Statement

Parents and alumni expressed concerns over the recent redundancies made by the school's management. After listening to all stakeholders, as the Supervisor of Rosaryhill School and Kindergarten, I decided to reverse all redundancies and keep the school's headcount unchanged. The school management shall review the handling of the situation and learn from it.

The on-going COVID-19 pandemic presents financial pressure on schools in Hong Kong and Rosaryhill School is no exception. We undertake to work together with our teaching staff to work out a fair and reasonable mechanism for future manpower planning. We apologize for the distress and anxiety caused to our stakeholders.

It is always the mission of Rosaryhill School to provide our students a loving and caring education environment. With the help of our great teaching team, we strive to provide quality and sound education to our students, enabling them to play meaningful roles in the society in the future.

Fr. Hyacinth HE Yousun
Supervisor
Rosaryhill School and Kindergarten
