Message from the Supervisor

Dear Friends,

It is my honour to greet you and share with you through the Rosaryhill school annual. Our school was founded by the Dominican Fathers more than 60 years ago and is situated in the mid-levels in Wan Chai. Situated on the northern hillside of Hong Kong Island with a rich historical tradition of “ample” school campus with about 140,000 square feet. It is famous on its beautiful environment, good resources and modern facilities for students to study and for teachers to teach in and its good class size structure and student population arrangement is favoured by most of the stakeholders.

This year, the Dominican Family celebrates the 800th Jubilee Year anniversary of the death of St. Dominic, our founder. St. Dominic de Guzman is known not only as an eminent preacher and man of God, but also as a good educator, loving, patient and tolerant to his followers. He deeply understood that as a good educator, one should first of all be a humble and hardworking learner. Just as we can see at the foyer of our School basement, St. Dominic is depicted in art with a symbol related to his work and his legacy: a book showing his enthusiastic love for study. He dispatched his followers to the ‘peripheries’ to study, to teach and to learn. He made study and teaching part of our lives, reminding us that we can only share the truth if we possess it and doing so, we ought to dedicate ourselves to study and to live what we teach. This makes learning and teaching as an intentionally lifestyle choice.

Generation after generation, there were men and women who were inspired by his spirit, and not only became great scholars, scientists, men of letters and the arts, but most importantly, men and women dedicated to God and to the service of humanity.

Sadly today, many people are not interested in studying and even find it boring to read books, making education nowadays more difficult and challenging. This adds to the gravity of the many crises which we face.

Yet in the midst of all these difficulties, and with the inspiring of Saint Dominic our special patron and model, we may rise once more from our sadness and despair, and be animated by God’s grace to continue to work together for a better future.

May St. Dominic continue to guide and encourage us to carry on our mission as educators and in our task in forming great men and women for our tomorrow.

Department of Religion

If the previous academic year 2019-2020 was an irregular one, unfortunately the situation has not improved in the year 2020-2021. We have continued to suffer many restrictions imposed by the COVID-19 pandemic.

There has been a lingering feeling of dissatisfaction due to having to cancel many of our religious activities. All these measures have affected the spiritual climate in our school.

In the Primary Section, we have tried to continue with the Morning Prayer, but how difficult has it been! We could not go to the covered playground and experience the encouragement and support of the big assembly praying and singing together. How much I miss that! We had to content ourselves to go to one classroom and then broadcast it to the other classes by Zoom. We can say that it was better than nothing, and the students had the chance to pray and receive spiritual blessings at the beginning of the day.

In the Secondary School, our presence has also been very much curtailed. The same as in the private sections, the schooling time was limited by the EDB and these restrictions have made it impossible to have a regular Morning Prayer, as we used to have in the school chapel. Instead, once a week, we had a Prayer session by Zoom. As the father in charge of the Department of Religion, I tried to encourage and provide spiritual nourishment to our teachers and students. But the conditions were so limiting! The possibility of interaction and feedback was nearly absent, but we tried our best.

This annual report seems to be a long series of complaints, and this is not how I would like to transmit my message. I would like to emphasise the importance of cultivating a spiritual

atmosphere in Rosaryhill School, because this is the best contribution we can offer to our students. And as an example, I would like to share the experience of a friend of mine who worked in our school, and now she is trying to help in the Sunday school of a Hong Kong Parish. She told me that the Sunday school students, mostly P3 and P4, were nice and friendly, but they did not have the spiritual maturity of the students in our Primary Section. She said that the parish students were very superficial in their answers and sharing, whereas our students were much more serious and profound,

as they have received a better spiritual education. I was so impressed and gladdened by this observation! I only hope that the Holy Spirit may continue to inspire and strengthen us to carry on our mission for the spiritual well-being of our teachers and students. This is what really matters and I pray to our Mother Mary, Queen of the Rosary and Patron Saint of Rosaryhill School to cover us with her protection, each and every one of the persons working and studying in our school.

May God, the Lady of the Rosary, and our Father St. Dominic bless us all.

Fr Vincent Sanchez, O.P.
Director of the Department of Religion

Christmas Mass

This has been an unusual year that we were somehow distant, but we tried our best to get connected at the same time. Father Vincent, the Director of the Department of Religion, gathered together some Catholic teachers from both the Primary and Secondary sections to prepare a Christmas message to all the students as well as all the teaching or non-teaching staff of the

school, so that the love of Christ and the Great News of Christmas could be spread around the corner. A YouTube live meeting was held so that the school could meet every one safely.

Ms. Agnes and Mr. Charbie from the Primary Section were the MCs for this spectacular event. People were encouraged by Fr. Supervisor with his warm Christmas speech; the Long Service Awards were also first announced and celebrated. Every one wished each other a Merry Christmas online. This day was truly remarkable.

Long Service Award

As we all know, the Long Service Award is the most honorable award for staffs in Rosaryhill, who have completed 10, 20, or 30 years continuously with valuable effort that has led the school to a success.

Here are the awardees who have achieved these milestones. Congratulations to all !

Golden Jubilee Scholarship Giving Ceremony

The Golden Jubilee Scholarship was established on the occasion of the 50th Anniversary celebration of the school by the Old Student Association. The aim is to commend students for their outstanding performances in studies, co-curricular activities and services.

There are four different awards, namely Allan Au Award, Choi Sai Leung Award, Sik Ping Award and William and Nancy Shih Award. They are sponsored by four of our alumni, Mr Allan Au, Ms Shirley Choi, Mr Thomas So and Ms Edith Shih respectively. The scholarships are presented to the students with outstanding performance in each section every year.

First Day of School

The first school day is different from previous years. Due to the epidemic, we can only meet and communicate with children and parents for the first time through Zoom meeting. Luckily, the epidemic eased in October, everyone finally had the opportunity to see each other in person. Everyone was crying when they get to the school campus, because they all miss their parents, but after entering the classroom, everyone was attracted by the familiar faces of their friends, teachers, and the beautiful environment in the classroom.

Birthday Party

Birthday Parties are celebrated monthly. Due to the impact of the epidemic, children were unable to bring in their own cakes to school to celebrate with their classmates and teachers this year. Despite of the situation, children still enjoyed the games and fun they've had during the birthday parties.

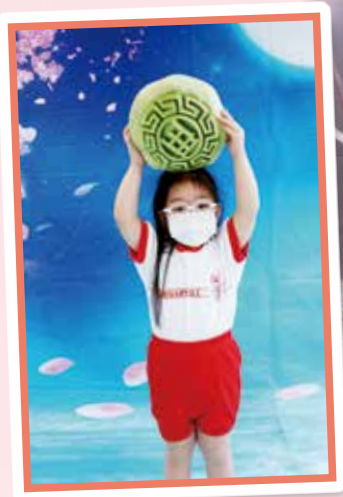

Mid Autumn Festival

Mid-Autumn Festival is a traditional Chinese festival. Children from Nursery, Lower & Upper classes returned to school on 30th September, 2021 to celebrate the Mid-Autumn Festival together and to feel the festive atmosphere of the Mid-Autumn Festival.

Children took pictures in the Mid-Autumn Festival scenes, watched Mid-Autumn Festival stories and played with lanterns in school. They enjoyed the Fun Day with their beloved classmates and teachers.

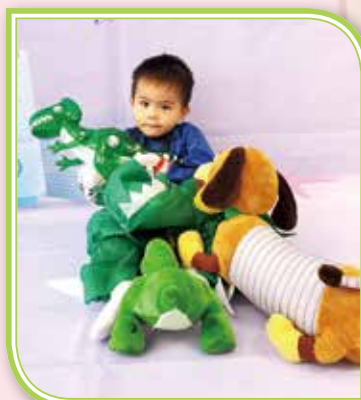

Character Play Day

Children dressed up as their favorite characters from different movies and books during the Character Play Day on 6th November, 2021. Some children dressed up as Snow White, Jessie and Woody from Toy Story, others as Elsa, Anna and Olaf from Frozen as well as many Princes and Princesses in Upper class. Throughout the day, children danced in their costumes as well as doing arts and crafts. Everyone looked beautiful in their costumes.

Educational Excursion

Due to the epidemic situation, Educational Excursion took place on campus this year. Each level participated in different activities. Pre-Nursery and Nursery classes carried out picnic activities, in which they have learnt about the food to bring for picnic. Nursery students played with bubble water during the picnic and had a lot of fun!

Children from Lower and Upper classes enjoyed kite-flying activities in the school playground. They tried their very best to fly the kite as high up in the sky as possible. It was a sweaty day with full of excitement.

Christmas

It's Christmas again!
Even though this year's Christmas celebration could not be held in school, it's very special for everyone to play games together, listen to stories and sing and dance together during Zoom meeting. The most unforgettable thing was that in addition to teachers and children, the celebration gave parents the opportunity to participate together. Excitement and laughter filled the screens on computers. After school resumption, everyone took beautiful Christmas photos together!

Chinese Cultural Week

During the Chinese Culture Week under the epidemic, everyone could not gather together to beat the gongs and drums to watch the lion dance as before. They could only watch videos to feel the Lunar New Year's atmosphere, however, they can still make lanterns, write spring couplets and twist tangerine balloons. Chinese New Year celebration is the best time for everyone to sing, play and laugh together.

Games Day (Pre-Nursery & Nursery)

Games Day was held in school this year. Our little athletes played different physical games with their companions, such as walking on the balance beam, ball shooting games and so on. Everyone was engaged and excited. After the event, they each won a medal! Everyone was happy!

Games Day (Lower & Upper)

We invited parents and young children to design a flag for Games Day as cheering props during the activity. Children used them to cheer their teams and it was really encouraging for players to see them during their games. The flags were beautiful and children enjoyed making them greatly. The football activities were stunning, everyone played for several trials.

Mother's Day

We held Mother's Day in order to let the children express their love and gratitude for their beloved mothers. During the Event, children had the opportunity to sing, dance and prepare artwork as a gift for their mothers. It was indeed a meaningful event filled with love for everyone.

Father's Day

It was a pleasure for students to celebrate Father's Day in school. Children sang father's Day song and made handmade crafts and small gifts for their beloved fathers to thank them for their hard work and love!

PN Project-Transport

Little passengers are easily seen on different types of transportations. However, little drivers are harder to find, but we've got many at RHS. Pre-Nursery students pretended to be drivers, pedestrians and traffic commanders. They have learnt about zebra crossing and many different road signs during the activity.

We have set up a mini road safety town at RHS.

Nursery Project-Bakery

Due to the suspension of classes, Zoom lessons were the norms during the last semester. Food was the theme taught at that time and children started to discuss how to make dough balls and shared the process and experience of buying bread with their families in the bakery during their Zoom lessons. They have shown a lot of interested in this topic. After resumption in March, teachers and children worked together to make a bakery shop. Children drama played different roles such as bakery chef, clerk, and customer and more. They enjoyed this activity very much.

Lower Project-Barbecue

Due to the food consumption restriction on school campus, Lower classes had to enjoy a pretend play barbecue activity this year outside the playhouse. Even though, the food wasn't real, but children still enjoy barbecuing their lobsters, chicken wings and steaks greatly. Joy and laughter surrounded the flaming fire. It was indeed a "HOT" as fire activity for everyone.

Upper Project-Supermarket

Upper classes carried out a supermarket project activity this year. Students collected different items from the supermarket and brought them back to school. They sorted and arranged the food together. In addition, they designed the price tag and named their supermarket as Rose Supermarket. Children pretended to be customers, salesmen and cashiers. Such experience allow them to feel the joy of grocery shopping.

Leisure Time- Pre-Nursery & Nursery

In addition to different themes and language classes every day, children can participate in other activities in groups, such as: playing in the family corner, big blocks, toys and puzzles in the Playhouse. In the classroom, they can enjoy playing with play-doh, painting, life-skills practices, teaching aids, etc. Children not only learn from the games but to enhance their social skills as well.

Leisure Time-Lower & Upper

The beautiful and comfortable environment allows children to engage in various activities, such as singing and dancing in the music room, trying different facilities in the playhouse, enjoying the park and sports fields. These activities aim to promote social and physical development, and establishing a positive and confident attitude.

Disney Grad Days

The coolest way to mark the beginning of the graduation events is this Disney Grad Days. This was another extraordinary year for the upper students. During the school suspension and having zoom lessons alternatively due to the new Coronavirus epidemic. Our school tried our best to arrange the photo shooting for the graduates and left them the memorable experience with the Mickey Mouse in Disneyland despite the potential restrictions might appear.

The happy faces on the graduates couldn't hide from the masks.

Graduation Ceremony

The 62nd Kindergarten Graduation Ceremony was held on June 12. There are 140 graduates in this academic year. In view of the impact of the epidemic, it is necessary to reduce the number of gatherings. Therefore, we had 3 sessions of graduation ceremony, with two classes in each session. We invited Mr. David Chow, the treasurer of the old student association of Rosaryhill School as the guest of honor. Mr. Chow's speech was based on the school motto "VERITAS" on the school badge. In addition, besides presenting the graduation certificates, we've also presented different academic awards to the graduates.

Message from the teachers

Upper A 羅燕婷老師

相遇是一種緣份，感謝天父的安排，讓我重回玫瑰崗這個大家庭，有機會去教導及照顧Upper A的小朋友，陪伴他們成長。在和小朋友相處的兩年寶貴時光中，與他們一起學習、一起經歷、一起成長，是我最快樂的事。Upper A是充滿著愛的班級，他們朋輩間會主動互相幫忙，關懷對方，雖然有時也會吵鬧，但當明白道理之後，他們會以包容的心繼續成為好友。小寶貝們，你們要繼續努力呀，以真誠的心去對待所有人！

今天，你們要畢業了！腦海中湧現一份不捨的感覺，衷心感謝天父在這兩年來的眷顧！回想起兩年前見到一張張陌生而可愛的面孔在教室內出現，看著你們在一天一天成長和進步，看見你們由被動變主動，建立起關係和信任後，由不敢表達內心世界到樂意與老師傾談心事，我很珍惜這段亦師亦友的關係，無法簡單用筆墨來形容，卻深深印在腦海中！特別在畢業禮時，見到你們認真的表現，努力做好每一個儀式，令我極為感動。

面對與你們分離，我真的從心底覺得萬般不捨，但看到你們為升讀小學一年級而作好充足的準備，又感到十分欣慰！祝願你們開開心心地展開另外一段學習新里程，努力學習，將來成為社會棟樑，擁有豐盛的人生。天主保佑！

Upper B 唐倩儀老師

「離開 這一刻感覺不會忘記」當初入學還在嚎啕大哭，不願與爸爸媽媽分離的小寶貝們剎那間長大了。記得開初的時候，這些小寶貝還在適應陌生的學校環境，每當校車到達學校，便會看到一張張哭得滿臉通紅的小臉。隨著時光流逝，大家彼此間相處和了解逐漸增多，當校車到達學校時，再次見到的盡是滿臉笑容的小朋友，著急地希望與我分享生活中的趣事。四年來的回憶歷歷在目，我們相依相伴，一起遊戲、一起上課，一起歡笑。

這一屆的高班畢業生，歷經重重困難。因應疫情，低班和高班階段遇上暫停面授課堂轉為網上學習。不過，最艱難的時刻我們一一渡過。在恢復面授課堂的第一天，再次見到小朋友一張張的笑臉，我們知道這些困難已轉化為人生經歷，而這經歷令我們更珍惜大家相處的時光。轉眼間，這些寶貝們已從幼稚園畢業，準備升上小學展開人生新一頁，作為班主任的我，深感不捨。原來初初入學懵懵懂懂的小寶貝，漸漸長大成為懂得學習、學會表達自己的大孩子了。

另外，共同陪伴着這班孩子長大的爸爸媽媽們，老師也想向你們表達真誠的謝意。正是因為你們的配合與支持，才能令老師的教學順利進行；正是因為你們的理解和包容，我們才能同時在學校與家庭兩方面共同培育孩子，無言感激。

最後，老師衷心祝福孩子們前程錦繡，締造一段閃閃發光的人生！畢業，不代表結束，希望大家再次相聚。「就承諾在某年 某一天某地點 再見」

Message from the teachers

Upper-C-陳小美老師

感謝天父的安排，讓我能加入玫瑰崗幼稚園與你們一起渡過三年，這些日子的回憶真不少。翻開相簿，望著照片中一張張可愛的小臉，轉眼間時光飛逝，你們從不懂事的小寶寶逐漸變成自主有禮、懂得幫助別人的大哥哥、大姐姐了。學校裏，處處留有你們走過的足跡，處處都留有你們的歡笑聲。不但如此，各位家長的支持、合作和包容更令我感到非常欣慰。

面對分離，老師、家長及小朋友都依依不捨。小朋友長大了，完成了幼稚園的課程，老師極為欣慰和喜悅。回想這些年來與你們一起渡過的幼稚園生活，有歡笑、有淚水、有成功、也有失敗，遇到困難時大家互相陪伴，快樂時大家互相分享。那些與你們共同學習、共同成長的經歷，讓我難以忘懷。打開紀念冊，滿是一段段美好的永難磨滅的回憶。畢業不是結束，而是另一小學階段學習的開始，請你們帶著老師和同學們的祝福，勇敢邁向新的未來。

最後，我祝願我的寶貝們可以堅持他們在幼稚園認真學習的態度，努力學習，積極面對問題，最重要的是學會做一個擁有良好品德的開心快活人。祝福所有畢業的小朋友們擁有豐盛的人生，願主保佑。

Upper-D-張小燕老師

時光荏苒，與你們共同渡過了四年的幼稚園生活，無限感恩與不捨。猶記得PND剛踏進校園時的你們，不會穿鞋、亂扔玩具、牙牙學語、哭著上學的情景，轉眼間變成喜愛上學、熱愛學習及樂於助人的可愛大孩子，每個學習的片段歷歷在目。

四年的時光十分愉快，難忘的事亦不少……PND時，我常說乖孩子要「留心、專心、認真」，兩位學生吃茶點時發生爭執，互不相讓，但最後其中一位小朋友對我說：「老師，我會乖架，我識留心、專心、認真」，兩歲的孩子何其可愛！ND時，你們自理及說話能力進步神速，開始會主動幫助同伴，亦常常爭做張老師的小助手。LD時，農曆新年與你們熱熱鬧鬧包餃子，有學生吃了超過十隻，仍表示不飽還要吃，因為自己包的餃子太好味！UD時，在疫情影響下，面授時間減少，大家更珍惜每次回校上學的機會。特別在六月，大家一

想到即將離別，就常常說不捨得同學、不捨得老師、不捨得學校，你們更為同學們和老師做出別出心裁的心意卡、圖畫及紀念冊，這正正表現出孩子們在玫瑰崗學校成長，培育出對他人濃濃的愛與關懷，值得欣賞。

孩子們茁壯成長，我十分感激家長一直的付出與配合，你們是孩子們學習的強勁後盾。你們鼓勵孩子積極參與學校活動，支持老師的教學；你們總是踴躍參與家長義工活動，你們的無私奉獻正是孩子們學習的好榜樣。

儘管幼稚園的生活已完結，但UD的愛與學習精神會延續，感激你們四年來的陪伴，讓我與孩子們一起成長，是你們的愛豐盛我的教學。我會記掛著孩子們每張快樂的笑臉，祝願大家前程似錦，遇上困難不要懼怕，懷著勇氣與熱誠克服每一個挑戰，並常以「留心、專心、認真」的態度來迎接新學習，我會永遠支持你們！

Message from the teachers

Upper-E 鄭慧敏老師

幼稚園是孩子人生中的第一所學校，也是孩子的第二個家；是孩子啟蒙教育的地方，也是孩子健康成長的樂園。從孩子們兩歲進入PN班之後四年的幼稚園生活，我切身感受到他們日益成長的變化。從初次離開父母，哭得一塌糊塗的小BB，逐漸成長為每日生活規律、富有愛心、會講故事、會唱兒歌、身體結實、微笑可人，還偶爾耍點小滑頭的大孩子。這些變化，都離不開老師與家長們的辛勤付出和精心培育。

我雖然只任教你們短短一個學年，但十分感謝上天，緣份安排我趕上末班車，加入你們這個溫暖大家庭—UE班，我們一起經歷了很多美好的時刻，有感動、有淚水、有歡笑！

時間總是過得很快，轉眼一個學年過去，高班的孩子就要畢業。看著這群孩子，想當初剛升高班時，總覺得他們還小，是那樣幼嫩，經過一年的學習，孩子們個頭長高了，能力增強了，會認會寫很多字了，而且這班孩子們還真的特別討人喜歡。

告別幼稚園意味著你們已長大，這是你們成長歲月中的一個標誌，真的好捨不得你們每一個小朋友，和你們在一起的點點滴滴是我人生中最珍貴和美好的回憶。轉眼間，你們即將邁進小學校園，相信你們一定會更加勇敢與自信，帶給我們更多的驚喜。願你們以後的人生充滿希望和鮮花，不辜負老師的關懷和愛護，不辜負爸爸媽媽的期盼，永遠成為老師及爸爸媽媽的驕傲！

Upper-F 葉紫瑩老師

「一天見你一面，一天想你一點，一點記在心田，天天都有你和我的畫面……」打開腦袋的窗簾，回憶從2017年湧出來，那年的9月開始我和你們的生活不同了，我進入了你們的生活中，你們這一班步履不穩、牙牙學語的小寶寶第一次離開最親愛的父母，一個又一個哭着、擁抱着的小寶寶來到了素未謀面的老師—葉老師身旁。

轉眼到了2021年的今天，這短短的三四年，看着你們一天天長大，一邊學習，一邊跌倒，一邊更勇敢。大家相處的畫面，時而歡樂，時而嘈吵，但珍貴的友誼和滿滿的愛，在UF班課室中每天上演。今天，你們要畢業了，我不捨得你們每一張笑臉，每一把獨特的聲音，與你們在一起的一點一滴，一切一切將會印在我的心中。

有你們的每一天，校園生活充滿著喜樂，令時間跑得更快，快樂不知時日過。踏入9月你們將成為一個小學生，將要開啟人生的另一扇門，相信這扇門將更精彩更具挑戰性。葉老師相信你們一定會做得更好，記住無論面對的事情有多困難，你們都不要放棄，好好運用你們的智慧和信心去走你們將來更遠的路，為你們美好的將來奠下良好的基礎，踏上成功之路。

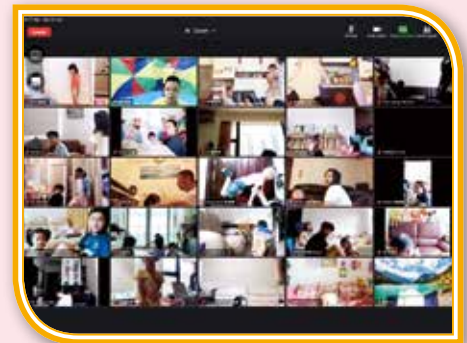

UF班小朋友及家長們，衷心感謝你們這四年對我的信任、支持及體諒，在此祝願每一位小朋友有一個快樂的小學校園生活，繼續發光發熱。

Parent-Teacher Association

The 2020-2021 Annual General Meeting of Rosaryhill Kindergarten Parent-Teacher Association was held on 14 November 2020. Eight teachers were appointed and nine parents were elected to be the executive committee members for the years of 2020-2021.

The followings table shows the activities held by the joint effort of our teachers and parents.

Date	Activities
14 November 2020	Annual General Meeting
5 February 2021	Chinese New Year Fun Day (Zoom)
Mar to June 2021	Reading with Kids Program
13-20 April 2021	Games Days
19 June 2021	Workshop (Zoom)

Religious Knowledge Department

In this year, with pandemic situation, we could not have assembly together with students in the playground. Instead, we had morning assembly through zoom. Father Vincent and Ms Agnes came to each class and had prayers and songs with students every day.

In December, we had the Nativity Scene Competition. We had a great list of awesome Nativity Scene craft that kids enjoyed so much in this Christmas season. Moreover, we also had a video which recorded by Father Vincent from Department of Religion to celebrate the good news of the birth of Jesus.

We had two sections of the Thanksgiving Mass this year. The Mass has been a wonderful way in which to mark the end of the final academic term and to give thanks to God for the many blessings that we have each received throughout the year.

中文科

本校中文科在一至三年級推行「普教中」，使學生在低年級階段打下良好的普通話基礎。四至六年級推行「粵教中」，為學生升中做好充足的準備。中文科通過互動教學、活動體驗、合作學習及寓教於樂的方式，為學生創造良好的語言學習環境，藉此開發學生潛能，培養學生對中文學習的熱愛，從而提升教與學的效能。

今年學校開展了第一屆「講故事大賽」，活動報名火爆，有超過一百名同學報名，希望通過講故事比賽鼓勵學生熱愛閱讀，分享閱讀過的好書，同時鍛煉演講能力。

雖然今年疫情，但學校依舊克服層層困難，舉辦和開展了很多豐富多彩的課外活動，增強學生對中國傳統文化的認知，提升學生對中文學習的興趣，開拓學生視野。例如，通過精彩紛呈的中秋、新年慶祝活動，讓學生了解文化習俗，建立傳承文化意識；Zoom時通過線上，帶領學生參加有趣的益智遊戲，通過猜謎等互動遊戲，體驗中國傳統文化。在試後活動日，學生有機會逛花市，購買心儀的玩具和學習用品，享受購物帶來的快感！

今年，本校不少學生報名參加了「知行教育基金會」舉辦的「知行杯」讀後感寫作比賽，其中3B 班的金庭如同學和3S2班的朱義雯同學在三百多份參賽作品中脫穎而出，分別獲得「創意無限獎」和「鼓舞人心獎」。

English Department

The pandemic that has hit the community hard over the past year has resulted in the necessary measure to cut down on many of the usual activities for the English Department. However, we were able to organise some activities for the students even though we did not have face-to-face lessons over certain periods in the year. Highlights of such activities include an online reading scheme for all students and English Day that was held at school at the end of the third term.

Thanks to a new initiative for the English Department, an online reading scheme was put in place towards the end of the second term. It enabled all our students to select books of different genres from a vast collection on a website. Each student would have an account to access the online books.

On English Day after the third term exams, students were able to engage in some English-related exercises after watching one of the Harry Potter movies in the Chapel. English Day was indeed a perfect way to wrap up the academic year for the English Department.

Mathematics Department

The maths day was held on 22 June, 2021, we aimed to provide a pleasant maths experience for all students and encouraged them to believe that mathematics is enjoyable!

We organized some maths booths, maths trails and inter-class maths competitions for students of different levels. Primary 6 students were responsible for setting up game booths and leading Primary 1 and 2 students to play games. Mathematics trails were organized for P3 and 4 students. They had to finish different tasks in different places. For example, they need to make different shapes in the classroom, measure objects in the playground, complete word search in the hallway, etc. Besides, P5 and 6 students had an inter-class maths quiz in school Chapel. The results are as follows:

The champion of the inter-class maths quiz of P.5

P.5C

The champion of the inter-class maths quiz of P.6

P.6S

General Studies Department

This year, The General Studies Day was held at the school campus on 23 June 2021. On that day, P1-P5 students had the opportunity to attend an interclass question and answer challenge. Also, P1-P3 students participated in the colouring competition and P4-5 students had the poster design competition. These activities aroused students' interest regarding to what they have learnt from their regular curriculum.

Spanish Language Department

This is a successful year for the Spanish Department, and we aim to keep growing in the coming year. We want to enhance knowledge of both Spanish Language and Hispanic Culture among our school community, as we did this year through these remarkable examples:

Ballet – Some students went together to enjoy the Don Quixote performance by Hong Kong Ballet.

DELE Exam – P5S students attend the Spanish official exam to show their Spanish skills to the world!

Feria de Sevilla – Some of our P1 students participated and learnt about this famous Southern Spanish festivity, even learnt a bit how to dance one of our traditional dances!

Projects and videos – Along the year, all our students have done some Spanish projects or activities to understand a bit more of the culture!

Reyes Magos – P2S enjoyed the story of the Three Wise Men and they even got gifts from them!

Music Department

After a long year beset with many challenges, the Music Department has made many adaptations. For example, some online music workshops related to music creation and RTHK Music radio channel were conducted through Zoom. Luckily, two performances can be taken place at school. One of them was a great music drama performed and organized by Hong Kong Philharmonic Orchestra. The other one is an orchestral performance organized by Hong Kong Music Office.

During December, as to spirit up and bring happiness to students and parents during the pandemic, the School Music team has launched a project called "Rosaryhill School Christmas Singing Project (RHSCSP)", which allowed 40 Rosaryhill School students to form a Virtual choir and sing a Christmas carol called "Frosty the Snowman". The choir team was successfully formed and a brilliant singing video was uploaded to the school website and Youtube. A big round of applause was given by all the audiences, including the alumni, parents and students.

This year's Hong Kong Music Festival has seen success, with our students garnering 12 silver and 7 bronze awards! This is despite the festival moving to online submissions. Instrumental classes at the school have continued online due to the pandemic, with everyone adapting to Zoom violin lessons quickly.

The highlight of the year was the Talent Show in June. Here, the school's best students were invited not just to perform, but also share their experience with their musical performance and what led them to taking up their instrument! This proved to be most popular and we shall continue this if possible. Performers were awarded a certificate as a token of thanks on Thanksgiving day afterwards.

Computer Studies Department

Our Computer Studies Department have been implementing new curriculum by incorporating coding and STEM education.

By developing students' thinking and problem-solving ability, as well as unleashing students' creativity through task-based activities, our students can be able to use it into every aspects of their lives.

Students are exposed to STEM, giving them opportunities to explore with their creativity, they will develop a passion for it and hopefully allow them to apply it to their own lives. A curriculum that is STEM-based has real-life situations to help the student learn.

As for P.2, ScratchJr was introduced as a method to learn coding. Coding for kids is like a form of writing as it can help people express their ideas and organize their thoughts. Students are given the ability to turn their thoughts, emotions, and ideas into actual visual, visible concepts.

Apart from STEM, fundamental skills are also important and students attained amazing results in the DrPcFamily Typing Competition.

Visual Arts Department

This year, we are blessed to have the chance to arrange some new art experiences for the students who joined the Visual Arts Elite Class. Although the time for the lesson was really short, the students managed to experience the learning both on zoom and face-to-face learning.

The students got to taste a bit about handbuilding skills in creating their own unique ceramic container. They were all creative in implementing their daily life interest in their creations. Besides, they were also required to have excellent patience in folding their own 3D triangular paper sculptures which were so cool.

Physical Education Department

This year, the PE department has put all its efforts to promote healthy lifestyles and motivate our students to practise physical activities regularly.

Due to the pandemic, we have more chances to help the children to know themselves better and develop their self-esteem by organized individual activities.

During the face-to-face school suspension, RHS students have learnt that practice physical activity is essential for both physical and mental health, and they can use many things that surround them to create their own games and have fun in a different and more creative way. Seeing the happy faces of our students and their families taking part in our PE lessons is our greatest reward on this difficult year, and we feel full of energy and motivation to keep delivering high quality physical education to our students.

In this year, the PE department has collaborated with the University of Hong Kong to undergo a study which is a longitudinal of the relationship of physical fitness level and physical activity rate among children in Hong Kong. This study aims to help students to find out their physical activity level during the COVID-19 pandemic.

Life Education

Library and Reading Scheme

This year, the school scheduled morning reading lessons for the students. Each week our students had two reading lessons. Chinese reading lessons alternated with English reading lessons every fortnight.

Each reading lesson is divided into three parts. The first part involves storytelling by the teachers concerned, and students complete relevant worksheets. In the second part, students share stories they have read or do roleplays for characters they have read in their storybooks. The last part is quiet reading time for the students, and they can borrow the books from the library in classroom. They also spend time to finish their reading projects to help them improve their reading and writing skills.

Other than having reading lessons in the classrooms, students also could visit the school library to broaden their reading horizons and learn about library etiquette. The teachers on duty were able to recommend suitable books for them to enjoy some quiet reading time.

This year, there are two reading lessons per week. During the reading lessons, students were guided by the teacher to read the stories and finish the worksheets. Students can learn some reading skills from reading lessons. Also, the classroom provides a reading corner for the students. They can enjoy reading in the recess.

Extra-Curricular Activities

A series of educational and enjoyable free extracurricular activities were launched for our primary students both in Zoom meetings and at school. The students can enrich their sense of team spirit and of discipline through activities such as the Cubs, the Brownies, Physical Challenges, Cup Song, and Theatre Games. Students could also enhance their handwriting abilities, art and craft skills through Toy Making, Fun Handicrafts, DIY Bag Design, Chinese Paper-cutting, and Clay workshops. These ECA lessons have indeed provided plenty of opportunities for students to explore their potential as well as broaden their vision of school life.

Cubs

Brownies

School Choir

Our primary section choir is designed to enhance the musical, creative and expressive qualities of students. 30 choir members attended choir rehearsals this year. The pandemic circumstances did not stop our students from creating and experiencing music as a musical ensemble. Choir members learnt to sing Christmas songs and 2-parts madrigal. They learnt to sing aloud different songs as a team with backgrounds of music. They showed their competitive spirit and delightful joy in singing.

During the pandemic period, we tried to do practice and performance in a different way. The choir member made a virtual choir cover with a Christmas song, Frosty the snowman. We learnt to do recording and editing at home. The audiences are impressed and amazed after watching the performance on Youtube. Meanwhile, the choir also had a chance to go on stage when the face-to-face school resumed. They sang a madrigal song in 2-parts on the music talent show.

There are more ways than difficulties. Nothing can stop us from playing music and singing. We look forward to a brighter academic year and welcoming more students to our team next year!

Graduation

Graduation is a meaningful and memorable celebration. It was a difficult school year for our P.6 graduates

because of the pandemic which they had less time to share the joy together with their classmates. However, our graduates had a great time at Disney Graduation Day with their families and friends. They took amazing photos at the Disneyland Hotel and in Disneyland.

A Graduation Games Day was held for graduates to have a change to take part in a variety of activities. Omnikin Kin-ball is a sports activity which is famous

for its amazing innovation, originality and effectiveness. It encourages cooperation between students and promotes concepts such as team building and inclusion.

This year's graduation ceremony differs from how we had it in the past due to the social distance policy. Teachers are pleased to see them staying positive despite the difficulties and challenges due to the impact of the COVID-19. Graduates treasured their time together to celebrate the completion of studies in Rosaryhill School. Such experiences not only helped them grow greatly but also think more deeply for their future. The ceremony ended with a song, Because You Loved Me, which graduates sent a rose to their parents as a sign of love and appreciation. All graduates were grateful to have their parents and friends celebrate this special moment with them.

Parent-Teacher Association

The first major event of the year for PTA was its Annual General Meeting held in the first term. Votes for nominated committee members were taken. On the occasion, old and new PTA committee members (both parents and teachers) were introduced to visiting parents.

The past year, the PTA sponsored school events such as the Christmas party, for which the PTA parent members made all the necessary preparations for all students. The association also organised a zoom session for all P6 students for them to learn interview techniques early in the year. Because the customary flower market for Chinese Culture Day was cancelled due to the pandemic, the PTA re-arranged the event at the end of the third term and named it Fun Fair. All students had a good time purchasing mostly small toys and games during the fair. Lastly, the PTA parent members came to school to help out for the P6 Graduation Day by preparing all the small flower bouquets – gifts for the P6 parents.

As always, thanks must go to the PTA parent and teacher members, who spent much time organising school events even during the difficult time of the pandemic. They have indeed continued to serve the school with heart and dedication.

Graduates

Stay Positive, Spread God's love in the Midst of Challenges

Rosaryhill Secondary School is truly thankful for the presence of our distinguished guests, loving parents and supportive friends who are of great importance and values to our students and our school on Speech Day 2021, a significant milestone on the life journey of our S6 graduates. This year, the long-awaited event was held on 16th June, 2021. It was our great honour to have Fr. Secudino, our former Principal and Supervisor of Rosaryhill School to be our Guest of Honour and to address our graduates.

Our ceremony began with our Principal, Ms. So Pui Ting's address. She felt privileged to share with the audience that despite the pandemic, our students were still able to communicate and work with schoolmates from diverse backgrounds, which strengthened their abilities to explore new ideas and options. It is of utmost importance for our students to have broader international experiences, sharper global awareness, and a deeper understanding of other cultures in today's world. Her final wish for our graduates was to keep their thoughts positive when facing challenges, be humble to learn and be grateful for what they had received.

Following the address of our Principal, our Guest of Honour, Fr. Secundino gave a thought-provoking and inspiring speech. He remarked that graduates should embrace the education, memories and human values they had learnt and experienced all these years in secondary school especially when they were growing in the world with many things that didn't have lasting value. Yet, through cultural appreciation, it could help enhance a person's spiritual development. Finally, Fr. Secundino emphasized that we should always be thankful to those who give us great peace and support during our days of disappointment and frustration, encourage and offer those in need a helping hand, tell others to have faith in God and they are all loved by our Heavenly Father.

The Graduation Organizing Committee further took the memorable occasion into the next level by unfolding the programme with the speech made by the representative of the committee expressing the graduates' heartfelt appreciation for all those who have been supporting them and shaping them to be who they are now. After the speech, class videos highlighting all the fun and unforgettable moments graduates had in RHS were shown. Parents and teachers were filled with tears of joy when graduates presented flowers to them to show their love and heartfelt appreciation. All the participants reminisced about the joyous and memorable moments they spent together.

After the ceremony, graduates took pictures with their families, friends and teachers in different iconic spots of the school and at the photo booths with the photo props prepared by the Student Council showcasing the special moments to mark a beautiful ending to this unforgettable occasion.

Academic

The COVID-19 pandemic has undeniably created ample challenges for the school. But it also provided teachers significant opportunities to explore how to use technology to enhance the learning experience and delivering the best content online. Different subject teachers devised active learning strategies which successfully engaged our students via blended learning and enhanced interaction outside of the classroom.

The pandemic cannot dampen our enthusiasm for arranging different learning experiences. BAFS students enjoyed the online International Trade Challenge workshop; Geography students experienced virtual field trips and mini field trips on the school campus; Chinese History and History students learned humanitarian values in the WARZONE 90 activity; and Visual Arts students attended online musical training programmes for the production of a music performance.

Rosaryhill students continued to shine in various inter-school competitions. This year they got marvellous results in various English, Mathematics, Putonghua and STEM related competitions.

Teachers are committed to ensuring our students become lifelong learners, enabling them to adapt to an ever-changing world. With their good efforts, students' competency in languages, creativity, and problem-solving as skills well as collaboration has been heightened.

中國語文科

中文科持續發展具有校本特色的語文課程，同時積極鼓勵及推薦學生參與校內校外的語文活動，以提升學生學習語文的興趣，本年度同學在「香港學校朗誦節」及「向老師致敬徵文比賽」中均獲得優異的成績。此外，為了加強學生認識中華文化精髓、吸收傳統經典智慧、培養良好品德，本年度特別舉辦了「中華經典名句推廣活動」，同學通過撰寫經典名句的讀後感及設計海報，加深了對中華經典名句的認識。

普通話科

普通話為提升學生的聽說能力，除校內活動外，也積極培訓學生參與校外活動及比賽。今年，五位學生代表學校參與「第九屆非華語學生（中學）普通話朗讀比賽」（The 9th Putonghua Speech Competition for Non-Chinese Speaking Students），該項比賽有十三所學校共超過87人參與，中二甲班姜家敏（Giang Villan Sara Isabela Kamein）榮獲「銅獎」佳績。普通話科將繼續積極鼓勵學生通過不同平台、活動及比賽學習普通話。

English Department

Rosarians are versatile and they are eager to participate in various inter-school events. They shone in the 72nd Hong Kong Schools English Speech Festival with 1 championship, 5 second positions, 1 third position and 29 students were awarded Certificates of Merit. Besides, some S.4 students participated in the 1st CAFEA Young Talent Smart City Forum, to share their innovative ideas about establishing a smart canteen at school to promote conservation.

Students participated in the '21st Century Cup' National English Speaking Competition and the Hong Kong Federation of Youth Groups English Public Speaking Contest 2021 to showcase their talent in public speaking. Their writing potential was revealed in One Health COVID19 Winter Writing Competition, in which 2 students were awarded Second Prize with 3 students receiving the Outstanding Writing Award. There were students joining Voices of the Planet, Information of Literacy Mascot and the 32nd Book Report Competition for Secondary Students with praiseworthy work.

Mathematics Department

Mathematics Quiz and Mathematics King

In order to promote the learning of Mathematics and raise students' interest in Mathematics, Mathematic Quiz is organized every year. This year, students joined the Maths Quiz through online mode.

Mathematics Competition

This year, a total of 20 students joined different kinds of Mathematics Competitions such as “The Asia International Mathematical Olympiad Open Contest 2021”, “Thailand International Mathematical Olympiad 2020-2021 (Hong Kong Region)”, “China National Hua Xia Cup Mathematical Olympiad” and “Hong Kong International Mathematical Olympiad 2021”. They obtained a variety of awards.

School-based Support Service by EDB

Some Mathematics teachers were honored to be the guest speakers and be able to host 3 different sharing sessions on School-based Professional Support Services for EDB.

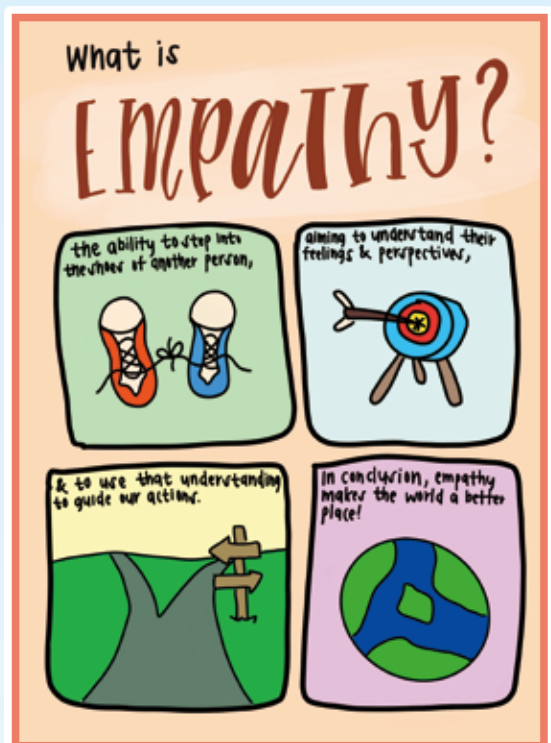

Liberal Studies Department

The Liberal Studies Department always encourages students to participate in subject-related activities. This year, our students joined various moral and civic education related activities, namely “Law abidingness” and “Empathy” Poster Design Competition organised by the Curriculum Development Council, Intellectual Property Protection Quiz Competition and Short Clip Competition organised by the Hong Kong Reprographic Rights Licensing Society, Together a Better Internet Mascot Design Competition organised by the Hong Kong Family Welfare Society, Cyber Security Competition organised by the Hong Kong Police Force and Voice for the Planet Challenge organised by the Lumivoce.

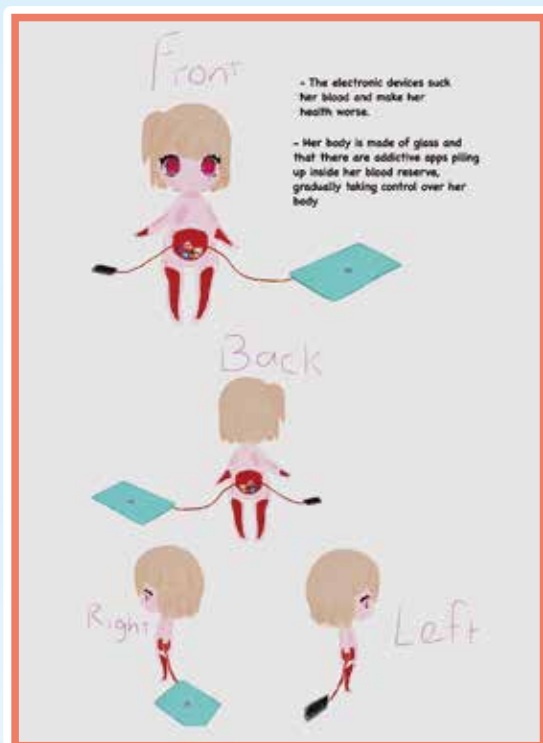

These events and activities have given students opportunities to apply the knowledge and skills they learnt and enrich their learning experiences in their Liberal Studies journey.

Students received special acknowledgement from the Consumer Culture Study Award

Student's Work (Empathy Poster Design Competition)

Student's Work (Together a Better Internet Mascot design)

History Department

To arouse students' interest in studying history and enable students to conduct self-directed learning through the e-Reading platform, History Department participated in the Junior Secondary History e-Reading Award Scheme 2021 organized by the PSHE Section, EDB, and the e-Learning Development Laboratory, HKU and co-organised by the History e-learning Schools Network. This scheme allows students to have more exposure in history readings and chances to compete for the 'Creativity Award' to showcase their talent and creativity in the e-Reading Scheme.

In April, History Department collaborated with the Chinese History Department to join an experiential learning activity, WARZONE 90, organized by the Humanitarian Education Centre of Hong Kong Red Cross. "WARZONE90" is the first exploration zone on war in Asia. The exploration programme adopts a 4E's education pattern – Explore, Experience, Exchange and Engage. The activity enables the students to cultivate a sense of humanitarian care and build up humanitarian perspectives in order to respond to the ever-changing environment in the world.

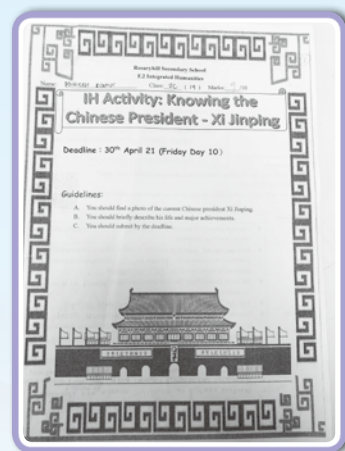

中國歷史科

為了提升學生對學習中國歷史的興趣，中史科積極安排不同類型的活動讓學生參與，例如由香港紅十字會人道教育中心舉辦的「戰區90」及由嶺南大學與香港藝術中心合辦的「傳·創」非遺教育計劃等。各活動均圓滿舉行，學生表現優異，獲得優秀證書者眾，學校更被主辦單位邀請出席頒獎禮。

Integrated Humanities Department

In order to consolidate students' knowledge in National Education, the IH Department arranged a self-directed activity "Knowing the Chinese President – Xi Jinping" for the S2 students. Students learnt the profile and achievements of President Xi by watching a short video and collecting the information on the Internet. The performance of students was good. This is also a great chance for them to learn more about our Chinese Presidents.

Economics Department

Due to Covid-19, Chinese Flower Market could not be hosted as scheduled. However, 4 preparation stages were done successfully. Students learnt how to perform market research, write business proposals, and raise capital for their companies. The final stage of returning money back to shareholders was done upon liquidation of the companies.

Through this project, our school succeeded in fostering students' growth by improving students' social skills and enhancing their resilience. At the same time, the 4 preparation stages also helped to foster students' entrepreneurial spirit.

Geography Department

Though field learning has been suspended, students were still able to attend 'field trips' virtually through Zoom and mini field trips on the school campus. Project learning about conservation and development of the Wan Chai District jointly organized by History Department enabled students to make good use of online learning as a support of face-to-face learning.

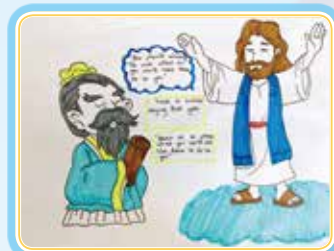

Students were motivated to become co-constructors of knowledge through different collaborative and cooperative learning activities. Google doc was used as one of the collaborative learning platforms for students to discuss with one another and divide learning tasks into simpler and more manageable ones. The concept map drawing activities offered them hands-on experience to strengthen Geography learning with the use of graphic organizers.

Religious Studies Department

During the Religious Week, all students and religious teachers wrote prayers for the people who suffered during the pandemic. Some prayers were selected and uploaded in a video and shared with the students during the LEP.

To develop students' talents in creativity and imagination, there was also an S3 cross-curricular activity entitled "The Greatest Teacher" held by the Religious Department and the Chinese History Department. Students succeeded in drawing Jesus and other historical figures as their greatest teachers.

Biology Department

To promote STEM education in Science KLA, we nominated two teams to join the ‘Ocean Park STEAM Student Competition 2021’. Students had to implement their proposal by constructing a prototype of their proposed designs. They had to submit their prototype and a video, and presented their video in the Final Round Presentation.

The two teams nominated by our school got outstanding and remarkable results. Both teams have been selected as the finalists and the team of S5 Biology students was crowned the CHAMPION of the theme - ‘Butterfly Friendly Garden’.

Theme: “Butterfly Friendly Garden”
 Design: “Butterfly-Man Go”
 Award: CHAMPION
 Team members: S5 Biology students
 5A Zannatul Fadia
 5B Ray Del Val Judee An
 Mary De Torres
 5C Ramirez Dana Carla

Theme: “Sea Turtle Rehabilitation”
 Design: “Special Turtle Tunnel”
 Award: OUTSTANDING AWARD
 Team members: 3A Lam Cheuk Hay, Anselm
 3A Man Ching Kan, Jason
 3A Yung Ching Kiu, Ankie

Physics Department

In order to enhance the effectiveness of online Physics learning and teaching, Google classroom, Google form, Google Meet, eclass, etc. have been fully utilised. In order to better prepare S.6 students for the HKDSE Physics exam, Whatsapp study groups were formed, where discussion about Physics learning could be enhanced.

Teaching aids which were shown in the pictures could enhance the effectiveness of Physics learning and teaching. Moreover, they make Physics learning and teaching more vivid and more fun.

Experiments play an important role in Physics learning, and some user-friendly equipment/apparatus have been introduced. Hence, experiments could then be run more smoothly and effectively.

Integrated Science Department

Science is based on evidence. Scientists find things out by conducting scientific investigations. Therefore, doing investigations in the laboratory is the most important activity in the lessons.

The following photos show students performing experiments in the laboratory:

Experimental set-up stimulating the formation of rain.

An experiment showing the magnetic effect of a coil carrying an electric current.

Computer Studies Department

Our curriculum is shifting from using software to web-based application. Students can easily access the same working platform at home as in school. It reduces the barrier of learning via online lessons.

To prepare students for the revised ICT curriculum in the senior form, more programming elements were introduced in the junior curriculum.

In order to promote STEM (Science, Technology, Engineering, Mathematics) education, we have enriched the content of programming in micro:bit. (a microcontroller board – Micro:bit) in the junior forms.

As for the senior ICT curriculum, we continue to utilize the materials from Cisco Academy to provide updated information in the IT industry. Due to the pandemic, we could not arrange any visits or IT workshops for students. Instead, we arranged some online webinars organized by a tertiary institute for our students.

Business, Accounting and Financial Studies Department

Junior Achievement Hong Kong International Trade Challenge Workshop

This year S4 and S5 BAFS students joined a half-day online International Trade Challenge Workshop organized by the Junior Achievement Hong Kong in May 2021.

The workshop provided a unique opportunity for students to learn about international trade and gain hands on experience through guidance from the business volunteers. During the workshop, small groups of students learnt to create Market Entry Strategy Plan for the assigned product and try to expand it overseas. Not only could the students learn some basic marketing concepts, but also some communication and presentation skills. The students found the workshop interesting and useful. Certificates were presented to students upon completion.

Arts Education

This academic year, teaching and learning activities were affected by the Covid-19 pandemic. The use of online learning becomes popular amongst students and their knowledge of information technology was raised. The online musical training programme

Arts Student Golden Award winners

organised by Hong Kong Repertory Theatre was successful. A lot of online visual arts showcase and music performances were produced. Christmas Wreath Design Competition was organised and it helped raise the sense of belonging of our students. The new Students Arts Award scheme was one of the most remarkable arts events during the “New Normal” school year.

Musical training show case

Inter school Anti-Pandemic winner

Jan 2021 MTR show case

Wearable Technology for Sport Exhibition

Graffiti workshop for S4 students

Music Department

Music education is always more than just singing and learning music theory. During the period of online lessons, students started to adopt a better self-directed learning practice as they have got more chances to explore the learning materials on the internet.

Apart from music appreciation, students also got more chances in creating and composing their own music. For instance, S1 students had a chance to write a rap. S2 students rearranged their own songs while S3 students wrote a Chinese Opera rap.

Physical Education Department

Every year, we try to introduce a new sports unit for S6 students in order to arouse their interest and enrich their knowledge of new sport. This year, we introduce to them Mölkky which is a throwing game originated in Finland which does not require as much physical strength, and is more suitable for everyone regardless of their age and condition. Mölkky requires no special equipment and success is based on a combination of chance and skill.

Spanish Education Department

Our full Spanish programme will reach Secondary 3 in the school year 2021/22. The students who belong to the “elite” group, from Secondary 1 to 3, will have 5 lessons per fortnight. The teaching to the other students from S. 1 to 3 remains the same.

Students can also opt for Spanish in Secondary 4: those with knowledge of Spanish are encouraged to join the course that will prepare them for the GCE or DSE examinations.

We look forward to developing a Hispanic ambience in the school where more students could master this beautiful language.

Hasta pronto, amigos!

Counseling Team

Students learnt positive attributes and enhanced their self-confidence through counselling services and different activities, such as Youth Ambassador Scheme, Smart Teens Program, Small Group Programs and Life Education Periods, so as to establish a harmonious relationship and an amicable learning environment on campus. Anti-drug education, sex education and life education were instilled in LEP so as to provide students with an all-round learning experience conducive to their whole-person development.

Discipline Team

Six discipline talks were conducted this year as preventive measures to provide positive values for our students. The topics of the talks were as follows:

1. School Rules by the Discipline Team
2. Clarifications about laws related to teenagers by Mr Edward Ng and Ms Selina Kung
3. Law and New Generation by The Law Society of Hong Kong
4. 懲教通識 by the Correctional Services Department
5. Crime Prevention Talk by the Correctional Services Department
6. Personal Growth Sharing by The Society of Rehabilitation and Crime Prevention

Life and Career Planning Team

Our team upholds the three essential principles of Life Planning and Career Guidance. Firstly, we provide different services that could align with the developmental needs of students. Students are encouraged to integrate academic knowledge into practice with a positive attitude towards life throughout their six-year secondary school life.

Secondly, our team members empowered students to make informed and responsible choices on their learning, career goals and other aspects of life. Consultation and interview workshop were provided for junior and senior form students to enable them to have a better understanding of themselves and recognizing the importance of choosing a subject and career.

Thirdly, we promote career development of students to help them to actualize individuals' potential. We enhance the career exploration for students to build up students' self-esteem and ability for setting life goals. This year two S6 students joined the MWYO Internship Programme and S5 students joined the job shadowing in Caritas Community Centre.

Student Council

Student Council Election

The election in the form of “Confidence and Non-Confidence” vote was held because of only one cabinet “Eternity” this year. The Cabinet, “Eternity”, was elected by a simple majority and consequently formed the Student Council Executive Committee 2021-2022.

Student Council Executive Committee

The cabinet, “Community”, was inaugurated on 22 October 2020 in the School Hall as the 54th Student Council Executive Committee (SCEC). Throughout the academic year, the SCEC held or provided some support to school events, including the Speech Day and the Singing Contest.

Besides serving the school and schoolmates, the SCEC also serves the community by giving out some handmade cards, which were made by our students to the elderly via The Chain of Charity Movement Service Centre on 17 April 2021. The organization appreciated the efforts and the warm messages from the students.

Inter-House Rope Skipping Activity

Due to the pandemic, Inter-House Rope Skipping group events were cancelled this year. However, individual events were held on 21, 27, 28, 31 May 2021 during PE lessons. There were altogether 142 students and 19 teachers joining the events. The aim of this House activity was to promote “healthy body, healthy mind” which is one of our major areas of concern. We encouraged all teachers and students to enjoy rope skipping as a leisure activity. In order to promote a healthy lifestyle during the pandemic, each participant got an apple and a bottle of water after finishing the activity. All the participants enjoyed the activity and the results were as follows:

Students' English Work

Snacks students like in Hong Kong

Wong Sheung Yin Austin 1A

To: chriswong123@gmail.com

From: pris.chau@gmail.com

Subject: Snacks students like in Hong Kong

Hey Chris,

I heard that you are writing about healthy snacks so I'm giving you some suggestions about snacks and an idea of what snacks students like in Hong Kong.

There are a lot of snacks to choose from, and quite a few are unique to Hong Kong. Curry Fish Balls are one of the most popular and widely known snacks in Hong Kong. They are popular because of a few reasons. First, the soft and bouncy touch of the fish balls make them amazing when eating them, mixed with the not so spicy curry spread all over the fish balls. It's a match made in heaven! It is not the healthiest snack but it is relatively cheap. You can buy them at food stalls and snack shops for around 10-20 dollars, hence the most popular item amongst the students.

Another popular snack is Shumai, they taste extraordinary. I think it tastes really good. It's similar to the Curry Fish Balls-cheaply priced and easily accessible to students in Hong Kong. You can put some healthy fillings inside, for example carrots and some green vegetables, together with meat and prawn inside, another match made in heaven, in my opinion of course.

There are other snacks, like fries with ketchup and sausages, but they're not so healthy as they contain a lot of fat and other not so healthy ingredients. There are other snacks, but for now I can only write this much since I'm busy.

I hope you find this useful!

Best regards,

Priscilla

One Health Covid19 Winter Writing Competition - Second Prize (organized by City University of Hong Kong)

The Blessed Curse

Catherine Joy Suarez Bagui 4A

Will COVID-19 ever end? Will our lives ever become normal again? These are questions we have all been thinking about in the back of our mind and wanting the answer to it, yet it just never seems to come. A year ago, a harmless-looking virus came to Hong Kong and became the world's number one threat causing millions of casualties, demolishing our society, and destroying our freedom. It is much more than a health crisis; it's also an unprecedented socio economic crisis. These alarming cases cause the government to take action and adopt a new lifestyle for us to survive throughout this pandemic. I have chosen the topic "oral history" to write about the Coronavirus because although each one of us handles this situation differently, we all have one thing in common in the end and that's how our lives have been affected due to the situation. Therefore, in this essay, I have interviewed different people from different walks of life to talk about how COVID-19 has affected their lives. The aspects covered are work life, study life, and family life.

The aspect that has challenged every adult is work life. I selected my mother to represent this theme as we own an employment agency, a large business creating the most profit for our financial stability that ended up becoming our downfall in the pandemic. She started her company years ago in Hong Kong. This employment agency aims to help Filipinos find employment opportunities as a maid, gardener, or any jobs due to the fact that one-fifth of the people in the Philippines live below the poverty line. Although they still go to work every day, their customers do not share the same view, and many stay home. Due to the restrictions the government has implemented, fewer people are willing to go out. Even though there has been no business, the agency has been opening while expenses and confirmed cases of COVID-19 are on the rise. This virus has had the biggest effect as her business gathers people from the Philippines in need of a job to work in Hong Kong. However, since the virus has spread worldwide, it isn't as easy to fly overseas anymore. In fact, it has become dangerous to fly as it increases the risk of spreading the virus.

The pandemic has resulted in both employers and employees seeking alternative work arrangements, which cause more difficulties in the business industry, especially for our family. Not only does it affect them but us children too, watching our parents struggle and not being able to lend a hand also affects our mentality.

This leads to the effects of COVID-19 on teenagers. Study life for students has become a living nightmare. Due to the situation, there is an unbearable cycle of switching from face to face classes to online classes depending on the current situation, which disrupts our focus. I believe this pandemic is the hardest on us, youths. Since these are the prime years of our lives and we waste it all at home as if our lives are on pause.

I have initiated a survey on social media asking, "How does COVID-19 affect your school life?" to get perspectives from

all secondary students in different schools instead of just interviewing one. As expected, whether both privileged or unprivileged students are losing their interest to learn. As students, the amount of time spent in isolation has damaged our mental health to the point that many have become unproductive and unwilling to learn. Many felt that sitting and staring at our devices for half a day continuously is incredibly draining and boring. It's self-explanatory to why teachers have been giving more work to students, however, the outcome isn't as expected. Students are struggling to make it through every deadline and put in less effort than usual, some have even come close to even giving up. I agree that technology is the best solution for us to continue our studies, but it seems that it doesn't help students at all. It has made learning a lot more difficult as grades are dropping and the drive to do our best in studies is diminishing.

My family life during the pandemic was quite traumatizing. Supposedly, this is a chance for all families to bond as they can spend time together during lockdown but mine was a completely different story. I've interviewed my father on this aspect as I encouraged him to share his story. He was in the Philippines and was diagnosed with pneumonia but that wasn't the worst part. It was how he was treated that shocked us. People in the Philippines were aware that he was from Hong Kong and instantly assumed he had COVID-19. Although he wasn't diagnosed with Coronavirus, he still faced discrimination by being treated like a patient of COVID-19. The staff stayed away as far as possible and he eventually ended up all alone. Therefore, my mom tried to fly out to see him. However, due to the bans and extreme COVID-19 measures, her flight kept getting postponed. Eventually she made it to him and took care of him. It was the hardest challenge he went through in this journey and he had no support from the people in our home country all because of this pandemic. In this case, it has led people to avoid each other instead of helping one another.

I believe the Coronavirus came to the world for a reason. It is a blessed curse that has destroyed so many things in life yet the hidden purpose is to open our eyes on our constant mistakes as humans often normalize negative things like pollution, racism and inequality. It's a good thing that everyone is in lockdown or on pause if you will, it gives time for the world to heal itself and reflect on our mistakes. A time like this shows how the virus is driving people insane to the point that they may go against each other instead of working together to fight it. It's truly sad to expect this from our world but we can still change that. Our fate and the answer to the question "Will COVID-19 ever end?" is all in the control of our hands. Just like Henry Ford once said, "If everyone is moving forward together, then success takes care of itself". I hope people can put their differences aside and focus on what's important and how we can benefit the world in the future, so this pandemic can end in demise.

中文科作品

「向老師致敬」中文徵文比賽（中四至中六）——優異獎
（敬師運動委員會主辦）

感恩我師

黃卓杰 四甲

有人感恩春天，它帶給大地一片綠意盎然；有人感恩夏天，它帶給人們夏荷清香；有人感恩秋天，它帶給人們秋風颯颯；有人感恩冬天，它帶給大地白雪皚皚；此刻我最想感謝我的班主任鍾老師，不是因為她做了甚麼轟烈的事，而是她在這一年多給予我的關心和陪伴。

去年我從內地來港，一切都很陌生，我無法適應生活和學習，既憂愁又迷茫，是鍾老師和藹可親，用溫柔的言語給我講解、安慰和鼓勵，讓同學主動和我親近。我由膽怯變得敢去嘗試、去接觸這個新環境。鍾老師經常讚賞和鼓勵我，還抽空跟我談談科目上的困難，教我如何克服。她鼓勵我參加學科活動，讓我提升興趣和能力。通過這些點滴，讓我慢慢融入這個群體。

自去年底，全球爆發嚴重疫症，短短數月，人們從平靜有序的生活陷入一片恐慌，我家也難倖免。家庭的經濟支柱——媽媽，她失業了。她一人帶著我和年幼的妹妹，從剛開始的自我安慰：「辛苦了這麼多年，失業就當做休息吧！養養身體也好。」到「在家天天沒事幹，挺無聊的。」最後疫情嚴峻，找工作更是無望，她的臉色一天天的暗淡。她經常說：「積蓄還可以維持多久？等著坐吃山空也不是辦法，吃的穿的可以簡便，但是房租總要付呀！」

鍾老師得知我家的經濟狀況後，第一時間送來必需品——幾十個口罩，又幫我們申請學校的應急資金，包括校車和膳食減免等，還幫我們聯繫社工，查找一些愛心機構的資料。鍾老師讓我感到「疫情無情，但人間有愛」。現在，我們度過了最恐慌、最迷茫的時期，一步步走出困境，看到曙光——媽媽上週找到兼職，妹妹也上了幼稚園，房租也有了著落，一切都向好的方向發展。籠罩我們多時的陰雲逐漸散去，我們過上了稍微安定的生活。

感恩鍾老師一年多的堅定陪伴，用愛縮短了心與心的路程。您引導我走向科學殿堂，還用課餘時間關心我的家庭生活，真是無微不至！您的言行詮釋了「學高為師，德高為範」，有您的掌舵，我們一艘艘小船將迎風破浪，駛向知識的海洋，到達彼岸。鍾老師，感恩有您，您辛苦了！

抗疫·抗逆

黎泳妍 四甲

這幾年間，香港正面臨著近年來最大的挑戰——新冠肺炎疫情。疫情所帶來的難關和危害，是不是一個對人性的另類考驗呢？

當疫情開始爆發，並迅速蔓延到全球各地時，我猜疑著。不出我所料，口罩、酒精等防疫用品供不應求，食物、日常用品等物資更是被搶購一空。有的人寧願堆積物資在家中，也不願給予有急切需要的人，躲在家中惶惶度日。防疫用品、日常用品更被炒上高價。我看著這一切，不禁把歷史書中戰爭時的惡劣境況和這情景聯繫一起，何其相似，何其悲哀！

疫情持續惡化，我感覺快到了不可挽回的境地，焦慮不已時，卻見到了希望的曙光。新聞上的片段就是一支定心針。醫務人員有條不紊地進行救助，政府為針對疫情做出了各種對策，社會各階

層也嘗試在疫情下繼續運行，令社會回復基本的秩序和穩定。

在抗疫的過程中，似乎縮短了人與人之間的距離。本來淡薄、冷漠的鄰里關係，漸漸變得親近起來。人與人之間的「情」如同星星之火，雖小但聚集起來足以燎原。團結、關懷、無私等各種善意，投向被疫情影響的各個階層。守望相助，無私奉獻的抗疫行為，意外地帶來了溫暖，使人們能抵抗逆境，繼續前行。

即便那冰冷的確診數字尚未平息，卻不能因此否定人們在背後付出的血汗。例如不顧自身安危，挺身而出的醫務人員，他們不眠不休，活躍在抗疫的前線。他們同樣有著自己的家庭和朋友，同樣擁有寶貴的生命，同樣有著明哲保身的權利。他們和千千萬萬的人一樣，懼怕著疫情奪走性命。可他們為什麼選擇犧牲自己的權利，去執行他們身為香港人的義務呢？

因為他們知道，他們犧牲自己，付出的血汗都可以拯救無數被疫症纏身的患者和將要破碎的家庭。他們的無私奉獻，給予在逆境中掙扎的人們支持和力量，為他們帶來了一抹溫暖。

當然，除了醫務人員以外，還有社會上不同領域的人士，或是普通人為抗疫貢獻自己的一分力量。不論是針對疫情的政策，生產銷售衛生用品，還是派發抗疫物資、宣傳疫情訊息，都在疫情中發揮著不可或缺的作用。而我們這些普通人，更是要遵從疫情的政策，好好保護自己，做好防疫措施，守望相助，共同努力度過難關。

在疫情期間，社會各階層都為了抗疫竭盡所能，懷著對他人的關懷，無私且團結地抵抗逆境，不屈不撓地繼續前行，同心抗疫。

這，就是香港精神。

我理想中的香港

黃柏林 二甲

所謂「生於斯」，自從我誕生以來便一直居住在香港，香港是我的家。對於香港，我有一份情，一份執著，總是希望香港能好好地保留原有的亮麗光芒，繼續以「東方之珠」之名在國際上灼灼其華，人人相處樂融融。這便是我理想中的香港。

一百多年前，香港只是嶺南之地的一個小漁村，默默無聞。香港地處南方，九龍半島和香港島之間又有一個可以供大型船隻運行的深水港，這自然成了香港抓住出口貿易的機會。久而久之，香港便成為東方與西方之間進口貿易交流的重要港口，之後更成為了英國的殖民地。香港的經濟開始發展得一帆風順，不少國外企業均紛紛在香港設立地區總部，香港從一個小小的貿易港口，搖身一變成為蜚聲國際的金融中心，更有「東方之珠」的美譽。在獅子山下，家家戶戶互相幫助，相處融洽，處處盡是人情味。

這個時代的香港，真如珍珠一樣散發著耀眼的光芒，燭照東方。這就是我理想中的香港。

然而，近年來香港社會處處充斥著辱罵苛責的聲音，危害社會安全的行為更是屢屢發生，不但傷害了市民的心，更擊碎了香港的心，昔日的繁榮與和平一去不返。四分五裂的社會使香港元氣大傷，「東方之珠」的光芒悠然褪去，外資紛紛撤走，人們不再訪港，昔日的繁華，往日的光輝，過去人們之間笑呵呵的場景消失得無影無蹤。這，不是我理想中的香港。

我希望香港能夠重新振作起來，重拾昔日的繁榮與和平，人與人之間多一點包容，少一點爭執，大家同心協力，在獅子山下各盡本分，再讓香港發光發熱——我理想中的香港便是如此。

PTA Essay Writing Competition

CHAMPION IN SENIOR LEVEL

My Fitness Journey

Inoceno Gabrielle Eloise I. 4A

Good morning, dearest teachers and fellow schoolmates!

I've noticed that the weather has been beautiful all week. Did anyone take the chance to have a nice stroll around the neighborhood? Or perhaps, compete in a game of sport? Unfortunately, most of us have not been able to head out freely due to the emerging virus. But even so, I still believe that it's important to break sweat once in a while. After all, at-home workouts and online programs can be a way out.

I know many of you may be groaning at the mere thought of exercise, but trust me, a simple workout regime can absolutely turn your life around. I may not be too keen on human biology, but I can positively affirm that becoming active has helped me both physically and mentally. And on top of that, it's taught me plenty of things I wouldn't imagine to learn from just exercising alone.

In fact, I'll never forget how I started off my fitness journey. I vividly remember sulking in my room, feeling extremely unconfident in myself. As I scrolled through my phone while eating crisps, a colourful video caught my eye. I hesitated to click on it as I read the title "Easy Full-body Cardio". But then I took a deep breath, and told myself that giving it a try wouldn't hurt.

I was very wrong, it hurt A LOT. By the end of the workout, I was covered in a pool of sweat. I glanced over at the video, seeing the instructor, Linda Sun giving the viewers a farewell. And all of a sudden, a smile formed on my face. I started giggling, even though my cheeks were beet red and I genuinely couldn't feel my legs. I then realised I had accomplished something I thought I couldn't do. I was proud to believe in myself at first and actually finished a challenge eventually, and I was happy that it felt like someone was cheering me on.

Linda has truly helped me in overcoming my body-image issues, as she is very much just like me, a teenager. She has her own fair share of struggling with self-love, but in the end, she keeps her head high and struts forward. This is also a reason why I really adore Linda's personality. Unlike most fitness influencers who seem to be perfect in every way, Linda shows the world her imperfections. She might not always have the best workout, or eat the healthiest diet, but you can tell that she is trying. She encourages her audience to always think of themselves in a positive light, because according to her words, "You're the main character of your own story, and you should definitely feel like it."

After completing that one workout video, I went on to conquer more. The difficulty of my sessions slowly rose, but I didn't mind. I had fun working out, and I never would've thought of saying that in the past. Every day I proved to myself that I could do it, and I was so grateful for every time I did. I am gaining back the self-esteem that I've lost, and the feeling is indescribably wonderful.

It comes to a point where my “fitness mindset” is beginning to seep through other parts of my life. Whenever I feel too lazy to study, I think to myself that I wouldn’t be the type of person to procrastinate. Whenever I receive bad grades, I tell myself that I would be able to do better next time. These things might sound simple to you, but to me, these words really strive me to go out and give it my all.

Another lesson I’ve learnt is that exercise isn’t only meant to alter one’s appearance, it really affects you well in the long-term. It’s a great habit to form and to stick with. I went into exercising with the mindset that it’ll make me look better. When in reality, looking better isn’t the main purpose of working out, instead it makes me feel better and stronger, all while giving me a sense of achievement.

It might be painful at first, and you might contemplate on giving up sometimes, but it will all be worth it. I thank Linda, and myself, for encouraging me to carry on with my journey.

So, what do you say? Care to take a chance to be a better you? If so, then give exercising a go !

CHAMPION IN JUNIOR LEVEL

The True Meaning of Charity

Lui Wayne Morven So 2D

As a Christian, I believe that sharing your love and being generous to your neighbor are the greatest commandments from God. The Bible said “Being compassionate to people who are less fortunate is also something that God will reward.”

Charity is voluntary giving. It may be a form of money, goods, service, time, or anything that can help another person. Some people prefer to provide direct support to those in need. Others however prefer to give to those international charitable organizations.

For some people they prefer to do charity work directly to help those in need, maybe because for some, it is about the satisfaction that one gets out of knowing that they are able to help another person. But for some, they consider the benefits to themselves such as feeling good or looking good to others. And for some reason, some of them don’t trust the organizations because there are many international organizations flush with cash and other resources.

However, others still prefer to give to those international charitable organizations. Because your donation could reach everywhere in the world. And they know how to choose the good cause. For instance, they aid places caught up in tragic events such as earthquakes, flooding and curing diseases.

In my opinion, there is no bad choice in choosing ways to donate to charity. It only depends on your personal preference and personal satisfaction. Charity should work with the needs of the needy without expecting anything in return.

高中組冠軍

不一樣的校園生活

蔡澤森 五甲

隨着香港第四波疫情來襲，我們的課程也由面授和網授交織在一起。再度踏入校園的我，心情就如打翻了各種醬料——五味雜陳。

相隔兩個月再度踏入校園，我的思緒卻倒回到2020年初，依稀記得踏入校園時，我還能看到校長親切的微笑，與同學們並肩，談笑風生地踏入教室。但是如今我只能感到陣陣的心酸，偌大的校園像是棵正在凋零的古樹，不知何時才能見到那溫暖炙心的笑容？同學們也三三兩兩，並沒有往常那種朝氣蓬勃的景象。課室的走廊，東西兩側的操場，人聲疏落。你追我趕的場面也消散不見，只留下了呢喃細語，如同少了木柴的火堆，有形而無神。所幸座落於三樓的聖堂，玫瑰聖母壁畫散發出的聖芒讓我感受到這棵古樹還有一線生機。

正所謂「萬物負陰而抱陽，沖氣以為和。」疫情沖垮了我們的未來，擄走千萬生命，破壞各國經濟，但疫情的洪流卻灌溉了我們的人性。各國分享疫苗，爭先恐後地扶貧助弱，共同抗疫。在校園中也是如此，雖然我們被迫戴上了悶熱的口罩，遮蓋了我們的笑容，然而我卻注意到了眼睛，都說眼睛是心靈的窗戶，是純潔的心田，在這顆小小的眼珠中，我反而發現了之前未曾察覺的信息，像是隔着電子屏幕都能感受到那濃濃的關懷，在校時這更是濃得像霧，久久不散。在兩位班主任的關懷下，我發現師生的距離減少了，彼此多了親切與不捨。以往嚴肅的老師也變得和藹可親，同學們中雖少了許多見面碰頭的機會，可在他們的眼中，迸發出的友情卻絲毫未減。也許是課時的縮減，也許是真情不加以掩飾的流露，在這時的我感到了師生空前的凝聚力，以及那難能可貴的，名為——「珍惜」的種子在各人的心田中萌芽成長。

嗚呼！在我看來，現時最痛心疾首的莫過於食堂的關閉。「民以食為天」——遙想當初每日上課前的空閒時間，最喜歡的就是討論當天午餐吃什麼。這的確是何等微不足道的小事兒，但在我的心中，這種單純且樸素的小事兒，常常使我在這變化莫測的時勢中由衷一笑。每當下課鈴聲響起，同學們有如百米飛人博爾特衝向食堂，誓要吃到當天的第一口飯。我還記得食堂阿伯慈祥的微笑，他時常偷偷替我多添飯菜，那每一顆米飯與肉中夾雜着他的關愛，那滋味我一直都記得。食堂也是我與小伙伴談天說地的地方，上至天文，下至地理，大到宇宙，小如螞蟻，古今中外，中西歷史，我們無不涉獵。在那兒我們失落過；互相鼓勵過；放聲大笑過；也默默流過淚。每當我經過食堂時，那曾經人頭攢動的場面在我的腦海中如走馬燈似的一一浮現眼前，但最後我看到的現實，像是一片寂靜陰涼的荒原。

我希望在我的中學生涯中還能回食堂吃上一次飯；我希望在我的中學生涯中還能見到校長的笑容；我希望在我的中學生涯中還能夠出現朗基努斯之槍，刺破滿是病毒的雲層，讓星光重新照耀在玫瑰崗校園的土地上，使之再次發散出飄香書韻及朗朗書聲。

初中組冠軍

我心目中的「抗疫英雄」

葉志曦 二丙

諺語有云：「明知山有虎，偏向虎山行。」本以為是指魯莽不智，但如今我對這一句話有更深層的體會。從上年年初到現在，病菌肆虐，一場疫症席捲世界各地，人心惶惶。在這危難當頭，總有一群人挺身而出為民服務——他們就是偉大的醫護人員，我心目中的「抗疫英雄」。

疫情就這樣無悄聲無息地來到我們身旁，所有人都沒預料到疫症就這樣殺我們一個措手不及。病毒就是一個漁網，肆無忌憚地撒向每一個國家，每一個城鎮，每一個角落，籠罩每個人，讓人無處可藏。病毒猶如一位死神，你永遠不知它的蹤影，可是它卻對你瞭如指掌。所有人都不知道它什麼時候出沒，但當它找到你就避無可避。只要魔爪一出，它便能將你的生命玩弄於股掌之中。

沒有人不知道這超強病毒的危險性，「明知山有虎，偏向虎山行。」套用在醫護人員上是最適合不過的。難道他們呆呆地不知道病毒的威力嗎？不是。他們是醫護，當然清楚病毒對人帶來的傷害。他們一路往虎山行並不是不智，更不是衝動魯莽，而是為了幫助遭受「死神」折磨的病人。如今每天少於十宗個案，市民比以往放心，功勞歸於何人？是我們偉大的醫護人員！他們如同天使一樣每天都在死神手上「搶生命」，於高峰期時，他們並沒有放棄，每天數十宗，甚至過百宗的確診個案，他們仍然堅守崗位，為我們守護着最後一道防線。

其實世上哪有什麼平穩安定，只不過是有人為我們撐着。每個人的衣着或許不一，種族、性別或是長相不同，但大家都是人罷了。英雄，其實也是普通人。

這場疫情使前線的醫護人員變成這場「戰爭」的逆行者。他們堅持守護病人，披上潔白的戰袍，就像天使般守護我們。可是他們脫下「武裝」後，不過是普通人，他們也會害怕傳染家人。所以，他們下班後獨處酒店，自我隔離，有家不能歸，就如大禹三過家門不入，醫護人員的精神實在值得我們表揚和欣賞。

醫護人員是這場「戰爭」的英雄，這是無可否認的事實。在這疫情下每個人都遭受它的影響，可是不論是身處在哪一個崗位，只要我們認真做好自己的本分，注意個人衛生，每個人都可以是「抗疫英雄」。

疫「情」

Serrano Anika Mae B 四甲

二零二零年，這年對全世界的人來說就像乘坐「情感过山车」，為甚麼？因為這個世界發生了一件令人震驚的事情：一種傳染性強的病毒，稱為「2019冠狀病毒病」開始在世界各地蔓延。動物或人類，都可被感染。人類總死亡和確診數字很高！全球的確診病例由千人升至約一點三億人。這導致各地政府要強制執行防疫措施來控制病毒的傳播。

香港市民在二零零三年曾面對「沙士」病毒的威脅，現在又有冠狀病毒病的病毒，市民都明白怎樣適應那可怕的情況。旅遊業衰退，經濟大受影響；商人面臨破產，有些商店被迫關閉。很多人失業了，許多家庭都很悲傷。大部份的學生都要在家上網課。其實，被感染的人需要我們的祈禱和安慰，我們也要共同面對這個挑戰和困難，多關心和愛護別人。

究竟我們怎樣才可打敗這個「冠狀病毒怪物」呢？首先我們要支持前線醫護人員，因為他們每天面對風險，用自己的生命來保護我們。我們要格外小心，外出時要戴上口罩和使用消毒用品，以及培養良好的衛生及生活習慣。我們要互相合作，避免出席社交聚會和去人山人海的地方，同時還要有耐心。相信只要持續努力和秉持積極正面的信念，我們一定會克服這個挑戰。

不一樣的校園生活

Galon Denise Angelique Victorino 三甲

疫症爆發後，世界各國遭到封鎖，許多學校要停課。學生們從面對面的課程轉為網課，沒有同學能預計網課會持續多久。

網課開始時，我感到不舒服，覺得上網課令人窒息，因為我一直待在家裏，不得不在狹窄的地方學習。上課的時候，我會玩電腦遊戲，所以容易分心。

我認為上網課跟在學校上課有很大分別，因為我們大部分的時間只可以留在家裡，並通過電子設備上課。這對同學們是個很大的挑戰，我們的校園生活也和以前不同。

但是現在，我已經習慣了上網課，我覺得十分方便。上完網課後，我們可以馬上休息，也不必付費坐交通工具回家。除此之外，我可以晚一點才起床。

總而言之，我們的校園生活發生了很大的變化，上網課有好處也有壞處。但是，無論如何，我相信我們可以在老師的幫助下渡過任何困難。

Gratitude from Graduates Programme

Despite the cancellation of S6 Graduation Dinner due to the current situation of the pandemic, S6 graduates decided to take the opportunity of the Speech Day to thank the school, teachers and parents. Moreover, a programme entitled "Gratitude from Graduates Programme 2020-2021" was incorporated into the Speech Day.

In the programme, students shared their happy memories in school by showing video clips. After that, on behalf of the graduates, Gabriel Lopez from S6B gave a speech 'Life in the present' to thank the school and the teachers. Then, graduates presented souvenirs to Fr Supervisor, the Principal, the Chairperson of PTA and the President of OSA to show their gratitude to the school, the teachers, the OSA and the PTA. The highlight of the programme was the presentation of flowers to all the guests, teachers and parents by the graduates. The programme ended with a heartwarming scene and smiling faces.

Parent-Teacher Association

The Parent-Teacher Association of Rosaryhill Secondary School facilitates co-operation between parents and teachers of the school and home. The executive committee members were selected by election during the Annual General Meeting (AGM) on 24th October, 2020.

The association actively participated in various school activities this year. We hope our students and parents can enjoy the activities and enhance their friendship and family togetherness.

We also organize Chinese and English Essay Writing Competitions every year that offer attractive prizes in order to cultivate students' interests and motivation in writing and learning. A lot of students have joined the competitions in the past few years and their work was of a pleasing standard.

Old Students Association

Sleeping bags, down jackets, and canvas bags were given to homeless people and grassroots families during Christmas in 2020.

Down vests were donated to cancer children through the Ronald McDonald House during Christmas in 2020.

Woolen hats and scarfs were knitted and given to an elderly centre in January 2021.

President, vice president, treasurer, and secretary were elected at the Annual General Meeting via Zoom in February 2021.

Lucky bags with daily necessities were distributed to the elderly living alone during the Chinese New Year in March 2021.

Further study and job application workshops were organised through the Mentorship Programme in March 2021.

Old Students Association

Greeting cards were made by secondary school student and circulated to the elderly living alone and grassroots families in April 2021.

Alumni were encouraged to stay outdoors through the pandemic via the check-in photo competition during summer in 2021.

Rice dumplings were given out to the sick children living at Ronald McDonald House during Dragon Boat Festival in June 2021.

OSA Scholarship Awards were presented to graduates of Rosaryhill School (Primary Section) in June 2021.

Raffle tickets of Ronald McDonald House raffle tickets were bought to support cancer children in July 2021.

A small party was held to Ms Anne Wong, Ms May Lam and Mr Denny Wong, who retired from Rosaryhill School (Primary Section) August 2021.

PRAY THE ROSARY

The Lord's Prayer

Our Father,
who art in heaven,
hallowed be thy name;
thy kingdom come;
thy will be done on earth as it is in heaven.
Give us this day our daily bread;
and forgive us our trespasses
as we forgive those who trespass against us;
and lead us not into temptation,
but deliver us from evil.
Amen.
