MESSAGE FROM THE SUPERVISOR

In this my last supervisor's message for the school annual I refer to what I wrote 5 years ago that "the major events of our lives take on a new meaning upon reflection". At that moment I was thinking about the 50th Anniversary; now I am looking back at the 20 years that as supervisor or as principal in the secondary section I have been more directly in charge of the school.

I am trying now to look into the "new meaning" that the school has for me when in a sense I look at her as the place that has molded so much my life, my habits, my thinking, my work and my leisure, my happiness and my worries... even my friends and my social life. Looking at all these things from my side, I have to thank the institution of our school because it has given me so much. In my reflection I also ask myself: "has the school also received so much from me during all those many years when in one way or another I have been commanding it?" Honestly when looking at many statistics in the past 20 years the answer cannot be very positive: the number of students in all has dropped by 68%; the number of teachers is also a 40% less; there is one session less –the Business Studies Section. Her standard and reputation has declined. We have embarked ourselves in many findings to obtain the best for the school, a growth that could bring optimism and sense of future to all, teachers, parents, alumni, and to the school administration, and it seems I did not manage to find the right direction.

Then my reflection is, "but haven't I constructed anything good for the future of the school"? Then the pace of thinking changes, when considering the whole day session in the primary that we have now instead of the two sessions primary of more than 15 years ago; the establishment of the 3 PTAs; the internationalization of our students with the acceptance of the non-Chinese speaking students that has required new adaptations; the implementation of the new syllabus in the secondary section; the introduction of Spanish as a minor but an important subject in all the school; the implementation of the Putonghua. Honestly, the feeling is very different and the sense of future remains strong as it has been all these past years even amid the difficulties we have been facing. The kindergarten has strengthened; the primary section is increasing in the number of classes: both are having a good momentum that if properly developed could make our school as successful as it always has been.

This school annual already presents a hint of the growth that we all together will try our very best to nurture. We are again looking at a new anniversary celebration, the 55th, and we wish to ourselves, to our school the success that is well deserved.

Our gratitude once again to the wonderful team of teachers and students who are able to produce this good remembrance of the school for generations to come, our School Annual.

May the Lady of the Rosary and our Father St. Dominic keep on blessing all of us at Rosaryhill School and Rosaryhill Kindergarten!

DEPARTMENT OF RELIGION

This year has been the year of FAITH. This virtue is a beginning of a new life, the life of the believer. As a catholic school we find it necessary to share our faith with students, teachers and staff. For those who have received it, the gift of faith is a treasure. Jesus said that "faith can move mountains" and transform impossible situations into new realities.

The Department of Religion has taken very seriously Jesus' command to throw the seed of faith in the field of our school. For this purpose, we have taken as the main symbol of faith a necessary reference. When we talk about faith we need to talk of our Father in the Faith: Abraham. The person, the mission and the history of Abraham has been proclaimed and explained along this year in different occasions and circumstances. We would like to mention, especially, the Staff Recollection Day in which different teachers were able to present the story of Abraham, because we are like him; we are also Abraham. In our present situation we have received a promise, the promise of a son which represent the ultimate joy and happiness. Abraham has to undergo tests and trials, but his devotion and love for a God who has proven to be faithful make him surrender everything, even his own child. At the end, God rewarded him with happiness beyond telling,

beyond any expectation. In the Staff Recollection Day we also presented the figure of Francis, our new Pope. It was explained how Cardinal Jorge Bergoglio become Pope Francis. Our new Pope has captivated the whole world, not only the Catholic Church, with his simplicity. In spite of his old age, he is full of joy and passion for the Gospel of Jesus, which he follows in a very real way. We are blessed with our new Pastor, and we believe that he is also a blessing for all humanity.

The Department of Religion is always busy with activities, gatherings and celebrations. Besides those activities that have been initiated in previous years, in this year we have started the Pentecost Vigil in our school. For that occasion we also invited the Third Order Dominicans as well as other friends to join us in prayer and to invoke the coming of the Holy Spirit to our School and our lives. The Pentecost Vigil was a unique opportunity for sharing, prayer and meditation and we hope it will bear much fruit.

We are grateful to God and also to all who have been helping us in our mission, teachers and students alike. May God bless you all!

OPEN DAY

The Open Day was held on 17th March this year and the theme was based on four Spanish speaking countries within Latin America, namely Argentina, Chile, Ecuador and Mexico.

There were a total of 40 booths, which mainly focused on introducing the Four-Spanish countries' food, national costumes and flags. Some booths exhibited merchandise from the four countries. The Kindergarten, Primary and Secondary Sections also had their own academic exhibitions in different areas.

Many agreed the activities and booths were fun and interesting. They also helped to establish better links and understanding between Chinese and Non-Chinese students which enabled them to learn about mutual respect, tolerance of different races and broad international perspectives.

CHRISTMAS MASS AND FACULTY PARTY

The Christmas Mass and Faculty Party were held on 20th December, 2012. Teachers and staff of all sections gathered together to celebrate Christmas. Mass in the chapel was led by our beloved fathers. Everyone felt full of energy after the blessing and prayer. Teachers from three sections briefly shared their thoughts about God, and this part became the highlight of the ceremony.

After this, the Faculty Party in the Hall started at 5:30 and lasted for more than 3 hours. A series of funny games and exciting lucky draws made everyone happy. All of us were treated to a buffet dinner. Overall, the party was full of laughter and left everyone with precious memory.

As we all know, the Long Service Award is the most honourable award for those staffs in Rosaryhill, who have completed 10, 20 or 30 years continuously with valuable effort that has led the school to a success.

Here are the awardees who have achieved these milestones. Congratulations to all.

FATHER SUPERVISOR'S BIRTHDAY

We celebrated Father Francisco's birthday on 27th March, 2013. We held an awesome and joyful party together. All the teachers joined the birthday party. Some teachers from each section shared their feelings regarding the school over the years. We then sang "Happy Birthday" for Father. Next came the cake-cutting ceremony. It was an unforgettable and touching moment. The atmosphere was so warm and wonderful.

ROSARYHILL GOLDEN JUBILEE SCHOLARSHIP

The Golden Jubilee Scholarship Giving Ceremony was held on 7 October 2013, which was the day of the Feast of Our Lady of the Rosary, also the opening day of the 55th Anniversary of Rosaryhill School.

We invited Mr. David Chow, Chairman of the OSA, to be our Guest of Honour, as well as a member of the Scholarship Committee, Ms. Edith Shih to present the awards to our students. 75 awardees from Kindergarten, Primary and Secondary Sections attained the scholarship, having fulfilled the requirements of various criteria relating to academic performance, conduct and positive personality traits. All the staff, teachers, parents and student representatives from different sections participated in the ceremony to recognize those students who have excelled in their academic and other pursuits in the past school year.

The aim of the Scholarship Giving Ceremony is to share the good work of our students and the future direction of our school with our scholarship donors. It also encourages Rosarians to do the best they can in their academic studies and to conduct themselves responsibly and proudly inside and outside of their school environment.

ROSARIAN ARTS FAIR

To praise the outstanding, artistic talents of our students we organized a whole school, end of year activity – the Rosarian Arts Fair, held on 13 July, 2013. The function helped to make us more aware of how much our students have done and learned and how well they have been awarded. The function consisted of Chinese and English Solo and Choral Speaking, Dance, Taekwondo, Study Tour Presentations, Acappella, Mini Movie, Musical Instrument Performance and Rope Skipping. Respective "Prize Presentations" were also a part of the fair. It was a good chance for us to acknowledge once more the work of our teachers and the many talented students within our school.

MESSAGE FROM THE TEACHERS

Upper A：葉老師

「一天見你一面，一面想你一點，一點記在心田，天天都有你和我畫面。」

這幾句歌詞是我對UA 班小朋友畢業後的心聲。

與你們相處了不是一年的時間而是四年的時間了。每天與你們一起上學，與你們一起時要求你們的指定動作是擁抱，這個擁抱令我們的關係更密切。四年裏我們的課室充滿了歡笑聲，吵鬧聲，好不熱鬧。現在回想起照顧你們33位真的不是一件易事，你們各人有不同的性格，我不止當你們的老師，更充當你們在學校裏的媽媽，照顧你們，給你們灌溉。

在最後一天上課日，你們抱頭痛哭，我深知你們小小年紀已有深厚的感情。今年9月開始，你們便升上小學一年級了，面對的挑戰更多，在此葉老師希望你們能勇於面對所以困難，有個有責任的小孩子。

Upper B：張老師

時間過得很快，對於小朋友在課室裏的一點一滴還十分懷念。面對分離，老師、家長及小朋友都依依不捨。但小朋友已成長了，完成幼稚園的課程，老師是感到欣慰及喜悅的。

小朋友踏入人生的另一階段，你們已裝備了自己，老師相信你們具有能力，面對不同的困難及挑戰，不要放棄，要勇往直前，最終一定會成功的。

玫瑰崗幼稚園老師是你們的啟蒙老師、學校媽媽，無論你們身處何時何地，我們都會愛護及支持你們的，最後祝福所有畢業的小朋友有豐盛的人生，願主保佑。

Upper C：黃老師

在黃老師心中，你們與我相處不只三年，感覺渡過了六年，因為你們是全日制。你們吃飯和午睡的情境，是最天真的，趣事也不少，你們還記得嗎？

三年，時間真不短，一轉眼，你們便要跟我說再見和上小學，心中是捨不得。當我想念你們時，我便會想起你們唱的「謝謝老師」。幸好我們拍照了不少相片，也成了最美麗的回憶。能夠與你們有這樣長的時間在一起，我真的很滿足。你們第一天哭著上學，變成喜歡上學，最後笑著畢業，是老師的成績表。你們在學校所學到的，是校長和所有老師為你們準備，希望你們能好好珍惜和善用，這便是大家的成績表。

最後，祝你們百花齊放，前程似錦！

Upper D：馬老師

還記得三年前，剛剛開學時，班房內總是充滿哭鬧的聲音……「我要找媽媽」、「我要回家」、「我不要吃飯」……那時候，你們還是三歲的小孩子，還未適應全日班的校園生活，每天總是嚷著要找媽媽，吃飯時滿枱飯粒，走路時跌跌碰碰，而且還經常爭奪玩具，現在回想起來，仍然記得你們當時的模樣。三年的時間過得真快，你們已經讀高班了，班房內仍是熱熱鬧鬧，但你們嚷著的是「馬老師，今天中午吃甚麼飯？」、「馬老師，今天可以踏單車嗎？」、「馬老師，你又忘記了……」，看到你們已完全適應校園生活，懂得與同伴相處、學懂分享、自理，而且時常提醒我，成為我忠心的好助手，這一切一切見證你們已長大，看到你們的進步，我也感到鼓舞！

感謝天父的安排，讓我能與你們在一起共同生活三年，這些日子回憶真不少。現在你們已經畢業了，馬老師依舊記掛著這班小寶貝，祝願你們每天快樂地學習，健康成長，主佑！

Upper E：梁老師

翻開一張張照片，望著照片中一張張可愛的臉。轉眼間、時光飛逝，你們從不懂事、哭哭啼啼嚷著找媽媽的小朋友，漸漸變成自主有禮、懂得幫助別人的大哥哥、大姐姐了。學校裏，四處都有你們走過的足跡，到處都可聽見你們的笑聲，但這一切都將隨著嘹亮的畢業歌聲，畫下完美的休止符。想起這些年來與你們一起渡過的幼稚園生活，有歡笑、有淚水、有成功、有失敗，每當遇到困難時大家互相陪伴，快樂時大家互相分享。看著那些你們共同學習、共同成長的過程，都讓我難以忘懷。

打開你們的紀念冊是一段段跟你們美好的回憶，儘管我們有永難磨滅的回憶，但天下那有不散的筵席！不過，畢業並不是一個結束，而是另一個階段學習的開始，請你們帶著老師和同學的祝福、昂首闊步，勇敢的邁向新的未來。

Upper F：林老師

今天是UF班的畢業大喜日子，在腦海中湧現一份離愁的感覺，首先要感謝天父在這一年來的眷顧！

回想一年前見到一張張陌生而可愛的面孔在課室內出現，告訴了我你們的期待，天父讓我可以與你們一起愉快地過每一天，看著你們一天一天的成長和進步，能主動發問及作答問題、討論時態度積極、尊敬師長、與人在日常生活中，各方面都能做到融洽相處、互相合作、關心別人，在我心裏有一種說不出的喜悅。

暑假過後，你們要升讀小學了，心中既興奮但又有點兒捨不得你們。雖然與你們相處只是短短一年，卻與你們建立了一種微妙的感情，現在你們畢業了，願你們開開心心升讀小學，在未來的日子裏，能夠做一個樂於學習，善於溝通，勇於承擔，敢於創新的孩子，祝你們天天快樂，身體健康，天主保佑！

中華文化日——賀年活動

為三、四年級安排由何鴻毅家族基金贊助的「我的家在紫禁城」活動，藉此讓學生認識我國博大精深的文化。

在試後活動方面，本校邀請教育出版社講者到校為一至三年級及四至五年級講授有趣的成語故事，並設有多元化的攤位遊戲，好讓同學寓學習於娛樂中。

ENGLISH DEPARTMENT

Meenakshi worked hard with Ms. Au, and the hard work paid off with second place!

Exciting is one adjective to describe our year in English. The year began with the Hong Kong Speech Festival where we had thirty-five students compete, with one student, Meenakshi from Primary 2B, placing second! Many of our students obtained Merit and are looking forward to doing even better in the coming school year.

Primary 5 traveled to Wan Chai this year to see "A Christmas Carol" by Charles Dickens. The Absolutely Fabulous Theatre Connection was a great troupe. Some of our students were even pulled up onto the stage to act as characters from the play. We had a great time watching the play and our classmates.

On Fridays at recess, we continued to say our Mother Goose rhymes. Some of our rhymes this year changed from Mother Goose to more contemporary authors like Jack Prelutsky and Kenn Nesbitt. Our mornings were also filled with reading in the new morning reading class. Many new stories were shared by our teachers and classmates.

Other fun English activities included Oral English class with Mr. Stroud and the Creative Writing ECA with Mrs. Summers. In March, we were lucky enough to have three authors come and visit our school to tell about writing. Andy Briggs, Ho Minfong, and Jan Latta spent their valuable time describing their books to students in primary one through four. Our final English activity was English Day in June where students were given a chance to challenge themselves in various Minute-to-Win-It games.

As our school becomes more and more cultural, the English teachers look forward to watching our English blossom.

Andy Briggs was full of energy. We were very interested in his Tarzan series.

Playing games in the English room during Open Day is always fun.

The English Room was bilingual during Open Day. We had an extra chance to practice our Spanish.

Nino needed to translate during the picnic activity, so Mrs. Summers could help him. It's a good thing he knows English!

English Day was a lot of fun. We collected stamps from the games for prizes.

The morning reading section provided us with an opportunity to read new books.

Mr. Stroud is always encouraging but moving these cotton balls is hard!

Ho Mingfong told us a lovely story. We enjoyed helping her find the baby in the pictures.

Our performances at the Hong Kong Speech Festival made our teachers proud.

Developing the pupils' logical thinking, communication and problem solving skills is important. Problem solving is a key in being able to do all other aspects of mathematics. Through problem solving, pupils learn that there are many different ways to solve a problem and that more than one answer is possible. During lessons, real-life situations and activities like 'Go shopping' and 'Maths trail' are presented to arouse pupils' interest and to build up their mathematical knowledge. These activities take the lessons out of the classrooms and make math more useful.

On 21 June 2013, all the Primary students took part in the Mathematics Day for which Mathematics activities and Mathematics competitions were organised. The various activities allowed students to apply what they learnt in the classroom. Meanwhile, capable pupils were also encouraged to participate in Mathematics competitions.

We are measuring.

We are doing Mathematics competition.

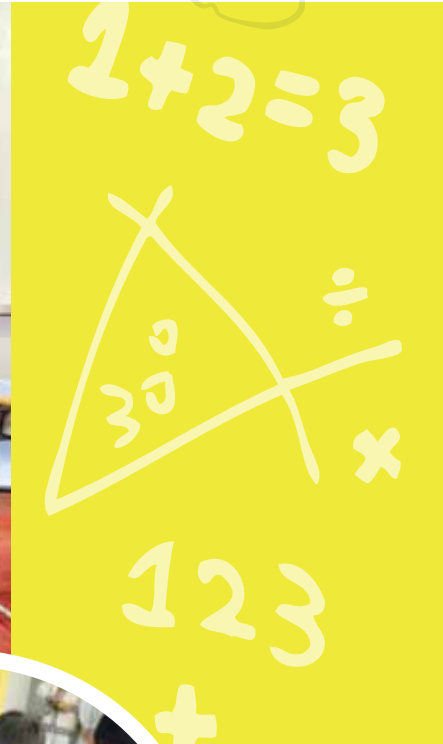

We are making block graph.

Students enjoy using the tape measure.

Congratulations!

We used trundle wheel to measure the corridor.

We are going to win.

What an unforgettable day!

This year, the General Studies department prepared three different kinds of experiments for the Open Day so students could explore more scientific theories. Primary 1 and 2 students learnt about water tension. Primary 3 and 4 students studied the components of air. Primary 5 and 6 students analyzed the PH value of purple cabbage. Students also had a chance to study maps of Hong Kong and China using jigsaw puzzles.

We are so excited for the visit.

In order to arouse interest in science, this year our Primary 1 to 5 Science Exploration Day was relocated to Hong Kong Disneyland for the Youth Education Series for Disney Youth Programs on 25th June 2013. For Primary 1, students discovered the history, creativity, and innovation behind the creative process of animation by completing Disney's Animation Magic. Primary 2-5 students gained an understanding of how Walt Disney Imagineers use synergy to create attractions where the whole is greater than the sum of its parts.

I learned how to brush my teeth by looking at these big teeth and toothbrush.

We are waiting for the 3D show.

This is the booklet we use for the course.

MUSIC LIGHT UP OUR LIFE!

This year we introduced some programmes to suit the needs of students at different learning stages. Through those programmes students realized new perspectives and generally entered a new stage of learning. The P.3 students went to "The Transcendent Instrument" Pipe Organ Education Concert. The hosts demonstrated the beautiful sounds of the pipe organ through lively story-telling, enabling the students to gain a better appreciation for organ music, thus stimulating their interest in this "King of the Instruments". The P.6 students went to "Chinese Music Showcase" by Hong Kong Chinese Orchestra. The conductor explained to the students the features of the music performed and guided them into the world of Chinese music. The P.4 Students went to "Alice and the Little Golden Book: A Musical in Cantonese" by Hong Kong 3 Arts Musical Institute.

"The Transcendent Instrument " Pipe Organ Education Concert by Hong Kong Cultural Centre.

Let us make the maracas together!

The students watch the movie "Magic Flute by Mozart" on Music Activity Day.

"Chinese Music Showcase" by Hong Kong Chinese Orchestra.

We attained 5 Merit certificates at the 65th Hong Kong Music Festival.

COMPUTER DEPARTMENT

This year, we used an English e-learning computing platform for teaching computer studies.

Students learned about different software using the platform. They learned by looking at the flash and video. Drawing pictures using different software was enjoyable. Making PowerPoint and making videos also helped students how to use the computer more effectively.

LIBRARY AND READING SCHEME

This year, in order to promote the reading interests of students, apart from the Reading with Heart program, our school introduced a morning reading section every Monday Tuesday and Thursday morning. Students could also borrow books from the library during recess and after lunch. All in all, these activities helped to cultivate good reading habits, as well as enrich the knowledge of our pupils.

Students enjoy reading books in the library.

RELIGIOUS DEPARTMENT

In our school, the Rosary is very important to us. Mary is our Mother who loves and helps us. She shows her love for us by bringing our prayers to Jesus.

We can help others know Jesus by telling others about Jesus' history and by acting like Him. If we are obedient, full of faith, kind and loving, others will see Jesus in us. As students actively listen, accept and carry out God's will, they enjoy religious activities at school.

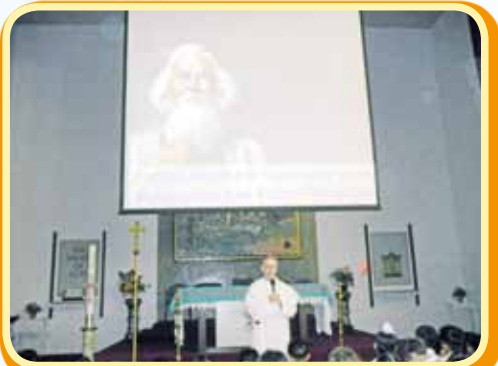

We have three great tour guides to introduce us to this beautiful church and its history.

P3 to P5 students gather together in the hall of St Benedict Church.

We learnt the Mysteries of the Holy Rosary.

We are singing a song about Father Abraham.

VISUAL ARTS DEPARTMENT

This academic year, a new element was added to the Visual Arts curriculum – inviting professional instructors to teach students Chinese painting. For quite a number of students, doing Chinese painting was a novel experience. This activity aimed at not only strengthening students' painting skills, but also broadening their insight into art.

We also participated in the Arts Ambassadors-in-School Scheme organised by Hong Kong Arts Development Council, with two of our students, Eva Yick and Nikolas Andreas acting as the Arts Ambassadors. They not only joined the workshops concerned, they also took part in different competitions in art.

The integration Group

As there are more and more non-Chinese students in our school, we have formed an Integration Group this year. The aim of this group is to help the students know the traditions of other ethnicities and to teach to respect for others. At the end of the school year, the students held a counter in the covered playground to introduce different traditions to the local students through games.

We also arranged for the students different tailor-made talks which help them to grow up properly and to solve the problems they may face in their childhood.

That's our tradition

Do you know our culture?

Can I try?

SPANISH DEPARTMENT

Spanish class

Primary 3 students during PTA performance.

Singing in Spanish during Hispanic Carnival.

Secondary, Primary and Kindergarten students during open day.

As a trilingual school, Rosaryhill School Primary students have a history of successfully learning language. In the past, our students have been fortunate enough to learn from teachers of English, Cantonese and Putonghua. However, beginning in 2011, our students added one more language from a highly-skilled native teacher. The sounds of the Spanish language can now be heard throughout our school as "Hola!" is called out between students and teachers. With the addition of the Spanish is Fun class once a week, students are introduced to another language in a non-threatening way. Spanish is a class the students enjoy because of the stress-free environment in which they learn. Although marks and exams are given, students smile throughout lessons.

Multiple students have gone beyond their classroom learning by volunteering their time, such as The Hispanic Day (12th of October) reading part of the book: El Quijote. For Open Day cum Spanish Carnival in March over 700 students from Kindergarten, Primary and Secondary sections sang a Spanish song together while they were dressed in HOLA T-shirts. During the afternoon performances students sang and danced and helped welcome the community to our school.

Due to the response and support of the Spanish introduction during the 2011-2012 school year, Spanish is growing at Rosaryhill. Students in the Kindergarten and Secondary sections will now have the opportunity to grow as students of the world as well.

EXTRA CURRICULAR ACTIVITIES

Apart from achieving academic excellence, our school believes in nurturing a well-round individual. Students are given chances to choose among a great variety of extra-curricular activities.

It is revealed that students are highly motivated in most of the extra-curricular activities like Chinese Poem Dance, Creative Writing, Little Chef, Board Games, Bridge Cub, Organic Farming, Rope Skipping, Little Scientist, Athletic Team, Painting Class, etc. Also, some students take pride in joining the uniform units like Brownies and Cubs.

We believed that students can develop co-operative skills through their extra-curricular activities.

We got many points.

We are scientists.

We play table tennis for fun.

We made beautiful porcelain paintings.

We like to make Lego robots.

BALL GAMES DAY

On the 22nd February, we thank God for granting us a sunny day. On this day all of our students gathered at the Aberdeen Sportsground, paying their full effort in various track and field competitions. What made this year's Sports Day special was the upper class students from Kindergarten coming to join us in the afternoon. They played some games and had a great time with our Primary 1 students.

Ball games day must be one of the most exciting activities throughout the year. On 28th June, 2013, each class showed their teamwork in basketball, football and dodge ball competitions. Class teachers also participated in the inter-class skipping competition, and we really enjoyed the joyful time we had.

P5 students showed their teamwork.

P4 students cannot stop waiting to start the game.

Winners were given prizes for their victory

P6B and their class teacher, Mr. Choy, did a great job in skipping

P6 students are skillful and energetic.

P3 students are playing table tennis.

Students are making crafts. It's cool!

WHAT A WONDERFUL PICNIC

On 6th December 2013, our school had a picnic at Sheung Shui Holiday Farm. Firstly, students from every level made different crafts using their full creativity. After that, we went to the farmland and got familiar with different agriculture plants and tools. In the afternoon, students enjoyed feeding animals and playing games. Through this activity, students experienced the country life and realized the importance of protecting wildlife.

Wow, it is so exciting !

Am I a good farmer?

Look! The animals are so cute!

CHRISTMAS PARTY

On 20th December 2012, the Rosarians from the primary section enjoyed the Christmas party along with Father, principal, teachers and PTA members. The day started with a mass held by Father Vincent. Five primary 1 students performed a cute drama, bringing us back to the blessed moment of Jesus' birth. After the mass, Santas from the PTA delivered gifts and best wishes to our students. In the playground, classes took pictures with Santa and sang Christmas carols. Everyone had a good time. It was definitely one of the most joyful moments of the whole year!

The Christmas decoration in Rosaryhill is always beautiful.

Let's start the party!

Let us pray for this blessed year!

Wow! There are so many Santas!

Look at our Jesus, Mary, Joseph and three wise men!

Let's have a group photo before we leave.

GRADUATION DAY, CAMP, LUNCHEON

Graduation is the most memorable event for all P.6 students in their six year school life. To make the graduation more meaningful and unforgettable, the school prepared successive events for our graduates.

On 24th of June, it should have been the first day of the graduation camp. However, due to the Red Rainstorm Signal, the camp was postponed to 25th of June. Although the camp was shortened to a two-day camp, the students enjoyed in the YMCA Wu Kwai Sha Youth Village very much. Through participating in the activities, students learned team spirit, communication and how to face challenges in a new environment.

On 3rd of July, we had the P. 6 Graduation Luncheon. This year, the Graduation Luncheon was held in the Regal Hong Kong Hotel. At the luncheon, students participated in games, lucky draws and hearty buffet with guests, teachers and schoolmates.

Last but not least, Graduation Day was held on 6th of June. In the ceremony, certificates and awards were presented to the students who performed well in academics, conduct and sports during the school year. Performances like dancing, skipping and singing by the secondary students, kindergarten students and P.6 students were the highlights of the ceremony.

Graduation is a time to remember, we wish all the graduates a bright future.

The cake looks very delicious!

Let us show you our team spirit!

Primary Section

TEACHERS' DEVELOPMENT DAY 2013 (TRIP TO SINGAPORE)

We are all ready for the visit to Science Centre!

What is typically known as Teachers' Development Day should have been called Teachers' Development Long Weekend this year. Indeed it was a very nice four-day holiday for those of us who participated in this year's event.

Our first stop was the Science Centre. It was an impressive exhibition centre with numerous hands-on exhibits pertaining to various science topics.

The highlight of the trip was undoubtedly a visit to either Holy Trinity Kindergarten or St Anthony's Canossian Primary School on the second day of the trip. We were split into two groups, so one group would visit the kindergarten, while the other would look around the primary school. Both visits were real eye-openers for us.

We had a rather relaxing day at Legoland in Malaysia one afternoon. Back in Singapore, we spent one evening at the Night Safari where we took a tram ride to look at some wild animals. On another occasion we went on an informative guided tour of Singapore's National Library. One of our groups also had a good time at the Underwater World while the other group was at S.E.A. Aquarium. The last major destination of our stay in Singapore was Universal Studios, giving us a rather enjoyable climax to the trip.

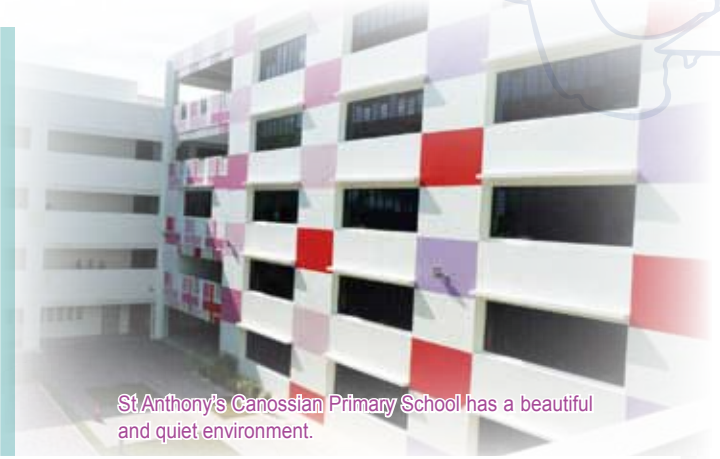

Besides having Teachers' Development Day, our school was again involved in the student-teacher programme. This year's event was organised in collaboration with HKIEd and four students from the Institute joined our school in spring for six weeks of training as part of their study. The student-teacher programme, along with the educational trip to Singapore, is testament to the importance that our school attaches to teachers' professional development.

Our teachers find this exhibit at Science Centre very fascinating.

From their smile we can see how much fun they are having at Legoland.

St. Anthony's Canossian Primary School has a beautiful and quiet environment.

Teachers of this group attend a presentation at Holy Trinity Kindergarten.

Everyone seems very excited about the trip on arrival at Singapore Changi Airport.

The four students from HKIEd pose with our Chinese Language teachers and the principal Ms. Wong.

All participants gather for a photo shoot after a presentation by the principal at the 'host school'.

P.4 STUDY TOUR TO MACAU

Supervisor, Father Francisco, Principal, Miss Wong, teachers and parents went to Macau together with primary four students on 7th December 2012. During this study tour, we visited certain spots. In Saint Paul School Macau, we had a lesson together with local students and experienced e-learning. We also enjoyed a 3D film in Macao Science Center and learned more about the history of Saint Dominic after the visit to Saint Dominic Church. Before leaving Macau, we bought a lot of souvenirs in Rua Do Cunha (Souvenir Street).

We enjoy e-learning with students of Macau.

Group Photo! Nice!

We visit Saint Paul School Macau..

We have fun in Macao Science Center

P.4-5 STUDY TOUR TO SPAIN

We could not leave without a Real Madrid football.

A lot of delicious ice cream was eaten on this trip!

The gardens were just as beautiful as the inside of the Royal Palace of La Granja.

We enjoyed our homemade paella in Cuevas del Valle.

We played a lot of games in our free time.

After studying Spanish for two years, this was the first year for a group of primary students from Rosaryhill to travel to Spain. On 15th June, seven students, two parents, two teachers, and Father Francisco left Hong Kong to spend two weeks studying and traveling in Central Spain. After reaching Ávila, Spain, each morning was full of Spanish language and culture at the local university.

Each afternoon, students and teachers were involved in a variety of organized activities. Some afternoons were spent in the park playing games. During other afternoons, there were guided and unguided tours around the walled city in Avila with multiple opportunities to learn about the local history and unique atmosphere. One afternoon was spent sketching in the 800-year-old Plaza Mayor where City Hall and a Roman aqueduct are located. On Friday afternoons, students, teachers, and parents learned how to dance the Flamenco from one of the talented teachers at the university.

During the weekends, students left their new homes in Ávila behind to travel to other parts of Spain. Students visited the Roman aqueduct and beautiful castles in Segovia and saw the stunning view of Salamanca from the top of Catedral Nueva. One afternoon was spent at a private residence in the village of Cuevas del Valle where students played with local children and ate an authentic Spanish meal of homemade paella. The final day was spent on a walking tour through Madrid where students visited the Royal Palace and finished their Spanish tour with churros con chocolate.

After such an exciting trip, it was hard to say adiós to Spain, but we have memories to last a lifetime.

During a 6km walk, we found a horse that liked eating grass from our hands.

After a long day of touring Segovia, we stopped to see the view of the walled city of Avila.

Churros in Madrid were a highlight of our trip!

The teachers made us happy to learn Spanish.

Adiós a Espana! See you next year!

The aqueduct in Segovia was built by the Romans and still stands strong today!

Spanish caves are cold and mysterious places. Watch your step!

Being with Father Francisco was a highlight of our trip.

We chose Segovia Castle to be our summer home.

P. 6 STUDY TOUR TO KOREA

We see a key-chain tree in the Seoul Tower.

We buy a lot of souvenirs in Myeong-dong shopping area.

We enjoyed the first meal in Seoul.

The 'Study tour to Korea' in 2013 was indeed an eye opener for all its participants, both the kindergarten and primary students and the accompanying parents. About 80 people took part in this trip on 22nd March 2013. We had a lot of fun in Seoul.

We went to visit Korea scenic spots like Teddy Bear Museum, Kidzania Childrens' Occupation Theme Park and Seoul Safety Experience Center. Before leaving Korea, we went to visit the Seoul Chinese Primary School. We taught the Korean students to learn how to speak Spanish. We had a lot of fun in Seoul.

PRIMARY PTA

Christmas Party (21 December 2012)

Our PTA Committee Members together with parent volunteers decorated the assembly hall, stairs and corridors of the Primary Section with snowflakes and Santa figures. Some of the parent volunteers also dressed like Santa and Mrs. Claus on the event day to deliver Christmas gifts to the students as well as taking class photo; we hope the children enjoyed the gifts and the decorations within the school campus.

Chinese Cultural Day (06 February 2013)

This year, we assisted the teachers in preparing the festival food and the materials for the children to experience Chinese Calligraphy. Students tasted festival food cooked by the parent volunteers, and they seemed to enjoy it very much.

Open Day cum Hispanic Carnival (17 March 2013)

Again, we organized booths for a Charity Sale. Our booths sold many items such as fish-balls, siu-mai, cookies, jeans, pet carriers, second-hand story books, balloon twisting, etc. Funds were raised to enhance school development for the benefit of the students.

Read with Heart Programme (April 2013)

There were 40 students who participated in this programme, and they donated HK\$6,924. The funds will be used for buying books for the reading corner of each classroom. Each of the participants received a certificate presented by the PTA.

Fun Day-trip (11 May 2013)

We went to Tin Shui Wai Greenfield Garden which provides different kinds of activities and BBQ. Kite Making Class was arranged for the students, and they were happy with their kites. Some of the families enjoyed water cycling and sand crafting, while other students enjoyed water activities, car driving and the bouncy castle. We had an enjoyable afternoon, and most of the students felt tired on the return.

Thanksgiving Dinner (11 July 2013)

According to the traditional practice, a thanksgiving dinner for PTA Parent Volunteers together with Supervisor, Principal and teachers was sponsored by the School, PTA and the Chairperson. We had a fun night with tasty food, karaoke as well as a lucky draw. The prizes of the lucky draw were donated by some of the parent members.

GRADUATES

SPEECH DAY

Rosaryhill School (Secondary Section) Speech Day 2013 was held on 25 May 2013. An audience of about 600 parents, staff, guests and Secondary 6 graduates gathered in the Bernard Charnwut Chan Hall to witness and take part in this delightful and memorable event. This year we were especially honoured to have Professor Professor Way Kuo, the President of City University of Hong Kong, to be our guest of honour and to confer our graduates.

After the school song, the Director of the Department of Religion, Father Vicente Sanchez, gave the blessing. Our ceremony then began with our principal, Mr. Robert Kwan's address. He showed his appreciation of the hard work and great effort the teachers and the graduates had put in throughout their school years, and proudly presented our students' remarkable academic and non-academic achievements.

Following the address of our principal, our guest of honour, Professor Kuo gave a heart-provoking speech to our graduates. He first congratulated the graduates for turning to a new page in their life. He said he was happy to meet and listen to young people from whom he could get new ideas, seek out their views and get extraordinary

insight into what they really think. He pointed out that the internationalization brought a marked impact to those overseas exchange students who were usually more mature and tended to speak and behave appropriately. He ended his speech by reminding graduates to keep listening, remain open-minded, stay young in mind and

spirit, look out for people who would inspire them and find out what they need to change so as to adapt today's every-changing world.

After the inspirational and encouraging speech delivered by Mr. Kwan and Professor Kuo, our Secondary 6 graduates presented their vote of thanks to everyone. Both graduates reminded their fellow schoolmates to hold on to 'the values and virtues' learnt in Rosaryhill School, and work to the best of their ability to light up their future and the world. This beautiful speech stuck in the hearts of every graduate and highlighted the peak of the ceremony.

The day was embellished with an impressive English drama, 'Beowulf'. It was an old English poem written sometime between the 8th and early 11th Century. Set in Scandinavia it is well-known as one of the most important works of Anglo-Saxon literature. The performers performed with passionate music and the audience enjoyed the play with a round of applause. After the ceremony, refreshments were served.

ENGLISH LANGUAGE EDUCATION

The English KLA Team aims to create an English rich learning environment that upgrades students' overall English proficiency. Apart from providing English drama training in the English Drama Club and a regular meeting place on Fridays at the English Café, S5F students were given a valuable opportunity to interview tourists on the Peak.

English Drama Club

2012-13 was another successful and rewarding year for the members of the English Drama Club. Under the mentorship of Ms. Doris Yu from the highly regarded drama group, the Seals Players, members prepared and then presented scenes from the well known Anglo-Celtic play Beowulf. The play presented many challenges given it is full of colour and movement, but all members remained committed to the club's goals and two successful performances were the result of much hard work, one on Speech Day 2012-13 and the other at the Tuen Mun Town Hall on 13th July 2013. Everyone involved agreed it was a rewarding experience that strengthened members' understanding and appreciation of the importance of commitment, teamwork and artistic interpretation using English.

When the old meets the new

Same as last year, in order to match with our NSS elective, Poems and Songs, we invited a girl band from our school, Genesis and Genevieve, to give us a live performance. We understand school is a place to nurture real friendship, so we chose friendship as the theme this time. Genesis as the guitarist and Genevieve as the lead singer performed a number of popular songs like 'Count on Me' and 'Umbrella' to spread the message of friendship. The activity ended with a song dedication session. Students grabbed the chance to express their feelings for their good friends. The atmosphere was touching and loving.

To sustain one of our objectives of founding English Café - to provide a more authentic environment for students to learn and use English, the café was open on some Fridays as we used to be for playing scrabble and board games. Students joined together in scrabble competitions. Some students lost on one Friday and they challenged the winner to play again on another Friday to take revenge. You can't imagine how funny the scenario was.

Apart from doing what we used to do, we also injected new ideas this year. In order to highlight another elective, Workplace English, we invited a past student, Ms. Emma Lam, who has worked in investment banks, to be our guest speaker and share her work experiences with us. She shared with us the importance

of English and what attitudes we should adopt in the workplace. She also told us her little secret on how to maintain her fluency in speaking English, that is, to read aloud news article every day.

In order to have something fun for students, we held a party for them to meet their schoolmates from other nationalities in our last English Café activity. When students came to the café, they had to simply "stay hungry and stay foolish". Why? So they could kill' all the snacks we served; and be curious enough to get to know their schoolmates better. They were requested to ask a variety of questions like what the traditional food and costume of their schoolmates' hometowns were or anything else that they would like to know more about regarding another's country. The room was filled with laughter and harmony and of course, the smell of the snacks!

This is the end of this academic year, but this is not the end of English Café. We will take a short break to review and restructure. We hope to provide a better place for you to have a better experience to learn English next school year.

The Peak Project

In May, 2013, S5F students involved themselves in 'The Peak Project', in which they were given practice in the classroom (Pre-outing), carried out interviews with English-speaking tourists on the Peak on 7th May, 2013 (Outing); and then they discussed and reported on their experience (Post-outing). Having engaged in a series of theme-based activities, they finally produced their project books and displayed them in the Senior Section Covered Playground from 6th to 7th June, 2013. The process of the project provided the learners with opportunities to use language for a genuine purpose. They went through interesting learning experiences before arriving at the end-product, and their sense of achievement has helped motivate them to confidently approach similar projects in the future.

MATHEMATICS EDUCATION

Mathematics Week

In order to promote the learning of Mathematics and raise students' interest in Mathematics, we have been organizing the Mathematics Quiz every year. This year was no exception. Groups of four students were required to try their very best to complete some Mathematics tasks including interesting questions and games.

School-Based Support Service

Since 2011, our Mathematics Department has participated in the School-based Support Service, organized by the EDB. We were deeply honored to receive the invitation to host an annual sharing session on "Constructing Mathematical Meaning through Interactive Lesson Designs" on 26 April 2013.

HKMO Open

In the Mathematics Competition called "2012 港澳數學奧林匹克公開賽 <港澳盃HKMO Open>" held by The Hong Kong Mathematical Olympiad Association, we are more than happy to announce that there were 2 gold, 3 silver and 4 bronze medals awarded to our hardworking students.

Fascinating Mathematics

The Mathematics Department organized 6 rounds of "Fascinating Mathematics" this year. There were 2 Final Awards, one for the "Highest Participation Award (最高參與率大獎)" for those classes that participated in all 6 rounds, and a second for the "Ultimate Champion (終極大獎)" which was awarded to those classes who scored 83% or better for all of the rounds.

The "Highest Participation Award" went to 1A and 3A in the Junior Section and 4A, 4B and 5D in the Senior Section. The "Ultimate Champions", were 4A and 4B.

PERSONAL, SOCIAL & HUMANITIES EDUCATION

ECONOMICS DEPARTMENT

The Economics and BAFS Department again provided Secondary four students with an authentic business experience – the management and operation of a stall at the Chinese Flower Market. Under the guidance of teacher advisers, students formed their own board of directors, management team and work force. They set company goals, decided on products to sell and wrote their own business plans. They capitalized, operated and finally liquidated their Companies. It was a 2-day event which was held between January 31st and February 1st 2013.

The program provided a valuable learning opportunity for students in the area of "Other Learning Experiences" (OLE) which is essential for their further studies and future careers. It was a school function and also a charitable activity with half of the profits made by all the companies donated to worthwhile causes. The whole event was educational and successful and well supported by everyone in the school.

We are looking forward to the Chinese Flower Market next year!

GEOGRAPHY DEPARTMENT

Field study is an indispensable part of Geography. Our S4 students subsequently went on a field study trip to the Mai Po Multiplex. They explored the different controversial issues relating to Mai Po and Deep Bay and in doing so better grasped the cause and effect of these issues through observation, interviews and games.

Secondary Section

HISTORY DEPARTMENT

The History Department arranged some valuable learning experiences outside of the classroom for our History Classes.

S.6 History Class visited Tai Hang Fire Dragon Dance during the Mid-Autumn Festival 2012. It was a highly beneficial learning experience that helped students better understand the traditional festivals of Hong Kong.

S5 History Class took an enjoyable day trip to the Central and Western Heritage Trail. This gave them a good opportunity to explore the history of Hong Kong through studying historical buildings. A photo-taking competition based on the theme, Hong Kong's local heritage, was also arranged for students. The competition encouraged students to illustrate Hong Kong's history through historical buildings.

The History Department also recognized students for their good performance and progress in History with certificates of recognition. The department aims to continue to encourage students' positive learning outcomes and strengthen their confidence in learning.

INTEGRATED HUMANITIES DEPARTMENT

Integrated Humanities Department focuses on establishing students with a board and solid foundation in the knowledge about Hong Kong, China and the World. Apart from the traditional curriculum design, we devised different strategies to raise students' English ability and interests in studying this subject.

This year, we designed some school-based English enhancement worksheets to make students be familiar with the subject-related vocabulary, part of speech, identifying causes and effects and

etc. These could strengthen students' awareness on learning the English elements through Integrated Humanities.

Furthermore, we enrich students' learning interests through various activities like "I Love HK" and "My School My Home" Bookmark Design Competition; "Trouble with Water" Letter Writing Competition; as well as the "Knowing Chinese Emperors"

Booklet Design Competition and etc. All these activities could exert students' creativity and raise their relevant knowledge. This year, a group of students was brought out to participate the RTHK broadcasting. They wrote a script about "the Judgment of Qin Shihuang" (公審秦始皇). They also took some courses to learn how to use their voice to present the roles. It was really an unforgettable and valuable experience to them.

We hope the curriculum and the activities could be beneficial to the students.

RELIGIOUS STUDIES DEPARTMENT

In recent years the school has been trying to increase students' sense of belonging. This is reflected in the 2012-13 school theme, "My School My Home". In order to promote a sense of belonging to the school the Religious Studies Department has organized many related activities for students. Different contests, including an Essay-writing competition and S1 Joyful School Life Project were held on the topic. Students used the contests to enhance their appreciation of teachers and classmates within the school in a positive learning environment.

There were also projects related to Abraham, the theme of this

year's Religious Week. Teachers encouraged students to, like Abraham, confront their fears and doubts and work hard to achieve their goals. Students were also reminded to look to God so they can find eternal joy in their life.

The Department also cooperated with other departments. For instance, with the Chinese Department for the Essay Writing; with the Physics Department to talk about energy in life and the importance of love as one of the "energies". These were all very beneficial to students.

Real experience is recognized as one of the best ways for students to understand the significance of moral values and truth. Some Catholic teachers helped prepare students for the Life & Death Education Camp. The students showed interest in

every item relating to death, e.g. funerals, parlors and cemeteries. They were inspired to think more about what life is, how they want their life to be, and how they could become more contributive in school as well as in society.

中國歷史科

本科一直以來主張帶領學生走出課室，參與多元化的歷史學科活動，因為我們相信歷史不只在書本中學習，親身接觸歷史、進入設定的歷史場景，必定能令同學直接思考呈現眼前的歷史內容和了解歷史在現代社會的意義和價值。

SCIENCE EDUCATION

BIOLOGY DEPARTMENT

To promote a healthy life style in school, the Biology Department helped to organize the Fitness Program of the Science Week in May. Students from Biology classes helped to check the fitness of schoolmates by measuring different fitness indexes, including height, weight, blood pressure, vital capacity, BMI and % body mass. Students gained knowledge and inspiration in organizing and participating in various activities during the Science Week.

Moreover, our Biology students joined a number of outside school activities and competitions, such as the Hong Kong Biology Olympiad for Secondary Schools (2012-13) organized by the HK Association for Science and Mathematics Education, the Secondary School Mathematics and Science Competition 2013 organized by the HK Polytechnic University, “第十二屆全港中學中醫藥常識問答比賽” organized by the HK Baptist University Chinese Medicine Society and the Science & Technology Seedlings 100 Plan organized by the HK Association for the Advancement of Science & Technology.

These activities gave students a good chance to use what they had learnt in Biology lessons and to solidify their knowledge. Through various activities, we hope students can develop an interest in Biology and thus be motivated to become active learners in Biology.

CHEMISTRY DEPARTMENT

The Science Quiz 2012-13 was held during Science Week on the 16th April 2013. 73 S4 students and 53 S5 students participated. Chung Hon Lam, MakKam Tong and YiuChing Kay, all from S4A, won all the subject quizzes for S4 and were subsequently crowned Overall Champion. S5 students, HoLokChuen, IpHinNam and Leung Tin Yuk won the Physics Quiz. Leung Chun Wing and Yam Chun Hang of S5B and Ma KaWai of 5D, won the Biology quiz, Chemistry quiz and the Overall Champion.

PHYSICS DEPARTMENT

Seminar on "Energy of Rosary" (jointly organized by RS and Phy Department)

The forum was conducted on the 24th April, 2013 and incorporated different perspectives to help students to develop a positive attitude towards the importance of religion and love, as well as treasuring our environment and energy.

157 students (S.3 ~ S.5) participated in the activity. Student participation was high and the response from students was encouraging. Students were actively engaged in each part of the talk. The forum aroused student awareness regarding love in RHS and helped them to face the challenges and difficulties they confront in their daily lives.

Secondary School Mathematics and Science Competition

A group of eight S.5 elite Physics students (S.5A – Chair Man Ho, Fong Man King, Fung Tak Ming and Poon Chi Ho / S.5B – Ip Hin Nam, Leung Chun Wing, Leung Yu Hang and Hui Ngai Hung) were selected as school representatives to participate in a competition organized by the Hong Kong Polytechnic University on the 1st May, 2013. The competition helped the students to widen their horizons. Leung Chun Wing received a Proficiency Award.

INTEGRATED SCIENCE DEPARTMENT

It is not easy to know the principles behind launching a rocket. To let students know more about the complicated theory behind it, our Department has organized a 'Water-powered Car Design Competition' every year during Science Week. All S2 students have to design their own water powered-cars and they are very creative by using different materials to make their cars. The car that runs the farthest distance during the competition is the winner.

To enhance our students' ability to learn Science in English, another activity – the 'Inter-class Spelling Competition' was held. All class representatives worked very hard during the competition and the atmosphere was very pleasant.

COMPUTER DEPARTMENT

In 2012-13, the Computer Department arranged an English typing competition in the 1st term and a Chinese typing competition in the 2nd term. Congratulations to all the winners.

S1 Students also completed cross-subject assignment which is an iron-on-picture project.

The curriculum also promoted the use of open source software in the form of portable apps. With the use of open source software, students can use a greater variety of legal software at home and school for free.

We have put mobile apps development in our S3 curriculum. With the use of App Inventor, students are able to write some simple mobile apps.

HEALTH MANAGEMENT AND SOCIAL CARE DEPARTMENT

Visit to Museum of Medical Sciences

The S5 HMSC students visited the Museum of Medical Sciences at the beginning of the term, on 26th September, 2012.

This was the first visit of the year designed to enhance students understanding of the Development of Public Health and the Conquest and Prevention of Infectious Diseases in Hong Kong. The visit provided a real life experience for the students to learn something about medical history in an interesting way that undoubtedly made it easier to remember.

Besides the exhibits, what was equally valuable was the building itself. It used to be the Old Bacteriological Institute, established in 1906, and was the first purpose-built medical laboratory in Hong Kong. Through the guided tour, the students learnt to appreciate the architectural features of the building, which was a product of the unique cultural, historical and environmental context in which it was built. The visit was really a valuable experience for students.

Visiting Castle Peak Hospital

The S5 HMSC students visited the Castle Peak Hospital on 30th January, 2013. It was a precious and meaningful experience for the students.

For all 21 youngsters, it was the first time that they entered a Mental Hospital. To them, a mental hospital should be somewhere heavily guarded and where the patients should be locked up to keep them safe. However, their expectations were wrong. The Castle Peak Hospital finished its 14-year-redevelopment project in 2006. It was more like a residential area than a hospital. The environment, the people around and the atmosphere were so relax that it could significantly help the patients for their rehabilitation.

We visited the feature centres of the hospital, like the "Centre for In-patient Daytime Program", "Tuen Mun Alcohol Problems Clinic", "Tuen Mun Mental Health Centre", "Mindset" and "E.A.S.Y. Service". They provided services which put emphasis on patient-centred care.

The visit informed the students and helped them better understand the health services provided by Castle Peak Hospital, which is a great help for their study of HMSC. At the same time, students found that psychiatric patients were not really so "horrible" and they hope that they can help them in one way or another in the future.

Last but not the least, students were invited to perform in various events. The S4 Speech Choir performed during the Golden Jubilee Scholarship Giving Day and the OSA Christmas High Table Dinner. All of the

Junior form students were invited to sing a Spanish Song with the primary and kindergarten students in during opening ceremony of the School Open Day and the NSS Music elective students performed in the Shanghai music tour of the Wan Chai Joint School Music program.

LIBERAL STUDIES EDUCATION

The Liberal Studies Department is a young department with a 4-year history. Though young, it is progressive and keen to develop and stretch students' potential.

The Liberal Studies Department has set up a Liberal Studies Commendation Award. The purpose of this award is to award those students who have outstanding or good performance in both academic and activity results. The award also aims to encourage students' positive learning outcomes and strengthen their confidence in learning.

The year 2012-13 was another fruitful year for the Liberal Studies Department. At the beginning of the term, the Liberal Studies Department was invited by the Law Society of Hong Kong to do a teach-in mediation activity and some of our students were interviewed by the Hong Kong Economic News. What's more, the Department enrolled over 50 students to participate in Teen Talk 2012 organized by the Law Society of Hong Kong. Our students had a good chance to express their opinions and perform a role-play in front of over 2000 participants. In fact, the Liberal Studies Department used this year's Teen Talk to impart LS's ABC to students: A for awareness, B for broadening and C for critical thinking.

There were plenty of joyful moments and celebrations for our Liberal Studies students in the year 2012-2013. Our students participated in many inter-school and public competitions and the results were encouraging. In the "Eye Care, I Care" Creativity Competition, Gigi Tang of S6C received a Merit Award. A group of S5 students won two prizes (The Most Creative Micro-Film Award and the Most Popular Micro-Film in Facebook Award) in the First Liberal Studies Micro-film competition organized by the Shue Yan University and Family Learning Association. To promote cross-cultural awareness, four S4 students (2 local students and 2 NCS students) were nominated to participate in the Cross-

DSE-PE Classes Orientation Camp

So as to bring DSE-PE students together to initiate a comprehensive preparation for the HKDSE open exam, the PE department held a special 2 day orientation camp for all DSE-PE students. The camp was held at the Chinese YMCA of Hong Kong in Wu Kwai Sha Youth Village on the 5th-6th October 2012.

The highlights of the 2 day training camp were team building and experience sharing. We designed a series of adventure based training activities to help students to construct links with other classmates and invited some recent school graduates to the camp at night time to share their experiences on the senior years of schooling and exam preparation.

Hong Kong Sevens Guided Tour

A traditional major sport event, the Hong Kong Sevens, was held on the 22nd to 24th of March 2013 at the Hong Kong Stadium. As in previous years, our school obtained an opportunity in joining the guided tour of this popular international event on the 22nd March 2013. A total of 36 students and 5 teachers enjoyed the event.

Inter-class Sports Competitions

[Link People Together] is our theme for running inter-class sports competitions.

In 2012-13 Inter-class sports competitions created a platform for teachers and students to work together and all were highly welcomed by both students and class teachers. A significant benefit of the competitions was their ability to help teachers with their class management. The organization of different kinds of sporting competitions also helped to fulfill the needs of many students.

The competition schedule and results were:

Events	Group	Date	Champion	1 st Runner up
Basketball	S2-3 Levels	Oct 2012	Boys: 3B	Boys: 2B
			Girls: 3B	Girls: 3D

INTEGRATED LEARNING WEEK

Learning is not only confined to classrooms and to academic subjects. Children should be trained in self-discipline, be socially aware, physically fit, and be able to appreciate art and culture. The Integrated Learning Week (ILW) is one of the treasurable events of our school. The week from 29th October to 3rd November 2012 was dedicated to this meaningful school function.

A number of study tours and educational camps were organized for senior students. This year, we had study tours going to three East China cities including Shanghai, Hangzhou and Ningbo, which aimed at observing the business and economic development of the areas. The study tour to Beijing gave students the opportunity to appreciate Chinese culture, both historical and contemporary. The tour to Xiamen / Jinmen allowed students to experience two places under two different political administrations in China. The students who toured Macau visited different Portuguese style old buildings and churches. Students also tried to experience the fast economic development of the other 'SAR' of China. We also visited a sister school of ours. Japan was a new place to go this year. An exchange tour to Matsuyama was organized. Our students visited the Aiko School there and experienced a lot of interaction with the Japanese hosts.

Besides study tours, five camps, namely the Astronomy and Geography Camp, the Religious Life and Death Study Camp, the Sports Camp, the Art Camp and the Mathematics and Science Camp were held. Interested participants of these camps could further explore different subjects through activities provided in the camps.

There was a community service activity during the ILW, where some twenty elderly persons came to our school. Called the Elderly Academy, a group of students helped teach the elderly citizens some skills in the areas of cooking, computing and sports.

For S.1 level, students of the whole form level attended a three days' personal development camp at the Duke of Edinburgh Camp while all S.3 students attended a Smart Teens Training camp (adventure-based training camp) on Lantau Island. S.2 students visited local heritage sites at Ping Shan and Yuen Long in the New Territories on one day and on another day students went on an eco-tour.

Youth Ambassadors are “buddies” of the junior peers to encourage them to take part in activities held inside school, such as Cooking Fun, making small gifts for teachers at Christmas and outside services such as flag-selling day and fund raising activities. They also set a good role-model for their junior form peers so as to cultivate a harmonious and caring school culture

Various activities were carried out successfully such as in-school workshops, voluntary services, hiking at Hong Kong Aberdeen Country Park and a day camp at Pok Fu Lam PHAB camp.

Stars of the Month

A program entitled 'Star of the Month' is introduced in S1-S3. There are different themes in a school year, such as Star of Courtesy, Star of Tidiness, Star of Breakthrough and Star of Helpfulness. We aimed at cultivating the theme of love and care for others and develop a positive value among students.

We aimed at helping local students and Non-Chinese students to have more mutual understanding and interaction with each other so that they can make friends though there are cultural differences.

Drama Competition 「灣仔戲味」

Fifteen S.2-5 local and non-Chinese speaking students have joined the drama competition organized by Wan Chai District Council. The theme of the drama was to promote cross-racial and cross-cultural understanding and communications. Our students have won the 1st runner-up in the competition.

Some S.3 & S.4 students participated in the workshop in Teen Guard Valley- Crime Prevention Education Centre held by the Society of Rehabilitation and Crime Prevention with our school social workers in May 2013. The topic was about 'Escaping from breaking laws' in which students have joined different activities, such as the Maze, "Simulated Cell," Chessboard and experience sharing. A sense of social responsibility among the participants was cultivated.

YES Program

This program is jointly held by Baptist Oi Kwan Social Service, St. James Settlement and Wan Chai Police Force which aimed at raising self-esteem, interpersonal skills and problem-solving skills of teenagers through police volunteers' sharing, adventure-based programs, social services.

Besides, We had participated the Youth Enhancement Scheme and Smart Team program in this academic year as usual.

MENTORSHIP PROGRAM

The Mentorship Program is organized by the Careers and Guidance Team of Rosaryhill School (Secondary Section) with assistance from the Rosaryhill School Old Students Association ("RHSOSA").

In 2012/13, 30 S5 students were admitted to the Program as mentees. After careful review of the background of the mentors and the interests and expectations of the mentees, they were divided into 11 groups under the guidance of 22 mentors who are alumni working in different industries.

The Program aims to allow the mentors to share their experiences and knowledge with the mentees and to enhance the quality of mentees' experience by interacting and exchanging ideas with their mentors.

During the year, the Mentorship Sub-Committee of RHSOSA organized several group activities for the mentors and the mentees to get familiar with each other, such as the Opening Ceremony, Christmas High Table Dinner, City Orienteering Competition, Cooking Party, Personal Character Recognition Workshop, and Ball Games Day cum BBQ.

Other than the above group activities, each group of mentors and mentees utilized different channels to communicate with each other, such as making phone calls, sending messages or emails. In addition, they had gatherings and workplace visits that allowed them to share their thoughts, feelings and experiences.

Visiting workplaces allowed mentees to better understand a mentor's working environment and life.

The City Orienteering Competition helped develop team spirit and leadership and broadened the mentees' knowledge.

The Christmas High Table Dinner offered an excellent opportunity for the mentees to learn about the correct dress code and table manners required for a formal event.

THE NON-CHINESE SPEAKING (NCS) SCHOOL LIFE IN RHS

This year, 2012-13 is the third "official year" that our Secondary Section, Rosaryhill School has been running the "NCS (Non-Chinese Speaking) classes, or, on the other perspective, the international classes. Indeed, Rosaryhill School has embarked on rendering a long history of being an open, multi-cultural educational institute ever since her establishment in Hong Kong.

Recall in the beginning of the school year of 2010-11, we merely had only 9 NCS students being enrolled in the Secondary 1 level! Among several teachers, I was one of them to interview, to understand these students coming from different ethnic backgrounds. Later, I formulated some school visits to several NCS primary schools in order to arouse the attention of students and parents of this NCS background to get more interest and attention to the unique environment of our school.

Time flies, at present, in the Junior Section, there are totally 5 international classes, in S.1 level, it is 53% student population with NCS background whilst in the S2 level, it is of 35%. Among them, students are of South-east Asian origins, like: the

Philippines, India, Pakistan, Nepal, Bangladesh, Spain, Canada, U.K., Columbia and the U.S.A. With the dedication of our teachers' endeavor, we manage to furnish our love and pastoral care to these NCS students in addition to the local Chinese students altogether. The overall school atmosphere as portrayed by this "new" group of NCS students have unexpectedly brought along with harmony, mutual respect and even better school ethos in the Junior Section in recent years.

Meanwhile, we have assistance offered by the Baptist Oi Kwan Services Center to provide lunch-time activities to the NCS students and the local Chinese students altogether, with the active involvement of their NCS program worker in addition to the participation by our NCS Student Counselor, Mr. Ali, an outstanding figure to the NCS students. In the final term, this is the 2nd year that we have held the Secondary 1 Multi-Cultural Show in order to bring along mutual appreciation and respect among our new S1 students!

In the coming years, I believe that more school resources will be put forth to cater these NCS students in the academic, pastoral care and co-curricular aspects, and indeed one of our new 3-year Major Area of Concern is to develop our school into a multi-cultural school of distinctive characteristics!

At this instant, one point I would like to address that actually quite a large proportion of these NCS students were born in Hong Kong, and actually they should be regarded as our "local" students likewise as I believe that most of them will prefer completing their study life in Hong Kong and having their career developed and contribute their knowledge and passion to this territory by all means!

Finally, may I re-iterate again that being educators, we believe that Rosaryhill School has the capability and resources to house students coming from non-Chinese background and enjoy their learning opportunities in this institute filled with love and care!

NEW YOUTH SOCIETY

New Youth Society gatherings were held from September 2012 through to June 2013. Students enjoyed the meetings as there were different activities prepared for them such as song recitals, Bible readings, sharing, movies and mini-games. All were designed to help communicate Jesus' teachings and positive moral values. Groups of students under the guidance of Fr. Vincent, Fr. Christopher, Ms. Angela Chan, Ms. Jessica Leung, Ms. Amy Loo and Mr. Joseph Yip enjoyed the activities which allowed them to grow and become more responsible for themselves. A sense of belonging and positive, caring teacher-student relationships were gradually built up. The New Youth Society was one of the biggest clubs in the Secondary Section and at the end of the year there were 84 active members, something we feel proud of!

CATECHISM CLASS

In 2012-2013 Catechism Classes were held weekly during recess time. Though time was short, students enjoyed the classes and learnt much knowledge about God. Compared to previous years the classes were comparatively more condensed and spiritual as Fr. Vincent shared many Catholic values with students. One student who attended the classes may be baptized next year. Thank you God for having been our safeguard, taking care of us and guiding us towards becoming a more humble and gentle person.

ALTAR SERVICES GROUP

The Altar Services Group allows students to get closer to God, and to serve God more fully in their daily school life. At the start of the year members were not familiar with one another but they quickly developed a sense of partnership and belonging. Members openly discussed ideas, values and attitudes on a number of topics throughout the year that revealed mature thinking and discipline. Members also participated in spiritual training and were willing to learn, and to give to others selflessly.

中文學會

你知道猜燈謎的由來嗎？你清楚臉譜背後的意義嗎？你了解中國上下五千年的悠久歷史嗎？古人云：「紙上得來終覺淺，絕知此事要躬行。」意思是書上得來的知識是遠遠不夠，還需要親自實踐才会有透徹的認識。中文學會正努力貫徹這一點。這一年來，中文學會組織了豐富多彩的活動，讓同學們在課餘時間也能學到與中文有關的知識，沉浸在玩樂的同時亦能加深對中國文化的認識。比如，元宵節時的猜燈謎，師生一起畫臉譜，設計五花八門與中文有關的攤位等。參與這些活動除了能令受益匪淺之外，還能從中獲得同學間真摯的友情以及建立良好的師生關係。

將來，中文學會會組織更多有趣的活動，希望在那時，能在這個大家庭中看到更多同學的身影！

PHONICS CLUB

Do you have problems pronouncing unfamiliar English words? The Phonics Club aims at helping local S.1 students who have trouble in sounding out simple English words. In 2012-13 club members learnt to decode words through games and become more confident in speaking. In the end it helped them improve their confidence in English!

MATHEMATICS CLUB

In 2012-13, the Mathematics Society conducted its regular meetings after school every Tuesday. Most members were S4 students but there were also some S5 student participants. In each meeting, students worked together to solve Mathematical questions. Some Mathematical games such as Sudoku, Rummikub, See Card, Rush-hour and 3-D Chess were also played. Students were particularly interested in playing Rummikub which not only trains their independent thinking skills, but also enhances their sensitivity towards Mathematics.

So students were well prepared for the external Mathematics competitions, a special training course was also held during the meetings.

HISTORY CLUB

The History club held two visits in the 2012-13 school year. The first one was a visit to the exhibition, 'Fabergé: Legacy of Imperial Russia', which was held at the Hong Kong Heritage Museum. This exhibition displayed masterpieces crafted by Peter Carl Fabergé (1846-1920). The Art club also attended the exhibition. The second visit was to the exhibition, 'The Wonders of Ancient Mesopotamia', which was held at the Hong Kong Museum of History. The exhibition introduced students to the ancient civilization of Mesopotamia. Students were able to view remarkable and beautiful artifacts and learn where they were found, how they were used and to marvel at their uniqueness and worth. During the two visits, students revealed their passion for History and enjoyed their learning experiences immensely.

RED CROSS YOUTH

Two Blood Donation Days were held on 14th September 2012 and 8th March, 2013. After the students, members and nurses of the Red Cross had done the preparation work, the blood donation started. The nurses gently completed blood tests and measured blood pressures of donors before they gave blood. Student helpers patiently assisted the blood donors, nurses and teachers.

The atmosphere in the hall was tranquil and soothing. After giving blood, the donors took a seat in the designated area and had a drink and some biscuits. Some of the donors were eager to share their experiences with others while others sat quietly. When asked about their feelings, all of them said that they were happy since blood donation is a meaningful experience that could help save lives.

SCOUT

The 98th Hong Kong Group has been established for over 45 years and is situated at Rosaryhill School to provide support during major school events and create a platform for students to experience outdoor activities, leadership, teamwork and traditional scout crafts.

The group has undergone significant change during the past few years, namely the extension of services to senior students through the opening of the Venture Scout Unit, the widening of our activities to sea adventures, and its enhanced involvement in community services as a registered social services unit of the Hong Kong Island Region.

In Scouting, we emphasize "Learning by Doing" and "Train the Trainers". With a well designed progressive award system and proficiency badges in diverse areas supported by experienced Rosarians as Scouters, we aim to instill fine citizenship in our members by providing whole-person development and training fine trainers.

LIBERAL STUDIES SOCIETY

Radio-broadcasting is a wonderful experience!

We enjoyed the talk shared by Mr. Alfred Cheung

Liberal Studies Annual Quiz – the cup of Medicine

The Liberal Studies Society aims to enhance students' awareness of contemporary issues, broaden their horizons by participating in inter-school competitions as well as developing students' critical thinking and research skills.

The Liberal Studies Society has flourished in recent times and now has more than 90 members. 2012-2013 was also a fruitful year for the Liberal Studies Society. We participated in many inter-school competitions and the results were very encouraging. The most impressive one was the participation of "歷史古仔由你講" organized by the RTHK and the Hong Kong Culture Development Association. We had three participating teams. Our marvelous performance was recognized by the public. Before the show, we did lots of preparation, including participating in training courses by broadcasting elites Alfred Cheung and Francis Mak.

What's more, we arranged for three teams to participate in the prestigious Liberal Studies Annual Quiz – the cup of Medicine. All three teams progressed to the second stage and it was a good opportunity for them to widen their horizons as they had to compete with more than 100 participating teams from different schools.

"Initiative is the agent which translates imagination into action." That's why our members always take initiative in taking part in different inter-school competitions.

ART CLUB

The Art Club aims to provide chances for students to take part in different areas of arts activities. We joined and organized various arts activities this year, such as the Painting on Fabrics Competition 2013, Art exhibition visit and Art booth on Open Day. Our students enjoyed the activities very much.

Art Exhibition Visit (6 February 2013)

The Art Club organized a visit to the Hong Kong Museum of Art to view a special exhibition, "Andy Warhol: 15 Minutes Eternal".

Art Exhibition Visit

Painting on Fabrics Competition 2013 (1 March 2013)

This activity was organized by St. Paul's Convent School (Secondary Section). The aim of this competition was to provide a platform for students to share their creations and show their creativity to others. There were three themes for students to base their work on. Yim Wai Wai, an Assistant Curator of the Hong Kong Museum of Art from 1985 to 1993 was also invited to judge and speak at the Competition.

Art Booth on Open Day

Painting on Fabrics Competition 2013

Art Booth on Open Day (17 March 2013)

The club also organized a booth for the school's Open Day and provided some small games for visitors. We made puzzles out of some paintings from famous artists such as Picasso, Frida Kahlo, Dali, and Joan Miro. Visitors could get a prize after finishing one of the puzzles.

COMMUNITY YOUTH CLUB

The Community Youth Club aims to encourage CYC members to be proactive in serving the community, promoting social awareness and setting a good example to the community. Through voluntary work experience, members learnt to appreciate the well known saying, it's better to give than to receive.

In October 2012, our members took part in the Hong Kong Joint Council of Parents of the Mentally Handicapped Flag Selling Day to help raise funds for the Trailwalkers Community Education Centre. On Christmas Eve 2012, our members organized and ran a Christmas celebration day programme for an Elderly Center Visit at SAGE Eastern District Elderly Community Centre. Activities like healthy exercise and a guessing game were organized. Our students were actively involved in holding the activities and elicited lots of laughter from our 'buddies'. Their enthusiasm and effort was very much appreciated by the 'buddies'. After the service, our members agreed that bringing happiness to others was the best way to celebrate Christmas

At the end of the school year, voluntary work that served the needy and underprivileged was jointly organized with a restaurant owner in Sham Shiu Po, Ming Goh, Chan Cheuk-ming, to deliver packed meals to the needy and the underprivileged.

Most of us consider a packed meal to be affordable and easily obtainable so our members were shocked to discover how desperate and grateful some people were to get a free packed meal. They realized that we should never take things for granted and to cherish what we have.

Lastly, we were delighted that two of our members, S6F Talia Kennelly and S6E Quinn Lai were awarded the Purple Badge (Level 3) under the CYC Member Merit Award Scheme for their continuous effort in participating in voluntary work.

VOLUNTARY VISIT TO CHINA

Qingyuan Experiencing Tour

"Learning" should not be restricted to the classroom, so students in our school are encouraged to learn through "services". This was the fourth year our students participated in the Qingyuan service tour. 22 students, mainly from junior forms, went to visit two primary schools, one secondary school and an elderly care center in Qingyuan.

The program for the five days tour was decided by the students themselves. They showed their love, care and patience during the activities with the local students and elderly people. The tour provided an opportunity for them to serve others in need and helped raise their self-confidence.

Guangxi Wuzhou Social Services Exchange Tour

22 students joined the exchange tour in Wuzhou, Guangxi from 11 to 15 July 2013. The aims of the tour were to help students' understand more about different cultures in Mainland China and provide a chance for our students to experience the different lifestyle that exist between urban cities and rural areas. During the 5-day trip, our students stayed in a primary school which was located in a rural area. Various activities were hosted by our students. Group games and handcraft lessons were arranged for the primary students. Our students also visited some families in the rural area in order to experience their life. Debriefing was held every night for students to share their experience and feelings so as to attain the aim of co-learning. Most of our students understood that happiness was not always with them and that they needed to show their gratitude to the people who hosted them.

LEADERSHIP TRAINING

The two leadership training camps were held this year. One of them was Senior Leadership Training Camp. It was held on 15 & 16 September 2012 at HKFYG Jockey Club Sai Kung Outdoor Training Camp. There were 56 student leaders joining this camp. They were given a series of fun and challenging activities during the camp. Through the activities, they had learned and enhanced their different leadership skills. We hoped providing leadership trainings to our students to equip them well to face the challenges in their future.

The junior leadership training camp was held on 27 & 28 April 2013 at Cheung Chau Salvation Army Bradbury Camp. The junior students learned how to cooperate and communicate with each other. They reflected that they experienced the importance of teamwork, meanwhile their self-confidence was also built up by overcoming the challenges. They would like to try to take up responsibility in the coming years. After the training, there was a Leadership Training Camp Certificate Presentation & Report Sharing Ceremony held on 3 June 2013. The participants were eager to share their experiences with fruitful reflection and group project to the teachers and parents. Both the teachers and parents were impressed by their outstanding performances.

STUDENT COUNCIL

Student Council Election 2012

Three Cabinet Candidates were formed for the 2012 Student Council Election. The Election was held on 18 May, 2012 in the School Hall during the lunch hour plus the teachers-students interaction time.

The Election Committee 2012 set its election engineering chariot in motion quickly after the Cabinet Candidates had introduced themselves during the Morning Assembly. Having gone through a series of election activities, such as Election Forum, Election Talks, etc, the voters went to the polling stations at the School Hall to cast their ballots. The votes were counted by the Election Committee 2012 under the witness of the Monitoring Body of Ballot Count 2012.

Finally, NOVA, was elected by a simple majority and were therefore declared the Student Council Executive Committee for 2012-13.

Student Council Executive Committee

The Cabinet, NOVA, was inaugurated on 13th September, 2012 in the School Hall as the 46th Student Council Executive Committee (SCEC). Throughout the year, the SCEC held a number of functions, including Halloween Night, in which the Hall was decorated as a haunted house on 22 October, 2012. Around 200 students attended the event and it was reportedly the scariest haunted house they had ever seen. The annual Singing Contest was staged in the Hall on 16 May, 2012. The well prepared and organised Inter-class Football Competition was held with zero injuries reported. The winning team was S.4C. To help promote and support the school's theme, 'My School, My Home', the SC organised White Valentine's Week, in which SC executives acted as messengers to deliver chocolate flowers to the teachers, the menial staff and their fellow students. Love was spread among different parties in the school. The last activity organised by the Student Council was the Dodge Ball Competition. Participants showed high levels of team spirit and sportsmanship throughout the competition.

Recommendation

Being Cindy's English teacher for two years and her assistant class teacher this year, I would like to nominate Cindy to be the Student of the Year as I have witnessed the great effort she has put into her studies as well as serving the school and the community. I believe recognition should be given to her remarkable achievement, positive learning attitude and excellent behaviour. Despite being the top of her class, she never stops improving herself. She is always eager to knowledge by being a very dedicated student who actively participates in the lesson. Her peers are positively influenced by her as she always offers assistance to her classmates who need help. Her work is always of high quality and she handles each assigned task seriously. Being cooperative is another positive attribute of her. She has good leadership skill as she is cooperative in her class. Having rich organizing experience as well as organizing extra-curricular activities can make her become confident and outstanding. She is a truly good role-model for our students as she possesses the quality of a well-rounded person since she does not only do well academically, but also striving hard in different subjects, she is also trying her best to challenge herself and gain more experience by joining different activities and competitions. I believe she is well-deserved to be awarded the student of the year.

STUDENTS' ENGLISH WORK

My Second Year at RHS

Sneha Lalwani 2B

Time really does fly..... It flies exceptionally fast when you're having fun. I can't imagine that it was already at the end of my second year. I love this year. It's amazing! I really feel happy and satisfied with this year. Last year, I missed the opportunity to join the sports team. I was a bit late, so I couldn't join in. Last year I was full of plans and ideas. Then came along Procrastination. But, this year, I could complete my plans. I could join the badminton club.

The most unforgettable experiences in this school for me were probably the Singing Competition, Sports Day and the Dress Casual Day Christmas Party. Oh.....and not forgetting the day when The Exchange came to our school I was really happy that my friend Nicole, Elizabeth and Rachel short for REN won the second place in the Singing Competition. There were fun games on the Dress Casual Day and the Sports Day was exhaustingly tiring (but fun!)

I feel really lucky studying in Rosaryhill School. The teachers are so kind and caring! They do not give up on teaching any students no matter how good/bad they are. They spend time on us! And they love us with their hearts. I also found a really good friend. She was new to the school. Her name is Joanna. She is Nepali and she is kind, funny and friendly. And I can talk to her in Hindi. Of course, my friends like Nicole, Rachel, Elizabeth and Melanie are great! Nicole is my best friend out of all of them.

I really hope next year can be as much fun and enjoyable. I hope there will be more activities. I hope that I can make more plans and complete them too. I hope I can develop more of my talents and hope to be really good at studies.

~ Jessica's Blog ~

Jessica Young 5B

The HKDSE Exam was over. Yeah! My friends and I had planned a trip to Japan for 10 days and we decided to stay at my grandparents' house. It was the first time that I went abroad without my family! Does it mean that I am old enough?

The first station of my trip was Osaka. The flight flies about 4 hours, I was a bit tired but I didn't take a rest because I was so excited!

The first food we ate was ramen (ラーメン), I highly recommended you to try it in Japan. The ramen was "al dente" (Italian) and the soup was rich and the barbecued pork was...simply DELICIOUS!

The next day, we visited the Osaka castle that's near my grandparents' house. Before that, we walked along a beautiful path with lots of flowers and we could hear the cicadas making their sounds. Although summer is hot, we went to the hot spring. There were different flavors of hot springs such as rose, green tea, wine and even coffee! Wasn't it interesting? After that we went shopping!! Girls love shopping very much, so we went to a BIG shopping mall that especially for teenagers. We bought a lot of clothes, accessories and souvenirs!

The next station was Kobe, a place in Hyogo prefecture. Can you guess what we did there? We tried to make butter and ice-cream by ourselves! That workshop was usually seen in Hokkaido, but we found that in Kobe! Do you think we were lucky? After that we went to Ikebukuro, we went to an instant noodle factory to make a self designed cup noodle. We could pick at any kinds of ingredients and flavor we wanted. It's quite interesting! Look at my masterpieces!

The last station was Kyoto. The most important thing we did was to find a restaurant, settle down and start to enjoy our meal. The food in the picture

was called Fried Sea Food bowl if I translate directly. After that, we started our temple trip.

The first thing we saw was the Kingkakuji (Golden Pavilion). Although I stood far away to see it, I could feel the aura from that magnificent temple. Amazing!! If you have watched an animation called Detective Conan before, I think you will know where

Have you realized yet? That's Kiyomizu temple. The animator of CONAN, Goushou Aoyama (青山剛昌) drew that temple and showed it in the movie series!

Near the end of our trip we went to a place that we could "cosplay" to be a villager of Edo Era (江戸時代). We dressed up as an ancient lady in the village and we spoke, walked, behaved and generally pretended to be living in an ancient time. Some local people pretended to be a killer and commit a murder, so the victims would also pretend they were killed. It was funny but when I was in that situation, I felt a bit afraid because I started to enter the era of EDO.

Do you think my trip was interesting and exciting? Do you want to try such a trip? Japan is a really wonderful country, trust me? I highly recommend you to go to Japan and enjoy the activities you like. See you, Summer! See you, Japan!

雜亂無章的書房（片段寫作）

李曉靜 中四己

在一間只放得下一張上下床、書桌和一個貼牆的衣櫃的房間里，到處都有歷史的「遺跡」。門鎖上掛著一個垃圾袋，裏面裝滿紙屑和零食。書桌上聳立起一座座小山丘，都是由漫畫書、工作紙和一些頭飾堆積而成，不僅遮擋著「山」后黑色的電腦屏幕，而且好像隨時都會山泥傾瀉。書桌旁邊的床頭柜上，擺放著昨日的香蕉皮和飲料罐，蟑螂和螞蟥作為他們的粉絲從遠處慕名而來，在香蕉皮上滾來滾去。地上有不少從天而降的「隕石」，他們是薯片大軍，他們紛紛散落在各個空隙角落。上下床的上床到處堆滿皺巴巴的衣服，娃娃亂巴巴的疊在枕頭旁邊，目光呆滯地看著遠處堆積著灰塵的小書架。

痛苦也美麗

譚海儀 中六丙

中國中學生作文大賽（香港賽區）銀獎作品

千年以前，世間充滿各種罪惡，上帝派遣耶穌到人間，為人洗罪。耶穌深愛世人，為世人所犯的罪心痛不已。耶穌決意為世人受罪，希望世人因此得到拯救，從此向善。污辱、背叛、如漫天蓋地的尖銳荊棘，狠狠地折磨著耶穌，使他頭破血流，使他體無完膚，使他傷痕累累。痛苦，蜿蜒的藤條，在耶穌體內塗鴉生枝。耶穌最終被判死刑，為世人而死，飽受肉體之痛。但耶穌說：「主愛世人，信我者必將隨我到父親那裏。」

啊！這種在極度痛苦中仍能生生不息的愛，這種在痛苦中仍謳歌的向善之心，這樣的，美麗的，聖潔的痛苦。

百年以前，在哪骯髒的馬廄裏，那臭不可聞的草堆裏，躺著一位瘦骨嶙峋，飽經滄桑的老人。老人手中緊緊拾著一個麻袋，他時不時舔舐著麻袋，眼里卻崩發著君臨天下的氣勢。是的，他曾經是一個王，如今卻被敵國俘虜。他苟延殘喘地活著，懷著有一朝一日卷土重來，東山再起的雄心，忍辱負重地活著。最終，時機眷顧了他，他暗渡陳倉，一舉前織滅國。

是的，這個老人，不，這個王者就是越王勾踐。這個甘愿承擔千斤痛苦亦誓要奪回江山的王，在痛苦中孕育復仇心，在痛苦中仍要臥薪嘗膽，在痛苦中仍保持著君王的尊嚴，君臨天下的信念。

啊！這種在極度痛苦中仍是星火燎原擴散的雄心壯志，這種在痛苦中仍吶喊的君王的自尊，這樣的，美麗的，壯烈的痛苦。

冰天雪地，寒風刺骨，沙皇殘酷無情的剝削。俄國，曾是一個地獄般的國度。人民，生活在深黑的溝渠裏，用單薄的肌膚與利劍般的冷空氣對峙。貴族間卻正流行著殘忍的玩弄奴隸遊戲，抓來年輕的奴隸，讓他們僅用腳尖立于地面，否則則砍斷他們的腳趾。一個又一個奴隸倒下了，最終，只有一個女孩用腳立了起來。她的腳沾滿淤泥。布滿傷痕。她的腳趾甲早已磨得流血了。貴族中有人驚嘆：「藝術啊！」于是，這樣的遊戲成了藝術，成了後來為世人所驚嘆的瑰麗的芭蕾舞。

芭蕾舞，藝術的奇葩，凝聚在那腳尖上的優雅，何曾想過芭蕾舞演員們那隱藏著的布漫漫的雙腳是承受了多大的痛苦。這樣的痛苦，連帶著前人悲慘的過去一起流傳了下來，默默地訴說著奴隸的堅韌頑強的生命力。啊！這種在極度痛苦中仍能堅韌不屈的生命力，這種難以忍受地壓迫在腳尖上的痛苦，這種凝聚在痛苦之中的藝術之美。

產房裏，她孤軍作戰。痛楚一陣又一陣，逐漸強烈。她感到身體正在裂開，那種撕心裂肺的疼痛索繞著她每一條最敏感的神經末梢。他以為鮮血已包裹了她，他以為死神就要來臨。突然，身旁的白衣天使說：「加油啊！快要出來啦！她的心中兀地燃起一團希望，一團糧要迎接新生命的希望。痛楚已是可怖的無法用言語比擬了，然而，在她那小小的身體

里卻迸發著一股巨大的能量與之抗衡，面對著痛苦，迎接著痛苦。最終，在這痛苦的盡頭迎來了一聲嘹亮的嬰兒的啼哭。」

母親，總是在經歷過巨大的痛苦后才誕生的。生命，亦總是那與痛苦抗衡後的勝利戰品。這樣珍貴的生命伴隨著痛苦存在著，而人的一生亦常面臨著各式各樣的痛苦，但只有勇敢面對，迎接這份痛苦的人，才能獲得新生。

是誰層說過，蝴蝶的美麗完全取決於它忍受破繭的痛苦，人的美麗亦完全取決如何與生命中的痛苦共存。

文憑試之後……

徐志永 中六己

文憑試結果公布後，有人認為學業成績欠佳的學生應努力謀求升學出路，待學有所成後才投身社會工作，但又有認為可以先工作，吸收工作經驗，然後在工餘才多加進修，我叫認同後者更為人所容。

在這波譁雲詭的社會中，人們蠕蠕前行，時代的變遷及進步是非能預測的，前人深信知識能改變世界，不論學生成績是否欠佳，也應該努力謀求升學出路，帶學有所成後才面對社會，後人主張以經驗取勝，所謂：「工多便能藝熟」，有工余的時才進修，面對著如人生般重要的一步一文憑試，若成績優異，當然扶搖直上，開啟人生的前途的一條光明；若成績欠佳，應取其前人的意見，還時後人的智慧？

古人能十年寒暑苦讀，望在科舉中得一狀元，榜眼或探花，然而能當上一個小小的九品小官，希望能衣錦還鄉，現今的文憑試就好比科舉制，不同的只是形式等細節，古人能用數個十年來換一探花，我們又能用多少時間去換一個大學學位？幸好，我們不像古人般只能得一法出路，我們升學的出路多如毛發般，細不可數，但要待學有所成後才投身於社會工作，避免也太難了，孔子、老子、墨子、韓非子也學有所成。畢竟，學習就是一個無底深潭，跳下去，就要不停地向下深潛。學有所成，是很難其界定的，有些人會認為今天我仍有父母所養，可處於安然，無憂無慮的世界，對自己的身份仍是求學者，就能以學習去避開社會的殘酷。一天父母仍在，仍學要依賴，仍覺未學有所成，仍能避世，此種的未感學有所成，不是儒道墨法四家的創立人所示的謙虛，此是避世的想法。

反之，先工作，取經驗，後進修更能令人努力面對人生，雖然古人提倡：詩、書、禮樂、春秋等書去引出知識的重要，先有知識，方可工作，但我們也有仁、義、禮、智、信去為人，為人重要？還是知識重要？可想而知，是前者，先工作，像蘋果公司的喬布斯也是捨學習，取工作成就，大家也能有目共睹。先工作能夠取其他的經驗而為人，個人也提及到讀破萬卷書不如行萬里路，可見親身的經歷比起知識還重要，一天不公作，一天就不會明白知識的重要，亦不會虛心向學，只顧在父母的身軀下活著，有父母的依賴，也不會學得自己能投身於社會，所學的已能面對工作。

大抵於學鳩與蝸等低俗物嘲笑鯢鵬；數棵灌木已是整個天下，父母的金錢就能養活你一世，不用疲於奔命，便以學未有所成去避於社會，活於個人世界內，畢竟，位於不同的位置，收入眼簾的風景也迥異，今天你親視學識不足而無以面對社會。哪天，懼怕是社會視你學習不足而捨棄你，今天我們就像鳩與蝸一樣，自視數灌木已是整個天下，一些的學識就能步進社會，可惜，事實卻非如此，能在社會上站立的人卻是擁有無數經驗，及不斷進修之人。

朝困不知晦朔，蟪蛄不知春秋，人總會錯過美好的事物，同樣，若謀求升學出路，待學有所成才投身社會，則錯過經驗，以及發現自身的渺小及知識的不足，反之失工作，取經驗，則也錯過「知識」，所以要持續進修，人人心中的涅槃皆不能同現，像我們的螻蛄則最好以經驗的吸取為人，畢竟，人才是社會主導者，夏蟲不可語冰，限於時也，同樣我們不可知道他人的想法，也是限於對人的了解，吸取對他人的經驗和了解他人，以及進修，知自己的不足就為人也，亦能站上社會的一位置。

“Home is where the heart is!”

CHAN PATRICIA TSZ KI 5F

Home is a world that you will always learn from your school, your parents, yourself during our growth. However, what exactly is home? Is it only a place where you can live? Is it only a place where you live with your family? Or is it a place where memories were made? From the dictionary, home is a place one lives, a dwelling place together with family or a social unit that occupies it. 'Home is where the heart is!' Although the dictionary doesn't describe or include it, I believe that home always exists in my hearts, in my soul, and in my dear, dear school.

Home sweet home, a song which has been known for over 150 years, poetry and singers always mention its name. 'Mid pleasures and palaces though we may roam; be it ever so humble, there's no place like home.' Despite its beautiful melody softly moving our heart, the lyrics of the song touches our heart directly with its sweet wordings. In reality, authority and money may be way more attractive for us, but is that what you all want? What do you desire for after having granted all your wishes? Our heart is not replaceable, it is the same as our home. There maybe a lot of temporary shelters you meet in your life but they are neither everlasting nor safe. My school, my home, is also where my heart belongs.

From my perspective, home is a place where there's always someone waiting for you. A story in the bible—The Return of the Prodigal Son, has perfectly proved it fair and nice. A young son left his home after receiving the money from his father, having luxury portions and lascivious lives for years. Still, the patient father waited for his son to come back though his elder son asked him to give up. At last, the young son came back and was welcomed by the father. Warmth and appreciation surround him instantly while being kissed and hugged by his father. Actually, teachers are acting the role of the father in our school, who will always patiently waiting for our return no matter how far we go, how wrong we are. And we, the young lost son wandering around, neglecting the truth that they already have a home, searching for our moral for living.

School is a big home, a big family. Not only a place for learning, it is a place to share, to improve ourselves and to appreciate. We make friends in this home, we have quarrels but always laughter is flowing among us. We connect our social network and relax our stressed nerves here. We join activities and gradually growing to be more outgoing and mature enough to face the society, fulfilling our fruitful school lives. Without doubt learning is a must for us to learn and equip ourselves with knowledge and abilities to prepare for our graduation from school. Here we share our memories, we affirm our value and appreciate every person we meet.

If one asks me if 'Home is where the heart is?' can apply to my school, without any consideration, I will answer a definite 'Yes!' A seed grow gradually in a lot of soil, bathes under the soft sunshine and is nourished by water every day, till it becomes a big tree where shelters are provided for the lost. Me, a tiny seed germinates under such a great home, and the school, a gardener cherishing us.

Home sweet home, there's no place like our home, our school—Rosaryhill School.

The disadvantages of using smart phone at school.

KHAN AAFREEN 3C

Now-a-days, many people use smart-phones because of their mobility. I agree that it is helpful, but using too much smart phones can be addictive to some children. Having a smart-phone in your pocket can be handy, especially in tough times like when you're lost and you don't know the location that you are going, then you can use the maps provided in smart-phones. This is really convenient to use as you can have everything and every kind of information in your pocket, but that doesn't mean that you should use it every minute in your life.

Since they are convenient, many people relied on smart-phones too much and can't spend a moment without them. This is a signal of mobile phone addiction and even kids at the age of nine or ten have smart-phones. Having a phone isn't a bad thing, but start using smart phones at such early age can lead to addiction.

As we all know, technology is upgrading in every minute. Everyone can own something looks good and works perfectly but that usually panic with insomnia. For students, their academic results will be affected. Many people tend to show-off with their newly purchased goods like smart phones and other devices. Many people say that showing off isn't a bad thing and that it's totally normal but I disagree with this statement. If you addicted to mobile phones, it will definitely influenced youngsters' personal development. For instance, they will be unable to keep smart phone or other devices away from their sights. When they wake up in the morning, they'll find their phone in their hands or right next to their pillows.

I myself am a smart phone user, but I don't intend to get addicted to it. It is a great means of entertainment as it is fast, stylish and handy but it can be a distraction during examinations. When you have to study, you find it indeed wasting your time. Getting addicted is a bad situation. I have to be honest and say that I had spent a lot of time on my phone on weekends but I will regret it at night.

Parents should also help their kids. It's good to keep your children busy with household chores or even walks to the park to have a little family time. It's good for them to check their children if they go to back before sleeping.

As much as I know, teenagers like myself, can be attracted by the design of the phones, not only on the attractive look, their functions should be work perfectly too. Moreover, people should learn to control their addiction by doing other things, things which ia unrelated to technology or multimedia. They should be focus more on studies for a brighter future.

感動人心的事情

陳璟宸 中五己

今天在校裡發生了一件很感動人心的事情，從而讓我感受到學校真的是一個大家庭！

玫瑰崗學校是一間與別不同的學校。不是因為師資優良或學生文武雙全。而是學校包容和接納了不同種族的人。我們的學校不但有本地學生，還有南亞裔和內地的學生。曾經有校外人問：「你們彼此之間能共融嗎？」當時我一言不發，因為我不敢理直氣壯地說聲：「能！」原因是在這社會上，歧視永遠存在。即使沒有歧視，也會存在一定程度的偏見。

我曾看過一篇故事，黑人與白人相撞後，白人不屑地說了句：「真髒！」便走了。但黑人非常介懷，回家後不斷使勁地搓自己的皮膚，希望能把皮膚搓白。可惜，搓出來的不是白暫的肌膚，而是刺眼的鮮紅。這故事想帶出的不是黑人的愚昧，或者是白人的無禮，而是歧視會為他人帶來的傷害，但歧視者卻渾然不知，繼續用語言去傷害人。讀過後，我一直認為世上絕對不可能會零偏見。但經過了今天，我的想法完全改變。

平時在校裏，初中部大部份都是南亞裔學生，而高中部就是本地學生。我常常覺得兩邊是不同的世界，彼此不能共融。而且老師曾告訴我們，南亞裔學生的民族意識很強，因為他們自小被灌輸一個思想是其他膚色的人不一定能接納的。加上，他們不懂中文，所以形成了難以溝通的現象。學校裡的學生也不是每個也能說流利的英文，有些更是怕害羞不敢溝通，這導致兩部學生很少交流。

今天中文科舉辦了中國語文嘉年華，我一如往常地與朋友一起答問題，贏獎品。這時，我看見一名南亞裔的女

學生忸忸怩怩地走了進來。她與其他學生很不同，只是站在一旁默默地看著，其他同學的喧吵熱鬧好像完全感染不到她。突然，一名本地學生不小心碰了她一下。她馬上道歉，並且神色緊張。其實那名學生完全沒有怪責之意，但她只是一味顧著道歉，說著半咸不淡的廣東話。旁邊的一名中五生看見這奇異的情況，便走來了解一下，漸漸圍觀的人一圈一圈地增多，當然我也是其中之一。旁邊的人笨拙地用英語問她為什麼一直說對不起，並且然後安慰她。那名女生小聲地說了句：「我想參與。」這時整個禮堂都靜了一下，然後眾人都莞爾一笑。同學們都紛紛合作起來，帶著她到各攤位玩。最令我刻骨銘心的一幕是本地學生希望教她寫學校的名字，但寫到「瑰」的時候，她停下來，並且整臉通紅。我想她應該是不懂如何寫，而這時她身旁的本地學生毫無遲疑地握著她的手，一筆一劃地把「玫瑰崗學校」寫好。他們的手形成極大的對比，一黑一白，而且那名女學生書寫後，臉上流露的喜悅，完全將之前驚惶失措的樣子一掃而空。那一幕仍歷歷在目，我頓時明白什麼膚色、什麼語言、什麼文化都通通不存在了。只有真誠相待的心才能打破如此多的隔閡。

這份感動仍縈繞在我心中，揮之不散。如果這時還有人問我彼此能共融嗎？我一定可以很肯定地回答：「能！」因為玫瑰崗這個家充滿愛、包容和關懷。雖然歧視或偏見在社會上難以消滅，但這個大家庭將一切隔除在外，形成保護傘，隔去一切。這個家跨越了種族，溫暖我的心靈。雖然只是一樁小事，但卻將這份愛無限放大，讓我徹底感受到學校是一個大家庭，為每人帶來溫暖和悸動！

幸福就在簡單中

黃穎怡 中二甲

「我只想守著簡單的幸福，我不想一生那麼孤獨，一聲囑咐，簡簡單單便是幸福。」

——題記

可有人用繁雜的公式計算過幸福？

幸福也等於x加y嗎？

擁有「百金買駿馬，千金買美人」的萬貫家財幸福嗎？擁有「雲想衣裳花想容，春風拂檻露華濃」的絕美容顏幸福嗎？擁有「繡羅衣裳照暮春，蹙金孔雀銀麒麟」的奢華端莊幸福嗎？也許不是吧。

幸福，是口渴時的一杯白開水。

幸福，是沮喪時的一個微笑。

幸福，是飢餓時的一個漢堡包。

幸福，似乎沒有甚麼定義，它似乎遙不可及，卻又好像是觸手可及。

人生在世，又何必不停地苦苦追求金錢、容貌呢？何不放慢腳步，回頭看一看，幸福不是很簡單的麼？

在天真無邪的孩童時代裏，我們的幸福是滿載載的——一根棒棒糖，便是我們一整個下午的快樂；一球雪糕，便滿足了我們所有的欲望；跟爸爸媽媽一起去遊樂園玩個痛快，心裡就會樂滋滋上一個星期。

漸漸地，我們向童年揮手告別，青春迎面而至。有的人覺得幸福就是走在潮流的尖端、有用不完的金錢或者是不停地換新手機等。可是，正值豆蔻年華的我們為何不簡單一些？晴天的下午，跟朋友在藍天底下踏著單車，談談笑，也是很美好幸福的；沮喪的時候，出去走走，讓暖暖陽光灑在身上，讓清風吹拂髮梢，不也苦惱全消嗎？我想，這應該也是世上最美好的事情吧。

可是，生活在大都市的人們，每天面對著激烈的競爭，繁多的瑣事，拼命追求財富，到頭來，他們幸福嗎？

曾經在報紙上看到過關於幸福的報章——

病人說：「幸福就在健康中。」

孤獨者說：「幸福就在友情中。」

小孩子說：「幸福就在吃不完的零食中。」

……

我說：「幸福就在簡單中。」

簡單就在幸福中，幸福就在簡單中。

凡事不強求，知足常樂，順其自然就好，一切都變得簡單，你就會幸福。

現在，筆尖在紙上起舞的時候——我很幸福。

現在，你在用心仔細閱讀文章的時候——你幸福嗎？

TEACHERS STUDENTS DAY

The Teachers Students Day (TSD) is one of the traditional events of our school. On this day, not only teachers and students of the current school year enjoyed a day of fun and celebration, a lot of old students also made use of this chance to visit their alma mater to see their teachers and friends.

Most of the events were prepared by teachers and students together. Different game-stalls were prepared, some by students, some by clubs, one stall by old students and a couple of them by parents. There were competitions of various ball games such as basketball and volleyball, between teachers' teams and students' teams. Teachers or students could participate in some minor games such as Chinese checkers or golf pitching at various venues.

The TSD is also a warm and joyful day to celebrate Christmas. After all the class parties, teachers, students, parents and more than one hundred old students gathered in the school hall for the heart-felt entertainment programme to celebrate Christmas. The programme featured a fusion of Christmas caroling, African drums and social dancing. The performers and audiences' mood was incredibly upbeat when the audience joined the dancing.

S6 GRADUATION DINNER

People with elegance dressed up the Harbour Grand Hong Kong Hotel with sumptuous decorations to help celebrate the Graduation Dinner on the 11th June 2013. As the sun dipped below the horizon, the dinner commenced with the singing of the school song. This was followed by encouraging speeches from our Supervisor, Father Francisco de las Haras, and our principal, Mr Kwan. We were grateful to have the presence of many teachers and the president of the OSA and PTA and graduate students.

Before we ate, each graduating class presented a class gift of appreciation to their class teachers to show their heartfelt thanks. The meal began with a prayer, led by Father. During the meal Videos were shown to remind the students of the laughter and tears they shared together at Rosaryhill School. The video clips impressed all of us and became part of our precious memories. There were also games and a quiz to enjoy. The quiz related to the teacher-encouragement video shown on the night and questions relating to our school. The banquet room was filled with a harmonious atmosphere.

The Graduation Dinner is always a touching event during which S6 graduates express their gratitude to their teachers for the care and devotion they've shown throughout the years. Students also seized every opportunity to take photos with their beloved teachers and schoolmates in the hope of recording every single moment. The Graduation Dinner may be the last occasion that we can come together as a united group, but one thing that is everlasting in our hearts will be our sense of belonging with the school. It was an evening of glamour and delights because our hearts were overwhelmed with gratitude and fond memories of each other.

Over 30 alumni participated in this program in 2012/13, they visited Ronald McDonald House ("RMH") on 28 October 2012 and 26 May 2013 respectively and prepared meals for the sick children and their families.

RMH serves as a "home-away-from-home" for families with a seriously-ill child being treated at area hospitals, and provides support to organizations that serve the needs of children.

Ronald McDonald House – Fund Raising

Rosarians are always the best!

OSA sent more than 50 volunteers to participate in the selling of RMH raffle tickets on 10, 11, 17 and 18 August 2013 at several McDonald's Restaurants and UA Cinemas. Comparing with other organisations which had already commenced selling the raffle tickets from 1 June 2013, the OSA volunteers were able to raise more than HK\$60,000 within four days. Based on this outstanding result, OSA received the Awards of The Most Active Participating Team and The Team with the Highest Fund Raised.

SUPPORT TO STUDENTS

Mentorship Program

The Mentorship Program is jointly organized by the Careers and Guidance Team of Secondary Section and the OSA. It has been successfully run for four years.

RTHK invited our alma mater to share its story with the public. On 21 May 2013, an interview with Ms. Evy Cheung (teacher-in-charge of Mentorship Program), Mr. Edward Ng (mentor) and two mentees was broadcast to share their experience with the public.

In 2012/13, we recruited 22 alumni to act as mentors and chose 30 S5 students to be their mentees. Generally, every three mentees were guided by two mentors, who would share their experience in studies and in work with the mentees.

THE LORD'S PRAYER

*Our Father in heaven,
holy be your Name,
your kingdom come,
your will be done
on earth as in heaven.
Give us today our daily bread.
Forgive us our sins
as we forgive those
who sin against us.
Do not bring us to the test
but deliver us from evil.
Amen.*
