in the water. Oh my God! I had forgotten that she was a robot! She could not touch water! When I wanted to tell her to get out of the tub, she did not move! She looked 'dead'! I told my mother immediately and she said Phillia had to go to the 'Robot Hospital'. I was so upset because I had 'killed' her!

Suddenly, Phillia came round and asked me why I was crying. My mother laughed and told me that she was waterproof! I gave Phillia a big hug because I had almost lost her!

# WALKATHON

Students had a brisk walk at Tai Tam Country Park on 13 February 2007. We began our walk from Hong Kong Parkview and ended at Quarry Bay. Students took breath-taking panoramic views at the incredibly beautiful country park. Many students took photos at the scenic reservoir. This year, students can enter the Walkathon Photo Competition to appreciate the beauty of nature.

Talent Time held on 1 December 2006 was a great success. This year, we invited famous pop singers as our guests. Mr Kelvin Kwan, Ms Kay Tse, Ms Ting Chu, 'Soler' and 'Purple Nine' gave a fabulous performance. Our talented students impressed the audience not only in the singing competition but also in the most spectacular fashion show. Our students let their imaginations run wild to design and make wonderful garments associated with the theme 'Oldie'. It was a fantastic event for everyone to remember.

# SCHOOL SOCIAL WORK SERVICE

## School Social Work Programme and School Supportive Services

### Volunteer services (種族和諧慶回歸)

Supported by Wan Chai District Office and in response to the Global Youth Service Day and the 10th anniversary of the establishment of the Hong Kong Special Administrative Region (HKSAR), this program was a series of volunteer and training sessions of ambassadors. Both activities aimed at enhancing Primary 4 Ethnic Minority Students' sense of belonging and understanding about Hong Kong and China. The program content included conversational English and Cantonese, etiquette learning and practice, sticker photo making and visiting Hong Kong Museum of History.

Volunteer service records were issued and the efforts of the volunteers were recognized by the community. In the last year, 10 students were presented with certificates from Eastern and Wan Chai District Coordinating Committee on Promotion of Volunteer Service. Besides, the Rosaryhill School (Business Studies Section) was awarded a gold medal from the Social Welfare Department.

### Hotline and Supportive Services for Form 5 Students

#### 中五「會考睇GO一線」放榜專線支援服務

In cooperation with International Social Service Hong Kong Branch, a "Hotline and Supportive Service" was organized for Form 5 Students. A Hotline was specially designated for South Asian Ethnic Minorities Students and a Mobile Enquiry Service was arranged with a van going to the relatively remote districts. Besides, Enquiry Counters were also set up in Wan Chai and Causeway Bay MTR stations. Some of our students were volunteers to run the service which included providing emotional support counseling and updated information about further study and career.

A total of 433 enquires were handled. Most of the students interviewed claimed that the service was very convenient for them and this was an effective means to meet the needs of the Form 5 students.

In support of Colours in Harmony – Students actively participated in the Carnival to promote racial equality.

### In support of Colours in Harmony

The students of Rosaryhill School (Business Studies Section) actively participated in the ISS-HK and Wan Chai District Council's "Colours in Harmony". Both activities aimed at promoting racial harmony and fostering mutual respect and co-operation among youths of different cultures and ethnic minorities. Cultural costume parade, game booths, cultural performances and implementation of the program were organized by students.

### Exhibition of Sleep Hygiene

Sleep loss has been recognized as a major health issue in our society. There is a good scientific evidence to demonstrate that inadequate sleep has significant negative effect on cognition, memory, learning and behaviour. In cooperation with School health Promotion, Hong Kong East Cluster (港島東聯網－健康學校計劃), an exhibition of Sleep Hygiene was organized to arouse the awareness of sleep deprivation. It was a good opportunity for students to access the health information and concepts about healthy sleep habits and practices.

### F.4 and F.6 Leadership Training Camp

In order to enhance students' leadership and problem solving skills, two leadership training camps were organized for School Prefects and Form 4 students respectively. Students were required to cook and set the camp tent by themselves. Besides, various kinds of training sessions were structured to enhance students' team building, problem solving and communication skills. All of the feedbacks from students were encouraging.

### Collaboration with EMB in video shooting for ethnic minority students

RHS (BSS) collaborated with Education and Manpower Bureau (EMB) in video shooting for the "Non-Chinese Speaking Parent Information Package: Your Guide to Education in Hong Kong". Information on further and other study opportunities for ethnic minority students was provided in a DVD. The Principal, Vice-Principal and Social Worker attended the Support Network Sharing Session on 9 March 2007 and accepted souvenirs from EMB. Educators and teachers received useful information on helping non-Chinese speaking students integrating into local education.

# GRADUATION DINNER

To show our sincere appreciation and gratitude to the teachers who have nurtured us over the years, and share the graduation joys with our schoolmates, a graduation dinner was held at the Harbour Plaza Hotel in Hung Hom on 27 June 2007 with 170 people attending.

Graduation dinner formally began after a meaningful speech made by our Principal. This year, there was a prize-giving session. Congratulations to our graduate, Peter Li of S.7D who was awarded the "Student of the Year".

The highlights of the evening included a singing performance, games and a lucky draw with great prizes. A splendid evening of fine food and entertainment was enjoyed by all.

Let's toast the graduates.

A song dedicated to the graduates.

It's really a joyful moment.

## THE LORD'S PRAYER

*Our Father in heaven,  
holy be your Name,  
your kingdom come,  
your will be done  
on earth as in heaven.  
Give us today our daily bread.  
Forgive us our sins  
as we forgive those  
who sin against us.  
Do not bring us to the test  
but deliver us from evil.  
Amen.*
